Dear President Snyder and Provost Baeslack,
Concerning your email message of September 5, 2017: **“To the Faculty, Staff and Students of Case Western Reserve University”**

“In the wake of today’s White House announcement regarding Deferred Action for Childhood Arrivals (DACA) program, we want to assure our campus community of two points:

1. Dreamers are welcome here.
2. We oppose ending DACA, and will urge members of Congress to continue the program in the strongest possible terms.”

The executive committee of the Emeriti Academy at Case Western Reserve University *unanimously* passed a motion in support of the policy that:

“Case Western Reserve commits to:

- welcome and support students without regard to their immigration status;
- continue to admit students consistent with our non-discrimination policy; and
- maintain the privacy of student records (including documented or immigration status), releasing only such information when required by law. “

We are proud to be affiliated with CWRU and encourage you to use this motion of support in whatever way you deem appropriate.

Sincerely,

Jay Mann,
Chair of the Academy Executive Committee
