Various Limited Submission Opportunities	Various	See List	The Office Of Research Administration's list of limited submission opportunities. See site for details and how to apply.	https://case.edu/research/faculty-staff/funding-opportunities
IADR Awards - Various Topics	IADR	Annual	The IADR offers a number of different awards annually. Please see the link for updated awards and deadlines.	http://www.iadr.org/IADR/Awards
Notice of Special Interest (NOSI): Select Research Areas for Severe Acute Respiratory Syndrome Coronavirus 2 (SARS-CoV-2) and Coronavirus Disease 2019 (COVID-19)	National Institutes of Health	Various due dates based on FOA	In order to rapidly improve our understanding and available control measures for SARS-CoV-2 and COVID-19, NIAID is encouraging the submission of applications to address specific areas of interest. Please see link for more info.	https://grants.nih.gov/grants/guide/notice-files/NOT-AI-20-051.html
Evidence for Action: Investigator-Initiated Research to Build a Culture of Health	Robert Wood Johnson Foundation	Ongoing	Evidence for Action (E4A), a national program of the Robert Wood Johnson Foundation (RWJF), funds research that expands the evidence needed to build a Culture of Health. A Culture of Health is broadly defined as one in which good health and well-being flourish across geographic, demographic, and social sectors; public and private decision-making is guided by the goal of fostering equitable communities; and everyone has the opportunity to make choices that lead to healthy lifestyles.	https://www.rwjf.org/en/library/funding-opportunities/2019/evidence-for-action-investigator-initiated-research-to-build-a-culture-of-health.html
Evidence for Action: Investigator-Initiated Research to Build a Culture of Health	Robert Wood Johnson Foundation	Ongoing	Funding for research that expands the evidence base needed to build a Culture of HealthWe are especially interested in research examining the health impacts of programmatic or policy interventions that address factors outside the domain of health care services or public health practice.	https://www.rwjf.org/en/library/funding-opportunities/2015/evidence-for-action-investigator-initiated-research-to-build-a-culture-of-health.html
E.W. "Al" Thrasher Award	Thrasher Research Fund	Ongoing	The purpose of the E.W. "Al" Thrasher Awards is to improve children's health through medical research, with an emphasis on projects that have the potential to translate into clinically meaningful results within a few years.	https://www.thrasherresearch.org/SitePages/al-thrasher-award.aspx
IADR E.W. Borrow Memorial Award	International Association for Dental Research	Ongoing	This award is intended to recognize and stimulate research in oral health promotion for children.	http://www.iadr.org/IADR/Awards/Grants-Awards/Borrow
CTSC Core Utilization Pilot	Case Western Reserve University	Ongoing	Supports investigator use of and familiarity with CTSC Core operations and personnel, in anticipation of applications for external funding using CTSC resources.	https://case.edu/medicine/ctsc/pilot-programs/core-utilization-pilot
Oral Health 2020	DentaQuest	Ongoing	DentaQuest Foundation will offer three different types of grant partnerships as part of Oral Health 2020: Strengthening the Network, Partner Organizations, and Environmental/Policy Analysis opportunities. Applicants are encouraged to explore how their concepts align with these proposal types.	http://www.dentaquestfoundation.org/oh2020/submitconcept
Scientific Research Grant	Delta Dental of Michigan, Ohio, and Indiana	Ongoing	The Foundation has an interest in fostering research related to oral health, especially research which could have direct clinical application with significant potential for reducing treatment costs along with improving oral health.	https://www.deltadentalins.com/about/community/philanthropy/scientific-research-grants.html
Medical Educational Grants	Bayer US	Continuous	As a commitment to improving patient care and providing valuable information to the medical and broader healthcare community, Bayer US will accept the grant requests for medical education in the areas listed on its site.	http://www.grants-contributions.bayer.com/en/home/medical-educational-grants/index.php
Oral Health Grants	ADEA Gies Foundation	Rolling LOI for funding decision made in September	The ADEAGies Foundation provides grants to improve the oral health of the public through the support of dental education institutions; the encouragement of lifelong learning; and the recognition of scholarly achievement, professional ethics and values, and publications in dental education and research.	http://www.adea.org/ADEAGiesFoundation/Information-for-Grant-Seekers.aspx
Pioneering Ideas	Robert Wood Johnson Foundation	Rolling LOI for funding decision made in September	Through this, our signature Pioneering Ideas funding opportunity, we seek to explore how cutting-edge ideas and emerging trends could help or hinder our progress toward a Culture of Health.	https://www.rwjf.org/en/how-we-work/submit-a-proposal.html
UCITE - Learning Fellowship	Case Western Reserve University	<i>Cohorts tend to begin early in the calendar year. Please check site for application dates</i>	The Learning Fellows program is a semester-long seminar structured by weekly meetings. In each session, faculty will consider innovative best practices that can be applied within classroom environments to enhance student engagement and learning.	https://case.edu/ucite/grants-fellowships/learning-fellowships
Program Grants	Anthem Foundation	Accepted year round	Anthem Foundation Program Grants support ongoing community health programs with proven and measurable outcomes.	http://www.anthemcorporateresponsibility.com/funding-options
ACES+ Advance Opportunity Grant	Case Western Reserve University	12/4/2020	Advance Opportunity Grants provide small amounts of supplemental support of current or proposed projects and activities where funding is difficult to obtain through other sources.	https://case.edu/aces/grants
