

Case students, faculty, and staff can use their institutional ID to download the UpToDate Anywhere mobile app for iOS, Android or Windows 8 tablet devices and access the content directly.

To get access to the app, you must first open a personal account while on the Case network: hard-wired, Case Wireless, or CaseVPN. <https://www.uptodate.com/login-register>

With your new username and password, you can now download the app to your device and log directly into the UpToDate app.

NOTE: If you have not used the app in 30 days, UpToDate will send you an email, which will prompt you to re-verify your affiliation with Case.

For help, call 216-368-3218 or email hclref@case.edu .
