|---|---|---|--|--|
| Various Limited Submission Opportunities  | Various   | See List  | The Office Of Research Administration's list of limited submission opportunities. See site for details and how to apply.   | https://case.edu/research/faculty-staff/funding-opportunities  |
| IADR Awards - Various Topics  | IADR  | Annual  | The IADR offers a number of different awards annually. Please see the link for updated awards and deadlines.   | http://www.iadr.org/IADR/Awards  |
| Evidence for Action: Investigator-Initiated Research to Build a<br>Culture of Health  | Robert Wood Johnson Foundation                          | Ongoing   | Evidence for Action (E4A), a national program of the Robert Wood Johnson Foundation (RWJF), funds research that expands the evidence needed to build a Culture of Health. A Culture of Health is broadly defined as one in which good health and well-being flourish across geographic, demographic, and social sectors; public and private decision-making is guided by the goal of fostering equitable communities; and everyone has the opportunity to make choices that lead to healthy lifestyles.    | https://www.rwif.org/en/library/funding-<br>opportunities/2019/evidence-for-action-investigator-initiated-<br>research-to-build-a-culture-of-health.html |
| Evidence for Action: Investigator-Initiated Research to Build a<br>Culture of Health  | Robert Wood Johnson Foundation                          | Ongoing   | Funding for research that expands the evidence base needed to build a Culture of HealthWe<br>are especially interested in research examining the health impacts of programmatic or<br>policy interventions that address factors outside the domain of health care services or<br>public health practice.   | https://www.rwjf.org/en/library/funding-<br>opportunities/2015/evidence-for-action-investigator-initiated-<br>research-to-build-a-culture-of-health.html |
| E.W. "Al" Thrasher Award  | Thrasher Research Fund                                  | Ongoing   | The purpose of the E.W. "Al" Thrasher Awards is to improve children's health through medical research, with an emphasis on projects that have the potential to translate into clinically meaningful results within a few years.  | https://www.thrasherresearch.org/SitePages/al-thrasher-<br>award.aspx  |
| IADR E.W. Borrow Memorial Award   | International Association for Dental Research           | Ongoing   | This award is intended to recognize and stimulate research in oral health promotion for children.  | http://www.iadr.org/IADR/Awards/Grants-Awards/Borrow   |
| CTSC Core Utilization Pilot   | Case Western Reserve University                         | Ongoing   | Supports investigator use of and familiarity with CTSC Core operations and personnel, in anticipation of applications for external funding using CTSC resources.   | https://case.edu/medicine/ctsc/pilot-programs/core-utilization-<br>pilot   |
| Oral Health 2020  | DentaQuest  | Ongoing   | DentaQuest Foundation will offer three different types of grant partnerships as part of Oral Health 2020: Strengthening the Network, Partner Organizations, and Environmental/Policy Analysis opportunities. Applicants are encouraged to explore how their concepts align with these proposal types.  | http://www.dentaquestfoundation.org/oh2020/submitconcept   |
| Scientific Research Grant   | Delta Dental of Michigan, Ohio, and<br>Indiana          | Ongoing   | The Foundation has an interest in fostering research related to oral health, especially research which could have direct clinical application with significant potential for reducing treatment costs along with improving oral health.  | https://www.deltadentalins.com/about/community/philanthrop<br>y/scientific-research-grants.html  |
| Medical Educational Grants  | Bayer US  | Continuous - Submit by<br>November 1 for current calendar<br>year award. For next year<br>funding, submit after 10/1/2019 | As a commitment to improving patient care and providing valuable information to the medical and broader healthcare community, Bayer US will accept the grant requests for medical education in the areas listd on its site.  | http://www.grants-contributions.bayer.com/en/home/medical-<br>educational-grants/index.php   |
| Oral Health Grants  | ADEA Gies Foundation                                    | Rolling LOI for funding decision made in September  | The ADEAGies Foundation provides grants to improve the oral health of the public through the support of dental education institutions; the encouragement of lifelong learning; and the recognition of scholarly achievement, professional ethics and values, and publications in dental education and research.  | http://www.adea.org/ADEAGiesFoundation/Information-for-<br>Grant-Seekers.aspx  |