Small Grants Program	American Association of Public Health Dentistry	12/11/2020	The Small Grant Program is designed to stimulate innovative education or research projects that benefit dental public health and the public.	http://www.aaphd.org/small-grants-program
IADR Distinguished Scientist Award (multiple areas)	International Association for Dental Research	12/11/2020	The IADR Distinguished Scientist Awards program was designed to acknowledge renowned scientists who have made significant scientific contributions of original, outstanding, or innovative discoveries in the related field of research. There are 17 awards in various scientific research specialties.	http://www.iadr.org/IADR/Awards/Grants-Awards/DistinguishedScientist
Norton M. Ross Award for Excellence in Clinical Research	American Dental Association	12/15/2020	The Award recognizes an individual who has made significant contributions in clinical investigations that have advanced the diagnosis, treatment, and/or prevention of craniofacial-oral-dental diseases, as well as outstanding research endeavors in other areas	https://www.ada.org/en/science-research/ada-scientific-research/norton-m-ross-award-for-excellence-in-clinical-res
Research Grants on Reducing Inequality	William T. Grant Foundation	Letter of Inquiry - 1/13/2021	In our focus area of reducing inequality, we support research to build, test, and increase understanding of approaches to reducing inequality in youth outcomes, especially on the basis of race, ethnicity, economic standing, language minority status, or immigrant origins. We are interested in research on programs, policies, and practices to reduce inequality in academic, social, behavioral, and economic outcomes.	http://wtgrantfoundation.org/grants/research-grants-reducing-inequality

Title	Sponsor	Deadline	Summary	Link
Research Grants on Improving the Use of Research Evidence	William T. Grant Foundation	Letter of Inquiry - 1/13/2021	In our focus area of improving the use of research evidence, we support research to identify, build, and test strategies to ensure that research evidence is used in ways that benefit youth. We are particularly interested in research on improving the use of research evidence by state and local decision makers, mid-level managers, and intermediaries.	http://wtgrantfoundation.org/grants/research-grants-improving-use-research-evidence
William J. Gies Award	International Association for Dental Research	1/15/2021	Given for the best paper published in the Journal of Dental Research during the preceding year.	http://www.iadr.org/IADR/Awards/Grants-Awards/Gies
IADR Distinguished Service Award	International Association for Dental Research	1/15/2021	Presented to an individual member of the International Association for Dental Research (IADR) for outstanding instances of service to the Association or distinguished service over a period of time. It is intended to recognize members who have not served as officers of the IADR.	http://www.iadr.org/IADR/Awards/Grants-Awards/Distinguished-Service
Osseointegration Foundation Research Grants	Academy of Osseointegration	1/29/2021	Dental professionals pursuing groundbreaking dental implant research may be eligible for as much as \$30,000 in research grants. Applications that address areas of research to enhance the public acceptance of implants are encouraged.	https://osseo.org/grant-programs/
Research Starter Grants - Health Outcomes	PhRMA Foundation	2/2021 (anticipated)	To assist individuals beginning independent research careers in health outcomes at the faculty level.	http://www.phrmafoundation.org/2018-awards/research-starter-grants/
Culture of Health Leaders	Robert Wood Johnson Foundation	2/1/2021 (Anticipated_)	Culture of Health Leaders is a leadership development opportunity for people working in every field and profession who want to use their influence to advance health and equity.	http://cultureofhealth-leaders.org/
Broad PCORI Funding Announcements for Addressing Disparities, Assessment of Options, Communication and Dissemination Research, Improving Healthcare Systems	PCORI	Letter of Intent - 2/2/2021, 6/1/2021, 10/5/2021	The Broad PCORI Funding Announcements (PFAs) seek investigator-initiated applications for patient-centered comparative clinical effectiveness research (CER) projects aligned with our priority areas for research.	https://www.pcori.org/funding-opportunities
Improving Methods for Conducting Patient-Centered Outcomes Research	PCORI	Letter of Intent - 2/2/2021, 6/1/2021, 10/5/2021	PCORI aims to fund studies that address high-priority methodological gaps in patient-centered outcomes research (PCOR) and comparative clinical effectiveness research (CER).	https://www.pcori.org/funding-opportunities
Pragmatic Clinical Studies to Evaluate Patient-Centered Outcomes	PCORI	Letter of Intent - 2/2/2021, 6/1/2021, 10/5/2021	PCORI seeks to fund clinical trials, large simple trials, or large-scale observational studies that compare two or more alternatives for addressing prevention, diagnosis, treatment, or management of a disease or symptom; improving healthcare system-level approaches to managing care; communicating or disseminating research results to patients, caregivers, clinicians, or payers; or eliminating health or healthcare disparities.	https://www.pcori.org/funding-opportunities
IADR Innovation in Oral Care Award	International Association for Dental Research	2/5/2021	Proposals focus on new innovative oral care technologies that can be used routinely by the public to maintain and improve oral health and the quality of life.	http://www.iadr.org/IADR/Awards/Grants-Awards/IOCA
