**Call to Order**

Professor Juscelino Colares, chair, Faculty Senate, called the meeting to order at 2:00 p.m.

**Approval of Minutes**

The minutes of the September 15, 2017 meeting of the Faculty Senate Executive Committee were reviewed and approved. *Attachment*

### **President's Announcements**

The President reported that she had just come from the groundbreaking for the Dental Clinic and that it had gone very well. Mayor Jackson was in attendance. Construction of the Health Education campus should be completed in the Spring of 2019.

### **Provost's Announcements**

The Provost had no announcements.

### **Chair's Announcements**

Prof. Colares welcomed the committee members and reminded them about the reception after the Senate meeting on the 18<sup>th</sup>. He also reported that the ad hoc Committee on the Bias Reporting System is meeting and should have a report in the near future.

### **By-Laws Committee Draft Language on Deans not Serving as chairs of Senate Standing Committees**

Professor Ken Ledford, chair of the Senate By-Laws Committee, presented proposed language from the By-Laws Committee indicating that deans (whether at the highest level, associate or assistant) may not serve as chairs of Senate standing committees. The Executive Committee voted to include the language on the agenda for the Faculty Senate meeting. *Attachment*

### **Proposed Revisions to CSE By-Laws**

Professor Roger Quinn, CSE, presented proposed revisions to the School of Engineering By-Laws. The Executive Committee voted to forward the proposed revisions to the Senate By-Laws Committee. *Attachment*

### **FSCUE Course Evaluation Recommendations**

Professor Robin Dubin, past chair of FSCUE, presented FSCUE's recommendations on course evaluations. Due to a decline in completion rates, changes to the university's undergraduate course evaluation instruments were made in 2015. Online evaluations were created to replace paper versions. Since that time, completion rates have declined even further. The average completion rate for undergraduates is approximately 35%. After a review of completion rates from fall 2015 and spring 2016, FSCUE made several recommendations. First, rather than coercing students to complete course evaluations by withholding grades (as previously recommended by FSCUE), the Committee recommended that data on completion rates be made available to those within the school/departments who are responsible for the quality of undergraduate teaching and to encourage them to discuss the data with the appropriate faculty members.

Second, the Committee recommended that course evaluations remain open until final grades are due, which is typically 2 days after final exams end, as opposed to the current practice which is to keep them open only until the last day of class.

Third, FSCUE recommended that course evaluations be better advertised and easier for students, faculty and staff to locate and use.

The Committee discussed the recommendations and a member suggested that completion of course evaluations be required so that faculty don't have to continually remind their students to complete them. Another suggestion was made to return to paper evaluations.

The Executive Committee voted to forward recommendations #1 and #3 to the Senate, but with respect to recommendation #2, a motion was made and seconded to keep course evaluations open until 11:59 pm on the last day of final exams so that faculty could hold off on publishing grades until after this time if they choose. The Executive Committee voted to forward the revised recommendation #3 to the Senate. *Attachment*

### **Finance Committee Recommendations**

Professor Glenn Starkman, chair of the Senate Finance Committee, presented a document authored by the Finance Committee, that contained an opinion and observations regarding the university's capital planning budget process. The Finance Committee instructed its chair to present this document to the university's Chief Financial Officer as well as to the Faculty Senate Executive Committee. Prof. Starkman also presented recommendations from the Finance Committee that the university's capital planning process should include substantive discussions with the Senate Finance Committee from the outset rather than after decisions have been made. The Committee also recommended that the strategic plan for capital investments be aligned with the academic strategic plan and that greater weight be given to the academic programs. While the written recommendations state that this process begin with the FY19 capital budget, Prof. Starkman said that this was an error and that the intent was for it to begin with the FY18 capital budget. The President said that she supported the Finance Committee's recommendations. The Executive Committee voted to seek a Faculty Senate endorsement of the recommendation. *Attachment*

### **Proposed Revisions to the School of Law By-Laws**

Prof. Ken Ledford reported that the Senate By-Laws Committee had approved revisions to the School of Law By-Laws. It is unclear when the School of Law By-Laws had last been approved so the Senate should be asked to approve the entire document. Professor David Carney, LAW, reviewed the document with the Executive Committee and the Committee voted to include the School of Law By-Laws on the agenda for the Faculty Senate meeting. *Attachment*

### **Proposed Revisions to School of Medicine By-Laws**

Professor Jo Ann Wise, SOM representative to the Senate Executive Committee as well as chair of the SOM By-Laws Committee, presented a second set of proposed revisions to the SOM By-Laws (which had been approved by the SOM Faculty in July 2017). Prof. Wise said that a third set of revisions to the By-Laws would be forthcoming soon. The Executive Committee voted to forward the proposed revisions to the Senate By-Laws Committee. *Attachment*

### **Faculty Credentials Policy**

Professor Christine Cano, chair of the Faculty Personnel Committee, said that the committee recommends that the College/Schools be given an opportunity to provide feedback on the proposed Faculty Credentials Policy. The policy was created in response to the Higher Learning Commission

guidelines on faculty qualifications. Vice Provost Don Feke, chair of the ad hoc Committee that drafted the policy, explained that all schools had already been provided an opportunity to review the policy and feedback had been incorporated into the draft. A member of the Committee asked why non-tenure track faculty were separated out from tenured/tenure-track faculty in the “scope section” of the policy. A second member of the Committee suggested that secondary as well as primary appointments of tenured/tenure-track faculty be excluded from the policy requirements. The Executive Committee voted to return the policy to the Personnel Committee for consideration of both these issues. *Attachment*

### **Draft Conflict of Commitment Policy**

Suzanne Rivera, Vice President of Research, presented the proposed Conflict of Commitment Policy. The new language on conflict of commitment will be included in the Conflict of Interest section of the Faculty Handbook. The Office of General Counsel had been involved in the policy drafting. Vice President Rivera said that all of the deans have reviewed the policy and are supportive of it and requested that the Executive Committee forward the draft policy to the Senate committees on Research and Personnel for their review. The Executive Committee voted to forward the policies to both committees. *Attachment*

### **CUE Update**

Professor Kimberly Emmons, chair of the CUE, reported that the CUE’s recommendations have been released and that there will be a number of forums in which the campus community may provide feedback. FSCUE is in the process of sending emails to the UPF college/schools as well as the professional schools requesting feedback. A member of the committee asked whether it is likely that a meeting of the Undergraduate Program Faculty will be held to discuss the final proposal. Prof. Emmons responded that FSCUE will make this decision but that it is very likely. *Attachment*

### **Health Benefits Changes**

Carolyn Gregory, Vice President of Human Resources, presented an update on the results they have received to date from the health insurance rate options survey. The survey will close tomorrow. Twenty-five percent of the respondents so far have been faculty members. Respondents are receptive to prescription drug delivery changes, are interested in maintaining predictable health insurance costs, and don’t want higher co-insurance requirements. They are also interested in keeping the same services afforded to them under current policies. Vice President Gregory said that campus forums where faculty and staff will be able to discuss options will be scheduled right away because the open enrollment period begins in November. *Attachment*

This presentation was canceled due to insufficient time.

### **Report on SON**

This presentation was canceled due to insufficient time.

### **Report on SODM**

This presentation was canceled due to insufficient time.

**Approval of Faculty Senate Meeting Agenda**

The Executive Committee approved the agenda for the October 18<sup>th</sup> Faculty Senate meeting with several deletions. *Attachment*

The meeting was adjourned at 4:30 pm.

DRAFT

**Item b. Executive Committee.**

The membership and functions of the Executive Committee shall be as provided in the Constitution, Article VI, Section A, excepting that, in addition to the functions therein specified, the Executive Committee shall also assume the following responsibilities:

- 1) Each year the Executive Committee, in consultation with the Secretary, shall determine the dates of regular meetings of the Faculty Senate as specified in By-law III, Item a.
- 2) The Executive Committee shall select the chair of each standing and ad hoc committee from among the faculty members of each respective committee. No chair of any standing or ad hoc committee may at the same time serve as Dean, Associate Dean, or Assistant Dean of any University Entity. In the event that the chair of a standing committee resigns during the academic year in which he/she is serving, the chair of the Faculty Senate shall, in consultation with the current members of that standing committee, appoint a new chair from the members of that committee. If none of the committee members are able or willing to serve, the chair of the Faculty Senate may appoint a chair from the members of the University Faculty.
- 3) Upon request by the chair of any standing committee, the Executive Committee shall submit to that standing committee a written statement clarifying the responsibilities of the standing committee, subject to the provisions of the Constitution and of these By-laws; and the Executive Committee may submit such a statement to any standing committee on its own initiative.
- 4) The Executive Committee shall be responsible for identifying existing or emerging issues affecting the nature and scholarly effectiveness of the University, including all proposed changes in the organizational structure of the University falling within the scope of Article III, Section B, and Article V, Section A, Paragraph 2, of the Constitution of the University Faculty. The Executive Committee shall take suitable and timely action with respect to all such issues, including, as appropriate, their placement on the agenda of the Faculty Senate.
- 5) Each elected faculty member on the Executive Committee serves ex officio on his or her constituent faculty executive committee or corresponding entity as provided in the Constitution Article VI, Sec. A, Par. 1, and Faculty Senate Bylaw X. Therefore, each Executive Committee member should report to the Faculty Senate Executive Committee at least once during the year about issues affecting his or her constituent faculty.
- 6) The Executive Committee should hear reports from the standing committees at least once a year, preferably in the middle of the academic year.

The Executive Committee shall take the initiative in periodically exploring with the President plans and projects affecting the Faculty and the University and shall assume full responsibility for bringing to the attention of the Faculty Senate all issues which, in the Committee's judgment, affect the vital interests of the Faculty and involve the nature and direction of the University.

~~Representing the faculty to the president and to other academic officers and units of the university.~~

~~Representing the school to all constituents outside the university.~~

~~Reviewing and approving curriculum changes as recommended by the faculty.~~

~~Administering the budget of the school.~~

~~Pursuing sources of income for the school.~~ Par. 2. The dean~~Dean's duties shall include, but not necessarily be limited to, the academic, fiscal, and administrative responsibilities for the school as described below.~~

- a. Academic. The dean~~Dean shall be responsible for: building and maintaining a faculty whose commitments and quality are consonant with the mission of the school; reviewing and approving curriculum changes as recommended by the faculty; providing leadership in undergraduate and graduate student recruitment and selection for the school; undertaking regular and systematic department reviews with the goal of improving the quality of programs and research activities; developing and sustaining both graduate and undergraduate programs of the highest quality; and representing the academic needs, ambitions and plans of the school to the university's administration, to other constituent faculties, and to outside constituencies.~~
- b. Fiscal. The dean~~Dean shall be responsible for administering the budget of the school to meet the objectives stated in clause (a) above, and shall communicate the fiscal needs of the school to the university and other groups. The dean~~Dean shall aggressively pursue sources of income (e.g., endowments, grants, tuition income, and gifts) in order to support the objectives of the school. The dean~~Dean shall review the budget periodically with the Executive Committee and shall make an annual report of the budget and fiscal status of the school at a regular faculty meeting.~~~~~~
- c. Administrative. The dean~~Dean shall assure the development and implementation of policies and best practices to promote effective and efficient operation of the school. Through engagement with faculty and stakeholders, the dean~~the Dean shall lead~~~~

10.5.17 2.2.17

development of strategic and related plans and ensure their implementation and shall promote regular and open communication of information and decisions with faculty and other school stakeholders. The ~~dean~~Dean shall support the professional development and advancement of faculty and staff of the school, encourage high ethical and professional standards for all members of the school, shall support and encourage leadership development within the school, and shall assure that procedures and practices for evaluation of performance of faculty and staff, promotions, tenure, and leave are clearly documented and communicated. The ~~dean~~Dean shall communicate directly with each department chairperson regarding fiscal and academic issues within the departments. The ~~dean~~Dean shall also identify and recommend appointments of department chairpersons to the president. The ~~dean~~Dean shall preside at meetings of the faculty when the president of the university does not preside. The ~~dean~~Dean shall represent the faculty to the president and to other academic officers and units of the university. The ~~dean~~Dean shall transmit with his or her recommendation to the president of the university all cases of appointment, promotion and tenure.

Par. 3. In carrying out the above duties, ~~the dean~~the Dean may appoint associate deans after consultation with the faculty.

### **Section B. Secretary**

Par. 1. The secretary of the faculty shall be a faculty member elected at the last regular faculty meeting of the academic year. The secretary shall assume office at the conclusion of that meeting and shall serve for a term of two years and may be re-elected without limitation on the number of two-year terms (s)he may serve.

Par. 2. The secretary's duties shall include, but not necessarily be limited to:

- a. Compiling, upon certification of the ~~dean of engineering~~Dean of Engineering, a directory of members of the faculty and administrative officers of the school and their membership classification at the beginning of the fall semester of each year, and noting changes as may occur through the year.
- b. Recording attendance, establishing the presence of a quorum, and keeping minutes of all meetings of the faculty.
- c. Distributing copies of the directory and minutes of faculty meetings to members of the faculty and to the university archives.
- d. Serving as secretary of the Executive Committee of the faculty, defined in Article VI.

- e. Preparing official resolutions for actions by the faculty on appropriate occasions.
- f. Maintaining files of minutes of meetings of all committees except the Committee on Appointments.
- g. Transmitting to the successor, at the expiration of the secretary's term of office, all records pertaining to that term as described above.
- h. Providing notices of meetings in accordance with Article IV.
- ~~g~~i. Coordinating, and counting votes from, electronic voting.

## ARTICLE IV — MEETINGS

### Section A. Regular Meetings

The faculty shall hold regular meetings at least once each semester on dates established at the spring meeting of the previous year. Additional regular meetings may be called by the Executive Committee or by majority vote of the faculty at any regular meeting.

### Section B. Special Meetings

The faculty shall hold special meetings when called by the ~~dean of engineering~~ Dean of Engineering or by the Executive Committee, or on a petition signed by twenty percent of the voting members of the faculty stating the purpose of the meeting.

### Section C. Agenda, Notification

The agenda for all meetings shall be prepared by the Executive Committee, and shall include reports from the standing committees (for regular meetings) and the provision for the introduction of new business. The secretary shall notify, in writing (including electronically), each faculty member and ~~the dean~~ the Dean's office of the agenda at least 7 days before each regular meeting and at least 56 days before each special meeting, in each case specifying the time, place and agenda of the meeting.

### Section D. Conduct of Meetings

The president of the university shall preside at both regular and special meetings; provided, however, that if ~~if~~ the president chooses not to preside, the ~~dean of engineering~~ Dean of Engineering or ~~the dean~~ the Dean's designate shall preside at both regular and special meetings. Except as otherwise provided in these bylaws, ~~the~~ presiding officer shall conduct such meetings in accordance with the most recent edition of *Robert's Rules of Order, Newly Revised*. The ~~dean~~ Dean shall appoint a member of the faculty to act as parliamentarian.

### Section E. Quorum; Voting

10.5.17 2.2.17

Except as otherwise provided in these bylaws (including, but not limited to Article X), voting on all matters coming before the faculty for vote will be conducted either in person at the time of the meeting or electronically by secret ballot after the meeting, as determined by the Executive Committee and indicated on the meeting agenda. Thirty percent (30%) of the voting members of the faculty shall constitute a quorum at both regular and special meetings, and for in person voting, all decisions shall be made by majority vote of those present and voting, except as otherwise provided in these bylaws. In the case of electronic voting, voting will be open for three (3) business days starting at the conclusion of the meeting at which the motion to be voted upon is made. The motion is approved only if, within such three (3) day period, forty percent (40%) of the voting members of the faculty cast votes and a majority of those votes are cast in favor of the motion. If the motion does not receive the requisite votes within the three (3) business day voting period, the motion fails and expires. Forty percent of the voting members of the faculty shall constitute a quorum, and all decisions shall be majority vote of those present and voting except as indicated in Article X, Par. 2. The presiding officer (as defined in Section D) may vote only to resolve a tie.

## ARTICLE V — COMMITTEES

### Section A. Committees of the Faculty and of the Dean

The standing committees of the faculty shall be the Executive Committee (Article VI, Section A), Committee on Appointments (Article VI, Section B), Committee on Undergraduate Studies (Article VI, Section C), Committee on Graduate Studies (Article VI, Section D), Committee on Research (Article VI, Section E), ~~and~~ Committee on Budget (Article VI, Section F). The Committees on Undergraduate Studies, Graduate Studies, Research, and Budget report to the Executive Committee. In addition, there is a Policy Committee (Article VII), a committee of the ~~Dean of Engineering~~ Dean of Engineering.

### Section B. Membership on ~~Multiple~~ Committees

Voting members of the faculty, (i.e., tenured, tenure-track and non-tenure-track members) may serve on committees. No faculty member may serve at one time on more than two standing committees of the school.

### Section C. Terms of Office on Committees

1. The term of office shall be ~~two~~ three years on the ~~Executive Committee,~~ Committee on ~~Undergraduate Studies,~~ Committee on Graduate Studies, the Committee on Research and the ~~Committee on Budget.~~ A member of the committee may serve no more than two consecutive terms. A year shall elapse before a member who has served two consecutive terms ~~a full term~~ may again serve on the same committee. Terms of office shall be ~~overlapped~~ staggered, with approximately one-~~third~~ half of the membership of each committee being replaced each year.
2. The term of office shall be two years on the Committee on Appointments. A member of the committee may serve no more than two consecutive terms. A year shall elapse before a member who has served two consecutive terms may again serve on the committee. Terms of office shall be overlapped, with approximately one-half of the membership of the committee being replaced each year.
3. Members who serve *ex officio* on the Executive Committee shall serve for as long as they hold the position entitling them to serve. The term of office for non-*ex officio* members of the Executive Committee shall be two years.
4. Based on the recommendation of a given committee, the Executive Committee may replace any non-contributing member of such committee.

### Section D. ~~Announcement~~ Election of New Members and Chairs

1. Members of the Committee on Budget and the Committee on Research shall be elected by the faculty during the spring semester. The Executive Committee, after consultation with the Dean of Engineering and all department chairs, shall nominate for

10.5.17 2.2.17

each of these committees twice the number of members to be elected. Additional nominations may be made from the floor for consideration by the Executive Committee, with the prior consent of the person(s) to be nominated. For each committee, the nominee(s) with the highest number of votes shall be elected as committee members.

2. During the spring semester, each department shall hold its own election by secret ballot to elect from its department one tenured faculty member who has been a member of the faculty for at least three (3) years and who is not the department chair to serve as a member of the Executive Committee. Each department shall determine its own process for nominating candidates.

3. During the spring semester, the Executive Committee shall appoint the members of the Committee on Appointments. The Executive Committee will seek from each department nominations of eligible faculty members to serve on the Committee on Appointments. The Executive Committee will appoint five members of the committee from among such nominees.

4.4. During the spring semester, each department shall hold its own election to elect from its department one faculty member to serve as a member of the Committee on Undergraduate Studies and one faculty member to serve as a member of the Committee on Graduate Studies. Each department shall determine its own process for nominating candidates.

5. During the spring semester, the Executive Committee shall appoint, from among its elected (i.e., its non-ex officio) members, the chairs of each committee except for the Executive Committee and the Committee on Appointments.

6. The chair of the Executive Committee shall be elected annually by the committee from among its members no later than the committee's first meeting of the academic year. The outgoing chair of the Executive Committee shall call the meeting at which the new chair will be elected. The chair of the Executive Committee shall assume office on the date of his/her election as chair.

7. The chair of the Committee on Appointments shall be elected annually by the committee from among its members no later than the committee's first meeting each academic year. The Dean of Engineering shall call the meeting at which the new chair will be elected. The chair of the Committee on Appointments shall assume office on the date of his/her election as chair.

8. New members of the standing committees, and chairs of these committees, except for the chair of the Executive Committee and the chair of the Committee on Appointments, shall be announced at the last regular faculty meeting of the academic year. These persons shall assume office on July 1.

9. Chairs of each committee shall serve for one year as chairs.

2.—

## Section E. Special Committees

10.5.17 2.2.17

The Executive Committee may at any time appoint a special committee to make recommendations to the Dean on any matter or matters within the jurisdiction of the faculty, provided that such matter or matters are not solely within the jurisdiction of any standing committee.

Par. 3. The Committee on Research shall consider and recommend to the faculty matters pertaining to research (e.g. opportunities for research, the applications of research, research facilities, the organization and function of research day(s), special school-wide lectures and seminars).

Par. 4. The committee shall serve as liaison between the faculty and the research centers.

Par. 5. The committee shall organize and promote undergraduate research opportunities.

## Section F. Committee on Budget

Par. 1. The Committee on Budget shall consist of ~~one voting member~~three voting faculty members or four voting faculty members, in alternate years, elected in accordance with Article V Section D. ~~The members of the Committee on Budget shall have overlapped terms, with one member being replaced each year. from each department of the school, to be elected by the voting members of the department faculty. The names of the elected representatives shall be transmitted annually to the chair of the Executive Committee prior to the spring faculty meeting by each department chair.~~

Par. 2. The Committee on Budget shall hold meetings on dates to be determined by the committee chair, who shall notify each member, the secretary of the faculty (Article I), and the office of the ~~dean of engineering~~Dean of Engineering at least three days before each meeting, specifying the time, the place and the agenda of the meeting. The chair or the chair's ~~designee~~designated shall act as secretary, record the actions of all meetings and prepare all correspondence.

Par. 3. Whenever there are three members of the Committee, there shall be a chair, vice chair and past chair. Whenever there are four members of the Committee, there shall be a chair, vice chair, past chair and past past chair. A newly elected member of the Committee shall (1) serve as vice chair during his/her first year on the Committee, (2) serve as chair during his/her second year on the Committee, (3) serve as past chair during his/her third year on the Committee, then (4) either (a) serve as past past chair if his/her past chair term expires in a year where a fourth Committee member is necessary, or (b) end his/her term on the Committee if his/her past chair term expires in a year where no fourth Committee member is necessary. The past chair shall be appointed to serve for two years (the first year as past chair and the second year as past past chair) as the Case School of Engineering's representative to the Faculty Senate Budget Committee (and thus, the University Budget Committee) in accordance with the rules of the Faculty Senate Budget Committee. (A new past chair will not be appointed to serve as representative until the completion of the term of his/her predecessor. Thus, not every past chair will serve on the Faculty Senate Budget Committee.) ~~The Executive Committee shall elect annually from among the tenured and tenure-track associate professors and professors of the faculty of the school a chair-elect of the Committee on Budget, who shall serve as vice chair during his or her first year of office and shall become chair of the Committee on Budget~~

10.5.17 2.2.17

~~during his or her second year in office and Past Chair in the third year. If not already an elected member of the Committee on Budget, the vice chair, the chair, and the past chair shall be voting members of the Committee on Budget by virtue of office. The chair or chair's designate shall serve ex officio as the Case School of Engineering's representative to the Faculty Senate Budget Committee (and thus, the University Budget Committee) in accordance with the rules of the Faculty Senate Budget Committee.~~

Par. 4. The duties of the Committee on Budget shall be as follows:

- a. Consider and make recommendations to the faculty on matters pertaining to budget;
- b. Review the budget submission for the upcoming academic year; and It shall advise the Executive Committee and the administration of the Case School of Engineering (, including the department chairs, ~~the dean~~the Dean and the budget office); on the adherence to budget priorities and the attainment of budgetary goals;
- c. Advise the faculty on the financial feasibility of the school's current and planned education programs, activities, and facilities, and their effect on the operating budget, capital requirements, and financial health of the Case School of Engineering;
- d. Advise the faculty on budgetary questions as they affect current and planned educational programs, activities, and facilities;
- e. Conduct a review of second quarter and fiscal year end budget operations;
- f. Review and provide advice to the Dean of Engineering and the Associate Dean Finance and Operations on financial implications of new initiatives presented to the school for consideration; and
- a.g. Review business operations of centers, clusters, and programs receiving financial support to provide recommendations on continuation or discontinuation. Such review shall occur every five years, and more often as needed (as determined by the committee or the Associate Dean Finance and Operations).

~~Par. 5. The Committee on Budget shall advise the faculty on the financial feasibility of the school's current and planned education programs, activities, and facilities, and their effect on the operating budget, capital requirements, and financial health of the Case School of Engineering.~~

~~Par. 6. The Committee on Budget shall also advise the faculty on budgetary questions as they affect current and planned educational programs, activities, and facilities.~~

## **ARTICLE VII — THE POLICY COMMITTEE: COMPOSITION AND DUTIES**

Par. 1. The Policy Committee shall consist of all department chairs, the chair of the Executive Committee, the ~~dean of engineering~~Dean of Engineering, (who shall chair the committee), and any associate ~~deans~~ of the school.

Par. 2. This committee shall set administrative policy for the school. Primary responsibility for educational policy will rest with the Executive Committee, Committee on Undergraduate Studies, Committee on Graduate Studies and the faculty.

Par. 3. Other duties of the Policy Committee shall include the following:

- a. Develop and coordinate graduate and undergraduate recruiting programs.
- b. Organize programs for faculty development and promote an active faculty awards program.
- c. Promote a program for the involvement of the Alumni and other interested friends in the school.

## **ARTICLE VIII — REPRESENTATION IN UNIVERSITY GOVERNANCE**

The faculty shall be represented in university governance by the ~~dean of engineering~~Dean of Engineering and by faculty members as they shall from time to time be selected to serve on university governing bodies.

### **Section A. Representative Bodies**

Vacancies in the faculty delegation to the respective organizations and committees shall be filled by the Executive Committee or, if the Executive Committee prefers, by elections supervised by the Executive Committee. If elections are required, they shall be carried out as follows: first, each department shall fill any vacancies that have occurred in its delegation; second, the Executive Committee shall prepare a slate for and conduct the election of the remaining members-at-large.

### **Section B. University Faculty Senate**

Par. 1. The Faculty delegation to the University Faculty Senate shall be constituted in

| [10.5.17 2.2.17](#)

accordance with the *Faculty Handbook*.

Par. 2. Vacancies in the faculty delegation to the senate shall be filled by an election supervised by the Executive Committee in accordance with these bylaws.

## ARTICLE IX — DEPARTMENTS

The tenured and tenure-track faculty of the school shall be grouped by departments, which will administer all degree programs. Non-tenure track and special faculty will be appointed in the departments or in the Division of Education and Student Programs.

### Section A. Department Chairs

Par. 1. Each department shall have a chair, appointed by the president on the recommendation of the ~~dean of engineering~~ Dean of Engineering after consultation with the faculty members of the department. The chair shall report to the ~~dean of engineering~~ Dean of Engineering. The chair of the department shall serve for an initial appointment not to exceed five years and shall be eligible for reappointment to successive terms, each of which shall not exceed five years. The ~~dean of engineering~~ Dean of Engineering in consultation with the faculty shall review the performance of the department chairs no later than one year prior to the end of the appointment and no later than the third year of the appointment.

Par. 2. The chair shall be the executive officer of the department and shall assume leadership in matters of department policy, including appointments, promotions, instruction, research and administration in accord with the *Faculty Handbook*. The chair shall be responsible for the preparation of the department's budget subject to the approval of the ~~dean of engineering~~ Dean of Engineering and shall represent the department to other departments and to the officers of the administration. The chair shall convene all department meetings. The chair shall also, as necessary, appoint committees, delegate duties, and prepare teaching schedules after consultation with the faculty members of the department. The chair shall be the hiring officer for all non-academic personnel assigned to the department. The chair shall maintain records and conduct correspondence.

### Section B. Departmental Meetings

The department faculty shall hold at least two meetings each semester during the academic year to assist the department chair in the duties listed in Section A and other matters of departmental policy and procedure.

### Section C. The Division of Education and Student Programs

Par. 1. The mission of the Division of Education and Student Programs is to support - through teaching and educational research - the Case School of Engineering educational programs, student programs, and outreach activities at all academic levels: K-12, undergraduate, graduate, and continuing education.

Par. 2. An associate dean will serve as director of the division. An Advisory Board, consisting of one tenured or tenure-track faculty elected by each department, will meet bi-monthly to advise the director and will review the operation of the division annually. Members

| 10.5.17 ~~2.2.17~~

of the Advisory Board shall serve for a term of two years and may be re-elected without

limitation on the number of two-year terms (s)he may serve. The Advisory Board's duties shall include:

- a. In conjunction with the director of the division recommend to the ~~dean of engineering~~ **Dean of Engineering** the appointment or promotion of non-tenure track and special faculty to be based in the division. Following such recommendation, the appointment process will be the same as that used for non-tenure track or special faculty based in departments.
- b. In conjunction with the director of the division, review non-tenure track and special faculty in the same manner used for non-tenure track and special faculty based in departments.
- c. Provide consultation to ~~the dean~~ **the Dean** on the appointment of an associate dean as director of the division.

Par. 3. Faculty in the division may teach courses that are not discipline specific, but major and minor curricula are under the control of the departments. Faculty in the division may teach courses required by the degree programs (including engineering core courses) with the permission and under the supervision of the chairs of those departments. This would require a secondary appointment in the department housing that discipline. Faculty in the division may serve as academic advisors with the permission of the departments.