| Agilent Early Career Professor Award  | Agilent   | 2/28/2020   | The purpose of the Agilent Early Career Professor Award is to promote and encourage excellent research enabling measurements of importance to Agilent Technologies and the world, establish strong collaborative relationships between Agilent researchers and leading professors early in their career, and build the prominence of Agilent as a sponsor of university research   | https://www.agilent.com/univ_relation/profaward/index.shtml  |
| Pioneering Ideas  | Robert Wood Johnson Foundation                          | Opens March 2020 for 2020 funding   | Through this, our signature Pioneering Ideas funding opportunity, we seek to explore how cutting-edge ideas and emerging trends could help or hinder our progress toward a Culture of Health.  | https://www.rwif.org/en/how-we-work/submit-a-proposal.html   |
| Ulcerative Colitis Patient Education  | Pfizer  | 3/27/2020   | Projects that will be considered for Pfizer support should prioritize patient education that will aid in close coordination with healthcare practitioners (HCPs) and allow patients to optimally manage theirulcerative colitis, including the ability to recognize suboptimal treatment and reduce steroid usage.   | https://pfe-pfizercom-<br>prod.s3.amazonaws.com/GMG 2020USGI3.pdf  |
| HEAL Initiative: Pragmatic and Implementation Studies for the Management of Pain to Reduce Opioid Prescribing (PRISM) (UG3/UH3, Clinical Trials Optional) | National Institutes of Health                           | 3/30/2020   | The FOA encourages UG3/UH3 phased cooperative research applications to conduct efficient, large-scale pragmatic or implementation trials to improve pain management and reduce the unnecessary use of opioid medications. Awards made under this FOA will initially support a one-year milestone-driven planning phase (UG3), with possible transition to an implementation phase (UH3). UG3 projects that have met the scientific milestone and feasibility requirements may transition to the UH3 phase. | https://grants.nih.gov/grants/guide/rfa-files/RFA-AT-20-<br>004.html   |
| Health Career Scholarships  | International Order of The King's<br>Daughters and Sons | 4/1/2020  | Medical and dental students (in human medicine) who have completed their first year of an<br>accredited medical/dental school are eligible to apply. Students must be citizens of the<br>United States or Canada and be studying at an accredited institution in the United States or<br>Canada.   | https://iokds.org/scholarships/health-careers-scholarships/  |
| Engagement Awards   | PCORI   | Letter of Inquiry: 4/1/2020   | Our goal is to support projects that build communities prepared to participate in patient-<br>centered outcomes research (PCOR) and comparative clinical effectiveness research (CER),<br>as well as to serve as channels for disseminating study results.   | https://www.pcori.org/funding-<br>opportunities/announcement/engagement-awards   |
| Greater Value Portfolio   | The Donaghue Foudnation                                 | 4/2020 - Anticipated  | The goal of the Greater Value Portfolio program is to test approaches and tools that organizations can readily use to improve the value of the healthcare they provide to their patients and communities.  | http://donaghue.org/grant-opportunities/   |

| Title   | Sponsor                                    | Deadline   | Summary  | Link  |
|---|--|--|--|---|
| STTR-Advancing Imaging, Device Production, and Clinical<br>Capabilities in Digital Dentistry (R41/R42 Clinical Trial Not Allowed)   | NIH - NIDCR                                | 4/5/2020 and standard due dates through 9/6/2021 | This Funding Opportunity Announcement (FOA) encourages innovation, optimization and customization of core technologies in digital dentistry that improve efficiency of oral healthcare delivery, effectiveness of clinical decision-making and outcomes of treatments associated with dental, oral and craniofacial (DOC) tissues.   | https://grants.nih.gov/grants/guide/pa-files/PA-19-021.html   |
| SBIR - Advancing Imaging, Device Production, and Clinical<br>Capabilities in Digital Dentistry (R43/R44 Clinical Trial Not Allowed) | NIH - NIDCR                                | 4/5/2020 and standard due dates through 9/6/2021 | This Funding Opportunity Announcement (FOA) encourages innovation, optimization and customization of core technologies in digital dentistry that improve efficiency of oral healthcare delivery, effectiveness of clinical decision-making and outcomes of treatments associated with dental, oral and craniofacial (DOC) tissues.   | https://grants.nih.gov/grants/guide/pa-files/PA-19-022.html   |
