

COMMENCEMENT 2025

From the President

To our graduates and guests,

Welcome to the Class of 2025 commencement ceremonies! On behalf of our entire Case Western Reserve University community, we are honored to celebrate this special occasion with you and to recognize the incredible accomplishments and achievements of our graduates, honorary degree recipients, distinguished honorees and award winners.

Every day, the members of our university community are engaged in research that solves the world's greatest challenges and in learning that inspires the next generation of leaders. Graduates, your experiences, both in and out of the classroom, have prepared you for your next step. Whether you are entering your professional career, pursuing an advanced or professional degree, or serving in the military, your time at Case Western Reserve University will shape the ways in which you continue to impact and inspire the people and places in your lives.

To the families, friends and mentors of our graduates: thank you. Rarely are life's important journeys made alone and without the support of those who care deeply about us. Your encouragement and nurturing has and will continue to make a difference.

We wish our graduates success and wisdom in your endeavors ahead. Please do stay in touch and keep us posted on your achievements and milestones. We look forward to hearing about all you accomplish!

Sincerely,

Eric W. Kaler
President
Case Western Reserve University

From the Alumni Association

Congratulations! You did it!

On behalf of The Alumni Association, it is my distinct honor to represent our 121,000 alumni in welcoming you as the newest members of our Alumni Association. You are now officially part of a proud and distinguished network of Spartans around the world.

As alumni, we all share similar experiences of having survived the tough winters, being motivated by our talented classmates from all walks of life and getting stretched beyond our comfort zones by the best professors in their respective fields. And because of these experiences, you are mentally strong and very well equipped for what lies ahead in your career. Trust me when I say: Case Western Reserve University has truly prepared you for your future.

The Alumni Association's goal is to develop and nurture your pride in CWRU while keeping you informed about the university and your fellow alumni. We hope that you will not only be on the distribution list but more importantly, be on the participation list and actively engage with the university. The Alumni Association will provide many opportunities to show your pride and get involved with the university and engage with your fellow alumni.

In addition, you can look to The Alumni Association as an enabling resource for many facets of your life. The Alumni Association can introduce you to fellow Spartans in a new city, assist you in building professional and affinity networks, provide engaging programming and lifelong learning and volunteer opportunities, and much more. The best way for us to help each other is for us to know each other. I highly encourage you to do a few things:

- Visit case.edu/alumni to update your contact information so that we can keep you informed.
- Follow The Alumni Association of Case Western Reserve University on Facebook, Instagram and X.
- Homecoming is Oct. 9 – 12, 2025, and we look forward to seeing you at the Linsalata Alumni Center, your new home on campus.

Class of 2025, be proud that you are a graduate of Case Western Reserve University. Wear your CWRU Blue. You are the next generation of our Spartan alumni, and we welcome you to The Alumni Association of Case Western Reserve University.

We celebrate your success!

A handwritten signature in black ink, appearing to read "Chris Partis".

Chris Partis (WRC '83)

President

The Alumni Association of Case Western Reserve University

Profile of the University

Case Western Reserve University is located in University Circle, the 500-acre, verdant home of more than 50 cultural, medical, educational, religious and social service institutions on Cleveland's eastern edge. The only independent, research-oriented university in a region bound by Pittsburgh and Rochester on the east, Nashville on the south and Chicago on the west, Case Western Reserve is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, and by several nationally recognized professional accrediting organizations.

The university traces its origins to the founding of Western Reserve College in Hudson, Ohio, in 1826. In its present form, the university is the result of the 1967 federation of Case Institute of Technology and Western Reserve University. The two institutions shared adjacent campuses since the late 19th century and were involved in cooperative efforts.

Case Western Reserve's mission is to serve society as a leading center for undergraduate, graduate and professional education; for research that adds to society's store of knowledge and addresses its priorities—and for active, responsible world and community citizenship. The students, faculty, staff, volunteers, alumni and others who constitute the university community pursue and represent this

mission through their teaching, research, professional activities and public service, all marked by a commitment to continuous learning.

The full-time faculty number 1,110; virtually all hold a doctorate or other appropriate terminal degree. The university's faculty and alumni include 16 Nobel laureates.

Enrollment is nearly 12,300 students, more than half of whom are undergraduates. Students hail from more than 96 countries and all 50 states, with academic interests that reach every region of the world.

The academic programs are organized into eight schools and one college, shown here with the years to which they trace their origins:

- › College of Arts and Sciences (1826)
- › School of Medicine (1843)
- › Case School of Engineering (1880)
- › School of Law (1892)
- › School of Dental Medicine (1892)
- › School of Graduate Studies (1892)
- › Jack, Joseph and Morton Mandel School of Applied Social Sciences (1916)
- › Frances Payne Bolton School of Nursing (1923)
- › Weatherhead School of Management (1947)

In addition to teaching, members of the faculty — with considerable student participation — engage in research and scholarship in their respective disciplines.

The university ranks among the leading institutions nationally in competitively awarded support for research.

In addition to major concentrations of externally supported research in health-related, scientific and technological areas, faculty in the humanities, social sciences and other fields lead extensive projects that contribute to the advancement of knowledge in these disciplines.

The university plays an important role in the educational, cultural and economic life of the community and the entire region.

Employees and students participate in a wide range of volunteer and service activities, and the university actively promotes the economic development of the region through the application of campus-based research.

In addition, Cleveland-area residents attend formal and informal courses, lectures, exhibits and performances on the university's campus.

Case Western Reserve has awarded more than 190,000 degrees during its history. Living alumni number more than 121,000.

Class of 2025 University Convocation and Diploma Ceremonies

Wednesday, May 14

University Convocation

Veale Convocation, Recreation and Athletic Center - 3:30 p.m.

Friday, May 16

Jack, Joseph and Morton Mandel School of Applied Social Sciences

Maltz Performing Arts Center - Silver Hall - 10 a.m.

Master of Science in Anesthesia Diploma Ceremony

Amasa Stone Chapel - 10 a.m.

School of Graduate Studies Diploma Ceremony

Veale Convocation, Recreation and Athletic Center - 2 p.m.

Saturday, May 17

School of Dental Medicine Diploma Ceremony

Maltz Performing Arts Center - Silver Hall - 9 a.m.

School of Law Diploma Ceremony

Veale Convocation, Recreation and Athletic Center - 9 a.m.

Frances Payne Bolton School of Nursing Diploma Ceremony

Maltz Performing Arts Center - Silver Hall - 12:30 p.m.

Weatherhead School of Management Diploma Ceremony

Veale Convocation, Recreation and Athletic Center - 12:30 p.m.

Sunday, May 18

Undergraduate Diploma Ceremony - College of Arts and Sciences

Veale Convocation, Recreation and Athletic Center - 9 a.m.

School of Medicine Diploma Ceremony

Severance Music Center - 11:30 a.m.

Undergraduate Diploma Ceremony - Case School of Engineering, Frances Payne Bolton School of Nursing and Weatherhead School of Management

Veale Convocation, Recreation and Athletic Center - 1:30 p.m.

This publication is for informational use only and is not the university's official record of graduation. Students' names, degrees, honors and awards are accurate as of May 12, 2025.

Candidates are certified for graduation upon completion of all requirements.