## **ARTICLE X — AMENDMENT**

Par. 1. Any member of the faculty may submit a proposed amendment to these bylaws to the Executive Committee. The Executive Committee shall place it on the agenda of a regular or special meeting of the faculty. At least 14 days before the meeting at which it is to be discussed, the Executive Committee shall submit the proposal in writing to the faculty with arguments in support of and in opposition to the amendment as well as the Executive Committee's opinion of the proposal.

Par. 2. During discussion of proposed amendments at the faculty meeting, changes voted to be non-substantive in the proposed amendments may be made by majority vote of those present. A copy of any proposed amendment and a summary of the discussion will be sent to the faculty within one week of the faculty meeting, followed by electronic polling of the voting faculty. A majority of the eligible faculty must vote on the proposed amendment. Approval shall require an affirmative vote by three-fifths of those faculty members voting. At least two weeks shall be allowed between the solicitation of votes and the determination of results.

## **ARTICLE XI — FACULTY HANDBOOK**

These By-laws shall be subject to the provisions of the Case Western Reserve University Faculty Handbook (the "Faculty Handbook"), as may be amended from time to time. In the event of any conflict between these By-laws and the Faculty Handbook, the Faculty Handbook shall control.

## Chapter 2. Policies and Procedures for Faculty Appointments

The process of hiring a new faculty member involves a rigorous evaluation of the candidate to determine whether past performance demonstrates a pattern and level of excellence that predicts future success in research, teaching and service at the school. After the initial appointment, all faculty members are required to complete annual activity reports and will — receive annual evaluations focusing on the activities and accomplishments that contribute to what is valued in the performance of faculty of the school. An intensive third-year review is conducted for untenured faculty. The school will provide faculty with copies of the procedures used for the annual review, the three-year review and consideration for promotion or tenure.

### ARTICLE I — POLICIES & STANDARDS FOR APPOINTMENT, REAPPOINTMENT, PROMOTION & TENURE

#### Section A. Qualifications

The evaluation of a faculty member in the Case School of Engineering for appointment, promotion, or award of tenure is governed by the policies and procedures set forth in the ~~current~~ Case Western Reserve University *Faculty Handbook*. Chapter 3, Part One, §I.F.1 (Qualifications and Standards for Appointments, Reappointments, Promotions and Tenure) of the *Handbook* states:

*The qualifications for faculty appointment and reappointment include the following, as appropriate to the type of appointment:*

- (1) *An expert -knowledge of his or her academic field and a commitment to continuing development of this competence;*
- (2) *A dedication to effective teaching;*
- (3) *A commitment to a continuing program of research or other advanced creative activity, including production of art or artistic performance, or, where more appropriate to the particular academic context, professional service activities; and*
- (4) *A willingness to assume a fair share of university administrative and service tasks.*

The standards for appointing faculty of various categories and ranks and for awarding promotion and tenure in the Case School of Engineering are predicated on these four qualifications, as described in the following sections.

#### Section B. Standards for Faculty Appointments

Par. 1. In the Case School of Engineering, faculty appointments may be made by category and rank as indicated in Table I.

#### TABLE I. Faculty of the Case School of Engineering by category, type, and rank

10.5.17 ~~2-2.17~~

		Senior	Assistant	Associate	
--	--	--------	-----------	-----------	--

Category & type	Instructor	Instructor	Professor	Professor	Professor
<b>Tenured/Tenure-Track</b>			√	√	√
<b>Non-Tenure-Track</b>	√	√	√	√	√
<b>Special:</b>					
Research Faculty			√	√	√
Adjunct Faculty	√	√	√	√	√
Visiting Faculty	√	√	√	√	√
Secondary* Appointment	√	√	√	√	√
Lecturer					

\*) Rank of secondary appointment may not be higher than that of the primary appointment.

Par. 2. Chapter 3, Part One, §I.F.2 of the *Handbook* states:

*Faculty appointments with tenure or without tenure but leading to consideration for tenure – should be based on evidence that the candidate can and will continue to satisfy all of the [four abovementioned] qualifications. Faculty appointments on the non-tenure track should be based on evidence that the candidate can and will continue to satisfy item (1) and two of items (2), (3), and (4) of the foregoing qualifications. Special faculty appointments should be based on evidence that the candidate can and will continue to satisfy item (1) and one of items (2), (3), and (4) of the foregoing qualifications.*

Par. 3. For all faculty appointments and promotions in the Case School of Engineering, external letters of reference from experts in the field comprise a major source of evidence of the candidate's expert knowledge in the field. Course evaluations and letters of reference from former students should be used, whenever possible and when appropriate to the appointment being considered, for evidence of dedication to effective teaching. Additional standards by which qualifications (1) through (4) will be evaluated as appropriate to the rank and category under consideration with respect to the appointment, reappointment, and promotion of faculty are described in this section.

Par. 4. **Visiting faculty** belong to the category of special faculty and can be appointed at the ranks of instructor, senior instructor, assistant professor, associate professor, and professor. The standards for appointment, reappointment, and promotion of visiting faculty will be evaluated as listed in Table II for special faculty at the corresponding ranks, or as described below for lecturers, instructors, and senior instructors.

Par. 5. **Lecturers** belong to the category of special faculty. As the primary role of lecturers is teaching, only qualifications 1 and 2 apply to the standards for their appointment and reappointment and will be evaluated per the following standards:

Earned master's degree in a field of engineering or related science, or an earned bachelor's degree in a field of engineering or related science with substantial professional engineering experience. A person with exceptional qualifications may be considered for appointment to the rank of Lecturer without a degree. (1)

Evidence of pedagogical abilities relevant to engineering education (2)

Par. 6. The rank of ***instructor*** can be used for non-tenure track faculty, adjunct faculty, visiting faculty, and faculty with secondary appointments. Qualifications 1 and 2 apply to the standards for the appointment and reappointment for all instructors and will be evaluated per the following standards:

Earned master's degree in field of engineering or related science (1)

Evidence of pedagogical abilities relevant to engineering education (2)

In addition, for non-tenure track faculty with the rank of instructor, qualification 4 applies to the standards for their appointment and reappointment and will be evaluated per the following standard:

Willingness to assume service and administrative tasks at the levels of the department, school, or university (4)

Par. 7. The rank of ***senior instructor*** can be used for non-tenure track faculty, adjunct faculty, visiting faculty, and faculty with secondary appointments. Qualifications 1 and 2 apply to the standards for the appointment and reappointment for all senior instructors and will be evaluated per the following standards:

Earned master's degree in field of engineering or related science (1)

Demonstrated major role in teaching (2)

In addition, for non-tenure track faculty with the rank of senior instructor, qualification 4 applies to the standards for their appointment and reappointment and will be evaluated per the following standard:

Significant participation in service and administrative tasks at the levels of the department, school, or university (4)

Par. 8. With regard to their appointment and reappointment at the ranks of ***assistant professor***, ***associate professor***, and ***professor***, Table II lists standards by which qualifications (1) through (4) will be evaluated for tenured, tenure-track, non-tenure track, and special faculty. In the case of appointment at the rank of Research Professor or Adjunct Professor, the requirement of a Ph.D. or other terminal degree may be waived for a person with exceptional qualifications.

Par. 9. In the Case School of Engineering, appointments at the level of assistant professor will focus on the candidate's *potential* for meeting the requirements for the ranks of associate professor and professor. Appointments at the level of associate professor will be based on the candidate's *performance*. Appointments at the level of professor will be based on the candidate's demonstrated *leadership*. These criteria are described more fully in Table II. For initial appointments to individuals whose professional experience has been primarily in non-academic settings, evidence of skills that are comparable to those needed for academic teaching, advising, mentoring, and service may be taken into consideration for the purpose of determining the appropriate rank of the appointment.

## Section C. Standards for Tenure

Par. 1. In the Case School of Engineering (CSE), tenured and tenure-track faculty are valued for their contributions to society through excellence in education; student development, engagement, and partnership; leadership in research; service to the profession; support of the institution through service and visibility; and professionalism through collegiality, mentorship, and ethical practice.

Par. 2. Chapter 3, Part One, §I.F.3 (Qualifications and Standards for Appointments, Reappointments, Promotion and Tenure) of the *Faculty Handbook* states:

*In general, criteria for awarding tenure shall include, at a minimum, a documented national or international reputation for sustained scholarship, as appropriate to faculty rank and discipline.*

§I.F.7 states:

*Tenure is awarded to a faculty member only when the University foresees for him or her a continuing fulfillment of the [four] qualifications presented above.*

In the Case School of Engineering, appointments of new faculty with tenure at the ranks of Associate Professor or Professor will also require evidence of excellence in teaching ability.

Par. 3. The award of tenure is based primarily on assessment of a candidate's documented past contributions and potential for future growth in the areas of teaching, research, and professional service. In this research-intensive university, excellence in research and potential for leadership are expected. In addition, University faculty are distinguished by their strong contributions to the teaching mission of the University. However, it is recognized that the level and significance of the contributions in the separate areas will differ from individual to individual. In all cases, however, an award of tenure will only be made to faculty whose overall accomplishments and potential for continued professional growth are judged to be significant, and competitive at the national and international levels.

Par. 4. Examples of measures indicating past success and future potential include, but are not limited to:

- Evidence of effective teaching, advising, and mentoring of students
- Development of new courses and innovative teaching methods
- Evidence of external impact on engineering education
- Publications in peer-reviewed journals of record
- Peer-reviewed publications in archival meeting proceedings
- Citations to published articles
- Organization of national and international symposia
- Invited lectures before external organizations
- National and international honors and awards for research, teaching, and professional service
- Principal investigator status on externally funded research grants and contracts

- Development of collaborative research efforts
- Departmental and university service
- Service in national and international professional organizations

#### Section D. Tenure Policies

Par. 1. Each faculty member whose appointment leads to tenure consideration shall be considered for tenure no later than six years after the date of initial appointment, *i.e.*, in the sixth year.

Par. 2. Service at other institutions may be taken into consideration in establishing the length of a faculty member's pre-tenure period. Such consideration must be made a written part of the initial appointment.

Par. 3. Under exceptional circumstances, an extension of the pre-tenure period may be made as provided in the *Faculty Handbook*.

Par. 4. If tenure has not been awarded by the end of the pre-tenure period, the normal procedure shall be that the faculty member is given a one-year terminal appointment.

Par. 5. Renewable faculty term appointments may be made beyond the end of the pre-tenure period upon mutual agreement of the department chair, the ~~dean of engineering~~ Dean of Engineering, and the faculty member. Such appointments shall be conditional on at least the following two items:

- a. The appointment will not lead to tenure consideration.
- b. The appointment is contingent upon full support from non-university resources.

Par. 6. Tenure for faculty in the Case School of Engineering resides at the level of the constituent faculty, not in individual departments.

## ARTICLE II — NON-TENURE TRACK FACULTY

#### Section A. Policies

Par. 1. DEFINITION, RANKS, AND QUALIFICATIONS. Non-tenure track faculty members are those persons holding full-time academic appointments at the ranks of professor, associate professor, assistant professor, senior instructor and instructor whose obligations to the University include two of the three obligations of the tenured/tenure track faculty, *i.e.* 1) teaching, 2) research and scholarship or 3) service to the University community. The appropriate rank is based on the individual's qualifications and experience relative to tenured/tenure track faculty at similar ranks, as set forth in Article I, "Policies & Standards for Appointment, Reappointment, Promotion & Tenure." Non-tenure track faculty are covered by the provisions of the *Faculty Handbook*, unless specifically excluded.

Par. 2. PURPOSE. The appointment of a non-tenure track faculty member is intended to add expertise to the school in all of its academic endeavors of teaching and scholarly work.

Par. 3. APPOINTMENTS

- a. The appointment of a non-tenure track faculty member must be initiated by and based in a department of the School or in the Division of Education and Student Programs. The appointment of a non-tenure track faculty member requires approval by a majority of the tenured/tenure track faculty of the department, or, if the appointment is in the Division of Education and Student Programs, by the advisory board and the director of the division. At no time shall the total number of non-tenure track faculty members exceed 25% of the total voting faculty of the school.
- b. The proposed rank of a non-tenure track faculty member requires approval by a majority of the tenured/tenure track faculty of equal rank or higher within the department, or, if the appointment is in the Division of Education and Student Programs, within the advisory board and the director of the division.
- c. The Committee on Appointments shall review and forward to the ~~dean of engineering~~ Dean of Engineering a recommendation on new non-tenure track faculty appointments at the rank of Associate Professor or Full Professor. The appointment of a non-tenure track faculty member shall be evaluated based on the candidate's competence in two of the three areas of obligation listed above.
- d. The ~~dean of engineering~~ Dean of Engineering shall review all non-tenure track faculty appointments. If ~~the dean~~ the Dean approves the appointment, ~~the dean~~ the Dean shall forward the recommendation to the provost.
- e. Non-tenure track appointments shall normally be made for a term of one to three years and may be renewed. Regardless of when the appointment begins, every non-tenure track appointment term shall have an end date of June 30<sup>th</sup>.
- f. All offers of appointment shall be issued by the office of the ~~dean of engineering~~ Dean of Engineering.
- g. A non-tenure track faculty member's compensation must be arranged prior to the beginning of the appointment and approved by the department chair, or if the appointment is in the Division of Education and Student Programs, by the director of the division, and the ~~dean of engineering~~ Dean of Engineering. The annual salary of a full-time non-tenure track faculty member shall remunerate service for an academic year of approximately nine months or for a longer period.

Par. 4. EVALUATION AND PROMOTION

- a. Non-tenure track faculty shall be evaluated annually by the department chair, or, if the appointment is in the Division of Education and Student Programs,

| 10.5.17 2.2.17

by the advisory board and the director of the division in a manner similar to that used for tenured/tenure track faculty.

- b. The annual evaluation and recommendation for salary shall be forwarded by the department chair, or, if the appointment is in the Division of Education and Student Programs, by the director of the division to the ~~dean of engineering~~Dean of Engineering.
- c. A department's recommendation for promotion shall be made by the department chair after a vote of the tenured/tenure-track department faculty of equal or higher rank, or, if the appointment is in the Division of Education and Student Programs, by the director of the division after a vote of the members of the advisory board of equal or higher rank. For promotion above the assistant professor rank, this recommendation is then forwarded to the Committee on Appointments. After review, the Committee on Appointments shall forward its recommendation to the ~~dean of engineering~~Dean of Engineering. After review, the ~~dean of engineering~~Dean of Engineering shall add his or her recommendation and forward all recommendations to the Provost.

Par. 5. TERMINATION

- a. A decision not to reappoint a non-tenure track faculty member beyond his or her current appointment term shall be communicated to him or her in writing by the department chair, or, if the appointment is in the Division of Education and Student Programs, by the director of the division, with a copy sent to the ~~dean of engineering~~Dean of Engineering in accordance with the schedule in the *Faculty Handbook*, Chapter 3, Part One, §I.K.
- b. Failure of the University, *i.e.* the department chair, director of the Division of Education and Student Programs, or the ~~dean of engineering~~Dean of Engineering, to provide notice of the intention not to reappoint a non-tenure track faculty member according to the schedule in the *Faculty Handbook*, Chapter 3, Part One, §I.K. shall entitle the non-tenure track faculty member to an additional one-year reappointment.
- c. For purposes of this section, an academic year appointment shall be considered to expire on June 30.
- d. In addition to insufficient academic credentials or performance or grave misconduct or neglect of academic responsibility, the causes for which a term appointment may not be renewed are changes in academic programs, financial constraints, tenured/non-tenured faculty ratios, or other reasons.
- e. If requested by the faculty member, the University, *i.e.* the chair, the director of the Division of Education and Student Programs, or ~~the dean~~the Dean, shall provide written explanation for the non-renewal of a term appointment.
- f. An appointment may be terminated during the current term, without the notice set out in Par. 6.a., for just cause, as set out in Chapter 3, Part One, §I.E.3 of the *Faculty Handbook*.

Par. 6. RIGHTS AND RESPONSIBILITIES

- a. As permitted by the *Faculty Handbook*, non-tenure track faculty members shall be entitled to vote on all matters coming before the University faculty.
- b. Non-tenure track faculty members may attend meetings of the Engineering faculty, but (per the bylaws of the School) are not entitled to vote.
- c. The two of the three areas (teaching, research and service) for which the non-tenure track faculty has obligations must be determined at time of appointment. A change of the two areas must be approved by the chair and shall require reappointment.
- d. Non-tenure track faculty members can engage in academic advising of students or any other University service functions, contingent on the approval of the department chair, and, if the appointment is in the Division of Education and Student Programs, by the director of the division.
- e. Non-tenure track faculty members may serve as thesis advisors of graduate students and may be voting members of thesis committees.
- f. Non-tenure track faculty members may submit external research proposals serving as the principal or co-principal investigator, subject to University policies.

**Section B. Procedures**

Par. 1. Departments must submit a completed Case School of Engineering Appointment Form and a current CV for each new appointment and reappointment, together with other supporting documentation as detailed in the School's appointment procedures.

Par. 2. Departmental recommendations shall be made by the chair after a vote by the eligible members of the department, including those on leave of absence or, if the appointment is in the Division of Education and Student Programs, by the director of the division after a vote by the eligible members of the advisory board.

Par. 3. Departments must prepare and submit the appropriate affirmative action paperwork, prior to recommending a new appointment.

Par. 4. Annual performance reviews shall be completed for all incumbents using the school Faculty Activity Report, prior to processing the annual faculty reappointment form.

Par.5. Non-tenure track faculty members shall receive an appointment letter upon their initial appointment. Subsequent reappointments may be made using the faculty appointment form.

## ARTICLE III — RESEARCH FACULTY

### Section A. Policies

Par. 1. CATEGORY. Research Faculty are members of the faculty of the school under the category of special faculty members. Special faculty are covered by the provisions of the *Faculty Handbook* except where provisions of the *Faculty Handbook* exclude application of a provision to special faculty.

Par. 2. PURPOSE. The appointment of a research faculty member is intended to add expertise to the School in its research endeavors.

#### Par. 3. APPOINTMENTS

- a. The appointment of a research faculty member must be initiated by and based in a department of the School, or in the Division of Education and Student Programs. The appointment of a research faculty member requires approval by a majority of the tenured/tenure track faculty of the department, or, if the appointment is in the Division of Education and Student Programs, by the advisory board and the director of the division.
- b. The proposed rank of a research faculty member requires approval by a majority of the tenured/tenure track faculty of equal rank or higher within the department, or if the appointment is in the Division of Education and Student Programs, within the advisory board and the director of the division.
- c. The Committee on Appointments shall review and forward to the ~~dean of engineering~~Dean of Engineering a recommendation on new research faculty appointments at the rank of Associate Professor or Full Professor. The appointment of a research faculty member shall be evaluated based on the candidate's research competence.
- d. The ~~dean of engineering~~Dean of Engineering shall have final approval of all research faculty appointments.
- e. All offers of appointment for research faculty shall be issued by the office of the ~~dean of engineering~~Dean of Engineering.
- f. Research faculty member appointments shall be made for a specific period of time, not to exceed one year, and may be renewed.
- g. A research faculty member's compensation is contingent on the availability of external support. Financial compensation for a research faculty member must be arranged prior to the beginning of the appointment and approved by the department chair, or if the appointment is in the Division of Education and Student Programs by the director of the division, and the ~~dean of engineering~~Dean of Engineering.

Par. 4. QUALIFICATIONS

- a. A research faculty member shall be appointed as Research Professor, Research Associate Professor, or Research Assistant Professor and shall have research experience and qualifications comparable to those of tenured/tenure track faculty at the corresponding ranks, as set forth in Article I, “Policies and Standards for Appointment, Reappointment, Promotion & Tenure.”
- b. A Research Professor shall have completed the Ph.D. (or other terminal degree), have recognized leadership and a consistent record of excellence in a specific area of engineering, and show a commitment to the continuing development of his or her research competencies. A Research Professor shall also have a commitment to a continuing contribution to the academic objectives of the program, the School, and the University.
- c. A Research Associate Professor shall have completed the Ph.D. (or other terminal degree), achieved recognition as an expert in a field of engineering, conducted research or other relevant experience leading to significant contributions to a field of engineering, and demonstrate clear promise of meeting the standards for promotion to the rank of Research Professor.
- d. A Research Assistant Professor shall have completed the Ph.D. (or other terminal degree), have demonstrated a) excellence and productivity in research, including the ability to generate outside funding, b) the ability to mentor graduate students, and c) clear promise of meeting the standards for promotion to the rank of Research Associate Professor.

Par. 5. EVALUATION AND PROMOTION

- a. Research faculty members shall be evaluated annually by the department chair, or, if the appointment is in the Division of Education and Student Programs, by the director of the division, in a manner similar to that used for tenured/tenure track faculty.
- b. The annual evaluation and recommendation for salary shall be forwarded by the department chair, or, if the appointment is in the Division of Education and Student Programs, by the director of the division, to the ~~dean of engineering~~Dean of Engineering.
- c. A department’s recommendation for promotion shall be made by the department chair after a vote of the tenured/tenure track department faculty of equal or higher rank, or, if the appointment is in the Division of Education and Student Programs, by the director of the division after a vote of the members of the advisory board or equal or higher rank. For promotion above the assistant professor rank, this recommendation is then forwarded to the Committee on Appointments. After review, the Committee on Appointments shall forward its recommendation to the ~~dean of engineering~~Dean of Engineering. The ~~dean of engineering~~Dean of Engineering shall make the ultimate decision regarding all promotions.

Par. 6. TERMINATION

- a. If reappointment is not made, employment shall terminate at the end of the current appointment term. If possible, the department chair, or, if the appointment is in the Division of Education and Student Programs, the director of the division, shall notify the research faculty member in advance of the current appointment end date that reappointment shall not be made.
- b. Research faculty appointments may be terminated prior to the end of the current appointment term (1) for just cause using the same definition which applies to the University faculty in the *Faculty Handbook*, Chapter 3, Part One, §I.E.3.; (2) for failure to meet the performance standards applicable to the research faculty member's current rank; or (3) lack of funds to support the appointment.
- c. As referenced in Par. 3.g., a research faculty member's compensation is contingent upon the availability of external support. It is the responsibility of the department chair, or, if the appointment is in the Division of Education and Student Programs, the director of the division, to notify the appointee, the office of the ~~dean of engineering~~Dean of Engineering and the Office of Human Resources in a timely manner if a research faculty member's compensation must be terminated due to lack of funds.
- d. Research faculty members shall not be entitled to severance pay.

Par. 7. RIGHTS AND RESPONSIBILITIES

- a. A research faculty member does not have the teaching responsibilities required of a tenured/tenure track faculty member.
- b. A research faculty member may serve as a guest lecturer, but cannot be the instructor of record for regular undergraduate or graduate courses. With the approval of the department chair (or the director of the Division of Education and Student Programs if the appointment is in this division) and the ~~dean of engineering~~Dean of Engineering, a research faculty member may supervise independent study courses or teach advanced-level graduate seminar courses.
- c. A research faculty member is expected to submit external proposals, serving as the principal investigator, and is expected to build a funded research program capable of supporting the research faculty member's salary, research, and graduate students.
- d. A research faculty member cannot engage in academic advising of students or any other University service functions on a regular basis.
- e. A research faculty member is expected to serve as research advisor for graduate students. A research faculty member can be a voting member of

thesis committees. However, the student's academic advisor must be a tenured or tenure track faculty member.

- f. A research faculty member may be invited to meetings of the tenured/tenure track faculty, but shall not have the privilege of voting.

## Section B. Procedures

Par. 1. Departments must submit a completed Case School of Engineering Appointment Form and a current CV for each new appointment and reappointment of research faculty, together with other supporting documentation as detailed in the School's appointment procedures. The office of the ~~dean of engineering~~Dean of Engineering will not routinely check the availability of funding for a research faculty appointment. It is assumed that in signing the paperwork, the department chair, or, if the appointment is in the Division of Education and Student Programs, the director of the division, is certifying that sufficient funding is available.

Par. 2. Departments must prepare and submit the appropriate affirmative action paperwork, prior to recommending a new appointment.

Par. 3. Annual performance reviews shall be completed for all incumbents using the school Faculty Activity Report, prior to processing the annual faculty reappointment form.

Par. 4. Research faculty members shall receive an appointment letter, including the term of the appointment, upon their initial appointment. The letter of appointment shall state that the appointment is subject to the policies and procedures set forth in this document. Subsequent reappointments may be made using the faculty appointment form.

## ARTICLE IV — SECONDARY APPOINTMENTS

### Section A. Policies

Par. 1. ELIGIBILITY. Faculty with secondary appointments must have a primary faculty appointment in another department in the University and thus are members of the faculty of the University and also the school, depending on the location of their primary appointment. As such, faculty with secondary appointments are governed by the *Faculty Handbook*.

Par. 2. PURPOSE. Faculty with secondary appointments are intended to add expertise to the school in all of its academic endeavors of teaching and scholarly work.

#### Par. 3. APPOINTMENTS

- a. Secondary appointments may be made at the ranks of Instructor, Senior Instructor, Assistant Professor, Associate Professor, and Professor, based on criteria described in Article I, "Policies and Standards for Appointment, Reappointment, Promotion & Tenure." Secondary appointments are designated for persons who hold primary faculty appointments within the

University. No faculty member may hold a secondary appointment at a rank higher than the rank of the primary appointment. Secondary appointments are considered to be part-time. Compensation may or may not be involved. If compensation is to be made, a transfer of funds between departments or schools may be arranged. There is no additional compensation paid directly to the individual.

- b. Secondary appointments must be initiated by and based in a department of the School, or in the Division of Education and Student Programs. Secondary appointments require approval by a majority of the tenured/tenure track faculty of equal or higher rank within a department, or, if the appointment is in the Division of Education and Student Programs, by the advisory board and the director of the division. Secondary appointments also require the approval of the chair and dean (if another school) of the primary department or school.
- c. The ~~dean of engineering~~Dean of Engineering shall review and make final decisions regarding all secondary appointments of faculty within the school.
- d. The ~~dean of engineering~~Dean of Engineering shall review and recommend to the Provost all secondary appointments for faculty whose primary appointments are in another school.
- e. All offers of appointment shall come from the office of the ~~dean of engineering~~Dean of Engineering.
- f. Secondary appointments shall be made for a specific period of time, not greater than one fiscal year. Re-appointments may be issued on an annual basis, subject to the approval of the secondary department, or, if the appointment is in the Division of Education and Student Programs, by the advisory board and director of the division, and the ~~dean of engineering~~Dean of Engineering, and the Provost if required under Par. 3.d.

#### Par. 4. TERMINATION

- a. If reappointment of a secondary appointment is not made, the secondary appointment shall terminate at the end of the current appointment term.
- b. When a faculty member vacates a primary appointment, the secondary appointment shall terminate at the same time.

#### Par. 7. RIGHTS AND RESPONSIBILITIES

- a. Faculty with secondary appointments may teach, contingent on the approval of the secondary department chair, and, if the appointment is in the Division of Education and Student Programs, by the director of the division, the ~~dean of engineering~~Dean of Engineering, and the primary department chair.

- b. Faculty with secondary appointments may engage in academic advising or any other functions of the school.
- c. Faculty with secondary appointments may serve as thesis advisors of graduate students and may be voting members of thesis committees.
- d. Faculty with secondary appointments may submit external research proposals serving as principal or co-principal investigators, subject to University policies. It is expected that faculty with secondary appointments will submit proposals through the department or school where they hold their primary appointment.
- e. Faculty members holding only secondary appointments in the school may be invited to meetings of the regular faculty, but shall not have the privilege of voting.

## **Section B. Procedures**

Par. 1. Departments must submit a completed Case School of Engineering Appointment Form and a current CV for each new appointment or for each occasion when approval is sought for a faculty member with a secondary appointment to teach, together with other supporting documentation as detailed in the School's appointment procedures.

Par. 2. Faculty with secondary appointments shall receive an appointment letter with their initial appointment. The letter of appointment shall state that the appointment is subject to the policies and procedures set forth in this document. Subsequent re-appointments may be made using the faculty appointment form.

## **ARTICLE V — ADJUNCT FACULTY APPOINTMENTS**

### **Section A. Policies**

Par. 1. CATEGORY. Adjunct faculty are members of the University faculty of the School under the category of special faculty members. Special faculty members are covered by the provisions of the *Faculty Handbook* except where provisions of the *Faculty Handbook* exclude application of a provision to special faculty.

Par. 2. PURPOSE. The appointment of Adjunct faculty is intended to add expertise to the school in all of its academic endeavors of teaching and scholarly work.