| Samuel D. Harris Research and Policy Fellowship   | American Academy of Pediatric<br>Dentistry | 4/12/2020  | Conduct oral health policy research, including but not limited to health services research, that advances children's oral health issues and supports AAPD public policy and public relations initiatives   | https://www.aapd.org/resources/member/awards-and-fellowships/   |
| AAP Foundation Fellowship to the Institute for Teaching & Learning in the Health Professions  | American Academy of Periodontology         | 4/30/2020  | The program, developed by the Academy for Academic Leadership, will be helpful to periodontists in private practice who have an interest in teaching either full- or part-time.  | http://www.periofoundation.org/awards/29-education-<br>awards/17-aap-foundation-fellowship-to-the-institute-for-<br>teaching-learning-in-the-health-professions |
| Bud and Linda Tarrson Fellowship  | American Academy of Periodontology         | 5/1/2020   | The fellowship is for periodontists pursuing academic careers. The award is not intended to replace support that would normally have been provided by the recipient's institution. Candidates for the Fellowship must be either a full-time faculty member at the instructor or assistant level or a part-time faculty member. The candidate must be affiliated for 10 years or less with a degree-granting institution, and their career goal must be teaching and research in periodontology. Applications will be accepted only from candidates at U.S. institutions. | http://www.periofoundation.org/awards/29-education-awards/18-bud-and-linda-tarrson-fellowship   |
| Research Grants on Reducing Inequality  | William T. Grant Foundation                | Letter of Inquiry - 5/6/2020                     | In our focus area of reducing inequality, we support research to build, test, and increase understanding of approaches to reducing inequality in youth outcomes, especially on the basis of race, ethnicity, economic standing, language minority status, or immigrant origins. We are interested in research on programs, policies, and practices to reduce inequality in academic, social, behavioral, and economic outcomes.  | http://wtgrantfoundation.org/grants/research-grants-reducing-<br>inequality   |
| Research Grants on Improving the Use of Research Evidence   | William T. Grant Foundation                | Letter of Inquiry - 5/6/2020                     | In our focus area of improving the use of research evidence, we support research to identify, build, and test strategies to ensure that research evidence is used in ways that benefit youth. We are particularly interested in research on improving the use of research evidence by state and local decision makers, mid-level managers, and intermediaries.   | http://wtgrantfoundation.org/grants/research-grants-improving-<br>use-research-evidence   |
| UCITE - Glennan Fellowship  | Case Western Reserve University            | 5/6/2020 (anticipated)                           | Glennan Fellows receive a \$6,500 stipend to develop their teaching and scholarship.   | https://case.edu/ucite/grants-fellowships/glennan-fellowships   |
| Dr. and Mrs. Gerald M. Kramer Scholar Award for Excellence  | American Academy of Periodontology         | 5/15/2020  | Third-year students as of the application deadline who are enrolled in an accredited U.S. periodontal graduate program and nominated by their periodontal program chairperson. The committee bases its selection on the applicant's demonstrated personal motivation for excellence in both character and academic achievement. Personal integrity, as exemplified by leadership, community involvement, and concern for the needs of others, are also considered.   | http://www.periofoundation.org/awards/29-education-awards/20-dr-and-mrs-gerald-m-kramer-scholar-award-for-excellence  |
| UCITE - Learning Fellowship   | Case Western Reserve University            | 5/17/2020 - anticipated                          | The Learning Fellows program is a semester-long seminar structured by weekly meetings. In each session, faculty will consider innovative best practices that can be applied within classroom environments to enhance student engagement and learning.  | https://case.edu/ucite/grants-fellowships/learning-fellowships  |
| Access to Oral Care grant   | Ohio Dental Association                    | 5/22/2020 - anticipated                          | The ODA Foundation provides grant funding to support Ohio-based oral health-related programs that reach out to the underserved of Ohio.  | https://oda.org/community-involvement/oda-foundation/odaf-<br>grants-and-scholarships/  |
