

Comparison of the Catchment Area and U.S. Average Annual Age-adjusted Incidence Rates by Cancer Site, 2016-2020

Notes:

1. Cancers are included if the rate is among the top 20, and the absolute rate difference between catchment area and U.S. is at least 5%.
 2. Catchment Area include 15 counties in Northeast Ohio: Ashland, Ashtabula, Cuyahoga, Erie, Geauga, Huron, Lake, Lorain, Mahoning, Medina, Portage, Stark, Summit, Trumbull, and Wayne Counties.
 3. Excessive cases (per year) is estimated by multiply the population of the catchment area by the difference in incidence rates between the catchment area and the US.
- * Rates for breast, cervical, ovary, and uterus cancers are limited to females; Rates for testis and prostate cancers are limited to males.
 ** CNS: Central Nervous System.
