RE: Affirmative Action Procedures for Academic Research Positions

The positions of Research Associate, Senior Research Associate, Research Scientist, Researcher, and Principal Researcher at Case Western Reserve University are staff positions and provide support to faculty in their research endeavors. Not all positions are used in all schools at CWRU so please check with the appropriate office in your school to determine which titles are available for use and the requirements for the various positions.

Although the positions are typically supported by outside funding, they must follow the university’s affirmative action procedures. The attached affirmative action forms must be completed for all research positions and forwarded to Information Management (c/o Human Resources), Crawford Hall 220.

A copy of the affirmative action forms, the appointment letter and the curriculum vitae of the candidate must be submitted to Information Management prior to the effective date of the appointment in order to process research appointments for payroll. Human Resources will schedule the candidate for orientation, at which time the new employee will complete all payroll and benefits enrollment forms.
