A. **Budget** – reported by Hossein Sadid.

Hossein distributed and discussed highlights from the 2006 Budget Capital and Operating Report approved at the recent Board of Trustees meeting. There is a planned $30 million deficit, $3 million of which is an operating deficit at the Weatherhead School of Management, and $27 million is the Vision Investment Plan to jump-start academic programs. Conservative spending over past years has allowed the University to take $181 million dollars from Operating Funds to invest in strategic areas, mostly academic ones, and pay that amount back after five years with the gains realized from the increased tuition and other planned giving programs. Large portions of the third year of the Vision Investment Plan of $36.6 million is to be utilized for faculty recruitment.

SAC Fringe Benefits Committee
Committee Report
May, 2005

The April meeting of the Fringe Benefits Committee saw a continuation of the discussion of the SAC resolutions as handled by Human Resources.

At the May meeting there was a report from the University Fringe Benefits Committee's recent meeting where there was a presentation by a consulting firm on the university’s fringe benefits package. The university is average. Further discussion included whether average fit into the university’s Vision, or whether we should strive for something more.

It is probably time to redirect our energies.

There may be a few more people interested in joining this committee. Names to follow.

The university will offer a vision plan starting in July, not to be confused with the Vision. This one really has to do with eyes.

The committee will probably change its meeting day and time for next year.

Committee Report
May, 2005

We are happy to report that the cookbook sale is over and it was a great success! In addition to the 278 copies of the cookbook that were sold, we generated another $300 in sponsor ads that were featured in the cookbook. After the deduction of printing costs and repayment to SAC for up front costs, our net profit totaled $1427.30. This amount was divided equally between the recipients and Joseph Landis Elementary School and Mary Bethune Elementary school will each receive a check in the amount of $713.65.

This project was a huge undertaking but, our committee was dedicated to making it happen and despite many obstacles we did it. It was worth every minute of the time and effort it took to put it together. Many thanks to the members of SAC who supported our project by volunteering their time at the sale locations and who generated sales within their departments. We couldn’t have done it without you! Also, special thanks to Lisa Sabato and her team in Case Printing Services for working closely with us and helping us to produce a first class product we could all be proud of.

Now that the committee has "gotten it's feet wet" and we know where the tweaking needs to occur in the process, we have discussed the possibility of doing this project again. Perhaps doing it every other year. If that does happen, we hope to have even MORE support from the members of SAC to make it even MORE successful than this year's fundraiser.
We have been working diligently in preparing for the upcoming General Elections that will kick-off at the Party on the Quad on July 29th.