Commencement Information

Information for guests attending commencement ceremonies in the Veale Convocation, Recreation and Athletic Center

first aid

A first aid station staffed by a nurse is located in the main convocation area. In an emergency, dial 216.368.3333 from any blue phone box on campus.

information center

The Information Center inside the lobby of the Veale Convocation, Recreation and Athletic Center will be open one hour prior and one hour after the conclusion of each diploma ceremony hosted in the Veale Convocation, Recreation and Athletic Center.

lost and found

Articles may be deposited and retrieved at the Information Center.

pets

Pets are not permitted in or near any outdoor or indoor areas where commencement activities are occurring.

photography

Flash photography is prohibited during the ceremonies. As a courtesy to all graduates, the university requests that parents and guests photograph graduates without interrupting the flow of the ceremony. Photographs may be taken on the university grounds following the ceremonies.

programs

Each graduate has been provided a printed copy of the 2025 Commencement Program. Guests are invited to join us in being environmentally friendly by downloading a digital version of the program using the QR code on the program provided at your diploma ceremony.

refreshments

A concession stand operated by Bon Appetit Management Co. is located in the Veale Convocation, Recreation and Athletic Center.

restrooms

Most campus buildings with select public restrooms will be open and signs will indicate restroom locations.

safety regulations

In compliance with safety regulations, procession routes must be kept clear at all times. Guests are asked to cooperate with ushers and security officers in keeping these designated areas clear.

security

Case Western Reserve University strives to provide a welcoming environment for all guests. To ensure everyone's comfort and in accordance with local fire safety laws, only guests with a ticket will be admitted into diploma ceremonies. The university has implemented a variety of safety and security guidelines for our events, including metal detectors, bag screenings and visual inspection of clothing upon entry to events. Graduating students will be required to show valid photo identification upon arrival. A number of items—including signage, banners and flags, and bags larger than 5" x 8" x 1" —are prohibited. See a full list of prohibited items at case.edu/commencement.

In the event of an emergency, individuals can opt in to the university's Rave alerts by texting "CWRUGrad2025" to 67283.

Strollers will not be permitted inside the seating area. Please check strollers at the Information Center located inside the lobby.

video broadcast

The university convocation and diploma ceremonies livestreams can be found on the university's website and social media pages.

grad images

Graduates, as a special congratulations, GradImages will provide you with a complimentary 5×7 photo. Following commencement, you will receive an email with your photo proofs, along with a free 5×7 coupon code, from GradImages. When placing your order, make sure you have your selected 5×7 photo in your cart and simply enter your code in the "Redeem Gift Card/Promo Code" box.

Should you have any questions or concerns, you can reach out to the GradImages Customer Service Department at 800.261.2576. GradImages has a large team of customer care representatives ready to help graduates and family members with anything they may need.

Alma Mater **Shine on, Case Western Reserve**

Shine on forever, Case Western Reserve. Loyal and true are we.

Your brave sons and daughters, your knowledge we use to make our mark on history.

Our school days we'll cherish forever more.

A lifetime of friends from the start.

Shine on forever, Case Western Reserve. You'll be forever in our hearts.

Scott Miller (CWR '90, LAW '93)

About the Speaker

Susie Gharib

Anchor and Senior Special Correspondent, *Fortune*

Susie Gharib is an award-winning journalist and one of the most respected voices in business news. As senior special correspondent for *Fortune*, she conducts in-depth video interviews with the world's most influential CEOs and business leaders, exploring both breaking news and the leadership lessons that shape industries.

A trailblazer in financial journalism, Gharib was part of the core group of pioneering reporters who transformed business news into must-watch television. When she made the leap from print to TV, business reporting was seen as niche and dry. Alongside a handful of journalists and producers, she helped turn it into compelling, mainstream programming bringing viewers the drama of the markets, the personalities behind the headlines, and the stories of entrepreneurship that now define the genre.

For more than 16 years, Gharib was the co-anchor of PBS's "Nightly Business Report," the longest-running business news program on public television. Known for her no-nonsense interview style, she has pressed Wall Street's power brokers, Fortune 500 CEOs, and Washington policymakers on the issues that move markets and impact millions.

Her list of exclusive interviews reads like a Who's Who of global business and finance: Warren Buffett, Bill Gates, Jamie Dimon, Mary Barra, Charles Schwab, Michael Dell, Fred Smith, Brian Moynihan, Larry Fink, Julie Sweet, Ed Bastian, Thasunda Brown Duckett,

and Martha Stewart, among many others. She has sat down with multiple Federal Reserve chairs, including Alan Greenspan, and has been invited to the White House to interview Presidents Bill Clinton and George W. Bush.

Gharib's work has earned some of journalism's highest honors. She is a three-time recipient of the Gracie Allen Award, including recognition as the top anchorwoman of a national news program. She has twice won the Front Page Award from the Newswoman's Club of New York, received the Elliot V. Bell Award from the New York Financial Writers Association for her contributions to financial journalism, and was honored with the Fulbright Award for advancing global business understanding.

Her career spans some of the most prestigious names in journalism, including CNBC, NBC, and ABC. She began her career at *Fortune* magazine as a senior writer and associate editor and has held reporting positions at *Newsweek*, the Associated Press, and *The Cleveland Plain Dealer*. Over the years, she has built a vast network of high-profile newsmakers and is frequently called upon as a speaker, moderator, and guest commentator on business and market news.

A magna cum laude, Phi Beta Kappa graduate of Case Western Reserve University, Gharib earned her master's degree in international affairs from Columbia University. She is Trustee Emerita of Case Western Reserve University, Trustee Emerita of Columbia University's School of International and Public Affairs, and a former Trustee of the Economic Club of New York. She also shares her expertise as a guest lecturer at Hunter College's journalism program.

President's Award for Visionary Achievement

This award was established in 2008 to recognize individuals who have distinguished themselves through exceptional support of Case Western Reserve University and whose history of philanthropic service to the university, the world, or humanity has made a profound, positive, and lasting impact on the university's mission.

Roe Green, Master of Theatre

Roe Green is an arts patron, activist, avid world traveler, CEO of The Roe Green Foundation and a trustee of Case Western Reserve University.

A Beachwood, Ohio native, Green received her Bachelor of Arts in Theatre and Communications from the University of Colorado and a master's in theatre from Kent State University. Green has professional experience in stage and business management, but she committed herself to philanthropy in 2003. Since then, she has often been referred to as the "fairy godmother of the arts" for her tremendous support for arts programming and organizations throughout the country, including at Case Western Reserve.

Green's transformative gifts to the university include a \$10 million gift in 2018 to support construction of Phase II of the Maltz Performing Arts Center, which is now home to the 250-seat Roe Green Theater. Since 1999, the family

has supported the Judge Ben C. Green Professorship—named for Green's father, the first CWRU School of Law alumnus to be appointed a federal district court judge—at the School of Law. The Roe Green Foundation also generously funded the renovation of the school's law library in 2006, as well as the 2020 renovation of the school's student lounge.

In 2024, the Roe Green Foundation jointly awarded \$2 million to CWRU and University Hospitals to establish the Case Western Reserve University and University Hospitals Roe Green Medical Education and Research Building, a central facility in which to conduct research, meetings, training and medical care in Kampala, Uganda.

In addition to her service on the Case Western Reserve board of trustees, Green is a trustee emeritus and namesake to the WomenSafe Green House shelter and resource center in Chardon, Ohio, and she serves as a trustee for the University of Colorado Foundation.