Biologic Factors Underlying Dental, Oral, and Craniofacial Health Disparities (R01 - Clinical Trial Not Allowed)	National Institutes of Health	Standard Due Dates through 9/8/2021	The purpose of this funding opportunity announcement (FOA) is to encourage research on biologic factors that mediate the differences in prevalence and severity of Dental, Oral, and Craniofacial (DOC)-related diseases and conditions in oral health disparities populations.	https://grants.nih.gov/grants/guide/pa-files/PAR-18-875.html
Increasing Uptake of Evidence-Based Screening in Diverse Adult Populations (R01 Clinical Trial Optional)	National Institutes of Health	Standard Due dates through 1/8/2022	This Funding Opportunity Announcement (FOA) invites applications that seek to understand strategies to reduce disparities in the uptake of evidence-based screening (e.g. screening recommendations proven to be effective based on rigorous systematic review of scientific evidence by authoritative committees) across the adult lifespan.	https://grants.nih.gov/grants/guide/pa-files/PA-18-932.html
Healthy Habits: Timing for Developing Sustainable Healthy Behaviors in Children and Adolescents (R01 Clinical Trial Optional)	NIH - NINR	Standard Due Dates through 1/8/2021	FOA is intended to stimulate applications that employ innovative research to identify mechanisms of influence and/or promote positive sustainable health behavior(s) in children and youth (birth to age 18). Positive health behaviors may include: developing healthy sleep patterns, developing effective self-regulation strategies, employing effective decision-making in risk situations, practicing proper dental hygiene, eating a balanced and nutritious diet, engaging in age-appropriate physical activity and/or participating in healthy relationships.	https://grants.nih.gov/grants/guide/pa-files/PA-18-355.html
Bioengineering Research Grants (BRG) (R01 Clinical Trial Not Allowed)	National Institutes of Health	Standard due dates through 1/8/2022	The purpose of this FOA is to encourage BRG applications that: 1) apply a multidisciplinary approach to the solution of a biomedical problem; and 2) integrate, optimize, validate, translate or otherwise accelerate the adoption of promising tools, methods and techniques for a specific research or clinical problem in basic, translational, or clinical science and practice.	https://grants.nih.gov/grants/guide/pa-files/PAR-19-158.html
Clinical Research to Improve the Oral Health of Older Adults - R01 and R21 Mechanisms available. R01 is linked; link to R21 contacted on that site	NIH	Standard due dates through September 2022	To address gaps in our knowledge related to the risk factors, access to care barriers, oral health promotion and disease prevention strategies, and clinical management of dental, oral, and craniofacial (DOC) diseases more commonly experienced by older adults.	https://grants.nih.gov/grants/guide/pa-files/PAR-19-239.html
Basic and Translational Oral Health Research Related to HIV/AIDS - R01 and R21 available	NIH	Standard Dates through 1/8/2021	The objective of this funding opportunity announcement (FOA) is to encourage innovative basic and translational research into mechanisms of HIV transmission, persistence, pathogenesis and co-morbidities in the oral cavity.	https://grants.nih.gov/grants/guide/pa-files/PA-18-699.html
Precision Imaging of Oral Lesions - R01 and R21 available	NIH	Standard Dates through 9/8/2021	This Funding Opportunity Announcement (FOA) is to encourage early stage research projects that develop, adapt, optimize, and validate imaging-based applications and data analysis tools to enhance oral disease detection, diagnosis, and treatment.	https://grants.nih.gov/grants/guide/pa-files/PAR-18-788.html
Mechanistic Studies of Gene-Environment Interplay in Dental, Oral, Craniofacial, and Other Diseases and Conditions (R01 and R21 available)	NIH	Standard Dates through 9/8/2022	The purpose of this FOA is to foster research that provides insight into the biological mechanisms of gene-environment interplay in Dental, Oral, and Craniofacial diseases and other human diseases and conditions.	https://grants.nih.gov/grants/guide/pa-files/PAR-19-292.html

Title	Sponsor	Deadline	Summary	Link
Program to Assess the Rigor and Reproducibility of Extracellular Vesicle-Derived Analytes for Cancer Detection	National Institutes of Health	Standard Due Dates through 1/8/2023	Encourages research projects that focus on innovative research in the isolation and characterization of extracellular vesicles (EVs) and their cargo for discovery of predictive biomarkers for risk assessment, detection, diagnosis and prognosis of early cancer.	https://grants.nih.gov/grants/guide/pa-files/PAR-20-053.html
NIDCR Research Grants for Analyses of Existing Genomics Data (R03 and R01 Available - Link to R01 listed here includes the link to the R03 FOA)	National Institutes of Health	Standard Due Dates through 1/8/2023	This FOA announces support for meritorious research projects that address DOC relevant biomedical questions by performing statistical and computational analyses of existing genomics data that are publicly shared, phenotypes, and other associated data.	https://grants.nih.gov/grants/guide/pa-files/PAR-20-045.html
Dissemination and Implementation Research in Health (R01 Clinical Trial Optional)	National Institutes of Health	Standard deadline dates through 5/8/2022	To support innovative approaches to identifying, understanding, and developing strategies for overcoming barriers to the adoption, adaptation, integration, scale-up and sustainability of evidence-based interventions, tools, policies, and guidelines.	https://grants.nih.gov/grants/guide/pa-files/PAR-19-274.html
Notice of Special Interest: Health Services Research on Minority Health and Health Disparities (R01- Clinical Trial Optional)	NIH	Standard due dates through September 8, 2022	The purpose of this Notice of Special Interest is to encourage innovative health services research that can directly and demonstrably contribute to the improvement of minority health and/or the reduction of health disparities at the health care system-level as well as within clinical settings.	https://grants.nih.gov/grants/guide/notice-files/NOT-MD-20-011.html