| AAP Teaching Fellowships  | American Academy of Periodontology         | 6/1/2020 (anticipated)                           | AAP Teaching Fellowships are intended to support the young periodontal educator's commitment to a career in academia by providing debt relief to qualified applicants. The \$50,000 Fellowships are given to qualified faculty members within their first three years of teaching at a U.S. periodontal training institution. Funding for AAP Teaching Fellows is provided at the end of each year of full-time teaching.  | http://www.periofoundation.org/awards/29-education-awards/24-aap-teaching-fellowships   |
| Dr. D. Walter Cohen Teaching Award  | American Academy of Periodontology         | 6/1/2020 (anticipated)                           | Created to assist beginning periodontal educators in launching their career, one payment of \$10,000 is awarded in the fourth quarter of the year after that AAP Annual Meeting. The award is not to be used to replace support that would have normally been provided by the recipient's institution. The award should be considered a supplement to any salary, stipend or research support.   | http://www.periofoundation.org/awards/29-education-<br>awards/21-dr-d-walter-cohen-teaching-award   |
| AAP Educator Scholarships   | American Academy of Periodontology         | 6/1/2020 (anticipated)                           | AAP Educator Scholarships were created to stimulate the development of periodontal educators by providing financial relief to students intending to pursue a career as full-time teachers at U.S. periodontal programs upon graduation from U.S. periodontal postdoctoral training programs.   | http://www.periofoundation.org/awards/29-education-awards/25-aap-educator-scholarships  |
| The Patty and Paul Levi Research Award  | American Academy of Periodontology         | 6/1/2020 (anticipated)                           | Eligibility is restricted to predoctoral students being mentored by a periodontal faculty member in a dental school where there is a postdoctoral periodontal program.   | http://www.periofoundation.org/awards/30-research-awards/102-the-patty-and-paul-levi-research-award-2   |
| The AAP Foundation Schoor Research Award  | American Academy of Periodontology         | 6/1/2020 (anticipated)                           | The Schoor Award Committee distributes one \$2,000 award each year for a manuscript written by the resident as sole or principal author based on his or her research.  | http://www.periofoundation.org/awards/30-research-<br>awards/62-schoor-research-award   |

| Title   | Sponsor                            | Deadline   | Summary  | Link   |
|---|------------------------------------|--|--|--|
| Dr. James T. Mellonig Regeneration Research Award   | American Academy of Periodontology | 6/1/2020 (anticipated)   | The award recognizes excellence in original research by a resident or recent graduate in the specialty of periodontics that advances clinical therapies in periodontal regeneration. Applicants must have completed original research in the field of periodontal regeneration, and have produced a manuscript that has been accepted for publication, if not already published.   | http://www.periofoundation.org/awards/30-research-awards/59-dr-james-t-mellonig-regeneration-research-award      |
| The Volpe Basic Science Research Fellowship   | American Academy of Periodontology | 6/1/2020 (anticipated)   | The Fellowship is proposed to address the retention of top periodontal basic science researchers and educators early in their careers.   | http://www.periofoundation.org/awards/30-research-<br>awards/19-the-volpe-basic-science-research-fellowship      |
| Nevins Teaching and Clinical Research Fellowship and Nevins<br>BioHorizons Fellowship   | American Academy of Periodontology | 6/1/2020 (anticipated)   | The award is intended to supplement the fellow's income and not intended to replace any salary or stipend to which the Fellow would otherwise be entitled.   | http://www.periofoundation.org/awards/30-research-<br>awards/22-nevins-teaching-and-clinical-research-fellowship |
| Biologic Factors Underlying Dental, Oral, and Craniofacial Health<br>Disparities (R01 - Clinical Trial Not Allowed)   | National Institutes of Health      | Standard Due Dates through 9/8/2021                                  | The purpose of this funding opportunity announcement (FOA) is to encourage research on biologic factors that mediate the differences in prevalence and severity of Dental, Oral, and Craniofacial (DOC)-related diseases and conditions in oral health disparities populations.  | https://grants.nih.gov/grants/guide/pa-files/PAR-18-875.html   |
| Increasing Uptake of Evidence-Based Screening in Diverse Adult<br>Populations (R01 Clinical Trial Optional)   | National Institutes of Health      | Standard Due dates through 1/8/2022                                  | This Funding Opportunity Announcement (FOA) invites applications that seek to understand strategies to reduce disparities in the uptake of evidence-based screening (e.g. screening recommendations proven to be effective based on rigorous systematic review of scientific evidence by authoritative committees) across the adult lifespan.  | https://grants.nih.gov/grants/guide/pa-files/PA-18-932.html  |