#### **Par. 3. APPOINTMENTS**

- a. Adjunct faculty may be appointed at the ranks of Adjunct Instructor, Adjunct Senior Instructor, Adjunct Assistant Professor, Adjunct Associate Professor, or Adjunct Professor. The appropriate rank is based on the individual's qualifications and experience relative to tenured/tenure track faculty at similar ranks, as described in Article I, "Policies and Standards for Appointment,

Reappointment, Promotion & Tenure.” The title is used for individuals who hold primary staff or administrative positions within the University or for individuals whose primary appointments are held outside the University. Adjunct faculty appointments are considered part-time (less than 50% time) and do not normally provide compensation to the appointee unless the appointee serves as a guest lecturer or teaches undergraduate or graduate courses with approval of the ~~dean of engineering~~Dean of Engineering. Compensation for such activities shall be determined by the department chair and the ~~dean of engineering~~Dean of Engineering, and shall be commensurate with the responsibilities.

- b. The appointment of an adjunct faculty member must be initiated by and based in a department of the School, or in the Division of Education and Student Programs. The appointment of an adjunct faculty member requires approval by a majority of the tenured/tenure track faculty of equal or higher rank within the department requesting the appointment, or if the appointment is in the Division of Education and Student Programs, by the advisory board and the director of the division.
- c. The ~~dean of engineering~~Dean of Engineering shall review and make final decisions regarding all adjunct appointments.
- d. All offers of appointment shall come from the office of the ~~dean of engineering~~Dean of Engineering.
- e. Adjunct appointments shall be made for a specific period of time, not greater than one fiscal year. If recommended by the department, or, if the appointment is in the Division of Education and Student Programs, by the advisory board and the director of the division, and the ~~dean of engineering~~Dean of Engineering, reappointments may be issued on an annual basis.

#### Par. 4. TERMINATION

- a. If reappointment is not made, the appointment shall terminate at the end of the current appointment term.
- b. Adjunct faculty appointments may be terminated prior to the end of the current appointment term for (1) just cause using the same definition which applies to University faculty in the *Faculty Handbook*, Chapter 3, Part One, §I.E.3; (2) for failure to meet the standards applicable to the appointment; or (3) for lack of funding to support the appointment.
- c. Adjunct faculty are not entitled to severance pay.

#### Par. 5. RIGHTS AND RESPONSIBILITIES

- a. Adjunct faculty may teach, contingent on the approval of the department chair, and, if the appointment is in the Division of Education and Student

10.5.17 2.2.17

Programs, by the director of the division, and the ~~dean of engineering~~Dean of Engineering.

- b. Adjunct faculty cannot engage in academic advising of students or any other University service functions on a regular basis.
- c. Adjunct faculty may serve as thesis advisors of graduate students and may be voting members of thesis committees.
- d. An adjunct faculty member may not serve as principal or co-principal investigator on externally funded research proposals, but may serve as a consultant when the principal investigator is a faculty member of the department.
- e. Adjunct faculty members may be invited to meetings of the tenured/tenure track faculty, but shall not have the privilege of voting.

### **Section B. Procedures**

Par. 1. Departments must submit a completed Case School of Engineering Appointment Form and a current CV, together with other supporting documentation as detailed in the School's appointment procedures, for each new appointment or for each occasion when approval is sought for an adjunct faculty member to teach.

Par. 2. Adjunct faculty members shall receive an appointment letter with their initial appointment. The letter of appointment shall state that the appointment is subject to the policies and procedures set forth in this document. Subsequent re-appointments may be made using the faculty appointment form.

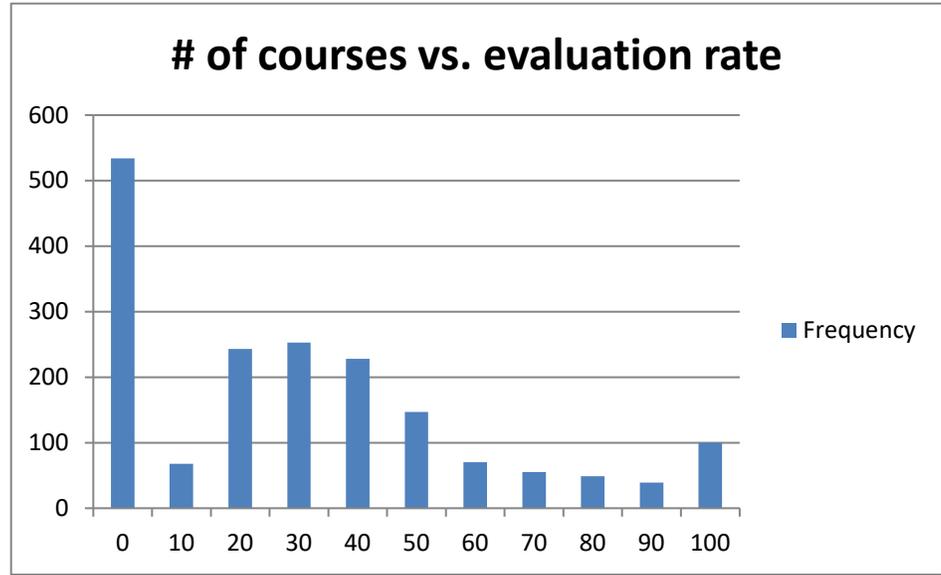

## FSCUE Recommendations on Course Evaluations\*

1. Rather than coerce students to fill out course evaluations by tying release of course grades to completion of evaluations, the data on evaluation rates for each course/instructor, department and school/college should be provided to those individuals who are responsible for the quality of undergraduate teaching (*provost* → *deans* → *department chairs* → *instructors*). If any of those responsible parties determines that the participation rate is insufficient for their purposes, he or she can encourage instructors to have students complete the evaluation in class or provide incentives for completing the evaluation outside of class.
2. Course Evaluations should remain open to students until 11:59 p.m. on the last day of final grades final exams are due for all students each semester. This is normally two days after final exams end and gives instructors the option to delay posting of grades until course evaluations close.\*\*
3. Course Evaluations should be better advertised and easier (faster) for students, faculty and staff to locate and use.

A resolution of the Faculty Senate Finance Committee on the capital budget planning process

The charge of the Faculty Senate Finance Committee (“FSFC”) includes the following:

“The FSFC shall participate with the university administration to assure that the budgetary goals and priorities are responsive to the academic plans.” [Faculty Handbook Chapter 2, Article VI, Section C, Par. 2]

The FSFC therefore recommends that:

1. The capital budget planning process for the FY19 capital budget and all future capital budgets include substantive discussions with the FSFC from the outset.
2. The administration create, in collaboration with the faculty and other stakeholders, a strategic plan for capital investment that is in clear conversation with the academic strategic plan as well as with other strategic plans requiring capital investment.
3. The administration increase the connection between the operating and capital budgeting processes, acknowledging their interdependence.
4. The administration restructure the capital planning process to give greater weight to the academic programs.

The Faculty Senate Finance Committee (“FSFC”) instructs the chair of the FSFC to transmit the following opinion and observations of the FSFC to the university’s Chief Financial Officer (CFO) and Faculty Senate Executive Committee.

It is the considered opinion of the FSFC that:

1. The capital budget is the locus of most significant investments in the future of the University -- including academic infrastructure from major equipment to renovation and construction of buildings for the purposes research, teaching and other activities (for example student housing).
2. The capital budget is *de facto* therefore also the avenue for access to any capacity the University may have for debt financing.
3. The capital budgeting process is therefore where choices are made about major investments across all the University's activities.
4. The capital budget should reflect the strategic objectives of the University, including strategic academic objectives. This requires the formulation of a strategic investment plan that is informed by the University's strategic plans, including the academic strategic plan. Such an overall investment plan is currently lacking.
5. In order to properly take account of the academic strategic objectives, the capital budgeting process must include substantive input from the stakeholders in the academic strategic plan, including the Deans and the faculty.
6. The current process funnels all considerations and prioritization of academic capital investment through the Provost who acts on the advice of the Deans.
7. The current process places the functional responsibility for identifying and prioritizing capital projects in the hands of the Capital Budget Committee. The sole representative and advocate of the academic enterprise of the University on that committee is the Provost, whereas there is representation from numerous financial and administrative offices with only indirect connection to the academic enterprise, and with little or no knowledge of the academic strategic priorities.

The FSFC makes the following relevant observations:

1. The University has, over the last two decades, made important and valuable investments in campus-life and teaching include the Veale Athletic Center, the Tinkham Veale University Center, the Maltz Performing Arts Center, the Linsalata Alumni Center, Think[box], and the Health Education Campus. The investments in the research infrastructure over a comparable period have been much less.
2. Capital projects have largely been undertaken without specific planning for the associated operating costs, although those costs can be substantial and are generally largely incremental, and infers that operating budget capacity has not been a major consideration in the capital budgeting process.
3. The capital needs and planned investments of the auxiliaries tend in this process not to be balanced against the academic needs, but to be prioritized principally against one another.

4. Where the capital budget is not funded by philanthropy or other sources of capital that do not require repayment, but is instead funded by operations, or by debt that must be serviced, the diversion of operating funds falls to the University's bottom line. This holds whatever the source of that operating income (including income from auxiliaries). This implies that use of operating income to fund capital projects (or service debt) is a strategic choice that must be balanced against other uses of operating funds.
5. The capital budgeting process currently and in recent history receives no substantive input from the faculty at large, including the Faculty Senate or its committees, although the charge of the Faculty Senate Finance Committee includes "... participat[ing] with the university administration to assure that the budgetary goals and priorities are responsive to the academic plans." Currently, the capital budget plan has been presented to the FSFC only after it has been adopted by the Capital Budget Committee for presentation to the Board of Trustees.

BY-LAWS OF THE FACULTY OF LAW  
Case Western Reserve University<sup>1</sup>

ARTICLE 1: PURPOSE

1.1 These By-Laws, and all amendments adopted as hereafter provided, shall constitute the rules governing the procedures of the Faculty of Law in the performance of its duties and powers specified in and authorized by the By-Laws of the Board of Trustees, the Constitution of the University Faculty, and the University Faculty Handbook.

ARTICLE 2: THE FUNCTIONS OF THE FACULTY

2.1 Introduction. The Faculty has primary responsibility for the selection of those individuals who constitute the tenured, tenure track, and non-tenure track Faculty. The Faculty and the Administration have joint responsibility for implementation of plans for the law school. Since operations by the Administration may require modification of plans, the Faculty has a right to be kept informed of operations, and to be consulted on operational problems or decisions which may affect the overall operations or plans of the School. Accordingly, the powers and responsibilities listed below do not constitute an exclusive list.

**Commented [djc1]:** The University General Counsel's Office (UGC) expressed concern that "plans" in the original text was unclear. We added "plans for the law school" to attempt to make this sentence more precise. Approved 9-30-2015.

2.2 Recommendations on Policy. The Faculty shall have the authority and responsibility to make recommendations to the Dean, for implementation within the Law School, or, where appropriate, for transmission to the President or to the Faculty Senate, with respect to policies governing:

- (1) Faculty personnel matters, including standards of appointment, re-appointment, promotion, tenure, and termination;
- (2) assignment of courses and Faculty workloads;
- (3) standards for curricula and content of courses and programs;

---

<sup>1</sup>As originally adopted on June 4, 1973, and conformed to include all amendments made to date. A footnote number at the end of a section or of a paragraph within a section indicates that the section or paragraph has been amended. Explanatory comments are set forth in the footnotes. Amendments which merely renumbered sections are not footnoted, nor are amendments to sections subsequently repealed. This version is an exact copy of that prepared by then Secretary Hugh Ross which was headed "Current to January 1, 1986", except for some formatting changes, and except for the amendment of May 14, 1996 to 3.1. This copy was last proof read against the Ross version on November 16, 1995. This revision was prepared to conform to changes in the University Faculty Handbook adopted in 2003. Changes to the status of the Lawyering Skills Faculty were adopted by the Faculty of Law on October 1, 2007, and changes to add a budget committee, an experiential education committee, and allow Clinical Faculty to seek tenure-track appointments were adopted November 17, 2011. The changes shown in this redline were approved by the Faculty on September 30, 2015, with minor edits on May 23, 2016 and January 19, 2017.

- (4) standards and facilities for research and scholarship;
- (5) requirements for admission and graduation;
- (6) the establishment or discontinuance of educational or service programs.

2.3 Specific Functions. The faculty shall have the authority and responsibility to:

- (1) make recommendations to the President and the Board of Trustees for the awarding of degrees in the ordinary course;
- (2) make recommendations to the President relative to appointment of a Dean of the Law School in accordance with Faculty Handbook procedures;
- (3) make recommendations to the President for appointment of members of the Faculty. No person shall be appointed to the tenured, tenure track or non-tenure track Faculty by the University unless his or her appointment has been recommended by the affirmative vote of the faculty. This function may not be delegated.<sup>2</sup> Special Faculty may be appointed by the Dean or his designee as provided in the Faculty Handbook.
- (4) make recommendations to waive policies on requirements for admission or graduation in specific areas. This function may be delegated.
- (5) make recommendations to the Dean on the appointment of administrative officers, the formulation of the budget, and the allocation of the resources and facilities of the Law School, without limitation on the Dean's authority in any of the matters referred to in this paragraph 5.

**Commented [djc2]:** Edited at the suggestion of UGC to ensure that the law school bylaws conform with the Faculty Handbook.

**Commented [djc3]:** Same reason. In addition, we deleted the second sentence of footnote two below at suggestion of UGC, since it is now irrelevant.

ARTICLE 3: MEMBERSHIP AND VOTING RIGHTS<sup>3</sup>

3.1 Tenured or tenure track faculty. Tenured or tenure track faculty members, whether clinical faculty or non-clinical faculty, are those persons holding full-time academic appointments at the ranks of professor, associate professor, and assistant professor whose obligations to the Law School and the University include 1) teaching, 2) research and scholarship, and 3) service to the Law School and the University Community. Non-clinical tenured or tenure track faculty shall be appointed, evaluated, reappointed and promoted in accordance with the procedures memorialized in Appendix A attached and

<sup>2</sup>Amended April 22, 1981. The former section provided that no person shall be appointed unless the appointment is approved by the Faculty, incorrectly implying that it is the Faculty which appoints. ~~This has been corrected by stating that appointments require a recommendation for the appointment.~~

<sup>3</sup>Article 3 was substantially revised October 1, 2007 and slightly revised on November 17, 2011 to conform to the revised Faculty Handbook.

incorporated by reference. Clinical tenured or tenure track faculty shall be appointed, evaluated, reappointed and promoted in accordance with the procedures memorialized in Appendix A as to their research and scholarship, but as to Appendix B attached and incorporated by reference, as to their teaching, practice and service to the Law School and the University Community. Tenured or tenure track faculty shall be entitled to vote on all matters coming before the University Faculty and the Faculty of Law, except as limited below.

3.2 Non-tenure track faculty. Non-tenure track faculty members are those persons holding full-time academic appointments at the ranks of professor, associate professor, assistant professor, senior instructor, and instructor whose obligations to the Law School and the University include two of the three obligations of the tenured/tenure track faculty, i.e., 1) teaching, 2) research and scholarship or 3) service to the Law School and the University Community. Non-tenure track faculty in the Law School shall be appointed, evaluated, reappointed and promoted in accordance, where applicable, with either 1) the Policies and Procedures for Clinical Faculty attached as Appendix B and incorporated by reference; 2) the Policies and Procedures for Lawyering Skills Faculty attached as Appendix C and incorporated by reference; or 3) the Policies and Procedures for Other Non-Tenure Track Faculty attached as Appendix D and incorporated by reference. Non-tenure track Clinical Faculty, ~~and non-tenure track Lawyering Skills Faculty,~~ and instructors and senior instructors eligible for reappointment under Appendix D shall be entitled to vote on all matters coming before the University Faculty and the Faculty of Law, except as limited below.<sup>4</sup> ~~Other non-tenure track faculty shall be entitled to vote on all matters coming before the University Faculty, but shall not vote on matters coming before the Faculty of Law.~~

**Commented [djc4]:** This change gives law school voting rights to our full-time non-tenure track instructors eligible for reappointment.

3.3 Special faculty. Special faculty members are 1) those persons holding part-time academic appointments, or 2) persons holding full-time academic appointments, but who have specific, limited responsibilities for the duration of a specific project, or for a limited duration. The obligations of special faculty shall include one or more<sup>5</sup> of the three obligations of the tenured/tenure track faculty, i.e., 1) teaching, 2) research and scholarship or 3) service to the Law School and the University Community. The titles of special faculty in the Law School shall be lecturer<sup>6</sup>, visiting assistant professor, visiting associate professor, or visiting professor of law, ~~—visiting instructor or visiting senior instructor of law, or adjunct assistant, adjunct associate, or adjunct professor of law. —(assistant, associate or full) professor of law@, A visiting instructor —(or senior instructor) in law@, or A adjunct (assistant, associate or full) professor of law.~~ Special faculty members shall not be entitled to vote on matters coming before the University Faculty or the Faculty of Law.

**Commented [djc5]:** The previous language referred to “full professor,” which is not a rank recognized by the Faculty Handbook.

At the suggestion of the Provost’s office and UGC, we deleted the reference to “full professor” and otherwise redrafted for stylistic reasons.

<sup>4</sup>This sentence was revised on May 15, 2008 to give non-tenure track Lawyering Skills Faculty the same voting rights as non-tenure track Clinical Faculty, except as limited in 3.4.

### 3.4 Voting Limitations.

- (1) On matters involving the granting of tenure, only those Faculty members with tenure shall be entitled to vote.
- (2) On matters involving promotions of non-clinical Faculty who have tenure track appointments, only those tenured or tenure track Faculty of rank equal to or senior to the rank to which the individual is being promoted shall be entitled to vote.
- (3) On matters involving initial non-clinical tenure track appointments to the Faculty (regardless of rank), only those Faculty who have tenure track appointments shall be entitled to vote.<sup>7</sup>
- (4) On matters involving the initial appointment of non-tenure track or tenure track Clinical Faculty, only tenured or tenure track and Clinical Faculty (tenure track or non-tenure track) shall be entitled to vote.
- (5) On matters involving the reappointment or promotion of non-tenure track or tenure track Clinical Faculty, only those Faculty of rank equal to or senior to the rank to which the individual is being reappointed or promoted shall be entitled to vote. ~~For purposes of the previous sentence, all tenured or tenure track Faculty are senior in rank to non-tenure track Clinical Faculty.~~
- (6) On matters involving the initial appointment of non-tenure track Lawyering Skills Faculty, all tenured, tenure track, Clinical and Lawyering Skills Faculty shall be entitled to vote.
- (7) On matters involving the reappointment or promotion of non-tenure track Lawyering Skills Faculty, only those Faculty of rank equal to or senior to the rank to which the individual is being reappointed or promoted shall be entitled to vote. ~~For purposes of the previous sentence, all tenured or tenure track and Clinical Faculty are senior in rank to non-tenure track Lawyering Skills Faculty.~~
- (8) On matters involving standards and policies concerning promotion, tenure, or eligibility for sabbatical leave of non-clinical tenured or tenure track Faculty, only tenured or tenure track Faculty shall be entitled to vote.
- (9) On matters involving standards and policies concerning promotion, tenure, or

<sup>7</sup> The phrase, “and on personnel matters involving initial appointments . . .” (since revised to read “On matters involving initial tenure-track appointments” . . .) was added by amendment adopted January 11, 1983. The purpose was to spell out that administrative officers who have regular Faculty appointments, but who are not tenure track, cannot vote on initial appointments to the regular Faculty. The whole of 3.1 (now 3.4) was substantially revised by faculty vote of May 14, 1996, in order to make provision for members of the clinical faculty.

Commented [djc6]: The prior version of our bylaws purported to create two categories of seniority, with junior tenure-track faculty deemed to be senior to all non-tenure-track faculty, regardless of seniority. The UGC and the Provost’s Office argued that these “special seniority” provisions violated the University’s Faculty Handbook, which creates three ranks of Professor - Professor, Associate Professor, and Assistant Professor – and for non-tenure track faculty, the titles of Senior Instructor and Instructor. Chap. 3, Art. 1, Section B.3 provides that “an appointment shall be classified by academic title.”

The law school faculty agreed to eliminate these provisions to conform with the Faculty Handbook’s requirements.

eligibility for sabbatical leave of tenured or tenure track Clinical Faculty, only tenured or tenure track Faculty and Clinical Faculty (tenure track or non-tenure track) shall be entitled to vote.

- 3.5 Law Librarian. The Law Librarian is eligible for election to the tenured, tenure track, non-tenure track, or special Faculty as defined above, which election shall entitle the Law Librarian to vote on matters presented to the Law Faculty, in accordance with the voting rights and limitations applicable to the type of appointment.<sup>8</sup>
- 3.6 Allocation of Resources. The Law School shall allocate a reasonable amount of resources and time to each member of the Law Faculty (whether tenured, tenure track, non-tenure track or special) to encourage and make possible scholarly growth, academic achievement and professional development, to enable them to fulfill their obligations as required by the nature and type of their appointments.
- 3.7 Definition of Full-time Faculty. For all purposes in these By-laws, the term “full-time” when referring to Law Faculty shall be defined as in Chapter 3, Part One, Article I, Section F.B.2. of the Faculty Handbook.

Commented [djc8]: Clerical edit to conform reference to full-time faculty in our bylaws to the current provision of the Faculty Handbook.

#### ARTICLE 4: OFFICERS

4.1 Presiding Officers. The Dean of the School of Law shall preside at Faculty Meetings unless the President of the University exercises the presidential prerogative to do so. In the absence of both the President and the Dean, the Associate Dean for Academic Affairs shall preside unless the Faculty elect a presiding officer.

4.2 Secretary. The Secretary shall be elected annually by the Faculty. The functions of the secretary are:

- (1) to keep the minutes of the Faculty Meetings and sign the official copies of the minutes;
- (2) to be responsible for reproduction and distribution of these minutes to the Faculty;
- (3) to be responsible for preparation of and distribution to the Student Bar Association of a summary of action taken at Faculty Meetings, with the approval of the Dean;
- (4) to prepare for the Faculty annually in the fall a list of members of the Faculty including those with voting privileges and those without voting privileges.

---

<sup>8</sup>Section 3.3 (now 3.5) was added March 18, 1983, to clarify the Faculty status of the law librarian.

ARTICLE 5: MEETINGS

- 5.1 Regular Meetings. The Faculty shall hold at least three regular meetings in each semester on dates to be determined by the Dean. The Faculty at any regular meeting may by majority vote fix the date of the next regular meeting.
- 5.2 Special Meetings. Special meetings shall be held on the call of the President, the Dean, or on the written request to the Dean or the Secretary signed by 20% of the voting Faculty.
- 5.3 Attendance at Faculty Meetings. All full-time Faculty (including full-time special Faculty) shall be entitled to attend any meeting of the Faculty subject to the limitations in this paragraph. Part-time Faculty, and administrative personnel (who do not have full-time Faculty appointments in addition to their administrative appointment) shall be entitled to attend meetings of the Faculty to which they are specifically invited by the Dean. In matters involving initial appointments to the Faculty, only full-time tenured, tenure track, non-tenure track and special Faculty, whether or not they are entitled to vote on the matter under consideration, shall be entitled to attend that portion of the meeting at which discussions and a vote take place. In matters involving reappointments, promotions, and grants of tenure, only those Faculty who are entitled to vote on the matter under consideration before the Faculty shall be entitled to attend that portion of the meeting at which discussions and a vote take place.
- 5.4 Voting. Voting shall be by voice vote or by show of hands, unless a secret ballot vote is called for by this bylaw provision or by any voting member, in which case the vote shall be by secret ballot. Votes may be cast by a written proxy filed with the Secretary.<sup>9</sup> A secret ballot shall be required on all personnel matters, including appointments, reappointments, promotions, and grants of tenure.<sup>10</sup>
- 5.4 Quorum. One half of the members of the Faculty entitled to vote on a particular matter shall constitute a quorum for that matter. Members present by proxy shall not be counted in determining a quorum.
- 5.6 Notice and Agenda. The Dean (or in his or her absence the Secretary) shall notify in writing each member of the Faculty entitled to notice, at least five (5) days in advance of any meeting held during the academic year, and at least fifteen (15) days in advance of any meeting held during the summer period. Faculty on leave shall be entitled to receive notice and to vote. The notice shall specify the time and the place of the meeting, and the agenda of

**Commented [djc9]:** The law school is the only constituent faculty to permit proxy voting. Our bylaws committee suggested eliminating proxy voting, and suggested language to allow absentee voting or electronic voting, but the law faculty voted overwhelmingly to retain our proxy system.

<sup>9</sup> Prior to the Amendment of October 18, 1978, Section 5.3 (now 5.4) read as follows:  
“5.3 Voting. Voting shall be by voice or show of hands unless a roll call vote is requested by any voting member in which case a roll call vote shall be taken and recorded. Votes may be cast by a written proxy filed with the Secretary, with respect to specific matters listed in the notice of the meeting.”

<sup>10</sup> Secret ballots for personnel matters were adopted by Amendment of April 14, 2005.

the meeting. Items of business not listed on the agenda may be considered at a regular meeting. No action may be taken at either a regular or special meeting on an individual personnel decision (appointment, promotion, tenure, etc.) unless the notice of the meeting specifies the individual and the action proposed. The requirement of notice of a meeting may be waived by a written waiver agreed to by the faculty member(s), and shall be waived by attendance at the meeting.

- 5.7 Action Without Meeting. Any action which may be taken by the Faculty at a meeting, may be taken without a meeting, by a writing filed with the Secretary setting forth the action taken and the written approval of all of the Faculty entitled to vote on such action if a meeting were held.

#### ARTICLE 6: RULES OF ORDER AND ORDER OF BUSINESS

- 6.1 Rules of Order and Order of Business. The meetings shall be conducted in accordance with Robert's Rules of Order (latest edition). The order of business at all regular meetings shall be as follows:

- (1) Presentation of proxies and determination of a quorum<sup>11</sup>;
- (2) Presentation and adoption of minutes;
- (3) Announcements;
- (4) Report from the Faculty Senator or Senators<sup>12</sup>;
- (5) Reports of Standing Committees;
- (6) Reports of Special Committees;
- (7) Consideration of unfinished business; and
- (8) Consideration of new business.

#### ARTICLE 7: COMMITTEES

- 7.1 Standing Committees. The Standing Committees of the Faculty are the Committees on:

- (1) Admissions
- (2) Appeals and Rules
- (3) Appointments
- (4) Building
- (5) Curriculum
- (6) Library
- (7) Promotion and Tenure<sup>13</sup>
- (8) Budget

ARTICLE 8: - MEMBERSHIP AND PROCEDURES OF COMMITTEES

8.1 Ex-Officio Members. The Dean, or a Faculty member or administrator designated by the Dean, shall serve as a member ex officio of all Standing and Special Committees, except for the Promotion and Tenure Committee, with full voting rights.<sup>14</sup>

8.2 Faculty Members of Committees. ~~Members of the~~ Tenured, tenure-track, ~~and non-tenure-track, and Special~~ Faculty are eligible to serve as Faculty members of the Committees.

**Commented [djc10]:** Substantive change to allow special faculty to serve as Faculty members of Committees. Change recommended to match our current practice.

8.3 Student Members of Committees. Only full-time students of the School of Law are eligible to serve on Committees designated in Article 9 as having student members.

8.4 Selection of Members - Standing Committees. Faculty members shall be elected by the Faculty. Student members shall be selected by the Student Bar Association.<sup>15</sup>

8.5 Selection of Members - Special Committees. For those Special Committees established by the Faculty, members shall be selected in the manner designated by the Faculty, and for those Special Committees established by the Dean, members shall be selected by the Dean.

8.6 Time of Selection and Term. Members of Special Committees shall be selected at such time and shall serve for such time as shall be designated by the authority (Dean or Faculty) which establishes the Committees. Student members of Standing Committees shall be selected not later than the first month of the fall semester, to take office immediately. Faculty members of Standing Committees shall be elected not later than the first month of the fall semester, to take office immediately.<sup>16</sup> Members of Standing Committees shall serve from the time selected until the end of the academic year for which they are selected, or until their successors assume office, whichever is later.

8.7 Officers. The Chair of each Committee shall be designated from among the membership of the Committee, by the Dean, with the advice and consent of the Faculty. The Secretary

<sup>14</sup>Section 8.1 was amended November 18, 1983 to conform Section 8.1 to Section 9.8, as 9.8 was amended September 30, 1983.

<sup>15</sup>Prior to Amendment on June 3, 1974, Section 8.4 read as follows:

“8.4 Selection of Members - Standing Committee.

Faculty members shall be appointed by the Dean with the advice and consent of the Faculty. Student members shall be selected by the Student Bar Association.”

<sup>16</sup>Prior to Amendment on June 3, 1974, the third paragraph of Section 8.6 read as follows:

“Faculty members of Standing Committees shall be selected during the last month of the spring semester, to take office immediately.”

shall be designated from among the membership of the Committee, by the Chair. The Chair shall have the right to vote in all cases.

- 8.8 Procedures. Committees shall meet on the call of the Dean, the Chair, or on the call of the majority of the Committee, and may establish rules as to the conduct of its meetings. Two thirds of the members of the Committee shall constitute a quorum, and all decisions shall be by majority vote of those present. All Committee members have equal rights to vote and participate.

