

The **UpToDate Anywhere** mobile app for iOS, Android or Windows 8 tablet devices is now available for Case students, faculty, and staff!

Want the UpToDate mobile app? [Register Now](#)

[Log In / Register](#)

First, register as a New User for a username and password at <https://www.uptodate.com/login-register> while on the Case network (hard-wired, Case Wireless, or CaseVPN). UpToDate will then send an email to you with instructions on how to get the app. *And*, with your new username and password you can log in to UpToDate remotely *without CaseVPN*.

NOTE: You are required to re-verify your affiliation with Case every 30 days. UpToDate will send you an email, and there will be a reminder on the log in screen. To re-verify, log in to UpToDate using the Case network (see above) and the 30-day “clock” will start over.
