

Mars, Meteorites and Microbes

An update on the continuing search for life on Mars

Monday

July 11th, 2011

Drinks at 6:30 pm

Discussion around 7:00 pm

at

Great Lakes Brewing Company
in The Tasting Room
(separate from the restaurant
2701 Carroll Ave, Cleve.)

Featuring

Ralph Harvey

Associate Professor of Geological
Sciences at Case Western
Reserve University

Thank you Great Lakes Brewing Company....

It has been more than four years since we held the first Science Café Cleveland at GLBC, and we have enjoyed immensely the more than forty cafes we have held there since then. Although the remodeling of the Tasting Room has required us to find a new venue (which will be announced at this café), we will not be strangers; our sincerest thanks for all you have done for us and for our attendees.

Science Café Cleveland takes place on the second Monday of each month. The cafes are designed to be lively, informal scientific discussions in an inviting atmosphere of food and drink. Sponsored by Case Western Reserve University chapter of Sigma Xi (www.case.edu/affil/sigmaxi/), WCPN ideastream, and Great Lakes Brewing Company