#### ARTICLE 9: FUNCTIONS AND COMPOSITION OF COMMITTEES<sup>17</sup>

- 9.1 Special Committees. Special Committees shall have those functions and shall be composed of those persons (including Faculty, students, and others) as are designated by the authority (Dean or Faculty) which establishes the Committee.

- 9.2 Admissions. The Admissions Committee shall be composed of two student members, at least four Faculty members, and the Dean or his designee. The Committee shall consider and recommend to the Faculty major policies on admissions and financial aid; evaluate admission and financial aid procedures; and participate in the admissions process where discretionary judgment is required and the decision has not been delegated to the admissions office for determination under specific policies.

- 9.3 Appeals and Rules. The Appeals and Rules Committee shall be composed of at least four Faculty members. The Committee shall serve as the grievance Committee for the Law School. The Committee shall hear appeals by students from administrative decisions of the Dean or his designee which implement academic policies, except for violations of the Law School Code of Conduct. The decision of the Committee on such appeals shall be final within the Law School, subject only to appeal procedures, if any, at the University level. The Committee shall receive reports on administrative implementation of academic policies from the Dean, and may review such decisions on its own motion, and shall accept such ad hoc assignments as may be determined by the Faculty. The Committee may also develop and recommend to the Dean guidelines for the implementation of academic policies. The Committee shall develop and recommend revisions to the Law School's- Academic Regulations, Policies, and Procedures, and shall forward any revisions to the Faculty for adoption. ~~academic regulations and standards, and shall accept such ad hoc assignments as~~

~~may be determined by the Faculty.~~ The Committee shall also have jurisdiction to hear all matters in which revocation of academic credit previously granted is requested because of plagiarism, cheating, improper cooperation on work or other violation which reflects on the academic significance of the effort for which credit has been granted. The Committee shall consider the Law School Code of Conduct, the Law-School's Academic Regulations, Policies, and Procedures, and relevant University policies on Academic Integrity Standards in making its decision on revocation of academic credit. If the Committee finds that a student has committed such a violation, it may retroactively revoke any credit which may have been awarded for said effort.<sup>18</sup>

**Commented [djc12]:** The UGC and Provost objected to the original version of this provision – they felt that it gave the Appeals and Rules Committee too much discretion to select which rules applied without notice to the accused.

This edit is intended to identify what the Committee revises, how it becomes binding on the student body, and what standards will be used in making the decision. Thus, we formally invoked the Law School Code of Conduct, our internal Academic Regulations, Policies, and Procedures, and relevant central university policies.

- 9.4 Appointments. The Appointments Committee shall be composed of two students, at least four Faculty members and the Dean or his designee. The Committee shall review all candidates for appointment to the tenured, tenure track, or non-tenure track Faculty, shall make recommendations to the Faculty on every such appointment, and shall, on request of the Dean, review candidates for the special Faculty, including visiting Faculty.
- 9.5 Building. The Building Committee shall be composed of two student members, at least three Faculty members, and the Dean or his designee. The Committee shall advise the Faculty and the Dean on the utilization, allocation, maintenance, and replacement of the physical facilities of the law school.
- 9.6 Curriculum. The Curriculum Committee shall be composed of two student members, at least four Faculty members, and the Dean or his designee. The Committee shall consider and make recommendations to the Faculty on all matters relative to the educational programs for which credit is awarded. The Committee shall also exercise oversight of the administration of all joint degree programs.
- 9.7 Library. The Library Committee shall be composed of two student members, the Librarian ex-officio, at least three Faculty members, and the Dean or his designee. It shall advise and assist the Dean and Librarian on library services, and shall make recommendations to the Faculty on library policies.
- 9.8 Promotion and Tenure. The Promotion and Tenure Committee shall be composed of at least four tenured or tenure track Faculty members. In the case of non-tenure track Clinical or Lawyering Skills Faculty candidates, the Committee shall be augmented as required in Appendices B and C. In the case of non-tenure track candidates other than Clinical or Lawyering Skills Faculty, the Committee shall be augmented by one non-tenure track faculty member of equal or senior rank to the candidate under consideration. The Committee shall consider all matters of promotion, reappointment and tenure for members of the Faculty (tenured, tenure track, or non-tenure track). The Committee shall consider these matters in accordance with the criteria set forth in Appendices A, B, C, and D, and shall

make recommendations to the Faculty thereon. Each Faculty member whose appointment leads to tenure consideration shall be considered for tenure no later than six years after the effective date of the initial appointment, excluding any period of any pre-tenure extension that may have been granted under the Faculty Handbook provisions.<sup>19</sup>

9.9 Budget. The Budget Committee shall be composed of at least three Faculty members and the Dean or his designee. It shall advise and assist the dean and make recommendations to the Faculty on matters pertaining to the budget.<sup>20</sup>

9.10 Experiential Education. The Experiential Education Committee shall be composed of two student members, at least four Faculty members and the Dean or his designee. The Committee shall consider and make recommendations to the Faculty on all matters relative to the experiential education program for which credit is awarded.<sup>21</sup>

#### ARTICLE 10: FACULTY REPRESENTATION IN UNIVERSITY GOVERNANCE

The Faculty shall be represented in University Governance by its Dean, other law school administrators, and by individual members of the Faculty as they shall from time to time be elected to serve on various University governing bodies.

The Faculty shall elect representatives to the Faculty Senate and other similar organizations which include Faculty representatives. All such representatives shall be elected at the time and for the term specified in the rules of such organization.<sup>22</sup>

#### ARTICLE 11: AMENDMENTS

These By-Laws may be amended at any Faculty meeting provided that each voting member of the Faculty shall have received from the Dean or the Secretary a written copy of the proposed amendments at least seven (7) days before the meeting.

---

<sup>19</sup>Amended June 3, 1974, and again on August 29, 1980. The last sentence provides for a six year pre-tenure period. **APPENDIX A TO THE BY-LAWS OF THE  
FACULTY OF LAW  
Case Western Reserve University**

**PROCEDURES FOR PROMOTION, REAPPOINTMENT AND TENURE**

**I. SOURCES OF PROMOTION, RETENTION AND TENURE PROCEDURE**

The Policies and Procedures generally governing appointments, promotions, re-appointments and tenure for all University Faculty are set forth in the University Faculty Handbook, chapter 3, part 1. For tenure track faculty personnel decisions, these procedures are supplemented periodically by the University's "Guidelines for Recommendation of Faculty Promotions and Awards of Tenure" ("University Guidelines"). Attached are the University Guidelines promulgated for academic year ~~2005-2006~~2014-15. These Procedures incorporate by reference the most current version of the University Guidelines. For Clinical and Lawyering Skills Faculty on the Faculty of Law, separate Policies and Procedures have been adopted and are attached to the By-Laws of the Faculty of Law as Appendices B and C respectively.

Commented [dj13]: Change made to update a somewhat stale reference.

**II. COMPOSITION AND FUNCTIONS OF THE PROMOTION AND TENURE COMMITTEE**

A. As set forth in Section 9.8 of the By-Laws the Promotion and Tenure Committee is composed of at least four tenured or tenure track faculty who evaluate the teaching, scholarship and service of tenure track faculty for purposes of Promotion and Tenure.

B. The Promotion and Tenure Committee also conducts annual reviews of faculty on the tenure, and non-tenure tracks, evaluates non-tenure track faculty for promotion and reappointment, and reviews sabbatical requests of tenured faculty. For purposes of reappointment and promotion of Clinical or Lawyering Skills faculty, the Committee is augmented as required in Appendices B and C to the By-Laws. For purposes of retention and promotion of non-tenure track faculty other than Clinical or Lawyering Skills Faculty, the Committee is augmented by one non-tenure track faculty member of equal or senior rank to the candidate under consideration.

**III. STANDARDS FOR PROMOTION AND TENURE OF TENURE TRACK FACULTY**

A. As the Faculty Handbook indicates, a tenure track candidate being considered for promotion or tenure will be evaluated on the basis of that candidate's contributions in (1) teaching, (2) research and scholarship, and (3) university and professional service.

1. Teaching and scholarship are the most important requirements because they reflect the two primary functions of the university faculty.

2. Excellence in teaching, a significant and substantial scholarly contribution, and service to the University and Law School communities are required of all candidates for Promotion and Tenure.

3. Promotion and tenure decisions are not made merely to recognize past performance but also involve a prediction of future contributions.

4. The Promotion and Tenure decision involves a determination of whether the candidate has fulfilled and will continue to fulfill the obligation of teaching, scholarship, and service.

5. The standards for Promotion and Tenure are evolving standards, and it is expected that they will become increasingly rigorous as the Law School continues to improve and gain recognition as a national law center of importance.

#### B. Evaluating Scholarship and Teaching

1. Standards for evaluating teaching and scholarship sufficient to support a promotion or tenure are not readily reducible to words or formulae.

2. The scholarship must reflect substantial research, a thorough understanding of the subject, and an insight into the issues and problems that contribute substantially to available knowledge. It should, in other words, make a significant advance to our understanding of the field.

3. The most important aspect is the depth and reach reflected in the scholarship. Descriptive analysis is often a useful contribution, but the grant of tenure normally requires that the scholarship also include the development of a systematic approach or analytical rigor of a higher order.

4. A writing is normally considered “published” when it has been formally accepted for publication.

5. Teaching will be evaluated on the basis of annual reviews, student evaluations and faculty class visits.

#### C. Promotion to Associate Professor

1. Normally, two published articles and demonstrated teaching effectiveness are expected for promotion to associate professor.

2. A candidate initially will be considered for promotion to associate professor in the fall following the completion of his or her second year of service.

3. A candidate may be granted an extension of one additional year for consideration for promotion to associate professor. While extensions are not automatic, requests for extension will be favorably considered for those candidates who have demonstrated substantial progress toward meeting the standards for promotion. Extensions are not considered as negative decisions.

D. Promotion to Full Professor with Tenure

1. Normally at least three significant articles and demonstrated teaching effectiveness are expected for consideration for promotion to full professor with tenure. As required by the Faculty Handbook, the candidate's record must show a documented national or international reputation for sustained scholarship in the candidate's discipline.

2. The normal pre-tenure period is six years, unless the letter of appointment provides otherwise. This means that a candidate will normally be considered for tenure and promotion to full professor in the fall following the completion of his or her fifth year of service.

E. Provisions for obtaining additional extensions during the pre-tenure period are set forth in the University Faculty Handbook, at Chapter 3, part 1 G.

IV. INTERNAL PROMOTION & TENURE COMMITTEE PROCEDURE REGARDING TENURE-TRACK FACULTY

A. Promotion to Associate Professor without Tenure

1. At the beginning of the academic year in which the candidate is considered for promotion, the Chair discusses the promotion process with each candidate. The candidate is asked to provide eleven photocopies or reprints of his or her published articles, as well as photocopies of any manuscripts that have been accepted for publication, normally by the end of September. In addition, the candidate is asked to provide the Chair with an annotated curriculum vitae. This should provide the information described in the University Guidelines related to Tenure and Promotion Recommendations.

a. Scholarship completed prior to the candidate's appointment to the CWRU Law Faculty but published post-appointment, as well as legal scholarship that has been performed for a purpose in addition to meeting the Law School's scholarship requirement, such as fulfillment of a Ph.D. degree, generally is considered part of the candidate's law school scholarship.

2. The University Guidelines state that outside reviewers should be secured for promotion.

a. Candidate Suggestions. The Chair requests the candidate to suggest up to 12 persons to serve as outside reviewers of the candidate's scholarship.

**Commented [djc14]:** We changed a number of things about our procedure for outside review of tenure candidates to more closely comply with the Provost's procedures. These changes are explained below.

**Commented [djc15]:** Formatting change only.

The candidate should be asked to describe any relationship that he or she has with the reviewer in order to ensure compliance with the University Guidelines.

- b. **Committee Nominations.** The Chair shall share the candidate's suggested outside reviewers with the members of the committee, and shall ask the committee members to nominate suggested reviewer of their own. The Chair may also ask other Faculty members to nominate potential outside reviewers. The Chair and committee shall assemble a list of nominated reviewers, and shall share this list with the candidate; the nominee list should contain at least twice as many names as persons who will be final reviewers. -The candidate may then identify any nominated reviewer who the candidate believes may provide a biased evaluation. The Committee may remove a nominated reviewer from the nominee list based on the candidate's objections.

**Commented [djc16]:** This paragraph is largely new – it is intended to promote the anonymity of outside reviewers while still protecting tenure candidates.

The law school's internal procedures call for the candidate to review a list of potential reviewers for potential bias before the reviews are made; the 2015 change ensures that the nominee list will be twice as large as the final list, decreasing the danger that an outside reviewer will be identifiable to the candidate.

~~a. The members of the committee are asked to come up with lists of suggested reviewers of their own. The Chair shares the candidate's suggested names with the members of the committee.~~

- c. **Final Slate of Potential Reviewers.** The committee decides on a tentative list of final reviewers combining that combines the candidate's suggestions that the committee decides to accept with the committees own suggested and other nominated reviewers. The final list of reviewers is communicated to the Dean and the Office of the Provost. -The Dean shall forward a list of suggested evaluators to the Office of the Provost. This list shall indicate who suggested the name and which of the individuals on the list were asked to submit evaluations. All the potential reviewers, not just those actually asked to submit evaluations, should be included on this list. The committee reviews this list with the candidate to identify an persons whom the candidate feels may provide a biased evaluation. The Committee may modify the list based on the candidates objections.

**Commented [djc17]:** The law school's prior version of these bylaws called for the FINAL list of potential reviewers to be shared with the candidate. We deleted this provision, since sharing the final, pared-down list of referees with the candidate tends to undermine anonymity. Candidate review now happens in paragraph B above, and the list of potential reviewers must include at least twice as many names as will be included on the final list.

~~b. The final list of reviewers is communicated to the Dean. The Dean shall forward a list of suggested evaluators to the Office of the Provost. This list shall indicate who suggested the name and which of the individuals on the list were asked to submit evaluations. All the potential reviewers, not just those actually asked to submit evaluations, should be included on this list.~~

. The Dean (or his the Dean's designee) contacts potential outside reviewers, initially by telephone or email and with follow-up letters to the reviewers. Typically, the outside reviewer is asked to review one or more specific pieces of scholarship, and to comment in writing on that scholarship, together with any other information that the reviewer possesses about the candidate, in connection with the candidate's suitability for promotion and expectations of his or her future performance. The outside reviewer might also be provided the entire package of a candidate's

**Commented [djc18]:** Removed gender-specific language. No substantive change.

scholarship and asked for comments on the package as a whole.

1) The Dean or the Dean's designee shall ensure compliance with the University Guidelines which provide that the letters solicited from outside reviewers are confidential to the extent permitted by law, and that this should be made clear to all referees. Referees should be informed that candidates will be shown a carefully redacted version of their review letter, and that the Dean or Dean's designee will exercise due diligence to preserve the referee's anonymity to the maximum extent practicable.

**Commented [djc19]:** Changed to ensure referees are made aware of the redaction and review process, and to require efforts to preserve reviewer anonymity.

2) The Promotion and Tenure Committee meets to review the candidate's scholarship before receiving and reviewing the letters from outside reviewers. The purpose is to permit the committee to develop its own opinion as to the candidate's scholarship independent of the evaluations from outside reviewers. In advance of this meeting to review the candidate's scholarship the Chair invites interested law faculty to review the candidate's scholarship and submit written evaluations for the committee's consideration. The committee's independent consideration of the candidate's scholarship incorporates the written views of faculty. The Chair summarizes the committee's reactions. The committee reviews the candidate's scholarship again when it examines the outside letters.

3. The committee also reviews the candidate's teaching based on past annual reviews, student evaluations, and faculty class visit memoranda. The Chair summarizes the committee's views concerning the candidate's teaching. The committee also reviews the candidate's service, and the Chair summarizes the committee's views on this issue.

a. The Chair asks all members of the committee to visit as many classes of the candidate as possible. In addition, the Chair circulates a memorandum to the faculty as a whole inviting them to visit as many classes of the candidate as possible. The Chair, in consultation with the committee, may request specific faculty members who are not on the committee to visit the candidate's classes. This is particularly appropriate for members of the faculty who have expertise in the candidate's fields. Each class visitor is asked to complete a written memorandum which is given to the Chair and circulated to the members of the committee. The University Guidelines provide that these memoranda are confidential "to the extent permitted by law." However, class visitors are encouraged to share their memoranda with the candidate.

b. The committee also reviews student evaluations. These should be all of the student evaluations pertaining to the candidate's classes, going back to the candidate's initial appointment year. From time to time, candidates for promotion also hold teaching positions at other schools within the university. Customarily, the Promotion and Tenure Committee has requested student evaluations from these other areas of the university. However, it is not customary for the members of the Promotion and Tenure Committee to visit classes outside the law school. From time to time candidates for promotion have taught at other law schools, either while on leave or prior to coming to Case. It is customary for the committee to obtain student

evaluation from these other law schools. However, it is important for the Chair to determine how student evaluations are obtained and what use they are put to in these other areas of the university or at other schools, and to communicate this information to the committee to assist in reviewing the evaluations.

c. In accordance with the University Guidelines, the Promotion and Tenure Committee will endeavor to obtain teaching assessments from former students who have taken courses from the candidate.

4. The Chair asks each member of the committee to review the class visit memoranda, the student evaluations, the candidate's annotated curriculum vitae, and the candidate's scholarship. In addition, the University Faculty Handbook states that the faculty Promotion and Tenure Committee shall review the annual evaluations completed at the end of the third pre-tenure year.

5. By the end of October, the Chair should prepare a draft of the committee's views on the candidate's scholarship, teaching and service. The committee then reviews this draft and revises it. The Chair shares the revised draft with the candidate, who is asked to correct any factual errors. In addition, the Chair may provide the candidate with carefully redacted copies or summaries of the outside reviewers' letters in a fully de-identified format. ~~The~~ the candidate may wish to respond to the comments of the committee, and/or to those of the outside reviewers, in writing. These responses are included in the materials pertaining to the candidate's promotion that are given to the Dean.

Commented [djc20]: Additional language added to require that outside letters are fully de-identified to preserve anonymity.

6. The Promotion and Tenure Committee then votes on whether or not to recommend the candidate's promotion to associate professor. The committee's decision is determined by majority vote

7. The Chair places copies of the candidate's annotated C.V., student evaluations and scholarship at several secretarial stations for review by the members of the faculty.

8. All members of the faculty who are entitled to vote on the promotion meet to consider it. According to Article 3 of the Faculty By-Laws, "this consists of only those faculty who rank equal to or senior to the rank to which the individual is being promoted." Thus, in the case of promotion to associate professor, tenured faculty with the rank of associate professor without tenure are entitled to vote. Article 5.4 of the Faculty By-Laws provides that "a secret ballot shall be required on all personnel matters, including appointments, reappointments promotions, and grants of tenure."

9. Following the faculty's vote, the faculty's recommendation is communicated to the Dean. The Dean then prepares the Dean's recommendation to the Provost, which accompanies the faculty's recommendation and includes the Promotion and Tenure Committee's report and associated supporting materials.

## B. Promotion to Full Professor with Tenure

1. Section 9.8 of the Faculty By-Laws states that each faculty member shall be considered for tenure no later than six years after the effective date of his or her initial appointment. The 1986 Promotion and Tenure Memorandum similarly states that “the normal pre-tenure period is six years, unless the letter of appointment provides otherwise. This means that a candidate will normally be considered for tenure and promotion to full professor in the fall following the completion of his or her fifth year of service.”

2. The University Faculty Handbook permits pre-tenure extensions:

a. “[F]or up to three years of extension for exceptionally worthy candidates in the event of unusual constraints in the University, or part of parts thereof which would prevent tenure awarded at the end of the normal period.”

b. “[F]or the purpose of compensating special earlier circumstances disadvantageous to a candidate’s tenure consideration.” The Handbook adds that “such circumstances might include serious illness, family emergency, maternity, or extraordinary teaching or administrative assignments.”

c. Upon written request by the faculty member within one year after each live birth or after each adoption, an extension of up to one year of the pre-tenure period shall be granted by the provost to any faculty member who will be the primary care giving parent.

b. Extensions under a. and b. above must be approved by the faculty and the university. The Faculty Handbook states that except for extensions under c. above, no more than three years of extensions may be granted in the period before tenure, meaning that, generally, at the latest, a faculty member would be considered in his or her ninth year after appointment.

3. The written standards for outside reviewers are also the same as the standards for promotion to associate professor.

4. The procedures for the Promotion and Tenure Committee’s consideration of a candidate’s candidacy for promotion to full professor with tenure are essentially the same as those for consideration to promotion to associate professor.

5. The process of voting at the faculty level is also the same, except that only tenured faculty are entitled to vote on promotion with tenure.

## C. Annual Reviews

1. In accordance with the University Faculty Handbook (Chapter 3(I)(F)(5)), the Dean shall ensure that all full-time faculty members receive an annual review. The Dean shall

provide a written summary of the annual review to the faculty member.

2. Annual reviews of full-time, non-tenured members of the faculty typically are also conducted by the Promotion and Tenure Committee. In the first year of their appointment, this review is conducted in the spring semester. In subsequent years, the review process begins in the fall semester and continues through the spring of the academic year before the faculty member is considered for tenure, if applicable, or in the case of non-tenure track faculty, until they are promoted to the rank of Professor.

a. At the beginning of the annual review process the Chair of the Promotion and Tenure Committee sends a memo to each faculty member being evaluated and explains the process of the evaluation. The memorandum is accompanied by a form, a copy of which is attached, that the faculty member being evaluated is asked to complete and return to the Chair. The form asks about the faculty member's teaching, scholarship and service. The faculty member is asked to provide this information along with copies of any publications by a date certain. The candidate is invited, but not required, to share with the Promotion and Tenure Committee drafts of any works in progress or manuscripts that have been submitted but not yet accepted for publication. All manuscripts that have been accepted for publication, or that have been published, must be provided to the committee and form part of its review.

b. As the review gets underway, the Chair sends a memorandum to the faculty as a whole, stating that individuals may be asked specifically to visit a faculty member's class for purposes of the annual review, and inviting all other faculty members to visit the classes if they wish. The memo also asks those faculty who visit classes to make a written report of their visit and give it to the Chair.

c. There should be at least three class visits, including visits by a non-member of the committee. The Chair asks all members of the committee to try to visit at least one class of the faculty member being reviewed.

d. The Chair appoints an individual on the committee to be responsible for coordinating class visits by faculty members who are not on the committee. This member of the committee is responsible for making sure that the non-members of the Promotion and Tenure Committee who have been asked to visit classes complete their class visits and turn in their written evaluations in a timely manner.

e. Class visits should be completed shortly after spring break, and evaluations forwarded promptly to the Chair. The Chair circulates the written evaluations to all members of the committee. In addition, the Chair obtains and circulates photocopies of the student evaluations for the faculty member being evaluated from the previous spring and fall.

f. Once the members of the Promotion and Tenure Committee have had an opportunity to review the materials pertinent to the annual review, consisting of class visits, memos, student evaluations, the faculty member's information supplied in response to the

Chair's form, and any manuscripts or published papers, the committee meets and discusses the faculty member's performance. The committee also reviews past annual reviews prior to this meeting, to ensure that the faculty member receives consistent advice despite changing committee membership. At the meeting, the Chair takes notes summarizing the committee's deliberations, and then prepares a draft memorandum summarizing the committee's conclusions and recommendations. This draft is shared with the members of the committee and revised based on their written comments, and if necessary, after further discussion at a subsequent committee meeting.

g. The final committee report is shared with the faculty member being evaluated. The faculty member is invited to meet with the full committee to discuss the annual evaluation.

h. The Promotion and Tenure Committee shall send its annual evaluations to the office of the Provost by the end of May.

#### V. SABBATICALS

A. In accordance with Chapter 3, Part One, Section II.A. of the University Faculty Handbook, the Promotion and Tenure Committee shall review and make recommendations to the Dean regarding a faculty member's request for sabbatical leave.

#### VI. PROMOTION AND REAPPOINTMENT PROCESS FOR CLINICAL AND NON-TENURE TRACK LAWYERING SKILLS FACULTY.

A. The Policies and Procedures for Clinical Faculty and non-tenure track Lawyering Skills Faculty attached to the By-Laws of the Faculty of Law as Appendices B and C, respectively, provide for annual reviews and the standards for review of these faculty for promotion and reappointment. The Promotion and Tenure Committee, augmented as required in those standards, is charged with performing the necessary committee review in such cases and to make recommendations to the Faculty. To the extent that the standards for review of Clinical Faculty (Appendix B) are applicable to tenure track clinical faculty, the Promotion and Tenure Committee applies those standards to tenure track clinical faculty in addition to the standards for review of the candidate's scholarship described above.

B. As described more fully below, review for a promotion decision for such faculty should include the following: Candidate Dossier, Formal Written Evaluation by Faculty in the candidate's track that are senior to the candidate, and Review by the Promotion and Tenure Committee. In the case of tenure track clinical faculty candidates for promotion, the material described below is provided in addition to the requirements for review of the candidate's scholarship applicable to all tenure track candidates described above.

##### 1. Candidate Dossier

a. The candidate should submit to the Promotion and Tenure Committee a full C.V. including all teaching and professional activities, any publications and unsolicited letters of support, testimonials or reviews.

b. It is not the intention of the faculty that the candidate solicit outside letters for the promotion process.

2. Formal Written Evaluation by Senior Faculty in the candidate's track.

a. A committee composed of all members of the faculty in the candidate's track who are senior to the candidate will provide the Promotion and Tenure Committee with a formal written evaluation of the candidate.

b. This evaluation will address the candidate's performance using all of the standards applicable to the candidate. The senior faculty will observe the candidate's teaching, review the candidate's teaching materials, and in the case of Clinical Faculty, selected case files, and discuss with the candidate his or her activities. The report will reflect any minority views or specific issues raised by any of the senior faculty.

3. Review by Promotion and Tenure Committee

a. The Promotion and Tenure Committee will review the candidate dossier, the evaluation by senior faculty in the candidate's track, and all annual review reports previously completed by the Promotion and Tenure Committee. In addition, the Promotion and Tenure Committee will independently review the candidate's Teaching Effectiveness and in the case of Clinical Faculty, competence as a lawyer.

b. The Promotion and Tenure Committee will visit the candidate's classes. The committee will also review student evaluations.

c. In the case of Clinical Faculty, the Promotion and Tenure Committee, or a sub-committee of the Promotion and Tenure Committee, including the clinician member of the committee, will meet the candidate to discuss three cases the candidate has chosen. These case files will be accessible for committee review prior to the discussion meeting. The cases chosen by the candidate should reflect the range of his or her practice and supervision within the clinic.

d. In the case of Clinical and Lawyering Skills Faculty, the Committee or sub-committee will also review video-tape(s) of at least one supervision or one-on-one instructional sessions(s) provided by the candidate.

e. The Promotion and Tenure Committee will prepare a draft report of the committee's views. The Chair will share the draft with the candidate, who is asked to correct any misstatement. In addition, the candidate may wish to respond to the report of the committee. The augmented Promotion and Tenure Committee will prepare a final report and then vote on

whether or not to recommend the candidate's promotion. The committee's decision is determined by the majority vote.

d. The Chair will place copies of the candidate's C.V. and student evaluations at several secretarial stations for review by members of the faculty. In addition, each faculty member entitled to vote on the promotion will be sent a confidential copy of the Promotion and Tenure Committee's recommendation and report, together with class visit memoranda. The committee will also include the candidate's written responses to the report, if any.

4. All members of the faculty entitled to vote as provided in Article 3.1-3.5 of the By-Laws of the Faculty of Law will meet to consider it. As required by Article 5.3, a secret ballot shall be required on all promotions.

5. Following the faculty's vote, the faculty's recommendation will be communicated to the Dean. The Dean will then prepare his own recommendation to the Provost, which will accompany the faculty's recommendation, and will include the Promotion and Tenure Committee's report and associated supporting materials.

C. As described more fully below, review for a reappointment decision for non-tenure track Clinical or Lawyering Skills Faculty at the rank of Professor, should include the following: Candidate Dossier; the last two annual reports to the Deans, together with the Deans' written comments following their meetings; copies of the candidate's most recent student evaluations; a Certification or Report from other Professors in the candidate's track who are equal in rank to the candidate; and Review by the Promotion and Tenure Committee.

1. Candidate Dossier

a. The candidate should submit to the Promotion and Tenure Committee a full C.V. including all teaching and professional activities, any publications and unsolicited letters of support, testimonials or reviews.

b. It is not the intention of the faculty that the candidate solicit outside letters for the reappointment process.

2. Certification or Report by other Professors in the candidate's track.

a. The other Professors in the candidate's track who are equal in rank to the candidate shall submit an evaluation that addresses whether the candidate continues to meet the applicable standards identified in the Policies and Procedures.

b. If the other Professors in the candidate's track believe the candidate continues to meet the applicable standards, the evaluation referred to in the previous paragraph shall consist of a brief "Certification" to that effect. .

c. If the other Professors in the candidate's track believe the candidate no longer continues to meet the applicable standards, no "Certification" shall be submitted. In that case, the Professors in the candidate's track shall submit a report to the Promotion and Tenure Committee which addresses the issues presented. The report will reflect any minority views or specific issues raised.