Notice of Special Interest (NOSI): Severe Acute Respiratory Syndrome Coronavirus 2 (SARS-CoV-2) and Coronavirus Disease 2019 (COVID-19)	NIH - NIAID	Standard Due Dates through April 5, 2021	NIAID is particularly interested in projects focusing on viral natural history, pathogenicity, transmission, as well as projects developing medical countermeasures and suitable animal models for pre-clinical testing of vaccines and therapeutics against SARS-CoV-2/COVID-19.	https://grants.nih.gov/grants/guide/notice-files/NOT-AI-20-031.html
Improving oral health and reducing disparities in adolescents (R01 Clinical Trial Not Allowed)	National Institutes of Health	2/5/2021 and all standard due dates through 1/8/2023	The purpose of this Funding Opportunity Announcement (FOA) is to stimulate research to improve the oral health of adolescents in the United States, and to reduce observed oral health disparities and inequities in this population. This FOA defines "adolescents" as those individuals between the ages of 10 and 19.	https://grants.nih.gov/grants/guide/pa-files/PAR-20-058.html
Competitive Research Grants	Foundation for Endodontics	2/7/2021	The research grant initiative ensures the growth and development of the science of endodontics and improves the quality of patient care.	https://www.aae.org/foundation/funding-opportunities/research-grant-program/
NIDCR Behavioral and Social Intervention Clinical Trial Planning and Implementation Cooperative Agreement (UG3/UH3 Clinical Trial Required)	NIH - NIDCR	2/9/2021	Studies appropriate for this announcement include traditional clinical trials to develop and test behavior change interventions for preventing and treating dental, oral, or craniofacial conditions, as well as interventions that are used as tools to understand mechanisms of behavior change.	https://grants.nih.gov/grants/guide/pa-files/PAR-18-656.html
Engaging the dental workforce to end the HIV epidemic in the U.S. (UG3/UH3 Clinical Trial Required)	National Institutes of Health	2/10/2021	The purpose of this initiative is to support intervention research aimed at equipping the dental workforce in meeting the unique needs of people living with HIV (PLWH) or at risk of contracting HIV.	https://grants.nih.gov/grants/guide/rfa-files/RFA-DE-21-002.html
DTA Foundation Grant Program	Dental Trade Alliance Foundation	2/12/2021	The DTA Foundation's priority is to award grants to projects that can leverage additional funding and expansion in other geographic areas. Programs that are solely local in scope and do not appear to be reproducible nationally or over a greater population, thus limited to attracting additional outside funding for future years, are considered outside the scope of current funding parameters.	https://dentaltradealliance.org/mpage/grants
Maximizing Opportunities for Scientific and Academic Independent Careers (MOSAIC) Postdoctoral Career Transition Award to Promote Diversity (K99/R00 - Independent Clinical Trial Not Allowed)	National Institutes of Health	All standard deadline dates through 11/15/2022	The purpose of the MOSAIC Postdoctoral Career Transition Award to Promote Diversity (K99/R00) program is to support a cohort of early career, independent investigators from diverse backgrounds conducting research in NIH mission areas.	https://grants.nih.gov/grants/guide/pa-files/par-19-343.html
NIDCR Dual Degree Dentist Scientist Pathway to Independence Award (K99/R00) Multiple FOAs available. Links are listed in the "Companion Funding Opportunity" section in the header of the linked FOA.	National Institutes of Health	Standard dates through 1/8/2022	This program is designed to facilitate a timely transition of outstanding dual degree dentist scientists from mentored, postdoctoral research positions to independent, tenure-track or equivalent faculty positions by providing support for two years of mentored training and three to five years of independent research.	https://grants.nih.gov/grants/guide/pa-files/PAR-19-144.html
NIDCR Mentored Career Development Award to Promote Diversity in the Dental, Oral and Craniofacial Research Workforce (K01-Clinical Trial Required)	NIH - NIDCR	Standard Due Dates through 1/8/2022	This Funding Opportunity Announcement (FOA) is designed specifically for applicants proposing to serve as the lead investigator of an independent clinical trial, a clinical trial feasibility study, or a separate ancillary study to an existing trial, as part of their research and career development.	https://grants.nih.gov/grants/guide/pa-files/PAR-18-359.html
NIDCR Dentist Scientist Career Transition Award for Intramural Investigators (K22 Independent Basic Experimental Studies with Humans Required) Link to FOA that does not require human studies can be found in the "Related Notices" section of the listed link.	National Institutes of Health	Standard due dates through 1/8/2022	Aims to provide highly qualified dentists in NIH Intramural postdoctoral fellowship positions with opportunity to transition from mentored research experiences in the NIH Intramural program to extramural institutions as new investigators with independent research funding.	https://grants.nih.gov/grants/guide/pa-files/PAR-19-151.html
NIDCR Mentored Career Development Award to Promote Diversity in the Dental, Oral and Craniofacial Workforce (K01 Independent Clinical Trial Not Allowed)	National Institutes of Health	Standard due dates through 1/8/2022	The objective of the NIH Mentored Research Scientist Development Award (K01) is to provide salary and research support for a sustained period of "protected time" (3-5 years) for intensive research career development, under the guidance of an experienced mentor, or sponsor in the biomedical, behavioral or clinical sciences leading to research independence	https://grants.nih.gov/grants/guide/pa-files/PAR-19-160.html