Previous honorees include:

- 2024** – Sara H. Moll, PhD (FSM '66, GRS '90, GRS '92)
- 2023** – The Jack, Joseph, and Morton Mandel Foundation
- 2022** – Frank N. Linsalata
- 2020** – Coleman P. "Coley" Burke
- 2018** – Larry and Sally Sears
- 2017** – Mt. Sinai Health Care Foundation – Mitch Balk and Susie Ratner
- 2016** – Fowler Family
- 2015** – Kent H. Smith Charitable Trust - William B. La Place and Phillip A. Ranney
- 2014** – Cleveland Foundation and its President and Chief Executive Officer Ronn Richard
- 2013** – Jane Baker Nord
- 2012** – Norma Lerner
- 2011** – Tinkham Veale
- 2010** – Milton and Tamar Maltz
- 2009** – Iris Wolstein
- 2008** – Peter B. Lewis

The Frank and Dorothy Humel Hovorka Prize

Established in 1994 by the late

Dorothy Humel Hovorka, a leader in the arts and community affairs and an honorary member of the University's Board of Trustees, the Frank and Dorothy Humel Hovorka Prize honors the late Frank Hovorka, who was a distinguished member of the faculty in the Department of Chemistry for many years.

The prize is awarded annually to an active or emeritus faculty member whose exceptional achievements in teaching, research and scholarly service have benefited the community, the nation and the world. The recipient is selected on the recommendation of a committee consisting of previous awardees.

2025 Hovorka Prize Recipient

M.C. "Terry" Hokenstad, PhD – Distinguished University Professor Emeritus

M.C. "Terry" Hokenstad is more than a distinguished academic—he's a global advocate for social welfare and a pioneer in social work education. With a career spanning over four decades, he has left an enduring impact on social work education and research.

For his far-reaching impact in the field, he will be honored with one of the university's most prestigious awards, the 2025 Frank and Dorothy Humel Hovorka Prize.

From his roots in Nebraska to pivotal roles at Columbia University and Brandeis University, he has dedicated his life to pioneering advancements in elder care, cross-national social welfare policies and educational leadership.

Throughout his career, Hokenstad has held significant leadership roles, including as president of the Council on Social Work Education (CSWE), the national accrediting body for schools of social work in the United States. His leadership extended to international platforms, where he chaired the International Committee for the National Association of Social Workers (NASW) and contributed significantly to the United Nations' efforts on aging, leading research delegations worldwide.

A prolific author, his publications include nine books and numerous articles, focusing on comparative social welfare and elder care policies. He has been honored with prestigious awards such as NASW's International Rhoda G. Sarnat Award and CSWE's Significant Lifetime Achievement Award.

Beyond his personal academic achievements, Hokenstad's influence extends through international collaborations and program developments. He served as a visiting professor at universities around the world ranging from Stockholm University in Sweden to Beijing University in China and his dedication to advancing education was evident in his role as the initial director of the School of Social Work at Western Michigan University and later as dean of the Mandel School, where he facilitated innovative graduate and doctoral programs.

His legacy is marked by a passion for enhancing the lives of older adults and advocating for social justice on a global scale.

"Case Western Reserve University was my home base and my first commitment as I traveled the world during my career," said Hokenstad. "I greatly appreciated the opportunity to take students to the United Nations as well as bring the world to CWRU in my teaching and scholarship. I consider myself very fortunate to have been an active member of Case Western Reserve and the Mandel School for 45 years."

Honorary Degrees

Case Western Reserve University uses the following criteria in the awarding of honorary degrees:

Honoris Causa:

“An honorary degree is a means of recognizing excellence in any valued aspect of human endeavor, including the realm of scholarship, public service and the performing arts. The conferring of an honorary degree is the university’s way of recognizing those persons who have exemplified the highest ideals and standards.”

Trevor O. Jones – Doctor of Engineering, *honoris causa*

Trevor Jones’ remarkable career since emigrating to the U.S in 1957 involved relentless innovation, visionary leadership and significant contributions across multiple industries—from nuclear and aerospace to automotive and biomedical technology.

Beginning at General Motors, Jones spearheaded transformative changes in automotive safety by pioneering electronic control systems that enhanced vehicle performance and security. His early achievements earned him national recognition and a prestigious election to the National Academy of Engineering at just 52 years old.

Following his success at General Motors, Jones assumed high-impact executive roles at industry giants. At TRW, he managed strategic planning and product development, leading advancements that set new standards in automotive safety and performance worldwide. At Libbey-Owens-Ford, he further distinguished himself as a visionary executive, overseeing innovations that impacted global markets and improved consumer safety and convenience.

Driven by a passion for innovation and entrepreneurship, Jones later founded Biomec Inc., a pioneering biomedical company dedicated to developing advanced medical devices. This venture solidified his influence in the healthcare technology sector, significantly enhancing patient care and outcomes through unique biomedical solutions.

Jones’ extensive contributions extend beyond technical realms; he remains committed to civic responsibility and educational advancement. He has actively supported and led initiatives aimed at promoting STEM education, fostering future generations of innovators and enhancing public awareness about science and engineering.

Patrick C. Pietroni – Doctor of Science, *honoris causa*

From serving as a medical advisor to King Charles III when he was Prince of Wales to leading in holistic healthcare, Patrick Pietroni’s life’s work exemplifies the profound influence one dedicated individual can have on global health and wellness. Internationally recognized for integrating compassion into medical practice, Pietroni promotes the idea that healthcare extends far beyond clinical treatment—it’s fundamentally rooted in empathy, understanding and respect for human dignity.

Pietroni’s journey began in medical settings in the United Kingdom and quickly expanded globally, taking him across North America, Africa, Asia and Australia. His firsthand experiences observing diverse healthcare challenges informed his innovative approaches to medical education and policy. Central to his philosophy was the conviction that healthcare must address broader societal issues such as structural violence, racism, environmental degradation and systemic healthcare inequities.

In pursuit of these ideals, Pietroni founded the Darwin International Institute for the Study of Compassion. This influential organization fosters interdisciplinary research and education, positioning compassion as a vital tool for solving some of humanity’s most pressing challenges. His extensive academic contributions, including numerous impactful publications, have shaped medical curricula worldwide, notably through collaborations with institutions such as Case Western Reserve.

Pietroni’s legacy is not just in his academic or organizational achievements but in his lasting influence on generations of healthcare professionals. His innovative teachings continue to inspire medical practitioners globally, driving forward a healthcare model rooted firmly in empathy and compassion.

Teaching and Mentoring Awards

Carl F. Wittke Award for Excellence in Undergraduate Teaching

Created in 1964 by the Western Reserve University Board of Trustees, the Wittke Award is named for Carl Frederick Wittke, who, from 1948 to 1963, was professor of history, chair of the Department of History and vice president of Western Reserve University. Originally, the award was presented to an exemplary undergraduate faculty member in the departments of history, English, political science or economics.

In 1971, the nature of the award changed: All faculty members who teach undergraduates are eligible. Undergraduates nominate candidates; a committee of students interviews nominated faculty members and recommends winners. Two faculty members receive this award each year.

These awards are presented during the Undergraduate Studies diploma ceremony.

Cara Byrne PhD – Lecturer, Department of English

When Cara Byrne was a student at Case Western Reserve University, she immersed herself in her interests—an opportunity made possible by faculty who gave her the space to do so. Now a lecturer at her alma mater, Byrne (GRS '11, '16, English) applies this same approach, shifting course material based on the engagement she sees from her students.

Her courses have centered on creative writing, comic books, graphic novels and children's picture books, where Byrne challenges students to look outward and to take part in the community. This includes reading with Cleveland-area students and volunteering for the Cleveland Kids' Book Bank.