### 3. Review by Promotion and Tenure Committee

a. The Promotion and Tenure Committee will review the candidate dossier, the Certification or Report by senior faculty in the candidate's track, the previous two annual reports to the Deans, together with the Deans' written comments following their meetings with the candidate, and copies of the candidate's most recent student evaluations. Absent a showing of good cause for a more substantial review of the candidate for retention, the committee's recommendation of<sup>23</sup> renewal at the rank of Professor shall be presumptive. If, upon a finding of good cause, the Promotion and Tenure Committee deems it appropriate to conduct a more substantial retention review, the Promotion and Tenure Committee shall follow such procedures as it deems appropriate to address any issues presented.

Formatted: Superscript

b. The Promotion and Tenure Committee will prepare a draft report of the committee's views. The Chair will share the draft with the candidate, who is asked to correct any misstatement. In addition, the candidate may wish to respond to the report of the committee. The augmented Promotion and Tenure Committee will prepare a final report and then vote on whether or not to recommend the candidate's retention. The committee's decision is determined by the majority vote.

c. The Chair will place copies of the candidate's C.V. and student evaluations at several secretarial stations for review by members of the faculty. In addition, each faculty member entitled to vote on the retention will be sent a confidential copy of the Promotion and Tenure committee's recommendation and report. The committee will also include the candidate's written responses to the report, if any.

---

<sup>23</sup> Amended May 23, 2016 at the suggestion of the University General Counsel's office and the central university bylaws committee. No substantive change intended.

Formatted: Superscript

4. All members of the faculty entitled to vote as provided in Article 3.1-3.5 of the By-Laws of the Faculty of Law will meet to consider it. As required by Article 5.3, a secret ballot shall be required on all reappointments.

5. Following the faculty's vote, the faculty's recommendation will be communicated to the Dean. The Dean will then prepare his own recommendation to the Provost, which will accompany the faculty's recommendation, and will include the Promotion and Tenure Committee's report and associated supporting materials.

#### VII. PROMOTION AND REAPPOINTMENT PROCESS FOR NON-TENURE TRACK FACULTY OTHER THAN CLINICAL OR LAWYERING SKILLS FACULTY.

A. Any non-tenure track faculty member who is eligible for promotion or reappointment at the end of the current appointment term, but who is not subject to the standards established for Clinical or Lawyering Skills Faculty attached to the By-Laws as Appendices B and C, shall be reviewed in accordance with this section VII. ~~The Promotion~~The Promotion and Tenure Committee, augmented as required by Section 9.8 of the By-Laws shall conduct a review as provided in C below and shall make recommendations to the Faculty and the administration concerning whether the candidate should be promoted or reappointed.

B. The criteria for reappointment or promotion shall include the following as appropriate according to the terms of the initial appointment:

1. In General. Depending upon the terms of the initial appointment, the standards for reappointment or promotion will involve a review of the candidate's performance in two out of three of the following: teaching, scholarship and institutional service.

2. Teaching Effectiveness. If required by the terms of the initial appointment, non-tenure track faculty members should demonstrate steady progress toward becoming effective teachers.

3. Service to the University, the Profession and the Community. If required by the terms of the initial appointment, non-tenure track faculty members will be called upon from time to time to engage in service to the Law School or University, for example in administrative or committee work. In addition, they may be asked to engage in public service, for example in organizing or appearing in continuing legal education programs, programs presented to non-lawyer community or educational groups, and service in other community groups such as boards of directors or legal bodies. Non-tenure track faculty are expected to perform such services satisfactorily.

Any non-tenure track faculty member whose primary appointment is as an administrator and who holds a faculty appointment must also perform his or her administrative functions to the satisfaction of the Dean as a prerequisite to reappointment or promotion, regardless of that faculty member's teaching effectiveness or other institutional service.

4. Scholarship. If required by the terms of the initial appointment, the scholarship of non-tenure track faculty members must reflect substantial research, a thorough understanding of the subject, and an insight into the issues and problems that contribute substantially to available knowledge.

C. Review for a promotion or reappointment decision for such faculty should include the following: Candidate Dossier, and Review by the Promotion and Tenure Committee.

1. Candidate Dossier

a. The candidate should submit to the Promotion and Tenure Committee a full C.V. including all teaching and professional activities, any publications and unsolicited letters of support, testimonials or reviews.

b. It is not the intention of the faculty that the candidate solicit outside letters for the promotion or retention processes.

2. Review by Promotion and Tenure Committee

a. The Promotion and Tenure Committee will review the candidate dossier, and all annual review reports previously completed by the Deans and the Promotion and Tenure Committee. In addition, the Promotion and Tenure Committee will independently review those aspects of the candidate's teaching, research and scholarship, or service to the Law School and University that are required under the candidate's non-tenure track appointment. b. If appropriate, the Promotion and Tenure Committee will visit the candidate's classes. The committee will also review student evaluations.

b. The Promotion and Tenure Committee will prepare a draft report of the committee's views. The Chair will share the draft with the candidate, who is asked to correct any misstatement. In addition, the candidate may wish to respond to the report of the committee. The Promotion and Tenure Committee will prepare a final report and then vote on whether or not to recommend the candidate's promotion or retention. The committee's decision is determined by the majority vote.

c. The Chair will place copies of the candidate's C.V. and student evaluations at several secretarial stations for review by members of the faculty. In addition, each faculty member entitled to vote on the promotion or retention will be sent a confidential copy of the Promotion and Tenure committee's recommendation and report, together with class visit memoranda. The committee will also include the candidate's written responses to the report, if any.

3. All members of the faculty entitled to vote as provided in Article 3.1-3.5 of the By-Laws of the Faculty of Law will meet to consider it. As required by Article 5.3, a secret ballot shall be required on all promotions or retentions for non-tenure track faculty.

4. Following the faculty's vote, the faculty's recommendation will be communicated to the Dean. The Dean will then prepare his own recommendation to the Provost, which will accompany the faculty's recommendation, and will include the Promotion and Tenure Committee's report and associated supporting materials. If the candidate is promoted or retained, a new appointment shall be issued for the term recommended and approved by the Provost. If the candidate is not promoted or retained, the candidate's appointment shall be terminated in accordance with the notice procedures for non-renewal of term appointments set forth in the Faculty Handbook (Chapter 3, Part One, I, K.)

## APPENDIX B

### **Policies and Procedures for Faculty Whose Primary Appointments Are In the Clinical Program**

#### **School of Law Case Western Reserve University**

##### I. Introduction

The faculty of law consists of the President of the University or his or her designee and all persons who hold full-time appointments in the School of Law and who have the rank of professor, associate professor, assistant professor, or instructor. These policies and procedures outline the rights and responsibilities of Case Western Reserve University School of Law I faculty whose primary appointments are in the clinical program at the law school, whether tenured, tenure track, or non-tenure track (referred to herein as “clinical faculty”) and whose voting privileges are set forth in Sections 3.2 and 3.4 of the Law School by-laws. They encompass the process for hiring, evaluating, and promoting these faculty.

Nothing in these policies and procedures limits the inherent right of the faculty to control the content and approach of the clinical program.

##### II. Obligations of the Clinical Faculty

In general, the obligations of the non-tenure track clinical faculty to the institution are teaching and institutional service. In general, the obligations of the tenured or tenure track clinical faculty are teaching, institutional service, and research and scholarship.

##### III. Specifications of Rank and Title

A. The following titles shall be applied to clinical faculty appointments: "Assistant Professor," "Associate Professor," and "Professor." Professor is the most

senior title, followed in descending order by Associate Professor and Assistant Professor.

B. Assistant Professor. The title "Assistant Professor" applies to a member of the clinical faculty who is without significant teaching, practice, scholarship (if applicable) or other relevant experience, but who shows the capacity to be able to meet the applicable standards for promotion to the title of clinical professor.

C. Associate Professor. The title "Associate Professor" applies to a member of the clinical faculty who through prior teaching experience as an assistant, or through other practice, scholarship (if applicable), or relevant experience, demonstrates strong and improving performance and substantial progress toward meeting the applicable standards for promotion to the title of clinical professor.

D. Professor. The title, "Professor", applies to a clinical faculty member who possesses a) an expert knowledge of his or her field; b) effective teaching skills; c) for clinical faculty on the tenure track, a documented national or international reputation for sustained scholarship in the candidate's discipline; d) a willingness to assume a fair share of institutional administrative and service tasks; and e) a commitment to continuing development of his or her academic competence, teaching effectiveness, research and scholarship (if applicable) and contribution to the academic objectives of the clinical program, the School of Law and the University.

#### IV. Procedures for Appointment, Evaluation, Reappointment and Promotion.

A. Hiring. Appointment as a Visiting Clinical Professor may be made by the Dean for up to one year, and may be renewed by the Dean for not more than two additional years. All other hiring decisions shall be implemented by the Dean

pursuant to a recommendation by the Appointments Committee, and a majority vote of the faculty entitled to vote on the issue. For the sole purpose of considering a candidate for appointment to the clinical faculty, one member of the Appointments Committee shall be a member of the Clinical Faculty.

B. Reappointment and Promotion Decisions. The Promotion and Tenure Committee has responsibility for making recommendations to the Dean and the Faculty regarding promotion and reappointment of clinical faculty in accordance with the By-laws of the Faculty, Appendix A to those By-laws and these policies and procedures. All reappointment and promotion decisions shall be made pursuant to a majority vote in favor of the candidate by the faculty members entitled to vote following review by the Promotion and Tenure Committee. For the purpose of considering a member of the clinical faculty for promotion or reappointment, at least one member of the Promotion and Tenure Committee shall be a member of the Clinical Faculty who shall hold a title which is equal to or senior to the rank of the candidate under consideration.

C. Persons Entitled to Vote Regarding Clinical Faculty Personnel Matters. ~~Subject to Section 3.4(5) of the Law School's bylaws, A~~ any member of the tenure track Faculty shall be entitled to vote on initial appointments, reappointments, promotions or terminations regarding non-tenure track clinical faculty. Any member of the tenure track Faculty who holds a title which is equal to or senior to the rank of the candidate in question, may vote on initial appointments, reappointments, promotions or terminations of tenure track clinical faculty. In addition, non-tenure track clinical faculty who have been granted voting privileges under the by-laws of the faculty of law with titles equal to or senior to the title of the candidate under consideration shall be entitled to vote on such matters regarding both tenure track and non-tenure track clinical initial appointments, reappointments, promotions or terminations.

D. Non-Tenure Track Clinical Faculty Appointments as Assistant

Commented [djc21]: Changed to conform to revised Section 3.4(5), eliminating special seniority rules for junior tenure-track faculty.

## Professor

A non-tenure track clinical faculty candidate appointed as Assistant Professor shall be eligible to receive two consecutive one (1) year appointments, followed by a three (3) year appointment. If the reappointment is not made, employment shall terminate at the end of the current appointment term, subject to the notice provisions in the University Faculty Handbook.

At the end of the three (3) year appointment, if the candidate is not promoted to Associate Professor, employment shall terminate, subject to the notice provisions in the University Faculty Handbook.

### E. Non-Tenure Track Clinical Faculty Promotion to Associate Professor

Review for promotion to Associate Professor shall be done by the Promotion and Tenure Committee in the spring of the faculty member's fourth year, which shall transmit its recommendation to the faculty for a vote.

If a candidate is not promoted, that candidate's employment shall terminate at the end of the current appointment term, subject to the notice provisions in the University Faculty Handbook.

Promotion to Associate Professor results in an appointment for a five (5) year term. At the end of the five (5) year term, if an Associate does not meet standards for promotion to Professor and is not promoted, employment shall terminate, subject to the notice provisions in the University Faculty Handbook.

### F. Non-Tenure Track Clinical Faculty Promotion to Professor

Review for promotion to Professor shall be done by the Promotion and Tenure Committee in the spring of the faculty member's ninth year, which shall transmit its recommendation to the Faculty for a vote.

If the candidate is not promoted, that candidate's employment shall terminate at the end of the current appointment term, subject to the notice provisions in the University Faculty Handbook.

Promotion to Professor results in an appointment for a five (5) year term,

with renewals for subsequent five (5) year terms as specified in V.

G. Tenure Track Clinical Faculty Appointments and Promotions

The terms of tenure track clinical faculty appointments, reappointments, promotions and terminations shall be governed by the policies and procedures regarding other tenure track faculty at the Law School. Those policies and procedures are memorialized in Appendix A to the By-laws of the Faculty of Law as well as the University Faculty Handbook. As with other tenure track faculty, the pre-tenure period for tenure track clinical faculty is normally six years, subject to certain extensions which may be available as stated therein. Clinical faculty candidates on the tenure track normally will be considered for promotion from Assistant Professor to Associate Professor at the end of his or her second year of service. Clinical faculty candidates on the tenure track normally will be considered for promotion from Associate Professor to Full Professor with tenure at the end of his or her fifth year of service.

H. Notwithstanding any of the provisions in this section IV., if a non-tenure track clinical faculty member is supported by short-term grants, the School of Law may condition the continuation of employment on continued receipt or renewal of such grants.

V. Renewal of Non-Tenure Track Clinical Professorial Appointments.

In the spring of the fourth (4th) year of a five (5) year appointment as a non-tenure track Professor, the Promotion and Tenure Committee shall review the candidate's performance to ensure that the standards for appointment as a non-tenure track Professor continue to be met and shall make a recommendation to the faculty. The faculty shall meet to vote on the recommendation, and reappointment shall occur upon a majority vote in favor of reappointment by the faculty members entitled to vote on such matters. If, following a valid faculty vote, the reappointment is not made, termination of employment would occur at the end of the current five

(5) year appointment, subject to the notice provisions in the University Faculty Handbook.

VI. Periodic Evaluations

In addition to evaluations for promotion and reappointment, all clinical faculty members at the titles of Assistant and Associate Professor shall be given an annual performance evaluation by the Promotion and Tenure Committee for the purpose of assisting the candidate in achieving levels of performance sufficient to warrant promotion to the next level of appointment.

VII. Procedures for Termination of Employment.

Any clinical faculty appointment may be terminated: 1) for just cause as defined in the Faculty Handbook Chapter 3, Part One, Section I.E.3.; 2) for serious failure to meet the continuing performance obligations set forth in Item XI. below; or 3) pursuant to a Faculty vote pertaining to reduction in staff as set forth in Item VIII below.

If the Dean or a majority of the voting faculty determines that mid-term termination of employment should be considered, the matter shall be referred to the Promotion and Tenure Committee for review and recommendation to the Faculty.

Following receipt of the recommendation of the Promotion and Tenure Committee if, in a valid faculty vote, a majority of faculty members entitled to vote on such matters finds that sufficient cause exists for termination, the candidate's employment shall be terminated, in accordance with, and subject to the notice provisions in the University Faculty Handbook.

VIII. Termination or Substantial Modification of the Clinical Program.

If the clinical program is terminated or substantially modified by the Faculty

in a way that requires a reduction in the need for clinical faculty who teach in the clinical program, a member of the clinical faculty may be terminated regardless of years of service or title, in accordance with, and subject to the notice provisions in the University Faculty Handbook.

If a majority of persons entitled to vote on such matters approve a reduction in clinical faculty size, the reduction shall be accomplished in order of ascending title (i.e. lowest title first) or in order of years of service within a title (i.e. least years of service first).

IX. General Standards of Performance Applicable to Tenure-Track or Non-Tenure-Track Clinical Faculty.

A. In General. Standards for reappointment and promotion for all clinical faculty require effective teaching and institutional service. In addition, for tenure track clinical faculty, reappointment and promotion require sufficient research and scholarship as described in Appendix A to the By-laws of the Faculty of Law.

B. Teaching Effectiveness. Teaching ability is the primary factor to be considered in evaluating non-tenure track clinical faculty for hiring, retention and promotion. Teaching ability is an equally important factor, along with research and scholarship, for tenured or tenure track clinical faculty. All Clinical faculty should demonstrate steady progress toward becoming effective teachers in the clinical program. Any clinical faculty member whose primary appointment is as an administrator and who holds a clinical faculty appointment must also perform his or her administrative functions to the satisfaction of the Dean as a prerequisite to ~~reappointment or~~ reappointment or promotion, regardless of that clinical faculty member's teaching effectiveness or other institutional service.

C. Service to the University, the Profession and the Community. Clinical faculty, like other members of the Faculty, will be called upon from time to time to

engage in service to the Law School or University, for example in administrative or committee work. In addition, they may be asked to engage in public service, for example in organizing or appearing in continuing legal education programs, programs presented to non-lawyer community or educational groups, and service in other community groups such as boards of directors or legal bodies. Clinical faculty are expected to perform such services satisfactorily.

Extraordinary performance of service is an important factor in promotion decisions for non-tenure track clinical faculty. Extraordinary performance of service, however, will not justify promotion or reappointment if a clinical faculty member has not demonstrated effective teaching ability, or in the case of tenure track faculty, the required research and scholarship.

D. Capacity to collaborate with Colleagues. A candidate for reappointment or promotion in the clinical program shall demonstrate that he or she can work well with colleagues and has the inclination to continue to do so.

X. Additional Standards of Performance in the Clinical Program for All Clinical Faculty.

In addition to the general standards stated above in Item IX., the following standards are applicable to all clinical faculty, whether tenured, tenure track, or non-tenure track. In the evaluation process, due consideration shall be given to client confidentiality and the likelihood that in the course of representing clients, clinical faculty may be required to vigorously espouse contentious positions with other counsel or the bench.

A. Clinical Teaching Effectiveness. Candidates for ~~reappointment~~ ~~and~~reappointment and promotion should demonstrate steady progress towards excellence in achieving the goals of clinical teaching: to instill in students the habits of careful research, rigorous analysis, thorough preparation, good relations with clients and others, honest self-criticism, and the ability to learn from experience. Candidates who achieve the title of Clinical Professor should perform proficiently in both one-to-one supervision and clinical classroom teaching.

B. Competence as a Lawyer. Because one of the goals of the clinical program is instruction in the lawyering skills and professional values needed by the practicing lawyer, the effective teacher must be a good lawyer. The following are criteria for determining the quality of lawyering. The list is not exhaustive:

1. Knowledge of the Law. Clinicians should be knowledgeable in the fields of law in which they practice. They should be able to identify matters that are beyond their expertise and bring such matters to the client's attention.

2. Legal skills. Clinicians should exhibit proficiency in a variety of skills, including:

- a. Information gathering both from clients and others;
- b. Legal research, analysis, and writing;
- c. Strategy formation including client counseling;
- d. Strategy execution including negotiation, trial advocacy and alternative dispute resolution;
- e. Follow through, including keeping clients informed and maintaining good client relations; and
- f. Practice management, including organization and control of the legal work and finances of the office. In evaluating a clinician's proficiency in practice management skills, due consideration should be given to the individual clinician's opportunities or lack thereof, for such things as case assignment, overall supervision of office procedures, and control of the office finances.

3. Professional Values and Professional Responsibility.

Clinicians should evidence an appreciation of the professional values necessary to be a competent advocate and officer of the court. Clinicians also should be aware of ethical issues raised by practice and should take appropriate action to deal with these issues in a manner consistent with applicable ethical and legal standards.

C. Character. Clinicians should be intellectually and emotionally capable of rendering professional service to clients and of providing supervision to students.

D. Growth as a Lawyer. The clinical program is designed primarily to assist students in becoming competent practitioners. Competency as a practitioner is not learned at once but must be achieved and maintained throughout one's career. Growth as a practitioner is, therefore, a factor for consideration in retention and promotion decisions.

Growth may be demonstrated in a variety of ways: for example, by an intensive period of time spent practicing law with a firm or governmental agency during the summers or while on sabbatical; by representing clients in the clinic or through public or private consultation in cases that pose significant new challenges to the faculty member; or by teaching in participating programs such as institutes on trial advocacy. This requirement shall be interpreted reasonably in light of the opportunities that the school and program make available.

#### XI. Continuing Performance Obligations of All Clinical Faculty.

Throughout the term of any clinical faculty member's appointment, the clinical faculty member is expected to continually improve his or her performance under the performance standards applicable to his or her appointment and articulated in these policies and procedures.

#### XII. Application to Incumbent Clinical Faculty.

Clinical faculty who are employed by the Law School when these policies and procedures are adopted shall be evaluated and appointed to the title and contract term that are warranted under these policies and procedures, but no clinical faculty member shall receive a title or contract term less than that under which that clinical

faculty member is currently employed.

The employment of any clinical faculty member who is currently appointed based upon a grant from outside the University shall, in addition to all other standards contained in these policies and procedures, be subject to termination at the expiration of: a) the grant period, or b) the term of appointment in effect for that clinical faculty member at the time of adoption of these policies and procedures, whichever event occurs later.

### XIII. Transition of Clinical Faculty to the Tenure Track.

The following provisions are intended to implement the faculty decision made March 5, 2008 that provided: 1) all new clinical faculty who are considered for initial permanent, full-time appointments at the Law School that would begin after March 5, 2008, shall be considered for the tenure track, and shall be appointed, promoted, reappointed and considered for tenure pursuant to these policies and procedures as to their teaching and service, but shall also be subject to the policies and procedures regarding research and scholarship applicable to other tenured or tenure track faculty at the Law School. The policies and procedures applicable to research and scholarship are memorialized in the By-Laws of the Faculty of Law and Appendix A to those By-Laws; and 2) clinical faculty who were employed by the Law School on March 5, 2008 as non-tenure track clinical faculty under these policies and procedures are eligible to apply for transition to the tenure track.

#### A. Access to Tenure Track for Clinicians Employed as of March 5, 2008.

To be appointed to a tenure-track position, full-time clinical faculty members employed by the Law School as of March 5, 2008 must successfully go through the faculty appointments process to assess their scholarly potential. This would include

positive recommendations from the Faculty Appointments Committee to the faculty, from the faculty to the Dean, and from the Dean to the Provost. Such a recommendation would focus on teaching, service, practice, and scholarship. Teaching, service and practice shall be governed by the policies and procedures stated above generally applicable to all clinical faculty. Scholarship generally shall be governed by the provisions of Appendix A to the By-Laws of the Faculty of Law, applicable to other tenure track faculty.

1. **Evidence of Scholarly Potential** – As with nonclinical tenure-track candidates, clinical faculty seeking a tenure-track appointment must establish their strong interest in, and ~~substantial potential~~substantial potential for, producing high quality scholarship with reasonable regularity throughout their teaching career.

a. **Appointment on the Basis of Prior Articles**

Like candidates for nonclinical tenure-track positions, clinical faculty members may request that prior articles be considered in order to establish evidence of scholarly potential sufficient for appointment to a tenure-track position.

b. **Release Time and Support for Writing**

To be appointed to the tenure track, non-tenure track clinical faculty members employed by the Law School as ~~of March of~~March 5, 2008, who have no prior publications or whose prior publications do not establish an adequate basis for appointment must produce an article demonstrating scholarly potential. Based

upon their scholarly potential and progress, as determined by the Dean, clinical faculty members in this position who declare their intention to seek a tenure-track appointment may be released from clinical obligations during the summer and may be given research support, including research assistants and summer research grants for no more than three years.

2. Once a clinical faculty member is on the tenure track, that faculty member will receive the same benefits, rights, and obligations as nonclinical tenure-track faculty.

B. Consideration of prior scholarship, rank and years to tenure at application

1. As with nonclinical tenure-track faculty, a clinical tenure-track faculty member may be given credit at the time of appointment for scholarship previously produced.

2. While working toward tenure, clinical tenure-track faculty members may retain the rank and titles they earned at the law school prior to being appointed to the tenure track.

C. Choice to apply for tenure track

1. Clinical faculty members must choose, within five years of June 30, 2008, whether to apply for a tenure-track position or retain long-term contract status.

2. Clinical faculty members who apply for, but do not receive, a tenure-track position would retain long-term contract status.

3. All full-time clinical faculty employed by the Law School as of March 5, 2008 have the option to retain their previous non-tenure track long-term contract status and not apply for a tenure-track position.

These policies and procedures were initially adopted by the Faculty of Law on April 16, 1997; additional changes to conform to Faculty Handbook and Bylaws changes adopted October 1, 2007; additional changes to provide for transition of clinical faculty from non-tenure track to the tenure track were adopted in September, 2009.

**Appendix C: Policies and Procedures for Lawyering Skills Faculty**  
Case Western Reserve University School of Law

I. *Introduction*

These policies and procedures outline the rights and responsibilities of the faculty of the Case Western Reserve University School of Law whose primary appointments involve teaching lawyering skills courses, ~~in the CaseArc Integrated Lawyering Skills Program or other parts of the curriculum, and who are~~ hereinafter referred to as the “lawyering skills faculty.” These policies and procedures describe the process for hiring, evaluating, promoting, reappointing and terminating members of the lawyering skills faculty.

Commented [djc22]: Changed to eliminate outdated reference to CaseArc.

Nothing in these policies and procedures limits the inherent right of the faculty to control the content and approach of the lawyering skills program.

II. *Obligations of the Lawyering Skills Faculty*

In general, the obligations of the non-tenure track lawyering skills faculty to the institution are teaching and institutional service. The obligations of special lawyering skills faculty are teaching only.

III. *Specifications of Rank and Title*

A. *Ranks and Titles.* Lawyering skills faculty shall be non-tenure track or special faculty, depending upon the terms of the appointment. The following titles shall be applied to non-tenure track lawyering skills faculty appointments: “assistant professor of law,” “associate professor of law,” and “professor of law.” Professor is the most senior rank, followed in descending order by associate professor and assistant professor. The following titles shall be applied to special lawyering skills faculty appointments: “adjunct professor of lawyering skills” or “visiting

professor of lawyering skills” depending on the nature of the appointment. All non-tenure track lawyering skills faculty are senior to special lawyering skills faculty.

B. *Assistant Professor.* The title “assistant professor of law” applies to a member of the non-tenure track lawyering skills faculty who is without significant teaching or other relevant experience, but who shows the capacity to meet standards for promotion to the rank of professor.

C. *Associate Professor.* The title “associate professor of law” applies to a member of the non-tenure track lawyering skills faculty who has prior teaching experience as an assistant professor or has other relevant experience, and who demonstrates strong performance and substantial progress toward meeting the standards for promotion to the rank of professor.

D. *Professor.* The title “professor of law” applies to a member of the non-tenure track lawyering skills faculty who possesses 1) an expert knowledge of his or her field, 2) effective teaching skills, 3) a willingness to assume a fair share of institutional administrative and service tasks, and 4) a commitment to continuing development of academic competence.

#### IV. *Procedures for Appointment, Evaluation, Reappointment, and Promotion*

A. *Hiring.* Appointment as a special faculty member in the lawyering skills program on either a full-time or part-time basis may be made by the Dean for up to one year, and may be renewed by the Dean for an additional year. In addition, under the provisions of paragraph IV.G. below, the Dean may appoint lawyering skills special faculty to additional or continuing terms. All hiring decisions of non-tenure track lawyering skills faculty shall be pursuant to a recommendation by the Appointments Committee and a majority vote of the faculty entitled to vote on the issue. For the sole purpose of considering a candidate for appointment to the non-tenure track lawyering skills faculty, one member of the Appointments Committee shall be a member of the non-tenure track lawyering skills faculty.

*B. Reappointment and Promotion Decisions.* The Promotion and Tenure Committee (or such other committee designated for this purpose) has responsibility for making recommendations to the faculty regarding promotion and reappointment of non-tenure track lawyering skills faculty in accordance with these policies and procedures.

All reappointment and promotion decisions shall be made pursuant to a majority vote by the faculty members entitled to vote, following review by the Promotion and Tenure Committee. For the sole purpose of considering a member of the non-tenure track lawyering skills faculty for promotion or reappointment, one member of the Promotion and Tenure Committee shall be a member of the non-tenure track lawyering skills faculty who holds a rank equal to or senior to the rank to which the non-tenure track lawyering skills faculty member under consideration is being reappointed or promoted.

*C. Persons Entitled to Vote Regarding Non-Tenure Track Lawyering Skills Faculty*

*Personnel Matters.* Subject to the provisions of Section 3.4(7) of the Law School Bylaws,

~~A~~ny member of the tenure-track faculty and any clinical faculty member shall be entitled to vote on initial appointments, reappointments, promotions, or terminations regarding lawyering skills faculty. In addition, members of the non-tenure track lawyering skills faculty with ranks equal to or senior to the rank of the non-tenure track lawyering skills faculty member under consideration shall be entitled to vote on initial appointments, reappointments, promotions, or terminations regarding non-tenure track ~~lawyering~~ lawyering skills faculty.

**Commented [djc23]:** Changed to conform to edit to this provision proposed September 2015

**Formatted:** Indent: Left: 0", Right: 0.31", Space Before: 0.45 pt

**Commented [djc24]:** Changed to fix typo

*D. Lawyering Skills Faculty Appointment as Assistant Professor.* A lawyering skills faculty member appointed as assistant professor may receive two consecutive one (1) year appointments, followed by a three (3) year appointment, if the appointment is renewed before

the end of the one (1) year or three (3) year appointment periods.