| Healthy Habits: Timing for Developing Sustainable Healthy<br>Behaviors in Children and Adolescents (R01 Clinical Trial Optional)  | NIH - NINR                         | Standard Due Dates through 1/8/2021                                  | FOA is intended to stimulate applications that employ innovative research to identify mechanisms of influence and/or promote positive sustainable health behavior(s) in children and youth (birth to age 18). Positive health behaviors may include: developing healthy sleep patterns, developing effective self-regulation strategies, employing effective decision-making in risk situations, practicing proper dental hygiene, eating a balanced and nutritious diet, engaging in age-appropriate physical activity and/or participating in healthy relationships. | https://grants.nih.gov/grants/guide/pa-files/PA-18-355.html  |
| Bioengineering Research Grants (BRG) (R01 Clinical Trial Not<br>Allowed)  | National Institutes of Health      | Standard due dates through 1/8/2022                                  | The purpose of this FOA is to encourage BRG applications that: 1) apply a multidisciplinary approach to the solution of a biomedical problem; and 2) integrate, optimize, validate, translate or otherwise accelerate the adoption of promising tools, methods and techniques for a specific research or clinical problem in basic, translational, or clinical science and practice.   | https://grants.nih.gov/grants/guide/pa-files/PAR-19-158.html   |
| Clinical Research to Improve the Oral Health of Older Adults - R01<br>and R21 Mechanisms available. R01 is linked; link to R21 contacted<br>on that site  | NIH                                | Standard due dates through<br>September 2022                         | To address gaps in our knowledge related to the risk factors, access to care barriers, oral health promotion and disease prevention strategies, and clinical management of dental, oral, and craniofacial (DOC) diseases more commonly experienced by older adults.  | https://grants.nih.gov/grants/guide/pa-files/PAR-19-239.html   |
| Basic and Translational Oral Health Research Related to HIV/AIDS - R01 and R21 available  | NIH                                | Standard Dates through 1/8/2021                                      | The objective of this funding opportunity announcement (FOA) is to encourage innovative basic and translational research into mechanisms of HIV transmission, persistence, pathogenesis and co-morbidities in the oral cavity.   | https://grants.nih.gov/grants/guide/pa-files/PA-18-699.html  |
| Precision Imaging of Oral Lesions - R01 and R21 available   | NIH                                | Standard Dates through 9/8/2021                                      | This Funding Opportunity Announcement (FOA) is to encourage early stage research projects that develop, adapt, optimize, and validate imaging-based applications and data analysis tools to enhance oral disease detection, diagnosis, and treatment.  | https://grants.nih.gov/grants/guide/pa-files/PAR-18-788.html   |
| Mechanistic Studies of Gene-Environment Interplay in Dental, Oral, Craniofacial, and Other Diseases and Conditions (R01 and R21 available)  | NIH                                | Standard Dates throuogh<br>9/8/2022                                  | The purpose of this FOA is to foster research that provides insight into the biological mechanisms of gene-environment interplay in Dental, Oral, and Craniofacial diseases and other human diseases and conditions.   | https://grants.nih.gov/grants/guide/pa-files/PAR-19-292.html   |
| Program to Assess the Rigor and Reproducibility of Extracellular<br>Vesicle-Derived Analytes for Cancer Detection   | National Institutes of Health      | Standard Due Dates through 1/8/2023                                  | Encourages research projects that focus on innovative research in the isolation and characterization of extracellular vesicles (EVs) and their cargo for discovery of predictive biomarkers for risk assessment, detection, diagnosis and prognosis of early cancer.   | https://grants.nih.gov/grants/guide/pa-files/PAR-20-053.html   |
| NIDCR Research Grants for Analyses of Existing Genomics Data<br>(R03 and R01 Available - Link to R01 listed here includes the link to<br>the R03 FOA)   | National Institutes of Health      | Standard Due Dates through 1/8/2023                                  | This FOA announces support for meritorious research projects that address DOC relevant biomedical questions by performing statistical and computational analyses of existing genomics data that are publicly shared, phenotypes, and other associated data.  | https://grants.nih.gov/grants/guide/pa-files/PAR-20-045.html   |
