

Emma Bentley

BS Music Education, 2025
Case Western Reserve University

My time at CWRU allowed me to grow into the educator I am today. My student teaching experience was especially impactful, and I continue to draw on the knowledge, skills, and connections I gained during that time.

“ I am incredibly grateful for the musical opportunities I had as a student, as well as the freedom and support to create opportunities of my own. The encouragement I received from faculty and the lifelong friendships I formed have had a lasting impact on both my personal and professional journey.

I will always be proud to be a Spartan.