If reappointment is not made before the end of the one (1) year or three (3) year appointment periods, the appointment shall terminate at the end of the current appointment term, subject to the notice provisions in the University Faculty Handbook.

*E. Lawyering Skills Faculty Promotion to Associate Professor.* Promotion to associate professor in the lawyering skills program results in an appointment for a five (5) year term.

Review for promotion to associate professor in the lawyering skills program shall ordinarily be done in the spring of the lawyering skills faculty member's fourth year as assistant professor by the Promotion and Tenure Committee, which shall transmit its recommendation to the faculty for a vote.

If an assistant professor is not promoted to associate professor, that faculty member's appointment shall terminate at the end of the current appointment term, subject to the notice provisions in the University Faculty Handbook.

*F. Lawyering Skills Faculty Promotion to Professor.* Promotion to professor in the lawyering skills program results in an appointment for a five (5) year term, with possible renewals for subsequent five (5) year terms as specified in article V of these policies.

Review for promotion to professor in the lawyering skills program shall ordinarily be done in the spring of the faculty member's ninth year by the Promotion and Tenure Committee, which shall transmit its recommendation to the faculty for a vote.

If an associate professor in the lawyering skills program is not promoted to professor, that faculty member's appointment shall terminate at the end of the current appointment term, subject to the notice provisions in the University Faculty Handbook.

*G. Special Faculty Positions.* Notwithstanding any of the above provisions in this article

IV, the Dean, in consultation with the Appointments Committee and the full faculty, shall have flexibility to create continuing, special faculty positions in the lawyering skills program when doing so is in the best interests of the School of Law.

*V. Reappointments of Non-Tenure Track Appointments of Lawyering Skills Professors*

In the spring of the fourth year of a faculty member's five (5) year appointment as a non-tenure track professor in the lawyering skills program, the Promotion and Tenure Committee shall review the faculty member's performance to ensure that the standards for appointment as professor continue to be met, and the Committee shall make a recommendation to the faculty on renewal of ~~the lawyering~~the lawyering skills faculty member's appointment. The faculty shall meet to vote on the recommendation, and reappointment shall occur upon a majority vote in favor of reappointment by the faculty members entitled to vote on such matters.

If a faculty member's appointment is not renewed before the end of the five (5) year appointment, the appointment shall terminate at the end of the current appointment term, subject to the notice provisions in the University Faculty Handbook.

*VI. Periodic Evaluations*

In addition to evaluations for promotion and renewal, all non-tenure track lawyering skills faculty members at the ranks of assistant professor and associate professor shall be given an annual performance evaluation by the Promotion and Tenure Committee for the purpose of assisting the faculty member in achieving levels of performance sufficient to warrant promotion to associate professor or professor, as appropriate. Evaluations of special lawyering skills faculty shall be done by the Dean or his designee as appropriate to the nature of the appointment, but shall occur not less than once per year.

## *VII. Procedures for Termination of Appointment*

Any lawyering skills faculty appointment may be terminated before the end of the current appointment period 1) for just cause as defined in the Faculty Handbook Chapter 3, Part One, Section I.E.3. and 2) for serious failure to meet the continuing performance obligations set forth in article X below; or 3) pursuant to a faculty vote pertaining to reduction in staff as set forth in article VIII below and pursuant to the applicable Faculty Handbook provisions.

In the case of non-tenure track lawyering skills faculty, if the Dean or a majority of the voting faculty entitled to vote on appointments, reappointments and promotions of the individual in question determines that mid-term termination of appointment should be considered, the matter shall be referred to the Promotion and Tenure Committee for review and recommendation to the faculty. Following receipt of the recommendation of the Promotion and Tenure Committee if a majority of faculty members entitled to vote on such matters finds that sufficient cause exists for termination, the faculty member's appointment shall be terminated, subject to the notice provisions in the University Faculty Handbook.

## *VIII. Termination or Substantial Modification of the Lawyering Skills Program*

If the lawyering skills program is terminated or substantially modified by the faculty in a way that requires a reduction in the need for lawyering skills faculty, any member of the lawyering skills faculty may be terminated regardless of years of service or rank, subject to the notice provisions in the University Faculty Handbook.

If a majority of persons entitled to vote on such matters approves a reduction in lawyering skills faculty size, the reduction shall be accomplished in order of ascending rank (i.e., lowest rank first) or in order of years of service within a rank (i.e., least years of service first).

IX. *Standards of Performance: Lawyering Skills Faculty*

A. *In General.* Standards for reappointment and promotion of non-tenure track lawyering skills faculty require effective teaching and institutional service. Standards for reappointment of special lawyering skills faculty require effective teaching.

B. *Teaching Effectiveness.* Teaching ability is the primary factor to be considered in evaluating lawyering skills faculty for hiring, reappointment, and promotion. Lawyering skills faculty who are candidates for reappointment or promotion should demonstrate steady progress towards excellence in achieving the goals of teaching lawyering skills — to begin to instill in students the habits of competent and effective performance of the lawyering skills taught in their courses, including to the extent applicable: 1) clear exposition, careful research, rigorous analysis; 2) thorough preparation; 3) effective interviewing, fact gathering, counseling, negotiation and oral presentation; 4) written and oral examination and advocacy; and 4) honest self-criticism. Faculty members in the lawyering skills program should perform proficiently in one-to-one interaction, small group and classroom teaching.

C. *Service to the University, the Profession, and the Community.* Non-tenure track lawyering skills faculty will be called upon to engage in service to the law school or University—for example, in administrative or committee work. In addition, they may be asked to engage in public service—for example, organizing or appearing in continuing legal education programs or programs presented to non-lawyer community or educational groups, and providing service in other community groups such as boards of directors or legal bodies. Lawyering skills faculty are expected to perform such services satisfactorily.

Extraordinary performance of service is an important factor in promotion or reappointment decisions, but it will not justify promotion or reappointment if a lawyering skills faculty member has not demonstrated effective teaching ability.

*D. Capacity to Collaborate with Colleagues.* A candidate for reappointment or promotion in the lawyering skills program shall demonstrate that he or she works well with colleagues, including the person or persons responsible for administering the lawyering skills program, and that he or she has the inclination to continue to do so.

#### *X. Continuing Performance Obligations*

Throughout the term of any lawyering skills faculty member's appointment, the lawyering skills faculty member is expected to continually improve his or her performance under the performance standards articulated in these policies and procedures.

#### *XI. Application to incumbent Legal Analysis and Writing Faculty*

Legal Analysis and Writing faculty who are employed as full-time non-tenure track faculty by the School of Law when these policies and procedures are adopted shall be evaluated and may be appointed to an initial three (3) year appointment term at a rank that is warranted under these policies and procedures; provided, that no Legal Analysis and Writing faculty member shall receive a rank or appointment term less than that under which that faculty member is currently employed. After the expiration of the initial three (3) year appointment, any such faculty member may be eligible for reappointment at the rank and for the appointment term provided under these policies and procedures.

## APPENDIX D

### POLICIES AND PROCEDURES FOR OTHER NON-TENURE TRACK FACULTY

School of Law, Case Western Reserve University

#### I. *Introduction*

These policies and procedures outline the rights and responsibilities of the non-tenure track faculty of the Case Western Reserve University School of Law whose primary appointments are not in the Clinical or the CaseArc Integrated Lawyering Skills Program. However, under the limited circumstances described below and for limited duration, a Professor from Practice may receive a primary appointment in the clinical program. These policies and procedures describe the process for hiring, evaluating, promoting, reappointing, and terminating members of such non-tenure track faculty. Nothing in these policies and procedures limits the inherent right of the faculty to control the content and approach of the program taught by non-tenure track faculty.

#### II. *Obligations of the Non-Tenure Track Faculty*

In general, the obligations of the non-tenure track faculty to the institution are teaching and institutional service.

#### III. *Specifications of Rank and Title*

A. Except as otherwise provided in Section III.B., non-tenure track faculty (other than Clinical and Lawyering Skills faculty) shall have the rank and title “Senior Instructor in Law.”

B. *Professors from Practice.* Prominent and accomplished candidates who possess significant expertise or other valuable qualities obtained while engaged in at least 10 years of law practice may be appointed as “Professors from Practice,” with the university rank of “Senior Instructor in Law.” Professors from Practice may be appointed to teach any course in the law school curriculum for which they

are qualified. Professors from Practice may be appointed or reappointed only under extraordinary circumstances. This type of appointment is an exception to the general policy that clinical faculty shall be appointed to positions on the tenure track.

#### IV. *Procedures for Appointment, Evaluation and Reappointment*

A. *Hiring.* All hiring decisions of non-tenure track faculty shall be pursuant to a recommendation by the Appointments Committee and a majority vote of the faculty entitled to vote on the issue.

B. *Reappointment Decisions.* The Promotion and Tenure Committee (or such other committee designated for this purpose) has responsibility for making recommendations to the faculty regarding reappointment of non-tenure track faculty in accordance with these policies and procedures. All reappointment decisions shall be made pursuant to a majority vote by the faculty members entitled to vote, following review by the Promotion and Tenure Committee.

C. *Persons Entitled to Vote Regarding Non-Tenure Track Faculty Personnel Matters.* Any member of the tenure-track faculty and any clinical and lawyering skills faculty member shall be entitled to vote on initial appointments, reappointments, or terminations regarding non-tenure track faculty.

D. *Initial Appointment.* A non-tenure track faculty member shall be appointed to a three (3) year term. If reappointment is not made before the end of the three (3) year appointment period, the appointment shall terminate at the end of the academic year following the end of the initial appointment term, subject to the notice provisions in the University Faculty Handbook.

E. *Reappointment.* Review for reappointment of a non-tenure track faculty member shall ordinarily be done by the Promotion and Tenure Committee during the third year of the non-tenure track faculty member's appointment. The Promotion and Tenure Committee shall transmit its recommendation to the faculty for a vote. The faculty shall meet to vote on the recommendation, and

reappointment shall occur upon a majority vote in favor of reappointment by the faculty members entitled to vote on such matters. If a non-tenure track faculty member is not reappointed, that faculty member's appointment shall terminate at the end of the academic year following the end of the current appointment term, subject to the notice provisions in the University Faculty Handbook.

#### *V. Periodic Evaluations*

In addition to evaluations for renewal, all non-tenure track faculty members shall be given an annual performance evaluation by the Promotion and Tenure Committee for the purpose of assisting the faculty member in achieving levels of performance sufficient to warrant reappointment.

#### *VI. Procedures for Termination of Appointment*

Any non-tenure track faculty appointment may be terminated before the end of the current appointment period: (1) for just cause as defined in the Faculty Handbook Chapter 3, Part One, Section I.E.3. and (2) for serious failure to meet the continuing performance obligations set forth in article VIII below. In the case of non-tenure track faculty, if the Dean or a majority of the voting faculty entitled to vote on appointments and reappointments of the individual in question determines that mid-term termination of appointment should be considered, the matter shall be referred to the Promotion and Tenure Committee for review and recommendation to the faculty. Following receipt of the recommendation of the Promotion and Tenure Committee, if a majority of faculty members entitled to vote on such matters finds that sufficient cause exists for termination, the faculty member's appointment shall be terminated, subject to the notice provisions in the University Faculty Handbook.

#### *VII. Standards of Performance for Non-Tenure Track Faculty*

A. *In General.* Standards for reappointment of non-tenure track faculty require effective teaching and institutional service.

B. *Teaching Effectiveness.* Teaching ability is the primary factor to be considered in evaluating non-tenure track faculty for appointment and reappointment. Non-tenure track faculty who are candidates for reappointment should demonstrate steady progress toward excellence in teaching.

C. *Service to the University, the Profession, and the Community.* Non-tenure track faculty will be called upon to engage in service to the law school or University—for example, in administrative or committee work. In addition, they may be asked to engage in public service—for example, organizing or appearing in continuing legal education programs or programs presented to non-lawyer community or educational groups, and providing service in other community groups such as boards of directors or legal bodies. Non-tenure track faculty are expected to perform such services satisfactorily. Extraordinary performance of service is an important factor in reappointment decisions, but it will not justify reappointment if a non-tenure track faculty member has not demonstrated effective teaching ability.

#### VIII. *Continuing Performance Obligations*

Throughout the term of any non-tenure track faculty member's appointment, the faculty member is expected to continually improve his or her performance under the performance standards articulated in these policies and procedures.

BY-LAWS OF THE FACULTY OF LAW  
Case Western Reserve University<sup>1</sup>

ARTICLE 1: PURPOSE

1.1 These By-Laws, and all amendments adopted as hereafter provided, shall constitute the rules governing the procedures of the Faculty of Law in the performance of its duties and powers specified in and authorized by the By-Laws of the Board of Trustees, the Constitution of the University Faculty, and the University Faculty Handbook.

ARTICLE 2: THE FUNCTIONS OF THE FACULTY

2.1 Introduction. The Faculty has primary responsibility for the selection of those individuals who constitute the tenured, tenure track, and non-tenure track Faculty. The Faculty and the Administration have joint responsibility for implementation of plans for the law school.<sup>2</sup> Since operations by the Administration may require modification of plans, the Faculty has a right to be kept informed of operations, and to be consulted on operational problems or decisions which may affect the overall operations or plans of the School. Accordingly, the powers and responsibilities listed below do not constitute an exclusive list.

2.2 Recommendations on Policy. The Faculty shall have the authority and responsibility to make recommendations to the Dean, for implementation within the Law School, or, where appropriate, for transmission to the President or to the Faculty Senate, with respect to policies governing:

- (1) Faculty personnel matters, including standards of appointment, re-appointment, promotion, tenure, and termination;
- (2) assignment of courses and Faculty workloads;

---

<sup>1</sup> As originally adopted on June 4, 1973, and conformed to include all amendments made to date. A footnote number at the end of a section or of a paragraph within a section indicates that the section or paragraph has been amended. Explanatory comments are set forth in the footnotes. Amendments which merely renumbered sections are not footnoted, nor are amendments to sections subsequently repealed. This version is an exact copy of that prepared by then Secretary Hugh Ross which was headed "Current to January 1, 1986", except for some formatting changes, and except for the amendment of May 14, 1996 to 3.1. This copy was last proof read against the Ross version on November 16, 1995. This revision was prepared to conform to changes in the University Faculty Handbook adopted in 2003. Changes to the status of the Lawyering Skills Faculty were adopted by the Faculty of Law on October 1, 2007, and changes to add a budget committee, an experiential education committee, and allow Clinical Faculty to seek tenure-track appointments were adopted November 17, 2011. Changes to grant voting rights to special faculty, allow them to serve on committees, and eliminate provisions in conflict with the Faculty Handbook were approved by the Faculty on September 30, 2015. Changes added the title "Lecturer" to 3.3 were added on January 19, 2017.

<sup>2</sup> Amended by the Faculty on September 30, 2015 at request of Central UGC to clarify the meaning of "plans."

- (3) standards for curricula and content of courses and programs;
- (4) standards and facilities for research and scholarship;
- (5) requirements for admission and graduation;
- (6) the establishment or discontinuance of educational or service programs.

2.3 Specific Functions. The faculty shall have the authority and responsibility to:

- (1) make recommendations to the President and the Board of Trustees for the awarding of degrees in the ordinary course;
- (2) make recommendations to the President relative to appointment of a Dean of the Law School in accordance with Faculty Handbook procedures;<sup>3</sup>
- (3) make recommendations to the President for appointment of members of the Faculty. No person shall be appointed to the tenured, tenure track or non-tenure track Faculty by the University unless his or her appointment has been recommended by the affirmative vote of the faculty. This function may not be delegated.<sup>4</sup> Special Faculty may be appointed by the Dean or his designee as provided in the Faculty Handbook.
- (4) make recommendations to waive policies on requirements for admission or graduation in specific areas. This function may be delegated.
- (5) make recommendations to the Dean on the appointment of administrative officers, the formulation of the budget, and the allocation of the resources and facilities of the Law School, without limitation on the Dean's authority in any of the matters referred to in this paragraph 5.

---

<sup>3</sup> Sections 2.3(2) and (3) were amended September 30, 2015 to add “in accordance with Faculty Handbook procedures.”

<sup>4</sup>Amended April 22, 1981. The former section provided that no person shall be appointed unless the appointment is approved by the Faculty, incorrectly implying that it is the Faculty which appoints. Reference to Faculty Handbook incorporated on September 30, 2015.

## ARTICLE 3: MEMBERSHIP AND VOTING RIGHTS<sup>5</sup>

- 3.1 Tenured or tenure track faculty. Tenured or tenure track faculty members, whether clinical faculty or non-clinical faculty, are those persons holding full-time academic appointments at the ranks of professor, associate professor, and assistant professor whose obligations to the Law School and the University include 1) teaching, 2) research and scholarship, and 3) service to the Law School and the University Community. Non-clinical tenured or tenure track faculty shall be appointed, evaluated, reappointed and promoted in accordance with the procedures memorialized in Appendix A attached and incorporated by reference. Clinical tenured or tenure track faculty shall be appointed, evaluated, reappointed and promoted in accordance with the procedures memorialized in Appendix A as to their research and scholarship, but as to Appendix B attached and incorporated by reference, as to their teaching, practice and service to the Law School and the University Community. Tenured or tenure track faculty shall be entitled to vote on all matters coming before the University Faculty and the Faculty of Law, except as limited below.
- 3.2 Non-tenure track faculty. Non-tenure track faculty members are those persons holding full-time academic appointments at the ranks of professor, associate professor, assistant professor, senior instructor, and instructor whose obligations to the Law School and the University include two of the three obligations of the tenured/tenure track faculty, i.e., 1) teaching, 2) research and scholarship or 3) service to the Law School and the University Community. Non-tenure track faculty in the Law School shall be appointed, evaluated, reappointed and promoted in accordance, where applicable, with either 1) the Policies and Procedures for Clinical Faculty attached as Appendix B and incorporated by reference; 2) the Policies and Procedures for Lawyering Skills Faculty attached as Appendix C and incorporated by reference; or 3) the Policies and Procedures for Other Non-Tenure Track Faculty attached as Appendix D and incorporated by reference. Non-tenure track Clinical Faculty, non-tenure track Lawyering Skills Faculty, and instructors and senior instructors eligible for reappointment under Appendix D shall be entitled to vote on all matters coming before the University Faculty and the Faculty of Law, except as limited below.<sup>6</sup>
- 3.3 Special faculty. Special faculty members are 1) those persons holding part-time academic appointments, or 2) persons holding full-time academic appointments, but who have specific, limited responsibilities for the duration of a specific project, or for a limited

---

<sup>5</sup> Article 3 was substantially revised October 1, 2007 and slightly revised on November 17, 2011 to conform to the revised Faculty Handbook.

<sup>6</sup> This sentence was revised on May 15, 2008 to give non-tenure track Lawyering Skills Faculty the same voting rights as non-tenure track Clinical Faculty, except as limited in 3.4. On September 30, 2015, voting rights were granted to other full-time non-tenure track faculty eligible for reappointment.

duration. The obligations of special faculty shall include one or more of the three obligations of the tenured/tenure track faculty, i.e., 1) teaching, 2) research and scholarship or 3) service to the Law School and the University Community. The titles of special faculty in the Law School shall be lecturer<sup>7</sup>, visiting assistant professor, visiting associate professor, or visiting professor of law, visiting instructor or visiting senior instructor of law, or adjunct assistant, adjunct associate, or adjunct professor of law.<sup>8</sup> Special faculty members shall not be entitled to vote on matters coming before the University Faculty or the Faculty of Law.

### 3.4 Voting Limitations.

- (1) On matters involving the granting of tenure, only those Faculty members with tenure shall be entitled to vote.
- (2) On matters involving promotions of non-clinical Faculty who have tenure track appointments, only those tenured or tenure track Faculty of rank equal to or senior to the rank to which the individual is being promoted shall be entitled to vote.
- (3) On matters involving initial non-clinical tenure track appointments to the Faculty (regardless of rank), only those Faculty who have tenure track appointments shall be entitled to vote.<sup>9</sup>
- (4) On matters involving the initial appointment of non-tenure track or tenure track Clinical Faculty, only tenured or tenure track and Clinical Faculty (tenure track or non-tenure track) shall be entitled to vote.
- (5) On matters involving the reappointment or promotion of non-tenure track or tenure track Clinical Faculty, only those Faculty of rank equal to or senior to the rank to which the individual is being reappointed or promoted shall be entitled to

---

<sup>7</sup> Revised January 19, 2017 to add lecturer as a title for special faculty, and to allow special faculty to perform one OR MORE of the obligations of tenured faculty.

<sup>8</sup> Stylistic changes approved September 30, 2015 to improve flow of paragraph, and eliminate reference to “full professor”, since Faculty Handbook does not recognize that rank. Title of Lecturer was added to available titles by unanimous vote of the Faculty on January 19, 2017, and language was revised to indicate that special faculty’s obligations include one or more of the three obligations.

<sup>9</sup> The phrase “and on personnel matters involving initial appointments . . .” (since revised to read “On matters involving initial tenure-track appointments” . . .) was added by amendment adopted January 11, 1983. The purpose was to spell out that administrative officers who have regular Faculty appointments, but who are not tenure track, cannot vote on initial appointments to the regular Faculty. The whole of 3.1 (now 3.4) was substantially revised by faculty vote of May 14, 1996, in order to make provision for members of the clinical faculty.

vote.<sup>10</sup>

- (6) On matters involving the initial appointment of non-tenure track Lawyering Skills Faculty, all tenured, tenure track, Clinical and Lawyering Skills Faculty shall be entitled to vote.
  - (7) On matters involving the reappointment or promotion of non-tenure track Lawyering Skills Faculty, only those Faculty of rank equal to or senior to the rank to which the individual is being reappointed or promoted shall be entitled to vote.
  - (8) On matters involving standards and policies concerning promotion, tenure, or eligibility for sabbatical leave of non-clinical tenured or tenure track Faculty, only tenured or tenure track Faculty shall be entitled to vote.
  - (9) On matters involving standards and policies concerning promotion, tenure, or eligibility for sabbatical leave of tenured or tenure track Clinical Faculty, only tenured or tenure track Faculty and Clinical Faculty (tenure track or non-tenure track) shall be entitled to vote.
- 3.5 Law Librarian. The Law Librarian is eligible for election to the tenured, tenure track, non-tenure track, or special Faculty as defined above, which election shall entitle the Law Librarian to vote on matters presented to the Law Faculty, in accordance with the voting rights and limitations applicable to the type of appointment.<sup>11</sup>
- 3.6 Allocation of Resources. The Law School shall allocate a reasonable amount of resources and time to each member of the Law Faculty (whether tenured, tenure track, non-tenure track or special) to encourage and make possible scholarly growth, academic achievement and professional development, to enable them to fulfill their obligations as required by the nature and type of their appointments.
- 3.7 Definition of Full-time Faculty. For all purposes in these By-laws, the term “full-time” when referring to Law Faculty shall be defined as in Chapter 3, Part One, Article I, Section B.2. of the Faculty Handbook.<sup>12</sup>

#### ARTICLE 4: OFFICERS

- 4.1 Presiding Officers. The Dean of the School of Law shall preside at Faculty Meetings unless

---

<sup>10</sup> Sections 3.4(5) and (7) were amended on September 30, 2015 to eliminate differential seniority rules for voting; the Faculty Handbook does not recognize such provisions.

<sup>11</sup> Section 3.3 (now 3.5) was added March 18, 1983, to clarify the Faculty status of the law librarian.

<sup>12</sup> Amended September 30, 2015 to correct clerical error to incorrect provision of Faculty Handbook and reference correct provision.

the President of the University exercises the presidential prerogative to do so. In the absence of both the President and the Dean, the Associate Dean for Academic Affairs shall preside unless the Faculty elect a presiding officer.

4.2 **Secretary.** The Secretary shall be elected annually by the Faculty. The functions of the secretary are:

- (1) to keep the minutes of the Faculty Meetings and sign the official copies of the minutes;
- (2) to be responsible for reproduction and distribution of these minutes to the Faculty;
- (3) to be responsible for preparation of and distribution to the Student Bar Association of a summary of action taken at Faculty Meetings, with the approval of the Dean;
- (4) to prepare for the Faculty annually in the fall a list of members of the Faculty including those with voting privileges and those without voting privileges.

#### ARTICLE 5: MEETINGS

5.1 **Regular Meetings.** The Faculty shall hold at least three regular meetings in each semester on dates to be determined by the Dean. The Faculty at any regular meeting may by majority vote fix the date of the next regular meeting.

5.2 **Special Meetings.** Special meetings shall be held on the call of the President, the Dean, or on the written request to the Dean or the Secretary signed by 20% of the voting Faculty.

5.3 **Attendance at Faculty Meetings.** All full-time Faculty (including full-time special Faculty) shall be entitled to attend any meeting of the Faculty subject to the limitations in this paragraph. Part-time Faculty, and administrative personnel (who do not have full-time Faculty appointments in addition to their administrative appointment) shall be entitled to attend meetings of the Faculty to which they are specifically invited by the Dean. In matters involving initial appointments to the Faculty, only full-time tenured, tenure track, non-tenure track and special Faculty, whether or not they are entitled to vote on the matter under consideration, shall be entitled to attend that portion of the meeting at which discussions and a vote take place. In matters involving reappointments, promotions, and grants of tenure, only those Faculty who are entitled to vote on the matter under consideration before the Faculty shall be entitled to attend that portion of the meeting at which discussions and a vote take place.

5.4 **Voting.** Voting shall be by voice vote or by show of hands, unless a secret ballot vote is called for by this bylaw provision or by any voting member, in which case the vote shall be

by secret ballot. Votes may be cast by a written proxy filed with the Secretary.<sup>13</sup> A secret ballot shall be required on all personnel matters, including appointments, reappointments, promotions, and grants of tenure.<sup>14</sup>

- 5.4 Quorum. One half of the members of the Faculty entitled to vote on a particular matter shall constitute a quorum for that matter. Members present by proxy shall not be counted in determining a quorum.
- 5.6 Notice and Agenda. The Dean (or in his or her absence the Secretary) shall notify in writing each member of the Faculty entitled to notice, at least five (5) days in advance of any meeting held during the academic year, and at least fifteen (15) days in advance of any meeting held during the summer period. Faculty on leave shall be entitled to receive notice and to vote. The notice shall specify the time and the place of the meeting, and the agenda of the meeting. Items of business not listed on the agenda may be considered at a regular meeting. No action may be taken at either a regular or special meeting on an individual personnel decision (appointment, promotion, tenure, etc.) unless the notice of the meeting specifies the individual and the action proposed. The requirement of notice of a meeting may be waived by a written waiver agreed to by the faculty member(s), and shall be waived by attendance at the meeting.
- 5.7 Action Without Meeting. Any action which may be taken by the Faculty at a meeting may be taken without a meeting, by a writing filed with the Secretary setting forth the action taken and the written approval of all of the Faculty entitled to vote on such action if a meeting were held.

## ARTICLE 6: RULES OF ORDER AND ORDER OF BUSINESS

- 6.1 Rules of Order and Order of Business. The meetings shall be conducted in accordance with Robert's Rules of Order (latest edition). The order of business at all regular meetings shall be as follows:

---

<sup>13</sup> Prior to the Amendment of October 18, 1978, Section 5.3 (now 5.4) read as follows:  
“5.3 Voting. Voting shall be by voice or show of hands unless a roll call vote is requested by any voting member in which case a roll call vote shall be taken and recorded. Votes may be cast by a written proxy filed with the Secretary, with respect to specific matters listed in the notice of the meeting.”

On September 30, 2015, the faculty voted to retain the proxy system despite a recommendation from Central University that we abolish it, and the reference to “by this bylaw provision” was inserted to make paragraph logically consistent.

<sup>14</sup> Secret ballots for personnel matters were adopted by Amendment of April 14, 2005.

- (1) Presentation of proxies and determination of a quorum<sup>15</sup>;
- (2) Presentation and adoption of minutes;
- (3) Announcements;
- (4) Report from the Faculty Senator or Senators<sup>16</sup>;
- (5) Reports of Standing Committees;
- (6) Reports of Special Committees;
- (7) Consideration of unfinished business; and
- (8) Consideration of new business.

## ARTICLE 7: COMMITTEES

7.1 Standing Committees. The Standing Committees of the Faculty are the Committees on:

- (1) Admissions
- (2) Appeals and Rules
- (3) Appointments
- (4) Building
- (5) Curriculum
- (6) Library
- (7) Promotion and Tenure<sup>17</sup>
- (8) Budget
- (9) Experiential Education

## ARTICLE 8: - MEMBERSHIP AND PROCEDURES OF COMMITTEES

8.1 Ex-Officio Members. The Dean, or a Faculty member or administrator designated by the Dean, shall serve as a member ex officio of all Standing and Special Committees, except for the Promotion and Tenure Committee, with full voting rights.<sup>18</sup>

8.2 Faculty Members of Committees. Tenured, tenure-track, non-tenure-track, and Special Faculty are eligible to serve as Faculty members of the Committees.<sup>19</sup>

<sup>15</sup> Section 6.1(a) (now 6.1(1)) was amended and 6.1(d) (now 6.1(4)) was adopted September 27, 1985.

