

Melanoma 2017-2021

	US	Catchment Area	Percentage Difference
Incidence			
Incidence Rate ¹	22.7	25.9	14.1
Average Annual Cases	87,641	1,331	
Annual Excess Cases ²	NA	128	
Mortality			
Mortality Rate ¹	2.1	2.3	9.5
Average Annual Deaths	8,157	125	
Annual Excess Deaths ²	NA	8	

¹ Rates are per 100,000 population.

² Annual excess cases/deaths were estimated by multiplying the average population of the catchment area by the difference in incidence/mortality rates between the catchment area and the US.