Short-term Mentored Career Enhancement Award in Dental, Oral and Craniofacial Research for Mid-Career and Senior Investigators (K18)	NIH	Standard dates though 05/08/2022	The objective is to provide mid-career or senior investigators with support for an intensive period of mentored research experience to acquire new research capabilities in the theories, tools, methods or approaches of a scientific field different from their own, in order to enrich and expand an existing research program in dental, oral and craniofacial research, or to bring dental, oral and craniofacial research to existing research in other scientific fields.	https://grants.nih.gov/grants/guide/pa-files/PAR-19-238.html

Title	Sponsor	Deadline	Summary	Link
Community Engaged Approaches to Understand and/or Reduce Health Disparities Pilot Award	CWRU Center for Reducing Health Disparities	2/15/2021	The aim of the pilots is to develop investigators with a capacity to engage in partnerships with communities to conduct high-quality health disparities research. Investigations of interest include the development, pilot testing, and/or dissemination of community-based studies to understand and/or eliminate health disparities.	https://reducedisparity.org/services/crhd-pilot-awards/
Age-related Microbiota Changes and their Implications in Chronic Disease Prevention, Treatment and Progression - R21	National Institutes of Health	Standard Due Dates through 5/8/2021	The overall purpose of this funding opportunity announcement (FOA) is to assess the role of the microbiome in health and disease during aging.	https://grants.nih.gov/grants/guide/pa-files/PA-18-739.html
Ulcerative Colitis Patient Education	Pfizer	2/16/2021	Projects that will be considered for Pfizer support should prioritize patient education that will aid in close coordination with healthcare practitioners (HCPs) and allow patients to optimally manage their ulcerative colitis, including the ability to recognize suboptimal treatment and reduce steroid usage.	https://www.pfizer.com/purpose/independent-grants/competitive-grants
Biologic Factors Underlying Dental, Oral, and Craniofacial Health Disparities (R21 - Clinical Trial Not Allowed)	National Institutes of Health	Standard Due Dates through 9/8/2021	The purpose of this funding opportunity announcement (FOA) is to encourage research on biologic factors that mediate the differences in prevalence and severity of Dental, Oral, and Craniofacial (DOC)-related diseases and conditions in oral health disparities populations.	https://grants.nih.gov/grants/guide/pa-files/PA-18-874.html
NIDCR Small Research Grants for Oral Health Data Analysis and Statistical Methodology Development (R03 Clinical Trial Not Allowed)	National Institutes of Health	Standard due dates through 1/8/22	The goal of this FOA is to fund meritorious research projects that involve secondary data analyses using existing database resources. The development of statistical methodology necessary for improving methods to analyze oral health data using existing oral health data may also be proposed.	https://grants.nih.gov/grants/guide/pa-files/PA-19-145.html
Small Research Grants for Establishing Basic Science-Clinical Collaborations to Understand Structural Birth Defects (R03 Clinical Trial Not Allowed)	National Institutes of Health	Standard due dates through 1/8/2023	The intent of this FOA is to support basic scientists, physician scientists (including individuals with DVM/VMD degrees), and/or clinicians in a collaborative effort to develop a multi-pronged research program focused on the etiology of a structural birth defect.	https://grants.nih.gov/grants/guide/pa-files/PA-20-065.html
NIDCR Small Grant Program for New Investigators (R03 Clinical Trial Not Allowed)	NIH - NIDCR	All standard deadline dates through 1/8/2024	This NIDCR Small Grant Program for New Investigators supports basic and clinical research conducted by scientists who are in the early stages of establishing an independent research career in oral, dental and craniofacial research.	https://grants.nih.gov/grants/guide/pa-files/PA-21-084.html
Agilent Early Career Professor Award	Agilent	2/26/2021	The purpose of the Agilent Early Career Professor Award is to promote and encourage excellent research enabling measurements of importance to Agilent Technologies and the world, establish strong collaborative relationships between Agilent researchers and leading professors early in their career, and build the prominence of Agilent as a sponsor of university research	https://www.agilent.com/univ_relation/profaward/index.shtml
IADR Kulzer Travel Award	International Association for Dental Research	3/1/2021	The objective of this award program is to encourage young investigators to undertake research in new/innovative testing methods of dental materials, and new ideas and approaches to improve and develop dental materials.	http://www.iadr.org/IADR/Awards/Grants-Awards/Kulzer
IADR Unilever Hatton Competition & Awards	International Association for Dental Research	3/1/2021	Awards are made to young investigators selected by each of the IADR Divisions and non-Divisional Sections and judged best in presenting meritorious oral presentations on original research at the IADR General Session.	http://www.iadr.org/IADR/Awards/Competitions/Hatton-Competition
IADR Colgate Research in Prevention Travel Awards	International Association for Dental Research	3/1/2021	The objective of this award program is to encourage young investigators to undertake research in the prevention of oral diseases and to facilitate their presentation of this work to the international dental and oral health research community.	http://www.iadr.org/IADR/Awards/Grants-Awards/CRPTA