<sup>16</sup> Section 6.1(a) (now 6.1(1)) was amended and 6.1(d) (now 6.1(4)) was adopted September 27, 1985.

<sup>17</sup> Sections 7.1 and Sections 9.2-9.8 were amended September 30, 1983, to restructure the Standing Committees.

<sup>18</sup> Section 8.1 was amended November 18, 1983 to conform Section 8.1 to Section 9.8, as 9.8 was amended September 30, 1983.

<sup>19</sup> Amended September 30, 2015 to allow Special Faculty to serve on committees.

- 8.3 Student Members of Committees. Only full-time students of the School of Law are eligible to serve on Committees designated in Article 9 as having student members.
- 8.4 Selection of Members - Standing Committees. Faculty members shall be elected by the Faculty. Student members shall be selected by the Student Bar Association.<sup>20</sup>
- 8.5 Selection of Members - Special Committees. For those Special Committees established by the Faculty, members shall be selected in the manner designated by the Faculty, and for those Special Committees established by the Dean, members shall be selected by the Dean.
- 8.6 Time of Selection and Term. Members of Special Committees shall be selected at such time and shall serve for such time as shall be designated by the authority (Dean or Faculty) which establishes the Committees. Student members of Standing Committees shall be selected not later than the first month of the fall semester, to take office immediately. Faculty members of Standing Committees shall be elected not later than the first month of the fall semester, to take office immediately.<sup>21</sup> Members of Standing Committees shall serve from the time selected until the end of the academic year for which they are selected, or until their successors assume office, whichever is later.
- 8.7 Officers. The Chair of each Committee shall be designated from among the membership of the Committee, by the Dean, with the advice and consent of the Faculty. The Secretary shall be designated from among the membership of the Committee, by the Chair. The Chair shall have the right to vote in all cases.
- 8.8 Procedures. Committees shall meet on the call of the Dean, the Chair, or on the call of the majority of the Committee, and may establish rules as to the conduct of its meetings. Two thirds of the members of the Committee shall constitute a quorum, and all decisions shall be by majority vote of those present. All Committee members have equal rights to vote and participate.

## ARTICLE 9: FUNCTIONS AND COMPOSITION OF COMMITTEES<sup>22</sup>

---

<sup>20</sup>Prior to Amendment on June 3, 1974, Section 8.4 read as follows:

“8.4 Selection of Members - Standing Committee.

Faculty members shall be appointed by the Dean with the advice and consent of the Faculty. Student members shall be selected by the Student Bar Association.”

<sup>21</sup>Prior to Amendment on June 3, 1974, the third paragraph of Section 8.6 read as follows:

“Faculty members of Standing Committees shall be selected during the last month of the spring semester, to take office immediately.”

<sup>22</sup> Section 7.1 and Sections 9.2-9.10 were amended September 30, 1983, and November 17, 2011, to restructure the Standing Committees.

- 9.1 Special Committees. Special Committees shall have those functions and shall be composed of those persons (including Faculty, students, and others) as are designated by the authority (Dean or Faculty) which establishes the Committee.
- 9.2 Admissions. The Admissions Committee shall be composed of two student members, at least four Faculty members, and the Dean or his designee. The Committee shall consider and recommend to the Faculty major policies on admissions and financial aid; evaluate admission and financial aid procedures; and participate in the admissions process where discretionary judgment is required and the decision has not been delegated to the admissions office for determination under specific policies.
- 9.3 Appeals and Rules. The Appeals and Rules Committee shall be composed of at least four Faculty members. The Committee shall serve as the grievance Committee for the Law School. The Committee shall hear appeals by students from administrative decisions of the Dean or his designee which implement academic policies, except for violations of the Law School Code of Conduct. The decision of the Committee on such appeals shall be final within the Law School, subject only to appeal procedures, if any, at the University level. The Committee shall receive reports on administrative implementation of academic policies from the Dean, and may review such decisions on its own motion, and shall accept such ad hoc assignments as may be determined by the Faculty. The Committee may also develop and recommend to the Dean guidelines for the implementation of academic policies. The Committee shall develop and recommend revisions to the Law School's Academic Regulations, Policies, and Procedures, and shall forward any revisions to the Faculty for adoption. The Committee shall also have jurisdiction to hear all matters in which revocation of academic credit previously granted is requested because of plagiarism, cheating, improper cooperation on work or other violation which reflects on the academic significance of the effort for which credit has been granted. The Committee shall consider the Law School Code of Conduct, the Law School's Academic Regulations, Policies, and Procedures, and relevant University policies on Academic Integrity Standards in making its decision on revocation of academic credit. If the Committee finds that a student has committed such a violation, it may retroactively revoke any credit which may have been awarded for said effort.<sup>23</sup>
- 9.4 Appointments. The Appointments Committee shall be composed of two students, at least four Faculty members and the Dean or his designee. The Committee shall review all candidates for appointment to the tenured, tenure track, or non-tenure track Faculty, shall

<sup>23</sup>The last three sentences of Section 9.3 were added by Amendment on December 4, 1985 (sentences one and three), and September 30, 2015 (sentence two). The 2015 Amendment was intended to provide clarification as to the factors the Committee considers. The paragraph was also restyled to change the order of several sentences, with no substantive change intended.

make recommendations to the Faculty on every such appointment, and shall, on request of the Dean, review candidates for the special Faculty, including visiting Faculty.

- 9.5 Building. The Building Committee shall be composed of two student members, at least three Faculty members, and the Dean or his designee. The Committee shall advise the Faculty and the Dean on the utilization, allocation, maintenance, and replacement of the physical facilities of the law school.
- 9.6 Curriculum. The Curriculum Committee shall be composed of two student members, at least four Faculty members, and the Dean or his designee. The Committee shall consider and make recommendations to the Faculty on all matters relative to the educational programs for which credit is awarded. The Committee shall also exercise oversight of the administration of all joint degree programs.
- 9.7 Library. The Library Committee shall be composed of two student members, the Librarian ex-officio, at least three Faculty members, and the Dean or his designee. It shall advise and assist the Dean and Librarian on library services, and shall make recommendations to the Faculty on library policies.
- 9.8 Promotion and Tenure. The Promotion and Tenure Committee shall be composed of at least four tenured or tenure track Faculty members. In the case of non-tenure track Clinical or Lawyering Skills Faculty candidates, the Committee shall be augmented as required in Appendices B and C. In the case of non-tenure track candidates other than Clinical or Lawyering Skills Faculty, the Committee shall be augmented by one non-tenure track faculty member of equal or senior rank to the candidate under consideration. The Committee shall consider all matters of promotion, reappointment and tenure for members of the Faculty (tenured, tenure track, or non-tenure track). The Committee shall consider these matters in accordance with the criteria set forth in Appendices A, B, C, and D, and shall make recommendations to the Faculty thereon. Each Faculty member whose appointment leads to tenure consideration shall be considered for tenure no later than six years after the effective date of the initial appointment, excluding any period of any pre-tenure extension that may have been granted under the Faculty Handbook provisions.<sup>24</sup>
- 9.9 Budget. The Budget Committee shall be composed of at least three Faculty members and the Dean or his designee. It shall advise and assist the dean and make recommendations to the Faculty on matters pertaining to the budget.<sup>25</sup>

---

<sup>24</sup>Amended June 3, 1974, and again on August 29, 1980. The last sentence provides for a six-year pre-tenure period. The prior bylaw provided for a five-year pre-tenure period for those whose initial appointment was assistant professor, and a three-year period for those whose initial appointment was associate professor.

<sup>25</sup> Added by Amendment on November 17, 2011.

9.10 Experiential Education. The Experiential Education Committee shall be composed of two student members, at least four Faculty members and the Dean or his designee. The Committee shall consider and make recommendations to the Faculty on all matters relative to the experiential education program for which credit is awarded.<sup>26</sup>

#### ARTICLE 10: FACULTY REPRESENTATION IN UNIVERSITY GOVERNANCE

The Faculty shall be represented in University Governance by its Dean, other law school administrators, and by individual members of the Faculty as they shall from time to time be elected to serve on various University governing bodies.

The Faculty shall elect representatives to the Faculty Senate and other similar organizations which include Faculty representatives. All such representatives shall be elected at the time and for the term specified in the rules of such organization.<sup>27</sup>

#### ARTICLE 11: AMENDMENTS

These By-Laws may be amended at any Faculty meeting provided that each voting member of the Faculty shall have received from the Dean or the Secretary a written copy of the proposed amendments at least seven (7) days before the meeting.

**APPENDIX A TO THE BY-LAWS OF THE  
FACULTY OF LAW  
Case Western Reserve University**

**PROCEDURES FOR PROMOTION, REAPPOINTMENT AND TENURE**

I. . SOURCES OF PROMOTION, RETENTION AND TENURE PROCEDURE

The Policies and Procedures generally governing appointments, promotions, re-appointments and tenure for all University Faculty are set forth in the University Faculty Handbook, chapter 3, part 1. For tenure track faculty personnel decisions, these procedures are supplemented periodically by the University's "Guidelines for Recommendation of Faculty Promotions and Awards of Tenure" ("University Guidelines".) Attached are the University Guidelines promulgated for academic year 2014-15.<sup>28</sup> These Procedures incorporate by reference the most current version of the University Guidelines. For Clinical and Lawyering Skills Faculty on the Faculty of Law, separate Policies and Procedures have been adopted and are attached to the By-Laws of the Faculty of Law as Appendices B and C respectively.

II. COMPOSITION AND FUNCTIONS OF THE PROMOTION AND TENURE COMMITTEE

A. As set forth in Section 9.8 of the By-Laws the Promotion and Tenure Committee is composed of at least four tenured or tenure track faculty who evaluate the teaching, scholarship and service of tenure track faculty for purposes of Promotion and Tenure.

B. The Promotion and Tenure Committee also conducts annual reviews of faculty on the tenure, and non-tenure tracks, evaluates non-tenure track faculty for promotion and reappointment, and reviews sabbatical requests of tenured faculty. For purposes of reappointment and promotion of Clinical or Lawyering Skills faculty, the Committee is augmented as required in Appendices B and C to the By-Laws. For purposes of retention and promotion of non-tenure track faculty other than Clinical or Lawyering Skills Faculty, the Committee is augmented by one non-tenure track faculty member of equal or senior rank to the candidate under consideration.

III. STANDARDS FOR PROMOTION AND TENURE OF TENURE TRACK FACULTY

A. As the Faculty Handbook indicates, a tenure track candidate being considered for promotion or tenure will be evaluated on the basis of that candidate's contributions in (1) teaching, (2) research and scholarship, and (3) university and professional service.

---

<sup>28</sup> Outdated reference corrected September 30, 2015.

1. Teaching and scholarship are the most important requirements because they reflect the two primary functions of the university faculty.

2. Excellence in teaching, a significant and substantial scholarly contribution, and service to the University and Law School communities are required of all candidates for Promotion and Tenure.

3. Promotion and tenure decisions are not made merely to recognize past performance but also involve a prediction of future contributions.

4. The Promotion and Tenure decision involves a determination of whether the candidate has fulfilled and will continue to fulfill the obligation of teaching, scholarship, and service.

5. The standards for Promotion and Tenure are evolving standards, and it is expected that they will become increasingly rigorous as the Law School continues to improve and gain recognition as a national law center of importance.

#### B. Evaluating Scholarship and Teaching

1. Standards for evaluating teaching and scholarship sufficient to support a promotion or tenure are not readily reducible to words or formulae.

2. The scholarship must reflect substantial research, a thorough understanding of the subject, and an insight into the issues and problems that contribute substantially to available knowledge. It should, in other words, make a significant advance to our understanding of the field.

3. The most important aspect is the depth and reach reflected in the scholarship. Descriptive analysis is often a useful contribution, but the grant of tenure normally requires that the scholarship also include the development of a systematic approach or analytical rigor of a higher order.

4. A writing is normally considered “published” when it has been formally accepted for publication.

5. Teaching will be evaluated on the basis of annual reviews, student evaluations and faculty class visits.

#### C. Promotion to Associate Professor

1. Normally, two published articles and demonstrated teaching effectiveness are expected for promotion to associate professor.

2. A candidate initially will be considered for promotion to associate professor in the fall following the completion of his or her second year of service.

3. A candidate may be granted an extension of one additional year for consideration for promotion to associate professor. While extensions are not automatic, requests for extension will be favorably considered for those candidates who have demonstrated substantial progress toward meeting the standards for promotion. Extensions are not considered as negative decisions.

#### D. Promotion to Full Professor with Tenure

1. Normally at least three significant articles and demonstrated teaching effectiveness are expected for consideration for promotion to full professor with tenure. As required by the Faculty Handbook, the candidate's record must show a documented national or international reputation for sustained scholarship in the candidate's discipline.

2. The normal pre-tenure period is six years, unless the letter of appointment provides otherwise. This means that a candidate will normally be considered for tenure and promotion to full professor in the fall following the completion of his or her fifth year of service.

E. Provisions for obtaining additional extensions during the pre-tenure period are set forth in the University Faculty Handbook, at Chapter 3, part 1 G.

#### IV. INTERNAL PROMOTION & TENURE COMMITTEE PROCEDURE REGARDING TENURE-TRACK FACULTY

##### A. Promotion to Associate Professor without Tenure

1. At the beginning of the academic year in which the candidate is considered for promotion, the Chair discusses the promotion process with each candidate. The candidate is asked to provide eleven photocopies or reprints of his or her published articles, as well as photocopies of any manuscripts that have been accepted for publication, normally by the end of September. In addition, the candidate is asked to provide the Chair with an annotated curriculum vitae. This should provide the information described in the University Guidelines related to Tenure and Promotion Recommendations.

a. Scholarship completed prior to the candidate's appointment to the CWRU Law Faculty but published post-appointment, as well as legal scholarship that has been performed for a purpose in addition to meeting the Law School's scholarship requirement, such as fulfillment of a Ph.D. degree, generally is considered part of the candidate's law school scholarship.

2. The University Guidelines state that outside reviewers should be secured for promotion.<sup>29</sup>

- a. **Candidate Suggestions.** The Chair requests the candidate to suggest up to 12 persons to serve as outside reviewers of the candidate's scholarship. The candidate should be asked to describe any relationship that he or she has with the reviewer in order to ensure compliance with the University Guidelines.
- b. **Committee Nominations.** The Chair shall share the candidate's suggested outside reviewers with the members of the committee, and shall ask the committee members to nominate suggested reviewer of their own. The Chair may also ask other Faculty members to nominate potential outside reviewers. The Chair and committee shall assemble a list of nominated reviewers, and shall share this list with the candidate; the nominee list should contain at least twice<sup>30</sup> as many names as persons who will be final reviewers. The candidate may then identify any nominated reviewer who the candidate believes may provide a biased evaluation. The Committee may remove a nominated reviewer from the nominee list based on the candidate's objections.
- c. **Final Slate of Potential Reviewers.** The committee decides on a tentative list of final reviewers combining the candidate's suggestions and other nominated reviewers. The final list of reviewers is communicated to the Dean and the Office of the Provost. This list shall indicate who suggested the name and which of the individuals on the list were asked to submit evaluations. All the potential reviewers, not just those actually asked to submit evaluations, should be included on this list.<sup>31</sup>

---

<sup>29</sup> These provisions were extensively revised on September 30, 2015 to make the law school's internal promotion and tenure review procedures more consistent with the Provost's university-wide tenure guidelines. This section was re-formatted, and paragraph IV.A.2.b. is largely new. The new provision is intended to promote the anonymity of outside reviewers while still protecting tenure candidates. Before 2015, the law school's internal procedures called for the candidate to review a list of potential reviewers for potential bias before the reviews were made; the 2015 change ensures that the nominee list will be twice as large as the final list, decreasing the danger that an outside reviewer will be identifiable to the candidate.

<sup>30</sup> Prior to September 30, 2015, this provision merely allowed the P&T Committee to suggest additional names of reviewers, and did not require any set number of reviewers.

<sup>31</sup> Extensively revised on September 30, 2015. The law school's prior version of these bylaws called for the FINAL list of potential reviewers to be shared with the candidate, and forwarded to the Provost. This provision was deleted in the September 2015 revisions, since sharing the final, pared-down list of referees with the candidate tends to undermine anonymity. Candidate review now happens in paragraph B above, and the list of potential reviewers must include at least twice as many names as will be included on the final list. In addition, the Provost's office receives the entire list of potential reviewers and an indication of who suggested the reviewer.

. The Dean (or the<sup>32</sup> Dean's designee) contacts potential outside reviewers, initially by telephone or email and with follow-up letters to the reviewers. Typically, the outside reviewer is asked to review one or more specific pieces of scholarship, and to comment in writing on that scholarship, together with any other information that the reviewer possesses about the candidate, in connection with the candidate's suitability for promotion and expectations of his or her future performance. The outside reviewer might also be provided the entire package of a candidate's scholarship and asked for comments on the package as a whole.

1) The Dean or the Dean's designee shall ensure compliance with the University Guidelines which provide that the letters solicited from outside reviewers are confidential to the extent permitted by law, and that this should be made clear to all referees. Referees should be informed that candidates will be shown a carefully redacted version of their review letter, and that the Dean or Dean's designee will exercise due diligence to preserve the referee's anonymity to the maximum extent practicable.<sup>33</sup>

2) The Promotion and Tenure Committee meets to review the candidate's scholarship before receiving and reviewing the letters from outside reviewers. The purpose is to permit the committee to develop its own opinion as to the candidate's scholarship independent of the evaluations from outside reviewers. In advance of this meeting to review the candidate's scholarship the Chair invites interested law faculty to review the candidate's scholarship and submit written evaluations for the committee's consideration. The committee's independent consideration of the candidate's scholarship incorporates the written views of faculty. The Chair summarizes the committee's reactions. The committee reviews the candidate's scholarship again when it examines the outside letters.

3. The committee also reviews the candidate's teaching based on past annual reviews, student evaluations, and faculty class visit memoranda. The Chair summarizes the committee's views concerning the candidate's teaching. The committee also reviews the candidate's service, and the Chair summarizes the committee's views on this issue.

a. The Chair asks all members of the committee to visit as many classes of the candidate as possible. In addition, the Chair circulates a memorandum to the faculty as a whole inviting them to visit as many classes of the candidate as possible. The Chair, in consultation with the committee, may request specific faculty members who are not on the committee to visit the candidate's classes. This is particularly appropriate for members of the faculty who have expertise in the candidate's fields. Each class visitor is asked to complete a written memorandum which is given to the Chair and circulated to the members of the

committee. The University Guidelines provide that these memoranda are confidential “to the extent permitted by law.” However, class visitors are encouraged to share their memoranda with the candidate.

b. The committee also reviews student evaluations. These should be all of the student evaluations pertaining to the candidate’s classes, going back to the candidate’s initial appointment year. From time to time, candidates for promotion also hold teaching positions at other schools within the university. Customarily, the Promotion and Tenure Committee has requested student evaluations from these other areas of the university. However, it is not customary for the members of the Promotion and Tenure Committee to visit classes outside the law school. From time to time candidates for promotion have taught at other law schools, either while on leave or prior to coming to Case. It is customary for the committee to obtain student evaluation from these other law schools. However, it is important for the Chair to determine how student evaluations are obtained and what use they are put to in these other areas of the university or at other schools, and to communicate this information to the committee to assist in reviewing the evaluations.

c. In accordance with the University Guidelines, the Promotion and Tenure Committee will endeavor to obtain teaching assessments from former students who have taken courses from the candidate.

4. The Chair asks each member of the committee to review the class visit memoranda, the student evaluations, the candidate’s annotated curriculum vitae, and the candidate’s scholarship. In addition, the University Faculty Handbook states that the faculty Promotion and Tenure Committee shall review the annual evaluations completed at the end of the third pre-tenure year.

5. By the end of October, the Chair should prepare a draft of the committee’s views on the candidate’s scholarship, teaching and service. The committee then reviews this draft and revises it. The Chair shares the revised draft with the candidate, who is asked to correct any factual errors. In addition, the Chair may provide the candidate with carefully redacted copies or summaries of the outside reviewers’ letters in a fully de-identified format.<sup>34</sup> The candidate may wish to respond to the comments of the committee, and/or to those of the outside reviewers, in writing. These responses are included in the materials pertaining to the candidate’s promotion that are given to the Dean.

6. The Promotion and Tenure Committee then votes on whether or not to recommend the candidate’s promotion to associate professor. The committee’s decision is determined by majority vote

---

<sup>34</sup> This sentence added September 30, 2015 to require that outside review letters be fully de-identified to preserve anonymity.

7. The Chair places copies of the candidate's annotated C.V., student evaluations and scholarship at several secretarial stations for review by the members of the faculty.

8. All members of the faculty who are entitled to vote on the promotion meet to consider it. According to Article 3 of the Faculty By-Laws, "this consists of only those faculty who rank equal to or senior to the rank to which the individual is being promoted." Thus, in the case of promotion to associate professor, tenured faculty with the rank of associate professor without tenure are entitled to vote. Article 5.4 of the Faculty By-Laws provides that "a secret ballot shall be required on all personnel matters, including appointments, reappointments promotions, and grants of tenure."

9. Following the faculty's vote, the faculty's recommendation is communicated to the Dean. The Dean then prepares the Dean's recommendation to the Provost, which accompanies the faculty's recommendation and includes the Promotion and Tenure Committee's report and associated supporting materials.

#### B. Promotion to Full Professor with Tenure

1. Section 9.8 of the Faculty By-Laws states that each faculty member shall be considered for tenure no later than six years after the effective date of his or her initial appointment. The 1986 Promotion and Tenure Memorandum similarly states that "the normal pre-tenure period is six years, unless the letter of appointment provides otherwise. This means that a candidate will normally be considered for tenure and promotion to full professor in the fall following the completion of his or her fifth year of service."

2. The University Faculty Handbook permits pre-tenure extensions:

a. "[F]or up to three years of extension for exceptionally worthy candidates in the event of unusual constraints in the University, or part of parts thereof which would prevent tenure awarded at the end of the normal period."

b. "[F]or the purpose of compensating special earlier circumstances disadvantageous to a candidate's tenure consideration." The Handbook adds that "such circumstances might include serious illness, family emergency, maternity, or extraordinary teaching or administrative assignments."

c. Upon written request by the faculty member within one year after each live birth or after each adoption, an extension of up to one year of the pre-tenure period shall be granted by the provost to any faculty member who will be the primary care giving parent.

b. Extensions under a. and b. above must be approved by the faculty and the university. The Faculty Handbook states that except for extensions under c. above, no more

than three years of extensions may be granted in the period before tenure, meaning that, generally, at the latest, a faculty member would be considered in his or her ninth year after appointment.

3. The written standards for outside reviewers are also the same as the standards for promotion to associate professor.

4. The procedures for the Promotion and Tenure Committee's consideration of a candidate's candidacy for promotion to full professor with tenure are essentially the same as those for consideration to promotion to associate professor.

5. The process of voting at the faculty level is also the same, except that only tenured faculty are entitled to vote on promotion with tenure.

### C. Annual Reviews

1. In accordance with the University Faculty Handbook (Chapter 3(I)(F)(5)), the Dean shall ensure that all full-time faculty members receive an annual review. The Dean shall provide a written summary of the annual review to the faculty member.

2. Annual reviews of full-time, non-tenured members of the faculty typically are also conducted by the Promotion and Tenure Committee. In the first year of their appointment, this review is conducted in the spring semester. In subsequent years, the review process begins in the fall semester and continues through the spring of the academic year before the faculty member is considered for tenure, if applicable, or in the case of non-tenure track faculty, until they are promoted to the rank of Professor.

a. At the beginning of the annual review process the Chair of the Promotion and Tenure Committee sends a memo to each faculty member being evaluated and explains the process of the evaluation. The memorandum is accompanied by a form, a copy of which is attached, that the faculty member being evaluated is asked to complete and return to the Chair. The form asks about the faculty member's teaching, scholarship and service. The faculty member is asked to provide this information along with copies of any publications by a date certain. The candidate is invited, but not required, to share with the Promotion and Tenure Committee drafts of any works in progress or manuscripts that have been submitted but not yet accepted for publication. All manuscripts that have been accepted for publication, or that have been published, must be provided to the committee and form part of its review.

b. As the review gets underway, the Chair sends a memorandum to the faculty as a whole, stating that individuals may be asked specifically to visit a faculty member's class for purposes of the annual review, and inviting all other faculty members to visit the classes if they wish. The memo also asks those faculty who visit classes to make a written report of their visit and give it to the Chair.

c. There should be at least three class visits, including visits by a non-member of the committee. The Chair asks all members of the committee to try to visit at least one class of the faculty member being reviewed.

d. The Chair appoints an individual on the committee to be responsible for coordinating class visits by faculty members who are not on the committee. This member of the committee is responsible for making sure that the non-members of the Promotion and Tenure Committee who have been asked to visit classes complete their class visits and turn in their written evaluations in a timely manner.

e. Class visits should be completed shortly after spring break, and evaluations forwarded promptly to the Chair. The Chair circulates the written evaluations to all members of the committee. In addition, the Chair obtains and circulates photocopies of the student evaluations for the faculty member being evaluated from the previous spring and fall.

f. Once the members of the Promotion and Tenure Committee have had an opportunity to review the materials pertinent to the annual review, consisting of class visits, memos, student evaluations, the faculty member's information supplied in response to the Chair's form, and any manuscripts or published papers, the committee meets and discusses the faculty member's performance. The committee also reviews past annual reviews prior to this meeting, to ensure that the faculty member receives consistent advice despite changing committee membership. At the meeting, the Chair takes notes summarizing the committee's deliberations, and then prepares a draft memorandum summarizing the committee's conclusions and recommendations. This draft is shared with the members of the committee and revised based on their written comments, and if necessary, after further discussion at a subsequent committee meeting.

g. The final committee report is shared with the faculty member being evaluated. The faculty member is invited to meet with the full committee to discuss the annual evaluation.

h. The Promotion and Tenure Committee shall send its annual evaluations to the office of the Provost by the end of May.

## V. SABBATICALS

A. In accordance with Chapter 3, Part One, Section II.A. of the University Faculty Handbook, the Promotion and Tenure Committee shall review and make recommendations to the Dean regarding a faculty member's request for sabbatical leave.

## VI. PROMOTION AND REAPPOINTMENT PROCESS FOR CLINICAL AND NON-TENURE TRACK LAWYERING SKILLS FACULTY.

A. The Policies and Procedures for Clinical Faculty and non-tenure track Lawyering Skills Faculty attached to the By-Laws of the Faculty of Law as Appendices B and C, respectively, provide for annual reviews and the standards for review of these faculty for promotion and reappointment. The Promotion and Tenure Committee, augmented as required in those standards, is charged with performing the necessary committee review in such cases and to make recommendations to the Faculty. To the extent that the standards for review of Clinical Faculty (Appendix B) are applicable to tenure track clinical faculty, the Promotion and Tenure Committee applies those standards to tenure track clinical faculty in addition to the standards for review of the candidate's scholarship described above.

B. As described more fully below, review for a promotion decision for such faculty should include the following: Candidate Dossier, Formal Written Evaluation by Faculty in the candidate's track that are senior to the candidate, and Review by the Promotion and Tenure Committee. In the case of tenure track clinical faculty candidates for promotion, the material described below is provided in addition to the requirements for review of the candidate's scholarship applicable to all tenure track candidates described above.

#### 1. Candidate Dossier

a. The candidate should submit to the Promotion and Tenure Committee a full C.V. including all teaching and professional activities, any publications and unsolicited letters of support, testimonials or reviews.

b. It is not the intention of the faculty that the candidate solicit outside letters for the promotion process.

#### 2. Formal Written Evaluation by Senior Faculty in the candidate's track.

a. A committee composed of all members of the faculty in the candidate's track who are senior to the candidate will provide the Promotion and Tenure Committee with a formal written evaluation of the candidate.

b. This evaluation will address the candidate's performance using all of the standards applicable to the candidate. The senior faculty will observe the candidate's teaching, review the candidate's teaching materials, and in the case of Clinical Faculty, selected case files, and discuss with the candidate his or her activities. The report will reflect any minority views or specific issues raised by any of the senior faculty.