"I want (students) to make a connection that goes beyond CWRU," Byrne said.

She encourages students to expand their writing and communication skills and Byrne's efforts haven't gone unnoticed. One student nominator commented, "[Byrne] [aims] to ensure that her students put in the effort. Her enthusiasm encourages us to reflect on the significance of children's literature in our lives and on society."

Another nominator recalled a time when someone made a comment about a movie in class and, instead of forcing them to "stay on topic," Byrne connected the reference back to course materials and facilitated a discussion.

"I'm lucky to teach here because our students are so incredible; they are curious, wise and hardworking, and I look forward to every class," Byrne shared.

Catherine McManus, PhD – Vice Chair for Education, Department of Nutrition, School of Medicine

As an undergraduate student, Catherine McManus found one professor to be especially inspiring. In addition to teaching the material, the professor found ways to impart lessons beyond the syllabus—an approach McManus now takes when designing her nutrition courses.

"I was always excited to come to her class and felt valued," said McManus of her own experience. "What I remember most is that she taught me the positive and lasting impact you can have on others through teaching. I make every effort to emulate her pedagogy and hope I'm having a similar positive impact on my students."

To this end, McManus pays close attention to her students' learning preferences and interests, fostering a challenging yet comfortable classroom environment in which students are eager to share their experiences.

Her students appreciate the approach—so much that they nominated her to win the Carl F. Wittke Award for Excellence in Undergraduate Teaching.

One student nominator wrote, "Dr. McManus masterfully blends academic rigor with personal connection, ensuring each class feels intellectually stimulating and personally relevant."

"I want nothing more than to have a positive impact on our students and help them grow and develop not only professionally but personally. Receiving this award reassures me that I've been able to have this impact on our students and I could not ask for anything more."

Teaching and Mentoring Awards

The J. Bruce Jackson, MD, Award for Excellence in Undergraduate Mentoring

The Jackson Award honors outstanding advising and mentoring of undergraduate students by a current employee or emeriti faculty member at Case Western Reserve University. J. Bruce Jackson (ADL '52) established the award in 2003 in honor of the late Dean Carl F. Wittke, Jackson's mentor during his undergraduate years.

The Jackson Award celebrates those who have guided a student toward the discovery of academic and career paths; fostered the student's long-term personal development; challenged the student to reflect, explore and grow as an individual; and supported and/or facilitated the student's goals and life choices.

These awards are presented during the Undergraduate Studies diploma ceremony.

Cheryl Cameron, PhD – Assistant Professor, Department of Nutrition, School of Medicine

Whether it's witnessing a student's "eureka" moment or celebrating an acceptance into medical school, Assistant Professor Cheryl Cameron describes her work as an instructor and mentor to be simply "amazing."

"I have been lucky to work with so many brilliant young scientists at the beginning of their careers," said Cameron. "I love to share in the joy of their successes and hope I've helped them along the way."

She is honored to have been nominated by students to receive the J. Bruce Jackson MD Award for Excellence in Undergraduate Mentoring.

"[Dr. Cameron's] mentorship has been invaluable, guiding me through complex research projects and helping me develop my skills in systems immunology," said one student nominator.

One of Cameron's proudest moments came this year when an undergraduate student identified a novel pathway with potential implications for mental health while analyzing a systems biology dataset. That discovery earned the student a highly competitive National Institutes of Health undergraduate scholarship.

Cameron's mentorship includes actively listening to what inspires her students.

"I try to help them identify their gifts, what they are most passionate about," said Cameron. "And I remind them that science can be a long haul and it is really important to celebrate the successes they have along the way."

Shuai Xu, PhD – Assistant Professor of Computer and Data Sciences

"It's important to go to the library," Shuai Xu tells his students. "Leave the electronics aside and just soak in the world of knowledge that is right there. Smell the books; be present in that moment."

Xu, an assistant professor of computer and data sciences at Case School of Engineering, also tells students to prioritize their physical and mental health and teaches them how to remain passionate and motivated by curiosity. He takes his own advice when pursuing his research interests, including quantum computing and quantum information, as well as artificial intelligence.

Xu asks every student in his research lab and senior-level classes to write a paper about their goals as their first assignment and to make a list of 15-20 tasks to complete in order to reach them. Then he checks in with them every week. "I didn't have such detailed plans when I was their age," he explained, "and it would have helped me."

For Xu, it's also important to teach his students how to mentor others. He encourages undergraduate and graduate students to pair up and doesn't limit undergraduates to smaller tasks. Once the new students learn the ropes, he asks them to become mentors for the next. "This continues the cycle of learning so that everyone is learning from each other," he said.

Teaching and Mentoring Awards

John S. Diekhoff Award for Graduate Teaching and Mentoring

The Diekhoff Award honors John S. Diekhoff, a distinguished scholar, teacher, mentor and administrator who served Case Western Reserve in several capacities during his tenure, from 1956 to 1970. He was professor of English, chair of the Department of English, dean of Cleveland College, acting dean of the School of Graduate Studies and vice provost of the university.

The Diekhoff Award, established in 1978, recognizes outstanding contributions to the education of graduate students through advising and classroom teaching. The annual award is presented to full-time faculty members who epitomize what it means to teach graduate students: to connect them with experts in their discipline, engage them academically in a forthright and collegial manner, and actively promote their professional development. In 2009, the Diekhoff Award was expanded to recognize additional full-time faculty members who excel in the mentoring of graduate students. A committee of graduate students with the guidance of the School of Graduate Studies reviews the nominations and recommends winners.

These awards are presented during the Graduate Studies diploma ceremony.

For Excellence in Teaching

David Matthiesen, PhD – Associate Professor Emeritus, Department of Materials Science and Engineering; Department of Mechanical and Aerospace Engineering

David Matthiesen has taught graduate-level thermodynamics at the university since 2015, and joined the faculty in 1992. A former NASA payload specialist astronaut and longtime materials researcher, he brings real-world experience and technical depth to the classroom. Renowned for making complex concepts both clear and engaging, Matthiesen adjusts his teaching each year to meet the needs of students from a wide range of academic backgrounds. His 500-level thermodynamics course is a core requirement for PhD students and also attracts master's students from across engineering disciplines.

He pairs technical rigor with an approachable style, encouraging students to participate in open discussion and occasionally lending science fiction novels that connect course concepts to larger scientific and societal themes.

"Good teaching evolves," he said. "What works one year may not the next, so I keep what resonates and let go of what doesn't."

Lisa Damato, PhD – Associate Professor, Department of Physiology and Biophysics

Inspired by her parents' lack of opportunities to learn after they fled Europe in the aftermath of World War II, Lisa Damato committed herself to nursing science and became a trailblazer in the field.

Damato co-developed the School of Medicine's Graduate Certificate in Aerospace Physiology program and now leads the recently launched Master of Science in Aerospace Physiology program to provide students with unique career opportunities and real-world immersive learning experiences while helping meet the great need for trained personnel.

"Dr. Damato is deeply committed to her students' success, offering guidance that is both practical and visionary, transforming the learning experience," said one nominator.

For Excellence in Mentoring

Divita Mathur, PhD – Assistant Professor, Department of Chemistry

"Her kindness pushes me to approach each challenge with a positive mindset," a chemistry graduate student wrote in the nomination about her advisor, Divita Mathur.

