

MV GANGES VOYAGER

ANTARA Cruises

Antara believes the best way to see South Asia is from the river. What began in 2023 as a dream for travel industry pioneer and naturalist Raj Singh has today turned into Antara's thoughtfully designed, well-appointed fleet of ships that sail South Asia's most iconic rivers. Our philosophy is to bring the region's environments, wildlife and cultures to the world, sustainably, and with renowned hospitality in ships that are designed with thought, luxury and care.

About MV Ganges Voyager

This ship, built in a colonial style of architecture, is all white in the Georgian manner, with Burmese teak flooring, cane furniture, hand-painted murals, and expansive views of the river. The ship is designed to travel upstream from the colonial city of Kolkata to the late Mughal princely Capital of Murshidabad and downstream to the Indian Sundarbans, the largest mangrove forest in the world.
