|      | This is the **Shopping Cart**, which will hold the classes selected from the Schedule until you enroll.  
|      | Even if your Enrollment Date hasn't arrived, or if your advisor hasn't removed your Advisement Hold, you can still put classes in your Shopping Cart. |
| 8.   | There are four ways to search for classes while you're logged into the SIS.  
|      | 1. Enter a class number (four digits, listed in the Schedule of Classes).  
|      | 2. Class Search  
|      | 3. Search by My Requirements  
|      | 4. Search for classes in My Planner.  
|      | This document will review Class Search and entering a class number. |
| 9.   | The **Class Search radio** button is selected by default.  
|      | To start looking for classes, click the **Search** button. |
Step | Action
--- | ---
10. | The class search page appears. A minimum of two search criteria must be entered to perform a search.

**Subject** is a commonly used criterion. Type in a Course Subject, or click on the **Select Subject** button to look up the subject code on an alphabetical list.

11. | Enter a class's course catalog number into the **Course Number** field.

12. | Use the **Course Career** dropdown list to select the level of the course. The choices are Undergraduate, Graduate, Management, Nursing, Law, Medicine, Applied Social Science, Dental Medicine, and Nondegree.

---

Additional search criteria are:

- Meeting Time - search for classes in a time range.
- Day of Week - search by days to include or exclude from the search.
- Instructor Last Name
- Class Nbr - the unique four digit code assigned to a class.
- Course Keyword
- Course Units
- Course Component - the format of the class, like Laboratory or Clinical.
- Session - helpful when looking for PHED courses that are only half a year.