| Biology of Lung, and Head and Neck Preneoplasias (R21 and R01<br>Available - Link to R01 listed here includes the link to the R21 FOA)  | National Institutes of Health      | Standard Due Dates through 1/8/2021                                  | This Funding Opportunity Announcement (FOA) seeks applications investigating mechanistic and biological aspects of preneoplasia leading to lung, and head and neck (HN) cancers.   | https://grants.nih.gov/grants/guide/pa-files/PA-17-459.html  |
| Dissemination and Implementation Research in Health (R01 Clinical Trial Optional)   | National Institutes of Health      | 6/5/2020 and all standard<br>deadline dates through<br>5/8/2022      | To support innovative approaches to identifying, understanding, and developing strategies for overcoming barriers to the adoption, adaptation, integration, scale-up and sustainability of evidence-based interventions, tools, policies, and guidelines.  | https://grants.nih.gov/grants/guide/pa-files/PAR-19-274.html   |
| NIDCR Behavioral and Social Intervention Clinical Trial Planning and Implementation Cooperative Agreement (UG3/UH3 Clinical Trial Required)   | NIH - NIDCR                        | 2020 Due Dates: 2/6, 6/8, 10/6                                       | Studies appropriate for this announcement include traditional clinical trials to develop and test behavior change interventions for preventing and treating dental, oral, or craniofacial conditions, as well as interventions that are used as tools to understand mechanisms of behavior change.   | https://grants.nih.gov/grants/guide/pa-files/PAR-18-656.html   |
| Maximizing Opportunities for Scientific and Academic Independent<br>Careers (MOSAIC) Postdoctoral Career Transition Award to<br>Promote Diversity (K99/R00 - Independent Clinical Trial Not<br>Allowed) | National Institutes of Health      | 6/12/2020 - and all standard<br>deadline dates through<br>11/15/2022 | The purpose of the MOSAIC Postdoctoral Career Transition Award to Promote Diversity (K99/R00) program is to support a cohort of early career, independent investigators from diverse backgrounds conducting research in NIH mission areas.   | https://grants.nih.gov/grants/guide/pa-files/par-19-343.html   |

Links are listed in the "Companion Funding Opportunity" section in the header of the linked FOA.   | National Institutes of Health   | Standard dates through 1/8/2022     | scientists from mentored, postdoctoral research positions to independent, tenure-track or equivalent faculty positions by providing support for two years of mentored training and three to five years of independent research.  | https://grants.nih.gov/grants/guide/pa-files/PAR-19-144.html  |
| NIDCR Mentored Career Development Award to Promote Diversity in the Dental, Oral and Craniofacial Research Workforce (K01-Clinical Trial Required)  | NIH - NIDCR                     | Standard Due Dates through 1/8/2021 | This Funding Opportunity Announcement (FOA) is designed specifically for applicants<br>proposing to serve as the lead investigator of an independent clinical trial, a clinical trial<br>feasibility study, or a separate ancillary study to an existing trial, as part of their research<br>and career development.   | https://grants.nih.gov/grants/guide/pa-files/PAR-18-359.html  |
| NIDCR Dentist Scientist Career Transition Award for Intramural Investigators (K22 Independent Basic Experimental Studies with Humans Required)  Link to FOA that does not require human studies can be found in the "Related Notices" section of the listed link. | National Institutes of Health   | Standard due dates through 1/8/2022 | Aims to provide highly qualified dentists in NIH Intramural postdoctoral fellowship positions with opportunity to transition from mentored research experiences in the NIH Intramural program to extramural institutions as new investigators with independent research funding.   | https://grants.nih.gov/grants/guide/pa-files/PAR-19-151.html  |
| NIDCR Mentored Career Development Award to Promote Diversity<br>in the Dental, Oral and Craniofacial Workforce (K01 Independent<br>Clinical Trial Not Allowed)  | National Institutes of Health   | Standard due dates through 1/8/2022 | The objective of the NIH Mentored Research Scientist Development Award (K01) is to provide salary and research support for a sustained period of "protected time" (3-5 years) for intensive research career development, under the guidance of an experienced mentor, or sponsor in the biomedical, behavioral or clinical sciences leading to research independence   | https://grants.nih.gov/grants/guide/pa-files/PAR-19-160.html  |