Richard J. Lazzara Fellowship in Advanced Implant Surgery	American Academy of Periodontology	3/1/2021	The Lazzara Fellowship is intended to provide educational and clinical experiences that reflect the most current techniques in implant dentistry.	http://www.periofoundation.org/awards/30-research-awards/13-richard-j-lazzara-fellowship-in-advanced-implant-surgery
Health Career Scholarships	International Order of The King's Daughters and Sons	3/1/2021	Medical and dental students (in human medicine) who have completed their first year of an accredited medical/dental school are eligible to apply. Students must be citizens of the United States or Canada and be studying at an accredited institution in the United States or Canada.	https://iokds.org/scholarships/health-careers-scholarships/
Digital Healthcare Interventions to Address the Secondary Health Effects Related to Social, Behavioral, and Economic Impact of COVID-19 (R01 - Clinical Trial Optional)	National Institutes of Health	3/2/2021	The purpose of this research is to focus on the role and impact of digital health interventions to address access, reach, delivery, effectiveness, scalability and sustainability, particularly in populations who experience health disparities and vulnerable populations within the context of COVID-19.	https://grants.nih.gov/grants/guide/pa-files/PA-20-243.html
Notice of Special Interest (NOSI): Development and Preliminary Testing of Health-related Behavioral Interventions	National Institutes of Health	Various Due Dates in March and July - See Announcement	The NIH has an interest in the systematic development of novel health-related behavioral interventions that leverage new, emerging or understudied areas in basic behavioral and social sciences research (bBSSR).	https://grants.nih.gov/grants/guide/notice-files/NOT-OD-20-106.html
Engagement Awards (Various)	PCORI	Letter of Inquiry: 4/1/2021	PCORI Engagement Awards support projects that encourage active, meaningful involvement of patients, caregivers, clinicians, and other healthcare stakeholders as integral members of the patient-centered outcomes research/comparative clinical effectiveness research (PCOR/CER) enterprise.	https://www.pcori.org/funding-opportunities
Student Research Grant	American Academy of Implant Dentistry	4/1/2021 (anticipated)	The American Academy of Implant Dentistry Foundation's (AAIDF) David Steflik Memorial Student Research Grants are available to all dental students and those in post-graduate and residency program.	https://www.aaid.com/foundation/Grants_and_Activities.html
STTR-Advancing Imaging, Device Production, and Clinical Capabilities in Digital Dentistry (R41/R42 Clinical Trial Not Allowed)	NIH - NIDCR	4/5/2021 and standard due dates through 9/6/2021	This Funding Opportunity Announcement (FOA) encourages innovation, optimization and customization of core technologies in digital dentistry that improve efficiency of oral healthcare delivery, effectiveness of clinical decision-making and outcomes of treatments associated with dental, oral and craniofacial (DOC) tissues.	https://grants.nih.gov/grants/guide/pa-files/PA-19-021.html

Title	Sponsor	Deadline	Summary	Link
SBIR - Advancing Imaging, Device Production, and Clinical Capabilities in Digital Dentistry (R43/R44 Clinical Trial Not Allowed)	NIH - NIDCR	4/5/2021 and standard due dates through 9/6/2021	This Funding Opportunity Announcement (FOA) encourages innovation, optimization and customization of core technologies in digital dentistry that improve efficiency of oral healthcare delivery, effectiveness of clinical decision-making and outcomes of treatments associated with dental, oral and craniofacial (DOC) tissues.	https://grants.nih.gov/grants/guide/pa-files/PA-19-022.html
AAP Foundation Fellowship to the Institute for Teaching & Learning in the Health Professions	American Academy of Periodontology	4/30/2021	The program, developed by the Academy for Academic Leadership, will be helpful to periodontists in private practice who have an interest in teaching either full- or part-time.	http://www.periofoundation.org/awards/29-education-awards/17-aap-foundation-fellowship-to-the-institute-for-teaching-learning-in-the-health-professions
UCITE - Glennan Fellowship	Case Western Reserve University	5/1/2021 (anticipated)	Glennan Fellows receive a \$6,500 stipend to develop their teaching and scholarship.	https://case.edu/ucite/grants-fellowships/glennan-fellowships
UCITE - Nord Grants	Case Western Reserve University	5/1/2021 (anticipated)	Nord Grants support UCITE's teaching mission. They fund projects that directly benefit student learning or indirectly benefit students through faculty development.	http://case.edu/ucite/grants-fellowships/nord-grants/
Greater Value Portfolio	The Donaghue Foundation	Letter of Inquiry - 5/1/2021 (anticipated)	The goal of the Greater Value Portfolio program is to test approaches and tools that organizations can readily use to improve the value of the healthcare they provide to their patients and communities.	http://donaghue.org/grant-opportunities/
Access to Oral Care grant	Ohio Dental Association	Letter of Inquiry - 5/1/2021 (anticipated)	The ODA Foundation provides grant funding to support Ohio-based oral health-related programs that reach out to the underserved of Ohio.	https://www.oda.org/get-involved/with-the-oda-foundation/oda-foundation-grants/
Bud and Linda Tarrson Fellowship	American Academy of Periodontology	5/1/2021	The fellowship is for periodontists pursuing academic careers. The award is not intended to replace support that would normally have been provided by the recipient's institution. Candidates for the Fellowship must be either a full-time faculty member at the instructor or assistant level or a part-time faculty member. The candidate must be affiliated for 10 years or less with a degree-granting institution, and their career goal must be teaching and research in periodontology. Applications will be accepted only from candidates at U.S. institutions.	http://www.periofoundation.org/awards/29-education-awards/18-bud-and-linda-tarrson-fellowship
