

Opioid Epidemic

A Major Evolving Health Crisis

OCTOBER

9

FEATURING **Thomas Gilson, M.D.**
MEDICAL EXAMINER OF CUYAHOGA COUNTY

Opioids are the third leading cause of death in the United States for men and for all persons under the age of 50. Join Dr. Thomas Gilson, Medical Examiner of Cuyahoga County, in discussion of the genesis of the epidemic, it's evolution in Cuyahoga County, and the role of the Medical Examiner's Office.

Come early, get a good seat, grab a beverage and a bite to eat and enjoy this month's café!

OCTOBER

9