In addition to mentoring students in her research laboratory, Mathur also guides the chemistry department's graduate rotation program, which allows incoming PhD students to explore research before committing to a specific advisor and project; a process Mathur said "can be overwhelming."

She said, "I focus on equipping students with the tools and context to navigate challenges, rather than simply providing answers."

Of the mentoring award, Mathur added, "I am truly grateful for this recognition and will strive to honor its significance in all that I do."

Sarah Bagby, PhD – Assistant Professor, Department of Biology

When Sarah Bagby accepts new graduate students into her lab, she offers them advice they may not have been expecting: Ask questions and don't feel you are letting me down because you don't already know the answers.

"Dr. Bagby constantly emphasizes the importance of respectful and supportive relationships in scientific teams," one of her nominators wrote. "Her mentorship style encourages us to ask questions of each other and strengthen our network."

Bagby is thrilled to be selected for the Diekhoff Award.

"To have my students find such value in their training—well, it's what you hope for, of course, but you don't often get to know," she said. "It feels like a gift I can bring my own good mentors as thanks for the time and care they've invested in me."

Distinguished University Professors

To honor exceptional faculty, Case Western Reserve awards the title of Distinguished University Professor—a permanent, honorific title that acknowledges the outstanding contributions of full-time, tenured professors with a distinguished record of extraordinary research, scholarship, teaching and service.

The designation represents the highest honor the university bestows on a member of its professoriate. Recipients are named annually and receive a medallion at fall convocation commemorating the honor.

Distinguished University Professors

Jonathan L. Haines, PhD

Mary W. Sheldon, MD, Professor of Genomic Sciences Chair, Department of Population and Quantitative Health Sciences.

Jonathan L. Haines, a pioneering genetic epidemiologist and leader in human genetics, has advanced our understanding of complex diseases through a career spanning more than four decades.

Haines' early research helped identify genetic contributors to disorders such as Huntington's disease and tuberous sclerosis—clarifying the phenomenon of locus heterogeneity in Mendelian diseases. He is best known for his groundbreaking work in Alzheimer's disease, including the discovery that the e4 variant of the APOE gene increases risk for late-onset Alzheimer's and that e2 variants of APOE provides protection—findings that remain foundational in neurogenetics.

His research has also led to key insights into age-related macular degeneration, multiple sclerosis, and other complex traits. A widely cited scholar with more than 118,000 citations and over 730 publications, Haines co-led one of the largest genome-wide association studies in Alzheimer's disease to date, involving more than 94,000 individuals.

Founding director of the Cleveland Institute for Computational Biology, Haines has consistently combined discovery with leadership. He established CWRU's infrastructure for biomedical informatics and data science, expanded graduate education in population health, and secured sustained federal support for multi-institutional collaborations addressing public health, neurological disease, and aging through data-driven discovery and cross-disciplinary research networks.

He has mentored more than 60 students and postdoctoral fellows, many of whom now hold senior positions in academia, healthcare and industry.

A fellow of the American Association for the Advancement of Science and an advisor to numerous national and international research bodies, Haines continues to shape the field through both scholarship and service.

Roger H. French, PhD

Kyocera Professor of Ceramics, Department of Materials Science and Engineering

Roger H. French is internationally recognized for pioneering data-centric approaches to materials science and engineering. His career bridges industry and academia, including 25 years at DuPont, and has focused on advancing artificial intelligence, data science and predictive modeling to improve materials performance, reliability and sustainability.

French is the founding director of the Solar Durability and Lifetime Extension (SDLE) Research Center, a hub for predictive lifetime science that has attracted more than \$42 million in research funding. He also leads two major national initiatives: the Materials Data Science for Stockpile Stewardship (MDS³) Center of Excellence, supported by the U.S. Department of Energy, and the NSF Engineering Research Center for Advancing Sustainable and Distributed Fertilizer Production (CASFER) to enable resilient and sustainable food production by developing next-generation, modular, distributed and efficient technology for capturing, recycling and producing decarbonized nitrogen-based fertilizers.

A leader in education, French developed Case Western Reserve's applied data science program, which includes an undergraduate minor and a graduate certificate. He has taught and mentored hundreds of students at the university and its partner institutions—including University of Central Florida, University of Pittsburgh, The University of Texas Rio Grande Valley and soon Tuskegee University, and multiple Cleveland-area high schools—through outreach, summer research programs and collaborative coursework.

He also established the Markov Data Science Teaching Cluster at the university and helped expand campus-wide distributed computing resources that support coursework, research and collaboration across multiple disciplines.

French's interdisciplinary work has led to nearly 190 journal articles and 28 patents. He also co-founded Edifice Analytics, a startup applying his patented energy analytics technology to help commercial buildings reduce energy use and carbon emissions.

His many honors include the university's Faculty Distinguished Research Award and recognition from the U.S. Department of Energy for national service in scientific leadership.

Heraldic Banners

Heraldic banners have their origins in medieval custom and were originally used to identify individuals and institutions during both battle and ceremony. The academic banners of Case Western Reserve University have been designed to signify each of the current schools and college united by the seal of the university. The original heraldic banners of Case Western Reserve were commissioned in 1974. The current academic banners were designed using the original patterns and were constructed by the Columbia Flag Company of Cleveland, Ohio.

University Seal

The university seal combines elements of both Case Institute of Technology and Western Reserve University seals, in particular the rising sun.

College of Arts and Sciences

Background color reversed symbolizes the arts and sciences in the field of education. The sun represents a source of energy for the college.

School of Medicine

The Rod of Asclepius, traditional symbol of the medical profession.

Case School of Engineering

Emblems of Case Western Reserve University coat of arms: a gear to represent applied science or technology; a star for pure science.

School of Law

Scales of justice balanced on the curtana, a blunted sword that is considered the sword of mercy.

School of Dental Medicine

A Greek Delta for dentistry interwoven with a circle, which signifies unity, surrounding a one-serpent caduceus.

School of Graduate Studies

Two books symbolize the traditional division of learning in the arts and sciences.

Jack, Joseph and Morton Mandel School of Applied Social Sciences

Background signifies the change from darkness to light; from ignorance to knowledge. Wavy star represents man or life.

Frances Payne Bolton School of Nursing

Cross within the circle is a stylized version of the pin of the school. The white Maltese Cross symbolizes the Hospitallers of St. John, caregivers to the sick and infirm from the 12th century.

Weatherhead School of Management

Represents a group of people in learning conference; counterchange of colors signifies transfer of ideas.

About the Symbols and Regalia

Symbols of Office

A mace is a symbol of authority originating in the military tradition; it was carried by a marshal, the highest military rank. In universities, the mace may be of any length and is carried by the university marshal on all ceremonial occasions. The marshal's mace at Case Western Reserve University, patterned after the style of mace carried by the drum major of a Highland pipe band, was presented to the university by President and Mrs. Louis A. Toepfer in May 1979. It has a walnut shaft and a sterling silver crown, embossed with the seal of the university. The mace was designed by William Stearns of Potter and Mellen, Inc., and hand-wrought by craftsmen in the Potter and Mellen studio.

The President's Medal was the gift of Western Reserve University President John S. Millis at the time of the 1967 federation that created Case Western Reserve University. The chain was originally made for a Western Reserve University president's medal and was the gift of students in Adelbert College.