Multidisciplinary Studies of HIV/AIDS and Aging (R01 Clinical Trial Optional) **R21 also available. Linked in R01 FOA***	NIH	All standard AIDS deadline dates through 1/8/2024	This FOA encourages applications at the intersection of HIV and aging by addressing two overarching objectives: 1) to improve understanding of biological, clinical, and socio-behavioral aspects of aging through the lens of HIV infection and its treatment; and 2) to improve approaches for testing, prevention, and treatment of HIV infection, and management of HIV-related comorbidities, co-infections, and complications in different populations and cultural settings by applying our current understanding of aging science.	https://grants.nih.gov/grants/guide/pa-files/PAR-21-068.html
Dr. and Mrs. Gerald M. Kramer Scholar Award for Excellence	American Academy of Periodontology	5/15/2021	Third-year students as of the application deadline who are enrolled in an accredited U.S. periodontal graduate program and nominated by their periodontal program chairperson. The committee bases its selection on the applicant's demonstrated personal motivation for excellence in both character and academic achievement. Personal integrity, as exemplified by leadership, community involvement, and concern for the needs of others, are also considered.	http://www.periofoundation.org/awards/29-education-awards/20-dr-and-mrs-gerald-m-kramer-scholar-award-for-excellence
Eklund Foundation Grants	Eklund Foundation	May 31, 2021 (anticipated)	The Eklund Foundation welcomes experimental as well as clinical studies in all fields of dentistry. Projects that can be related to periodontology, implantology, and cariology will be prioritized.	http://www.eklundfoundation.org/apply/
AAP Teaching Fellowships	American Academy of Periodontology	6/1/2021	AAP Teaching Fellowships are intended to support the young periodontal educator's commitment to a career in academia by providing debt relief to qualified applicants. The \$50,000 Fellowships are given to qualified faculty members within their first three years of teaching at a U.S. periodontal training institution. Funding for AAP Teaching Fellows is provided at the end of each year of full-time teaching.	http://www.periofoundation.org/awards/29-education-awards/24-aap-teaching-fellowships
Dr. D. Walter Cohen Teaching Award	American Academy of Periodontology	6/1/2021	Created to assist beginning periodontal educators in launching their career, one payment of \$10,000 is awarded in the fourth quarter of the year after that AAP Annual Meeting. The award is not to be used to replace support that would have normally been provided by the recipient's institution. The award should be considered a supplement to any salary, stipend or research support.	http://www.periofoundation.org/awards/29-education-awards/21-dr-d-walter-cohen-teaching-award
AAP Educator Scholarships	American Academy of Periodontology	6/1/2021	AAP Educator Scholarships were created to stimulate the development of periodontal educators by providing financial relief to students intending to pursue a career as full-time teachers at U.S. periodontal programs upon graduation from U.S. periodontal postdoctoral training programs.	http://www.periofoundation.org/awards/29-education-awards/25-aap-educator-scholarships
The Patty and Paul Levi Research Award	American Academy of Periodontology	6/1/2021	Eligibility is restricted to predoctoral students being mentored by a periodontal faculty member in a dental school where there is a postdoctoral periodontal program.	http://www.periofoundation.org/awards/30-research-awards/102-the-patty-and-paul-levi-research-award-2
The AAP Foundation Schoor Research Award	American Academy of Periodontology	6/1/2021	The Schoor Award Committee distributes one \$2,000 award each year for a manuscript written by the resident as sole or principal author based on his or her research.	http://www.periofoundation.org/awards/30-research-awards/62-schoor-research-award

Title	Sponsor	Deadline	Summary	Link
Dr. James T. Mellonig Regeneration Research Award	American Academy of Periodontology	6/1/2021	The award recognizes excellence in original research by a resident or recent graduate in the specialty of periodontics that advances clinical therapies in periodontal regeneration. Applicants must have completed original research in the field of periodontal regeneration, and have produced a manuscript that has been accepted for publication, if not already published.	http://www.periofoundation.org/awards/30-research-awards/59-dr-james-t-mellonig-regeneration-research-award
The Volpe Basic Science Research Fellowship	American Academy of Periodontology	6/1/2021	The Fellowship is proposed to address the retention of top periodontal basic science researchers and educators early in their careers.	http://www.periofoundation.org/awards/30-research-awards/19-the-volpe-basic-science-research-fellowship
Nevins Teaching and Clinical Research Fellowship and Nevins BioHorizons Fellowship	American Academy of Periodontology	6/1/2021	The award is intended to supplement the fellow's income and not intended to replace any salary or stipend to which the Fellow would otherwise be entitled.	http://www.periofoundation.org/awards/30-research-awards/22-nevins-teaching-and-clinical-research-fellowship
Implementation of Effective Shared Decision Making Approaches in Practice Settings	PCORI	Letter of Intent - 6/22/2021	To promote the targeted implementation and systematic uptake of shared decision making (SDM) in healthcare settings, in line with PCORI's goal of supporting patients in making informed decisions about their care.	https://www.pcori.org/funding-opportunities
Gold Medal Award for Excellence in Dental Research	American Dental Association	6/30/2021 (anticipated)	The Award honors individuals who, through basic or clinical research, have contributed to the advancement of the profession of dentistry or to major improvement in the oral health of the public.	https://www.ada.org/en/science-research/ada-scientific-research/gold-medal-award