| Short-term Mentored Career Enhancement Award in Dental, Oral and Craniofacial Research for Mid-Career and Senior Investigators (K18)  | NIH                             | Standard dates though<br>05/08/2022 | The objective is to provide mid-career or senior investigators with support for an intensive period of mentored research experience to acquire new research capabilities in the theories, tools, methods or approaches of a scientific field different from their own, in order to enrich and expand an existing research program in dental, oral and craniofacial research, or to bring dental, oral and craniofacial research to existing research in other scientific fields.   | https://grants.nih.gov/grants/guide/pa-files/PAR-19-238.html  |
| Postdoctoral Training in General, Pediatric, and Public Health<br>Dentistry   | HRSA                            | 2/12/2020                           | The purpose of the Postdoctoral Training in General, Pediatric, and Public Health Dentistry program is to improve access to, and the delivery of, oral health care services for all individuals, particularly vulnerable populations and individuals located in rural and/or underserved areas.  | https://www.hrsa.gov/grants/fundingopportunities/default.aspx<br>?id=5d4f03dd-db7d-41c6-b522-dec0fff85834 |
| Biologic Factors Underlying Dental, Oral, and Craniofacial Health<br>Disparities (R21 - Clinical Trial Not Allowed)   | National Institutes of Health   | Standard Due Dates through 9/8/2021 | The purpose of this funding opportunity announcement (FOA) is to encourage research on biologic factors that mediate the differences in prevalence and severity of Dental, Oral, and Craniofacial (DOC)-related diseases and conditions in oral health disparities populations.  | https://grants.nih.gov/grants/guide/pa-files/PA-18-874.html   |
| Healthy Habits: Timing for Developing Sustainable Healthy<br>Behaviors in Children and Adolescents (R21 Clinical Trial Optional)  | NIH - NINR                      | Standard Due Dates through 1/8/2021 | FOA is intended to stimulate applications that employ innovative research to identify mechanisms of influence and/or promote positive sustainable health behavior(s) in children and youth (birth to age 18). Positive health behaviors may include: developing healthy sleep patterns, developing effective self-regulation strategies, employing effective decision-making in risk situations, practicing proper dental hygiene, eating a balanced and nutritious diet, engaging in age-appropriate physical activity and/or participating in healthy relationships. | https://grants.nih.gov/grants/guide/pa-files/PA-18-354.html   |
| NIDCR Small Research Grants for Oral Health Data Analysis and<br>Statistical Methodology Development (R03 Clinical Trial Not<br>Allowed)  | National Institutes of Health   | Standard due dates through 1/8/22   | The goal of this FOA is to fund meritorious research projects that involve secondary data analyses using existing database resources. The development of statistical methodology necessary for improving methods to analyze oral health data using existing oral health data may also be proposed.   | https://grants.nih.gov/grants/guide/pa-files/PAR-19-145.html  |
| Small Research Grants for Establishing Basic Science-Clinical<br>Collaborations to Understand Structural Birth Defects (R03 Clinical<br>Trial Not Allowed)  | National Institutes of Health   | Standard due dates through 1/8/2023 | The intent of this FOA is to support basic scientists, physician scientists (including individuals with DVM/VMD degrees), and/or clinicians in a collaborative effort to develop a multipronged research program focused on the etiology of a structural birth defect.   | https://grants.nih.gov/grants/guide/pa-files/PAR-20-065.html  |
| Culture of Health Leaders   | Robert Wood Johnson Foundation  | 2/19/2020                           | Culture of Health Leaders is a leadership development opportunity for people working in every field and profession who want to use their influence to advance health and equity.   | http://cultureofhealth-leaders.org/   |
| WORLD DENTAL HYGIENIST AWARDS   | Sunstar Foundation              | 1/15/2022                           | The Sunstar Foundation has established the World Dental Hygienist Awards to recognize dental hygienists who have made significant contributions to dental hygiene science or to patients, the community and the general public.  | http://www.sunstarfoundation.org/awards/world-dental-<br>hygienist-awards/how-to-apply/17                 |
| CTSC Themed Pilots  | Case Western Reserve University | **                                  | The CTSC offers themed pilot opportunities designed to target specific areas of research.  | https://case.edu/medicine/ctsc/pilot-programs/themed-pilots   |