Academic Attire

The various gowns and hoods used in academic ceremonies preserve the style of their medieval origin and indicate by color and design the degree and institutional affiliation of their wearers. Black is the standard color for gowns in the United States; however, some schools use colored gowns. Case Western Reserve's custom regalia is distinguished with the university's color of blue. The baccalaureate gown is distinguished by its long, open sleeves; the master's by its closed, slitted sleeves; and the doctoral gown by its full sleeve trimmed with bands of velvet. The velvet on a doctoral gown may be black or a color denoting the field in which the degree was earned.

Academic hoods vary in length according to the degree earned and are lined with the colors of the institution conferring the degree. Hoods for degrees awarded by Case Western Reserve are lined with blue and silver.

The yoke of the hood is faced in a color that indicates the field in which the

degree was taken. Some examples of colors representing doctoral degrees are: arts and letters, white; philosophy, blue; science, gold-yellow; medicine, green; law, purple; dentistry, lilac; music, pink; fine arts, brown; social services, citron; nursing, apricot; business, drab; engineering, orange.

School of Medicine

Presentation of Diplomas at Severance Music Center Sunday, May 18, 2025, at 11:30 a.m.

Welcoming Remarks and Presiding

Stanton L. Gerson, MD
Dean, School of Medicine
Vice President for Medical Affairs

Class of 2025

Recitation of the Hippocratic Oath

Steven Ricanati, MD, FACP (MED ’95)
Associate Dean for Student Affairs
Dean, Joseph Wearn Society
Associate Professor of Medicine

Welcome into the Profession

Stanton L. Gerson, MD
Dean, School of Medicine
Vice President for Medical Affairs
Asa & Patricia Shiverick –
Jane B. Shiverick (Tripp) Professor of
Hematological Oncology

Music by:
Carmen Massaro, organ
Erik Sundet, MFA, trumpet

The Hippocratic Oath

AS A MEMBER OF THE MEDICAL PROFESSION:

I solemnly pledge to dedicate my life to the service of humanity;

The health and well-being of my patient will be my first consideration;

I will respect the autonomy and dignity of my patient;

I will maintain the utmost respect for human life;

I will not permit considerations of age, disease or disability, creed, ethnic origin, gender, nationality, political affiliation, race, sexual orientation, social standing, or any other factor to intervene between my duty and my patient;

I will respect the secrets that are confided in me, even after the patient has died;

I will practice my profession with conscience and dignity and in accordance with good medical practice;

I will foster the honor and noble traditions of the medical profession;

I will give to my teachers, colleagues, and students the respect and gratitude that is their due;

I will share my medical knowledge for the benefit of the patient and the advancement of healthcare;

I will attend to my own health, well-being, and abilities in order to provide care of the highest standard;

I will not use my medical knowledge to violate human rights and civil liberties, even under threat;

I make these promises solemnly, freely, and upon my honor.

Recitation of the Anesthesiologist Assistant Oath and Closing

Shane Angus, CAA (MSA '99)
Executive Program Director, Master of
Science in Anesthesia Program
Assistant Professor, Center for Medical
Education, School of Medicine

All CAAs present are invited to join in
the recitation of the Oath.

Recessional

Shine On, Case Western Reserve
(Alma Mater), Scott R. Miller

The Anesthesiologist Assistant Oath

I HEREBY SOLEMNLY SWEAR, IN THE PRESENCE OF ALL ASSEMBLED, TO CARRY OUT TO
THE BEST OF MY ABILITIES THE FOLLOWING OATH:

I will strive to reduce the suffering of my patients at all times and never will I use my skills to knowingly cause
injury or for any wrongdoing.

I will treat each patient with equal energy, and respect their diversity, while safeguarding their privacy and honoring
their right of autonomy.

I will work to be an exemplary ambassador of the Anesthesiologist Assistant profession and will always work to
strengthen its place in the healthcare team.

School of Engineering

Degree of Master of Engineering

Degree Conferred August 2024
Tyler Noah Eston

Degrees Conferred January 2025
Alan Shekofteh
Skyler James Wadas

Degree of Master of Engineering and Management

Degrees Conferred May 2025
D’Andre Tran Huynh
Matthew B Park

Degrees Conferred January 2025
Mercy Sanjana Manem
Soumya Trivedi

School of Graduate Studies

Presentation of Diplomas at Veale Convocation,
Recreation and Athletic Center
Friday, May 16, 2025, at 2 p.m.

Presiding

Marvin Nieman, PhD
Vice Provost and Dean for Graduate
Studies

Marshals

Eileen Anderson, EdD
Jennifer Carter, PhD
Karla Coburn, DDS, PhD
Darin Croft, PhD
Stephen Fening, PhD
Emmitt Jolly, PhD
Karen Potter, MFA
Daniel Tisch, PhD
Pamela Wearsch, PhD
Vivien Yee, PhD

Musical Prelude

"Crown Imperial"
William Walton

Processional

"Trumpet Voluntaries"
Henry Purcell

Presentation of the John S. Diekhoff Awards

Presentation of Diplomas and Hoods

Diplomas

Stanton L. Gerson, MD
Dean, School of Medicine and Senior
Vice President for Medical Affairs

David Gerdes, PhD
Dean, College of Arts and Sciences

Lynmarie Hamel, JD
Senior Associate Dean, School of
Graduate Studies

Diana Lynn Morris, PhD
Executive Director, University Center
on Aging and Health, Frances Payne
Bolton School of Nursing

Marvin Nieman, PhD
Vice Provost and Dean for
Graduate Studies

Dexter R. Voisin, PhD
Dean, Jack, Joseph and Morton
Mandel Dean in Applied Social
Sciences

Chris Zorman, PhD
Senior Associate Dean, Case School
of Engineering

Hoods: Donald L. Feke, PhD
Senior Vice Provost for Academic
and Faculty Affairs

Order of Ceremony:

Frances Payne Bolton School of Nursing

Doctor of Philosophy (PhD)

Jack, Joseph and Morton Mandel School of Applied Social Science

Doctor of Philosophy (PhD)

College of Arts & Sciences

Master of Science (MS)
Master of Arts (MA)
Master of Fine Arts (MFA)
Doctor of Musical Arts (DMA)
Doctor of Philosophy (PhD)

Case School of Engineering

Master of Science (MS)
Master of Engineering (ME)
Doctor of Philosophy (PhD)

School of Medicine

Master of Science (MS)
Master of Arts (MA)
Master of Public Health (MPH)
Doctor of Philosophy (PhD)

Recessional

"Water Music Suite"
George Frideric Händel
At the organ:
Peter Bennett, DPhil, organ

Following the ceremony, the audience is requested to remain seated
until the academic procession has withdrawn.

School of Law

Presentation of Diplomas at Veale Convocation,
Recreation and Athletic Center
Saturday, May 17, 2025, at 9 a.m.