Collaborative Sciences Award	American Heart Association	LOI due - 7/1/2021 (anticipated)	To foster innovative collaborative approaches to research projects that propose novel pairings of investigators from at least two broadly disparate disciplines. The proposal must focus on the collaborative relationship, such that the scientific objectives could not be achieved without the efforts of at least two co-principal investigators and their respective disciplines.	https://professional.heart.org/professional/ResearchPrograms/UCM_460459_Collaborative-Sciences-Award.jsp
Give Kids a Smail Continuity of Care Grants	ADA Foundation	Appears to be currently suspended. Please check sponsor site for up-to-date information	The ADA Foundation Give Kids A Smile Continuity of Care Grants will assist GKAS programs that offer continuity of dental care to underserved children after their initial GKAS visit, because a major goal of any GKAS program is to establish a process by which a child can get continued care over several years.	https://www.adafoundation.org/en/how-to-apply
E. "Bud" Tarrson Dental School Student Community Leadership Award	ADA Foundation	Appears to be currently suspended. Please check sponsor site for up-to-date information	The ADA Foundation E. "Bud" Tarrson Dental School Student Community Leadership Award annually highlights significant dental student outreach to vulnerable communities within the U.S.	https://www.adafoundation.org/en/how-to-apply
Scholars Program <i>(**Note that only one application is allowed from the SODM. If you are interested, please let Tricia Ribeiro know so that we can track.)</i>	William T. Grant Foundation	7/1/2021 (anticipated)	The William T. Grant Scholars Program supports career development for promising early-career researchers. The program funds five-year research and mentoring plans that significantly expand researchers' expertise in new disciplines, methods, and content areas.	https://wtgrantfoundation.org/grants/william-t-grant-scholars-program
Research Support Grant	OMS Foundation	7/15/2021 (anticipated)	The purpose of the Research Support Grant is to further the development of scientific investigators who are committed to problems related to oral and maxillofacial surgery	https://omsfoundation.org/research-education/apply/
Clinical Research Support Grant	OMS Foundation	7/15/2021 (anticipated)	The purpose of the Clinical Research Support Grant is to further the development of scientific investigators who are committed to clinical problems related to oral and maxillofacial surgery.	https://omsfoundation.org/research-education/apply/
Student Research Training Award	OMS Foundation	7/15/2021 (anticipated)	The purpose of the Student Research Training Award is to attract highly qualified health profession students to biomedical and behavioral research applicable to oral and maxillofacial surgery.	https://omsfoundation.org/research-education/apply/
Research Grant	American Academy of Implant Dentistry	8/1/2021 (anticipated)	Up to four research grants from \$10,000 to \$25,000. These grants are awarded to faculty, clinicians, or researchers in the field of implant dentistry. The grants are evaluated and funded based on the proposal's scientific nature and ability to advance the art and science of implant dentistry.	https://www.aid.com/foundation/Grants_and_Activities.html
CTSC KL2 Training Program	Case Western Reserve University	8/2021 (anticipated)	The CTSC KL2 is committed to producing excellent independent clinical investigators capable of leading multidisciplinary team-based research.	https://case.edu/medicine/ctsc/education-and-training/kl2-training-program/program-details
Senior American Access to Care Grant	ADA Foundation	8/1/2021 (Anticipated)	The purpose of the ADA Foundation Senior American Access to Care Grant is to support qualifying U.S.-based organizations exempt from taxation under Section 501(c) of the Internal Revenue Code whose charitable activities within the United States provide dental homes and/or continuity of care to senior Americans (age 62 plus) who are underserved.	https://www.adafoundation.org/en/how-to-apply
National Dental Practice-Based Research Network Infrastructure Access (X01 Clinical Trial Not Allowed) **See NOSI NOT-DE-20-23 issued 5/5/20 relating to COVID-19	National Institutes of Health	9/1/2021; 9/1/2022	The main goals of the dental PBRN are to streamline the implementation of national oral health research studies in dental practices on topics of importance to practitioners and their patients, to provide evidence useful in daily patient care, and to facilitate the translation of research findings into clinical practice.	https://grants.nih.gov/grants/guide/pa-files/PAR-20-073.html
CTSC Annual Pilot Program	Case Western Reserve University	9/1/2021 (anticipated)	The CTSC Annual Pilot Program is for researchers to conduct innovative translational research projects focused on the invention, preclinical development and/or first in man studies of novel therapeutic agents, biomedical devices, and diagnostics designed to address unmet clinical needs.	https://case.edu/medicine/ctsc/pilot-programs/annual-pilot
American Association of Periodontology Sunstar Innovation Grant	AAAP/Sunstar Foudation	9/1/2021 (anticipated)	The AAP's SUNSTAR Innovation grant supports member research that aims to identify novel and innovative evidence-based periodontal treatment approaches to enhance patient care	https://www.perio.org/members/grants
Healthy Smiles, Healthy Children Grants	AAPD Foundation	9/1/2021 (anticipated)	HSHC Grants are Single-Year grants of up to \$20,000, supporting community-based initiatives in the U.S. that provide dental care and ultimately serve as a Dental Home to underserved/limited access children.	https://aapdfoundation.org/what-we-do/apply-for-grants/
