If you have questions or need further information, please do not hesitate to contact the Controller's Office at 368-2126 or controller@case.edu.

COST TRANSFER POLICY

The University's cost transfer policy for charges to sponsored projects requires the posting or transfer of expenditures and other costs within 90 days of the end of the month that such charges appear. Posting of transfers that exceed 90 days may be permitted only on an exception basis, and must include an approved Late Cost Transfer Justification form which can be found on the [Resources and Facilities web page of the Office of Research and Technology Management](#) under Forms & Policies and Awards and Agreements, Policies, Forms and Guidelines. This form requests a detailed justification that explains the nature of the error and the reason for the delay in posting and supports the accuracy of the proposed assignment of costs. Please refer to the Salary Adjustments and Cost Transfer Policy for further information regarding allowable transfers. A copy of this document can be found on the [University Policies web page](#) under Office of Research Administration.

CUTOFFS FOR SALARY ADJUSTMENTS AND JOURNAL ENTRIES

Department users must enter all salary adjustments and journal entries into PeopleSoft (PS). For information on entering transactions in PS Financials, please refer to the Case Enterprise Resource Planning web page at: <https://case.edu/erpfinancials/manuals-and-guides> to find the PS Human Capital Management (HCM) Training Manuals for entering *Salary Adjustments* and the PS Financials Training Manuals for *Entering Journals*.

All originating and correcting entries for transactions that occurred in May must be submitted for processing during the preliminary June close. Adjustments and corrections for items that occurred prior to May will be processed on an exception basis and only with an appropriate justification. Entries and adjustments affecting sponsored projects will be reviewed in accordance with the Cost Transfer Policy. Additional documentation or justification for unusual entries may also be requested.

All final June entries are subject to review and approval by the Controller's Office or Sponsored Projects Accounting Office. Departments may be asked to provide additional documentation depending upon the nature of the transaction. Supplemental forms or other documentation supporting non-salary journal entries should be attached within PS Financials.

VENDOR INVOICES

Please have new vendor information and all approved invoices emailed to invoices-pds@case.edu, the Accounts Payable alias, as quickly as possible. Be sure that a valid purchase order number is recorded on the invoice. **Invoices received by Accounts Payable through 12:00 noon on July 9 will be reviewed and charged to the appropriate fiscal year.** Generally, invoices are charged to the fiscal year by the date of when the service was provided, not by the date of the requisition or the purchase order date.

Payment requests, with any required supporting documentation, must be completed on-line in PS Financials by 12:00 noon on July 9. If a new vendor must be set up in order to process a payment request, that information must be received in Accounts Payable no later than 12:00 noon on June 30 to ensure that the vendor maintenance team has time to add the vendor to the database.

- Invoices received by 5:00 p.m. on June 30 will be reported on the June *preliminary* run.

- Invoices submitted after 5:00 p.m. on June 30 through 12:00 noon on July 9 will be included on the June *final* run.

PURCHASES AND COMMITMENTS

Accounts will be charged with the cost of materials or services in the fiscal year based on the date of the service provided. If there are special circumstances to be considered in applying these cut-off procedures, please contact Lisa Hausmann, Accounts Payable Manager, at 368-5937 or Ashley Frantz, Chief Procurement Officer, at 368-2595. Lisa and Ashley can also be reached via e-mail at lisa.hausmann@case.edu and ashley.frantz@case.edu, respectively. For any other AP questions or concerns please contact Accounts Payable via e-mail at acctpay@case.edu.

Open purchase orders will be listed as encumbrances on the June expense statement. It is important to review these encumbrances carefully to be sure that expenses are charged to operating accounts in the appropriate fiscal year.

Please notify Accounts Payable of items received prior to June 30, 2025 that do not appear on your fiscal year 2025 expense statements, or items appearing on your fiscal year 2025 expense statements but received after June 30, 2025. Your notification should include the speedtype, account, amount, voucher number, PO or requisition number (if there is one), description, and date received or paid.

If you have any questions regarding the above items, please contact Procurement at 368-2560 or via e-mail at customercareteam-pds@case.edu.

P-CARD AND D-CARD CHARGES

Due to the billing cycle of the P-Card and the D-Card, please note that any P-Card/D-Card purchases that are not posted by the vendor to your P-Card/D-Card account by 12:00 midnight on June 25 will not be charged to your June statements. P-Card/D-Card purchases made between June 27 – June 30 will be charged to fiscal 2026. Please plan your purchases accordingly.