Presiding

Paul Rose, JD
Dean, School of Law

Marshals

Alyson Alber, JD
Michael Benza, JD (LAW '92)
Avidan Cover, JD
Leilani Marshall, JD
Kathryn Mercer, JD
Sarah Polly, JD
Elizabeth H. Woyczynski, MS
(MGMT '11)

Prelude

Selections for Organ

Faculty Procession

"Trumpet Voluntaries in D Major"
Jeremiah Clarke/ attributed to
Henry Purcell

Student Procession

"Pomp and Circumstance" (Second
Movement) by Sir Edward Elgar

Opening Remarks

Avidan Cover, JD, introducing
Paul Rose, JD
Dean, School of Law

Alumni Association Welcome

Matthew O'Connell (LAW '83)
President, Law Alumni Association

Honors and Awards

Avidan Cover, JD
Associate Dean for Academic Affairs
Obasi Emeri Ndukwe
Student Bar Association, President

Student Remarks

Andrew Thomas McGirty

Commencement Speaker

Colleen Batcheler, JD (LAW '98)

Hooding & Presentation of Diplomas

Bryan Adamson, MA, JD (LAW '90)
Associate Dean of Enrichment &
Engagement

Eric Chaffee, JD
Professor of Law
Director of Compliance & Risk
Management Program

Avidan Cover, JD
Associate Dean for Academic Affairs

Jennifer Cupar, JD (LAW '98)
Professor of Lawyering Skills
Director, LLEAP Program

Jonathan Gordon, JD
Professor of Lawyering Skills
Director, SJD Program

Leilani Marshall, JD
Associate Dean of Students
Adjunct Professor

Paul Rose, JD
Dean, School of Law

Michael Scharf, JD
Associate Dean for Global
Legal Studies

Jack Turner, JD (LAW '02)
Professor
Director, International LLM Program

Closing Remarks

Paul Rose, JD
Dean, School of Law

Recessional

"Hornpipe" from Water Music
George Frideric Handel

Postlude

Selections for Organ

Music by:
Peter Bennett, DPhil, organ

Following the ceremony, the audience is requested to remain seated
until the academic procession has withdrawn.

Patty Zinn, piano

Larry Herman, trumpet

Professional Oath

I pledge myself to the service of humanity, my patients, my community and my profession. I will use my skills to serve all in need, with openness of spirit and without bias. The health and well-being of my patients will be my first consideration.

I will hold in confidence all that my patients entrust to me. I will not subordinate the dignity of any person to monetary, scientific or political ends.

I recognize that I have responsibilities to my community to promote its welfare and to speak out against injustice. The high regard of my profession is born of society's trust in its practitioners; I will strive to merit that trust.

I will promote the integrity of my profession with honest and respectful relations with other health professionals. I am indebted to those who have taught me its art and science, and I recognize my responsibility, in turn, to contribute to the education of those who come after me.

I will strive to advance my profession by seeking new knowledge and by reexamining the ideas and practices of the past.

I assume these responsibilities knowing that their fulfillment relies upon my own good health. I ask that my colleagues be attentive to my well-being, as I will be to theirs. I will seek to improve my practice by maintaining my skills and addressing my mistakes.

I take this oath freely and upon my honor.

Based on the Hippocratic Oath, the Prayer of Maimonides and the 1947 Declaration of Geneva.

Following the ceremony, the audience is requested to remain seated
until the academic procession has withdrawn.

Undergraduates

College of Arts and Sciences
Case School of Engineering
Frances Payne Bolton School of Nursing
Weatherhead School of Management

Presentation of Diplomas at Veale Convocation,
Recreation and Athletic Center
Sunday, May 18, 2025

Presiding

Eric W. Kaler, PhD
President

Marshals

Joy R. Bostic, PhD
University Marshal
Associate Marshals
Jennifer DeSantis, MAEd
Dorien Langezaal, MSED
Molly Watkins, PhD
Assistant Marshals
Christopher Butler, MS
Beverly Capper, DNP
Harold Connamacher, PhD
Teresa Contenza, PhD
Michelle Cseh, MEd
Donald L. Feke, PhD
Maya Fenty, PhD
Audrey Fulton, MAEd
Jenny Hawkins, PhD
Madison Hunt, BA
Bernard L. Jim, PhD
Alec Jokubaitis, BSE
Brian Matthews, MA
Holly McGrath, BA
Wes Schaub, MA
Steven Scherger, PhD
Peter A. Shulman, PhD
Paula Sumner, BS
Jeffrey Ullom, PhD
Xiaoqi Yu, PhD

Welcome and Remarks

Eric W. Kaler, PhD
President

Senior Farewell for the Class of 2025

Ayosubomi Akande
Class Officer Collective
President

Presentation of the Carl F. Wittke Award for Distinguished Undergraduate Teaching

Eric W. Kaler, PhD
President

Peter A. Shulman, PhD
Associate Provost for Curriculum

Recipients:

Catherine McManus, PhD
Assistant Professor, Department of
Nutrition, School of Medicine

Cara Rose Byrne, PhD
Lecturer, Department of English,
College of Arts and Sciences

Presentation of the J. Bruce Jackson, MD, Award for Excellence in Undergraduate Mentoring

Eric W. Kaler, PhD
President

Peter A. Shulman, PhD
Associate Provost for Curriculum

Recipients:

Shuai Xu, PhD
Assistant Professor, Department of
Computer and Data Sciences, Case
School of Engineering

Cheryl Maureen Ainslie Cameron, PhD
Assistant Professor, Department of
Nutrition, School of Medicine

Presentation of Diplomas

For Students in the College of Arts and Sciences

David Gerdes, PhD
Dean, College of Arts and Sciences

Rebecca B. Benard, PhD
Associate Dean, College of Arts
and Sciences

For Students in the Case School of Engineering

Venkataramanan "Ragu"
Balakrishnan, PhD
Dean, Case School of Engineering

Christian Zorman, PhD
Senior Associate Dean, Case School of
Engineering

For Students in the Frances Payne Bolton School of Nursing

Carol M. Musil, PhD, RN
Dean, Frances Payne Bolton
School of Nursing

For Students in the Weatherhead School of Management

Andrew Medvedev, MBA
Dean, Weatherhead School of
Management

Closing

Eric W. Kaler, PhD
President

Recessional

"Grand Choeur Dialogue"
Eugene Gigout

Music by:
Peter Bennett, DPhil, organ
Loren Toplitz, MM, trumpet
John Brndiar, MM, trumpet
Meghan Guegold, MM, french horn
Paul Ferguson, MM, trombone
Kenneth Heinlein, DMA, tuba

Following the ceremony, the audience is requested to remain seated until
the academic procession has withdrawn.

Intersections: Undergraduate Research Presentation Award Winners Fall 2024**Arts and Humanities**

1st

Nandana Ahuja. *Should We Open The Closet Doors?: Leonardo da Vinci, Isaac Newton, and the Search for Queer Representation.* Faculty Mentor: Aviva Rothman, Department of History

Computer Science

1st

James Bish, Carson Williams, Annika Markoff, Chelsea Yu Zheng, John McCormick, Charles Lin, Joshua Hager, and Calvin Cai. *UPBoints: Custom Event Management Platform.* Faculty Mentor: Shuai Xu, Department of Computer and Data Science

1st

Abhi Chadha, and Hieu Hoang. *Multi-Modal Translator with Sign Language Recognition.* Faculty Mentor: Shuai Xu, Department of Computer and Data Science

Engineering

1st

Oliver Meisel and Emilio Blythe. *Advanced Testing of Printed Flexible Sensors: Contact Angle and Bending Fatigue Analyses.* Faculty Mentor: Janet Gbur, Department of APT Center - Veterans Affairs

2nd

Simon Merenstein. *Hydraulic Brake Master Cylinder.* Faculty Mentor: Richard Bachmann, Department of Mechanical and Aerospace Engineering

2nd

Huy Pham. *Design and Prototype of A Rat Robot.* Faculty Mentor: Roger Quinn, Department of Mechanical and Aerospace Engineering

Life Sciences

1st

Alejandra Gaviria Rozo. *The DIVA study: Defining the Microbiome of the Neovagina.* Faculty Mentor: Christina Farr, Department of Pathology

1st

Vigasini Rajaram.
Development of nanobody-based C1q inhibitors that suppress the classical pathway of complement activation.
Faculty Mentor: Fritz Petersen, Department of Biology

1st

Ayah Lababede. ***Two Possible Triggering Mechanisms of pch2-dependent Pachytene Checkpoint That Induce Interchromosomal Effect.*** Faculty Mentor: Nicole Crown, Department of Biology

1st

Faith Ferry. ***Altered Neural Dynamics and Sleep Patterns in Epilepsy and the Effect of Potassium Buffering.***
Faculty Mentor: Masashi Tabuchi, Department of Neurosciences

2nd

Brynn Connors. ***Microbe-microbe interactions vary across a genus and alter the growth of an oral pathogen.*** Faculty Mentor: Gina Lewin, Department of Center for Global Health and Diseases

Social Sciences

1st

Isaac Opoku. ***Availability of Firearm Injury Prevention Information on State Department Public Websites.***
Faculty Mentor: Sarah Sweeney, Department of Population and Quantitative Health Sciences

1st

Esha Rawat. ***Military Culture and Mental Health Stigma: Reproduction of Stigma and the Effects on Treatment-Seeking Behavior.*** Faculty Mentor: Anastasia Dimitropoulos, Department of Psychological Sciences

1st

Gabrielle Vaccaro. ***Palatal Myoclonus and Dysphagia: A Literature Review.***
Faculty Mentor: Rachel Mulheren, Department of Psychological Sciences

1st

Arielle Johnson. ***Race, Gender, And Intersectionality: Unpacking How Identities Influence Mental Health Inequities And Outcomes.*** Faculty Mentor: Anastasia Dimitropoulos, Department of Psychological Sciences

2nd

Sreeja Gadepalli. ***Organizational Factors in Physician Burnout After COVID-19: Lessons for the Future.***
Faculty Mentor: Anastasia Dimitropoulos, Department of Psychological Sciences

2nd

David Gentile. ***The Causes and Problems with Echo Chambers on Social Media Sites.*** Faculty Mentor: Anastasia Dimitropoulos, Department of Psychological Sciences

2nd

Sadie Mueller. ***The Benefits of "Sharenting" to Parents and the Psychological Harm to Children: a Review of the Literature.*** Faculty Mentor: Anastasia Dimitropoulos, Department of Psychological Sciences

Physical Sciences

1st

Katherine Barber. ***Stellar Populations in Simulated Galaxies.***
Faculty Mentor: Chris Mihos, Department of Astronomy

1st

Ananda Smith. ***Cosmological constraints on anisotropic Thurston geometries.*** Faculty Mentor: Craig Copi, Department of Physics

Intersections: Presentation Award Winners April 2025

Arts and Humanities

2nd

Liv Petersen Carle. ***Creating from Cognitive Science: Playwriting with Principles of Surprise Cognition.***
Faculty Mentor: Vera Tobin, Department of Cognitive Science

Computer Science

1st

Abdikani Mohamed Ahmed, Ved Arora, Theodore Parker Bryant, Alexa Montgomarie Essex, Zachary Peter Greenberg, Daniel C. Kelly, Joseph Lee Rhodes, and Dominic A. Sais. ***ClosetAI: An Outfit Recommendation iOS App.*** Faculty Mentor: Shuai Xu, Department of Computer and Data Science

Undergraduate Degrees - Honors, Prizes and Awards

<p>2nd</p> <p>Noah James Butler, Alex Wang, and Brian Zhu. CWRUSTU. Faculty Mentor: Shuai Xu, Department of Computer and Data Sciences</p> <p>Engineering</p>	<p>2nd</p> <p>Anuvi Gupta, and Caroline Davis Kromalic. Opening the Door to a Better Shelf. Faculty Mentor: John Lewandowski, Department of Materials Science and Engineering</p>	<p>1st</p> <p>Ian Zagorac. Development of Securinine-derivative containing Liposomes for Inhibition of Thioredoxin Reductase I as a novel treatment for Acute Myeloid Leukemia. Faculty Mentor: Gregory Tochtrop, Department of Chemistry</p>	<p>1st</p> <p>Shejuti Samin Wahed. Assessing Subjective Cognition: Memory Clinics Assessment for Epilepsy (MAC-E) Norms and Reported Cognitive Concerns in Adults with Epilepsy. Faculty Mentor: Robyn Busch, Department of Neurology</p>
<p>1st</p> <p>Michael Franklin Kong, Denzel Salas, Yang Shang, Melanie Weiqin Uroda, and Stephanie Xiaoyang Wang. At-Home Monitoring of Syncopal Events. Faculty Mentor: Colin Drummond, Department of Biomedical Engineering</p>	<p>2nd</p> <p>Ashwin Dsouza Menon. A Low Cost, Reconfigurable Mould for Prototyping Composite Surfaces. Faculty Mentor: Majid Rashidi, Department of Mechanical and Aerospace Engineering</p>	<p>1st</p> <p>Jackie Cai. Investigating the Effects of Anti-Diabetic Medications on Oncogenic Promyelocytic Leukemia 1 Expression in Estrogen Receptor-Positive Breast Cancer. Faculty Mentor: Hung-Ying Kao, Department of Biochemistry</p>	<p>2nd</p> <p>Olivia Leyuan Wang. Effortful Prosocial Behavior in Relational Contexts. Faculty Mentor: Yasuo Kuniyoshi, Department of Psychological Sciences</p>
<p>1st</p> <p>Cole Koichi Judson, Anya Evgenia Mathis, Abdul Olawale Melaiye, and Mohit Patel. Biometrics Tracking for Stroke Rehabilitation. Faculty Mentor: Matthew Williams, Department of Biomedical Engineering</p>	<p>Life Sciences</p> <p>1st</p> <p>Mustafa Ali Khan. Cognitive Impairment in Young Adults with Large Vessel Occlusion Stroke: A Critical Predictor of Functional Outcomes. Faculty Mentor: Ghulam Abbas Kharal, Department of Neurology</p>	<p>Social Sciences</p> <p>1st</p> <p>Kamarea Trenyce Valentine. “So You Think You Know Struggle?” A Literary Analysis on the Roles of Racial Identity and Race-Related Stress in Black American Activism. Faculty Mentor: Sharon Milligan, Department of Jack, Joseph, and Morton Mandel School of Applied Social Sciences.</p>	<p>Physical Sciences</p> <p>1st</p> <p>Omar Ali. Towards robust quantum-enhanced gyroscopes: Decoherence and Squeezing Dynamics in Electronuclear Spin Systems. Faculty Mentor: Paola Cappellaro, Department of Physics</p>
<p>2nd</p> <p>Eamon Terence Kraft, Lily Anna McCloskey, Kate Michelle Menzer, Alexandria Katherine Miskey, and Shaoqian Xiang. Hand Weakness Assistance Device. Faculty Mentor: Jordan Smith, Department of Biomedical Engineering</p>	<p>1st</p> <p>Zion Goshu Tasew. RNAi Screen of Candidate Proteins Related to Meiotic DSB Protein, Vilya, In D. melanogaster. Faculty Mentor: Nicole Crown, Department of Biology</p>		<p>2nd</p> <p>Kai Richey Yamagami. Permeation of Polyacrylamide Hydrogels inside Complex Coacervate Droplets. Faculty Mentor: Svetlana Morozova, Department of Macromolecular Science and Engineering</p>