#### 3. Review by Promotion and Tenure Committee

a. The Promotion and Tenure Committee will review the candidate dossier, the evaluation by senior faculty in the candidate's track, and all annual review reports

previously completed by the Promotion and Tenure Committee. In addition, the Promotion and Tenure Committee will independently review the candidate's Teaching Effectiveness and in the case of Clinical Faculty, competence as a lawyer.

b. The Promotion and Tenure Committee will visit the candidate's classes. The committee will also review student evaluations.

c. In the case of Clinical Faculty, the Promotion and Tenure Committee, or a sub-committee of the Promotion and Tenure Committee, including the clinician member of the committee, will meet the candidate to discuss three cases the candidate has chosen. These case files will be accessible for committee review prior to the discussion meeting. The cases chosen by the candidate should reflect the range of his or her practice and supervision within the clinic.

d. In the case of Clinical and Lawyering Skills Faculty, the Committee or sub-committee will also review video-tape(s) of at least one supervision or one-on-one instructional sessions(s) provided by the candidate.

e. The Promotion and Tenure Committee will prepare a draft report of the committee's views. The Chair will share the draft with the candidate, who is asked to correct any misstatement. In addition, the candidate may wish to respond to the report of the committee. The augmented Promotion and Tenure Committee will prepare a final report and then vote on whether or not to recommend the candidate's promotion. The committee's decision is determined by the majority vote.

d. The Chair will place copies of the candidate's C.V. and student evaluations at several secretarial stations for review by members of the faculty. In addition, each faculty member entitled to vote on the promotion will be sent a confidential copy of the Promotion and Tenure Committee's recommendation and report, together with class visit memoranda. The committee will also include the candidate's written responses to the report, if any.

4. All members of the faculty entitled to vote as provided in Article 3.1-3.5 of the By-Laws of the Faculty of Law will meet to consider it. As required by Article 5.3, a secret ballot shall be required on all promotions.

5. Following the faculty's vote, the faculty's recommendation will be communicated to the Dean. The Dean will then prepare his own recommendation to the Provost, which will accompany the faculty's recommendation, and will include the Promotion and Tenure Committee's report and associated supporting materials.

C. As described more fully below, review for a reappointment decision for non-tenure track Clinical or Lawyering Skills Faculty at the rank of Professor, should include the following: Candidate Dossier; the last two annual reports to the Deans, together with the Deans' written comments following their meetings; copies of the candidate's most recent student evaluations; a Certification or Report from other Professors in the candidate's track who are equal in rank to the candidate; and Review by the Promotion and Tenure Committee.

#### 1. Candidate Dossier

a. The candidate should submit to the Promotion and Tenure Committee a full C.V. including all teaching and professional activities, any publications and unsolicited letters of support, testimonials or reviews.

b. It is not the intention of the faculty that the candidate solicit outside letters for the reappointment process.

## 2. Certification or Report by other Professors in the candidate's track.

a. The other Professors in the candidate's track who are equal in rank to the candidate shall submit an evaluation that addresses whether the candidate continues to meet the applicable standards identified in the Policies and Procedures.

b. If the other Professors in the candidate's track believe the candidate continues to meet the applicable standards, the evaluation referred to in the previous paragraph shall consist of a brief "Certification" to that effect.

c. If the other Professors in the candidate's track believe the candidate no longer continues to meet the applicable standards, no "Certification" shall be submitted. In that case, the Professors in the candidate's track shall submit a report to the Promotion and Tenure Committee which addresses the issues presented. The report will reflect any minority views or specific issues raised.

## 3. Review by Promotion and Tenure Committee

a. The Promotion and Tenure Committee will review the candidate dossier, the Certification or Report by senior faculty in the candidate's track, the previous two annual reports to the Deans, together with the Deans' written comments following their meetings with the candidate, and copies of the candidate's most recent student evaluations. Absent a showing of good cause for a more substantial review of the candidate for retention, the committee's recommendation of<sup>35</sup> renewal at the rank of Professor shall be presumptive. If, upon a finding of good cause, the Promotion and Tenure Committee deems it appropriate to conduct a more substantial retention review, the Promotion and Tenure Committee shall follow such procedures as it deems appropriate to address any issues presented.

b. The Promotion and Tenure Committee will prepare a draft report of the committee's views. The Chair will share the draft with the candidate, who is asked to correct any misstatement. In addition, the candidate may wish to respond to the report of the committee. The augmented Promotion and Tenure Committee will prepare a final report and then vote on whether or not to recommend the candidate's retention. The committee's decision is determined by the majority vote.

c. The Chair will place copies of the candidate's C.V. and student evaluations at several secretarial stations for review by members of the faculty. In addition, each faculty member entitled to vote on the retention will be sent a confidential copy of the Promotion and Tenure committee's recommendation and report. The committee will also include the candidate's written responses to the report, if any.

---

<sup>35</sup> Amended May 23, 2016 to add "the committee's recommendation of" to this sentence. The edit was made at the request of the central university bylaws committee and the university general counsel's office, which felt the edit clarified the meaning of "presumptive." No substantive change intended.

4. All members of the faculty entitled to vote as provided in Article 3.1-3.5 of the By-Laws of the Faculty of Law will meet to consider it. As required by Article 5.3, a secret ballot shall be required on all reappointments.

5. Following the faculty's vote, the faculty's recommendation will be communicated to the Dean. The Dean will then prepare his own recommendation to the Provost, which will accompany the faculty's recommendation, and will include the Promotion and Tenure Committee's report and associated supporting materials.

## VII. PROMOTION AND REAPPOINTMENT PROCESS FOR NON-TENURE TRACK FACULTY OTHER THAN CLINICAL OR LAWYERING SKILLS FACULTY.

A. Any non-tenure track faculty member who is eligible for promotion or reappointment at the end of the current appointment term, but who is not subject to the standards established for Clinical or Lawyering Skills Faculty attached to the By-Laws as Appendices B and C, shall be reviewed in accordance with this section VII. The Promotion and Tenure Committee, augmented as required by Section 9.8 of the By-Laws shall conduct a review as provided in C below and shall make recommendations to the Faculty and the administration concerning whether the candidate should be promoted or reappointed.

B. The criteria for reappointment or promotion shall include the following as appropriate according to the terms of the initial appointment:

1. In General. Depending upon the terms of the initial appointment, the standards for reappointment or promotion will involve a review of the candidate's performance in two out of three of the following: teaching, scholarship and institutional service.

2. Teaching Effectiveness. If required by the terms of the initial appointment, non-tenure track faculty members should demonstrate steady progress toward becoming effective teachers.

3. Service to the University, the Profession and the Community. If required by the terms of the initial appointment, non-tenure track faculty members will be called upon from time to time to engage in service to the Law School or University, for example in administrative or committee work. In addition, they may be asked to engage in public service, for example in organizing or appearing in continuing legal education programs, programs presented to non-lawyer community or educational groups, and service in other community groups such as boards of directors or legal bodies. Non-tenure track faculty are expected to perform such services satisfactorily. Any non-tenure track faculty member whose primary appointment is as an administrator and who holds a faculty appointment must also perform his or her administrative functions to the satisfaction of the Dean as a prerequisite to reappointment or promotion, regardless of that faculty member's teaching effectiveness or other institutional service.

4. Scholarship. If required by the terms of the initial appointment, the scholarship of non-tenure track faculty members must reflect substantial research, a thorough understanding of the subject, and an insight into the issues and problems that contribute substantially to available knowledge.

C. Review for a promotion or reappointment decision for such faculty should include the following: Candidate Dossier, and Review by the Promotion and Tenure Committee.

1. Candidate Dossier

a. The candidate should submit to the Promotion and Tenure Committee a full C.V. including all teaching and professional activities, any publications and unsolicited letters of support, testimonials or reviews.

b. It is not the intention of the faculty that the candidate solicit outside letters for the promotion or retention processes.

2. Review by Promotion and Tenure Committee

a. The Promotion and Tenure Committee will review the candidate dossier, and all annual review reports previously completed by the Deans and the Promotion and Tenure Committee. In addition, the Promotion and Tenure Committee will independently review those aspects of the candidate's teaching, research and scholarship, or service to the Law School and University that are required under the candidate's non-tenure track appointment. b. If appropriate, the Promotion and Tenure Committee will visit the candidate's classes. The committee will also review student evaluations.

b. The Promotion and Tenure Committee will prepare a draft report of the committee's views. The Chair will share the draft with the candidate, who is asked to correct any misstatement. In addition, the candidate may wish to respond to the report of the committee. The Promotion and Tenure Committee will prepare a final report and then vote on whether or not to recommend the candidate's promotion or retention. The committee's decision is determined by the majority vote.

c. The Chair will place copies of the candidate's C.V. and student evaluations at several secretarial stations for review by members of the faculty. In addition, each faculty member entitled to vote on the promotion or retention will be sent a confidential copy of the Promotion and Tenure committee's recommendation and report, together with class visit memoranda. The committee will also include the candidate's written responses to the report, if any.

3. All members of the faculty entitled to vote as provided in Article 3.1-3.5 of the By-Laws of the Faculty of Law will meet to consider it. As required by Article 5.3, a secret ballot shall be required on all promotions or retentions for non-tenure track faculty.

4. Following the faculty's vote, the faculty's recommendation will be communicated to the Dean. The Dean will then prepare his own recommendation to the Provost, which will accompany the faculty's recommendation, and will include the Promotion and Tenure Committee's report and associated supporting materials. If the candidate is promoted or retained, a new appointment shall be issued for the term recommended and approved by the Provost. If the candidate is not promoted or retained, the candidate's appointment shall be terminated in accordance with the notice procedures for non-renewal of term appointments set forth in the Faculty Handbook (Chapter 3, Part One, I, K.)

## APPENDIX B

### **Policies and Procedures for Faculty Whose Primary Appointments Are In the Clinical Program**

#### **School of Law Case Western Reserve University**

##### I. Introduction

The faculty of law consists of the President of the University or his or her designee and all persons who hold full-time appointments in the School of Law and who have the rank of professor, associate professor, assistant professor, or instructor. These policies and procedures outline the rights and responsibilities of Case Western Reserve University School of Law faculty whose primary appointments are in the clinical program at the law school, whether tenured, tenure track, or non-tenure track (referred to herein as “clinical faculty”) and whose voting privileges are set forth in Sections 3.2 and 3.4 of the Law School by-laws. They encompass the process for hiring, evaluating, and promoting these faculty.

Nothing in these policies and procedures limits the inherent right of the faculty to control the content and approach of the clinical program.

##### II. Obligations of the Clinical Faculty

In general, the obligations of the non-tenure track clinical faculty to the institution are teaching and institutional service. In general, the obligations of the tenured or tenure track clinical faculty are teaching, institutional service, and research and scholarship.

##### III. Specifications of Rank and Title

A. The following titles shall be applied to clinical faculty appointments: "Assistant Professor," "Associate Professor," and "Professor." Professor is the most

senior title, followed in descending order by Associate Professor and Assistant Professor.

B. Assistant Professor. The title "Assistant Professor" applies to a member of the clinical faculty who is without significant teaching, practice, scholarship (if applicable) or other relevant experience, but who shows the capacity to be able to meet the applicable standards for promotion to the title of clinical professor.

C. Associate Professor. The title "Associate Professor" applies to a member of the clinical faculty who through prior teaching experience as an assistant, or through other practice, scholarship (if applicable), or relevant experience, demonstrates strong and improving performance and substantial progress toward meeting the applicable standards for promotion to the title of clinical professor.

D. Professor. The title, "Professor", applies to a clinical faculty member who possesses a) an expert knowledge of his or her field; b) effective teaching skills; c) for clinical faculty on the tenure track, a documented national or international reputation for sustained scholarship in the candidate's discipline; d) a willingness to assume a fair share of institutional administrative and service tasks; and e) a commitment to continuing development of his or her academic competence, teaching effectiveness, research and scholarship (if applicable) and contribution to the academic objectives of the clinical program, the School of Law and the University.

#### IV. Procedures for Appointment, Evaluation, Reappointment and Promotion.

A. Hiring. Appointment as a Visiting Clinical Professor may be made by the Dean for up to one year, and may be renewed by the Dean for not more than two additional years. All other hiring decisions shall be implemented by the Dean

pursuant to a recommendation by the Appointments Committee, and a majority vote of the faculty entitled to vote on the issue. For the sole purpose of considering a candidate for appointment to the clinical faculty, one member of the Appointments Committee shall be a member of the Clinical Faculty.

B. Reappointment and Promotion Decisions. The Promotion and Tenure Committee has responsibility for making recommendations to the Dean and the Faculty regarding promotion and reappointment of clinical faculty in accordance with the By-laws of the Faculty, Appendix A to those By-laws and these policies and procedures. All reappointment and promotion decisions shall be made pursuant to a majority vote in favor of the candidate by the faculty members entitled to vote following review by the Promotion and Tenure Committee. For the purpose of considering a member of the clinical faculty for promotion or reappointment, at least one member of the Promotion and Tenure Committee shall be a member of the Clinical Faculty who shall hold a title which is equal to or senior to the rank of the candidate under consideration.

C. Persons Entitled to Vote Regarding Clinical Faculty Personnel Matters. Subject to Section 3.4(5) of the Law School's bylaws,<sup>36</sup> any member of the tenure track Faculty shall be entitled to vote on initial appointments, reappointments, promotions or terminations regarding non-tenure track clinical faculty. Any member of the tenure track Faculty who holds a title which is equal to or senior to the rank of the candidate in question, may vote on initial appointments, reappointments, promotions or terminations of tenure track clinical faculty. In addition, non-tenure-track clinical faculty who have been granted voting privileges under the by-laws of the faculty of law with titles equal to or senior to the title of the candidate under consideration shall be entitled to vote on such matters regarding both tenure track and non-tenure track clinical initial appointments,

---

<sup>36</sup> Amended September 30, 2015 to conform to revised Section 3.4(5), eliminating special seniority rules for junior tenure-track faculty.

reappointments, promotions or terminations.

D. Non-Tenure Track Clinical Faculty Appointments as Assistant Professor

A non-tenure track clinical faculty candidate appointed as Assistant Professor shall be eligible to receive two consecutive one (1) year appointments, followed by a three (3) year appointment. If the reappointment is not made, employment shall terminate at the end of the current appointment term, subject to the notice provisions in the University Faculty Handbook.

At the end of the three (3) year appointment, if the candidate is not promoted to Associate Professor, employment shall terminate, subject to the notice provisions in the University Faculty Handbook.

E. Non-Tenure Track Clinical Faculty Promotion to Associate Professor

Review for promotion to Associate Professor shall be done by the Promotion and Tenure Committee in the spring of the faculty member's fourth year, which shall transmit its recommendation to the faculty for a vote.

If a candidate is not promoted, that candidate's employment shall terminate at the end of the current appointment term, subject to the notice provisions in the University Faculty Handbook.

Promotion to Associate Professor results in an appointment for a five (5) year term. At the end of the five (5) year term, if an Associate does not meet standards for promotion to Professor and is not promoted, employment shall terminate, subject to the notice provisions in the University Faculty Handbook.

F. Non-Tenure Track Clinical Faculty Promotion to Professor

Review for promotion to Professor shall be done by the Promotion and Tenure Committee in the spring of the faculty member's ninth year, which shall transmit its recommendation to the Faculty for a vote.

If the candidate is not promoted, that candidate's employment shall terminate at the end of the current appointment term, subject to the notice

provisions in the University Faculty Handbook.

Promotion to Professor results in an appointment for a five (5) year term, with renewals for subsequent five (5) year terms as specified in V.

G. Tenure Track Clinical Faculty Appointments and Promotions

The terms of tenure track clinical faculty appointments, reappointments, promotions and terminations shall be governed by the policies and procedures regarding other tenure track faculty at the Law School. Those policies and procedures are memorialized in Appendix A to the By-laws of the Faculty of Law as well as the University Faculty Handbook. As with other tenure track faculty, the pre-tenure period for tenure track clinical faculty is normally six years, subject to certain extensions which may be available as stated therein. Clinical faculty candidates on the tenure track normally will be considered for promotion from Assistant Professor to Associate Professor at the end of his or her second year of service. Clinical faculty candidates on the tenure track normally will be considered for promotion from Associate Professor to Full Professor with tenure at the end of his or her fifth year of service.

H. Notwithstanding any of the provisions in this section IV., if a non-tenure track clinical faculty member is supported by short-term grants, the School of Law may condition the continuation of employment on continued receipt or renewal of such grants.

V. Renewal of Non-Tenure Track Clinical Professorial Appointments.

In the spring of the fourth (4th) year of a five (5) year appointment as a non-tenure track Professor, the Promotion and Tenure Committee shall review the candidate's performance to ensure that the standards for appointment as a non-tenure track Professor continue to be met and shall make a recommendation to the faculty. The faculty shall meet to vote on the recommendation, and reappointment shall occur upon a majority vote in favor of reappointment by the faculty members

entitled to vote on such matters. If, following a valid faculty vote, the reappointment is not made, termination of employment would occur at the end of the current five (5) year appointment, subject to the notice provisions in the University Faculty Handbook.

#### VI. Periodic Evaluations

In addition to evaluations for promotion and reappointment, all clinical faculty members at the titles of Assistant and Associate Professor shall be given an annual performance evaluation by the Promotion and Tenure Committee for the purpose of assisting the candidate in achieving levels of performance sufficient to warrant promotion to the next level of appointment.

#### VII. Procedures for Termination of Employment.

Any clinical faculty appointment may be terminated: 1) for just cause as defined in the Faculty Handbook Chapter 3, Part One, Section I.E.3.; 2) for serious failure to meet the continuing performance obligations set forth in Item XI. below; or 3) pursuant to a Faculty vote pertaining to reduction in staff as set forth in Item VIII below.

If the Dean or a majority of the voting faculty determines that mid-term termination of employment should be considered, the matter shall be referred to the Promotion and Tenure Committee for review and recommendation to the Faculty.

Following receipt of the recommendation of the Promotion and Tenure Committee if, in a valid faculty vote, a majority of faculty members entitled to vote on such matters finds that sufficient cause exists for termination, the candidate's employment shall be terminated, in accordance with, and subject to the notice provisions in the University Faculty Handbook.

VIII. Termination or Substantial Modification of the Clinical Program.

If the clinical program is terminated or substantially modified by the Faculty in a way that requires a reduction in the need for clinical faculty who teach in the clinical program, a member of the clinical faculty may be terminated regardless of years of service or title, in accordance with, and subject to the notice provisions in the University Faculty Handbook.

If a majority of persons entitled to vote on such matters approve a reduction in clinical faculty size, the reduction shall be accomplished in order of ascending title (i.e. lowest title first) or in order of years of service within a title (i.e. least years of service first).

IX. General Standards of Performance Applicable to Tenure-Track or Non-Tenure-Track Clinical Faculty.

A. In General. Standards for reappointment and promotion for all clinical faculty require effective teaching and institutional service. In addition, for tenure track clinical faculty, reappointment and promotion require sufficient research and scholarship as described in Appendix A to the By-laws of the Faculty of Law.

B. Teaching Effectiveness. Teaching ability is the primary factor to be considered in evaluating non-tenure track clinical faculty for hiring, retention and promotion. Teaching ability is an equally important factor, along with research and scholarship, for tenured or tenure track clinical faculty. All Clinical faculty should demonstrate steady progress toward becoming effective teachers in the clinical program. Any clinical faculty member whose primary appointment is as an administrator and who holds a clinical faculty appointment must also perform his or her administrative functions to the satisfaction of the Dean as a prerequisite to reappointment or promotion, regardless of that clinical faculty member's teaching effectiveness or other institutional service.

C. Service to the University, the Profession and the Community. Clinical faculty, like other members of the Faculty, will be called upon from time to time to engage in service to the Law School or University, for example in administrative or committee work. In addition, they may be asked to engage in public service, for example in organizing or appearing in continuing legal education programs, programs presented to non-lawyer community or educational groups, and service in other community groups such as boards of directors or legal bodies. Clinical faculty are expected to perform such services satisfactorily.

Extraordinary performance of service is an important factor in promotion decisions for non-tenure track clinical faculty. Extraordinary performance of service, however, will not justify promotion or reappointment if a clinical faculty member has not demonstrated effective teaching ability, or in the case of tenure track faculty, the required research and scholarship.

D. Capacity to collaborate with Colleagues. A candidate for reappointment or promotion in the clinical program shall demonstrate that he or she can work well with colleagues and has the inclination to continue to do so.

X. Additional Standards of Performance in the Clinical Program for All Clinical Faculty.

In addition to the general standards stated above in Item IX., the following standards are applicable to all clinical faculty, whether tenured, tenure track, or non-tenure track. In the evaluation process, due consideration shall be given to client confidentiality and the likelihood that in the course of representing clients, clinical faculty may be required to vigorously espouse contentious positions with other counsel or the bench.

A. Clinical Teaching Effectiveness. Candidates for reappointment and promotion should demonstrate steady progress towards excellence in achieving the goals of clinical teaching: to instill in students the habits of careful research, rigorous analysis, thorough preparation, good relations with clients and others, honest self-criticism, and the ability to learn from experience. Candidates who achieve the title of Clinical Professor should perform proficiently in both one-to-one supervision and clinical classroom teaching.

B. Competence as a Lawyer. Because one of the goals of the clinical program is instruction in the lawyering skills and professional values needed by the practicing lawyer, the effective teacher must be a good lawyer. The following are criteria for determining the quality of lawyering. The list is not exhaustive:

1. Knowledge of the Law. Clinicians should be knowledgeable in the fields of law in which they practice. They should be able to identify matters that are beyond their expertise and bring such matters to the client's attention.

2. Legal skills. Clinicians should exhibit proficiency in a variety of skills, including:

- a. Information gathering both from clients and others;
- b. Legal research, analysis, and writing;
- c. Strategy formation including client counseling;
- d. Strategy execution including negotiation, trial advocacy and alternative dispute resolution;
- e. Follow through, including keeping clients informed and maintaining good client relations; and
- f. Practice management, including organization and control of the legal work and finances of the office. In evaluating a clinician's proficiency in practice management skills, due consideration should be given to the individual clinician's opportunities or lack thereof, for such things as case assignment, overall supervision of office procedures, and control of the office finances.

3. Professional Values and Professional Responsibility.

Clinicians should evidence an appreciation of the professional values necessary to be a competent advocate and officer of the court. Clinicians also should be aware of ethical issues raised by practice and should take appropriate action to deal with these issues in a manner consistent with applicable ethical and legal standards.

C. Character. Clinicians should be intellectually and emotionally capable of rendering professional service to clients and of providing supervision to students.

D. Growth as a Lawyer. The clinical program is designed primarily to assist students in becoming competent practitioners. Competency as a practitioner is not learned at once but must be achieved and maintained throughout one's career. Growth as a practitioner is, therefore, a factor for consideration in retention and promotion decisions.

Growth may be demonstrated in a variety of ways: for example, by an intensive period of time spent practicing law with a firm or governmental agency during the summers or while on sabbatical; by representing clients in the clinic or through public or private consultation in cases that pose significant new challenges to the faculty member; or by teaching in participating programs such as institutes on trial advocacy. This requirement shall be interpreted reasonably in light of the opportunities that the school and program make available.

#### XI. Continuing Performance Obligations of All Clinical Faculty.

Throughout the term of any clinical faculty member's appointment, the clinical faculty member is expected to continually improve his or her performance under the performance standards applicable to his or her appointment and articulated in these policies and procedures.

#### XII. Application to Incumbent Clinical Faculty.

Clinical faculty who are employed by the Law School when these policies and procedures are adopted shall be evaluated and appointed to the title and contract term that are warranted under these policies and procedures, but no clinical faculty member shall receive a title or contract term less than that under which that clinical

faculty member is currently employed.

The employment of any clinical faculty member who is currently appointed based upon a grant from outside the University shall, in addition to all other standards contained in these policies and procedures, be subject to termination at the expiration of: a) the grant period, or b) the term of appointment in effect for that clinical faculty member at the time of adoption of these policies and procedures, whichever event occurs later.

### XIII. Transition of Clinical Faculty to the Tenure Track.

The following provisions are intended to implement the faculty decision made March 5, 2008 that provided: 1) all new clinical faculty who are considered for initial permanent, full-time appointments at the Law School that would begin after March 5, 2008, shall be considered for the tenure track, and shall be appointed, promoted, reappointed and considered for tenure pursuant to these policies and procedures as to their teaching and service, but shall also be subject to the policies and procedures regarding research and scholarship applicable to other tenured or tenure track faculty at the Law School. The policies and procedures applicable to research and scholarship are memorialized in the By-Laws of the Faculty of Law and Appendix A to those By-Laws; and 2) clinical faculty who were employed by the Law School on March 5, 2008 as non-tenure track clinical faculty under these policies and procedures are eligible to apply for transition to the tenure track.

#### A. Access to Tenure Track for Clinicians Employed as of March 5, 2008.

To be appointed to a tenure-track position, full-time clinical faculty members employed by the Law School as of March 5, 2008 must successfully go through the faculty appointments process to assess their scholarly potential. This would include

positive recommendations from the Faculty Appointments Committee to the faculty, from the faculty to the Dean, and from the Dean to the Provost. Such a recommendation would focus on teaching, service, practice, and scholarship.

Teaching, service and practice shall be governed by the policies and procedures stated above generally applicable to all clinical faculty. Scholarship generally shall be governed by the provisions of Appendix A to the By-Laws of the Faculty of Law, applicable to other tenure track faculty.

1. **Evidence of Scholarly Potential** – As with nonclinical tenure-track candidates, clinical faculty seeking a tenure-track appointment must establish their strong interest in, and substantial potential for, producing high quality scholarship with reasonable regularity throughout their teaching career.

a. **Appointment on the Basis of Prior Articles**

Like candidates for nonclinical tenure-track positions, clinical faculty members may request that prior articles be considered in order to establish evidence of scholarly potential sufficient for appointment to a tenure-track position.

b. **Release Time and Support for Writing**

To be appointed to the tenure track, non-tenure track clinical faculty members employed by the Law School as of March 5, 2008, who have no prior publications or whose prior publications do not establish an adequate basis for appointment must produce an article demonstrating scholarly potential. Based upon their

scholarly potential and progress, as determined by the Dean, clinical faculty members in this position who declare their intention to seek a tenure-track appointment may be released from clinical obligations during the summer and may be given research support, including research assistants and summer research grants for no more than three years.

2. Once a clinical faculty member is on the tenure track, that faculty member will receive the same benefits, rights, and obligations as nonclinical tenure-track faculty.

B. Consideration of prior scholarship, rank and years to tenure at application

1. As with nonclinical tenure-track faculty, a clinical tenure-track faculty member may be given credit at the time of appointment for scholarship previously produced.

2. While working toward tenure, clinical tenure-track faculty members may retain the rank and titles they earned at the law school prior to being appointed to the tenure track.

C. Choice to apply for tenure track

1. Clinical faculty members must choose, within five years of June 30, 2008, whether to apply for a tenure-track position or retain long-term contract status.

2. Clinical faculty members who apply for, but do not receive, a tenure-track position would retain long-term contract status.

3. All full-time clinical faculty employed by the Law School as of March 5, 2008 have the option to retain their previous non-tenure track long-term contract status and not apply for a tenure-track position.

These policies and procedures were initially adopted by the Faculty of Law on April 16, 1997; additional changes to conform to Faculty Handbook and Bylaws changes adopted October 1, 2007; additional changes to provide for transition of clinical faculty from non-tenure track to the tenure track were adopted in September, 2009.

**Appendix C: Policies and Procedures for Lawyering Skills Faculty**  
Case Western Reserve University School of Law

I. *Introduction*

These policies and procedures outline the rights and responsibilities of the faculty of the Case Western Reserve University School of Law whose primary appointments involve teaching lawyering skills courses<sup>37</sup>, hereinafter referred to as the “lawyering skills faculty.” These policies and procedures describe the process for hiring, evaluating, promoting, reappointing and terminating members of the lawyering skills faculty.

Nothing in these policies and procedures limits the inherent right of the faculty to control the content and approach of the lawyering skills program.

II. *Obligations of the Lawyering Skills Faculty*

In general, the obligations of the non-tenure track lawyering skills faculty to the institution are teaching and institutional service. The obligations of special lawyering skills faculty are teaching only.

III. *Specifications of Rank and Title*

A. *Ranks and Titles.* Lawyering skills faculty shall be non-tenure track or special faculty, depending upon the terms of the appointment. The following titles shall be applied to non-tenure track lawyering skills faculty appointments: “assistant professor of law,” “associate professor of law,” and “professor of law.” Professor is the most senior rank, followed in descending order by associate professor and assistant professor. The following titles shall be applied to special lawyering skills faculty appointments: “adjunct professor of lawyering skills” or “visiting

<sup>37</sup> Amended September 30, 2015 to eliminate outdated reference to the former CaseArc lawyering skills program.

professor of lawyering skills” depending on the nature of the appointment. All non-tenure track lawyering skills faculty are senior to special lawyering skills faculty.

B. *Assistant Professor*. The title “assistant professor of law” applies to a member of the non-tenure track lawyering skills faculty who is without significant teaching or other relevant experience, but who shows the capacity to meet standards for promotion to the rank of professor.

C. *Associate Professor*. The title “associate professor of law” applies to a member of the non-tenure track lawyering skills faculty who has prior teaching experience as an assistant professor or has other relevant experience, and who demonstrates strong performance and substantial progress toward meeting the standards for promotion to the rank of professor.

D. *Professor*. The title “professor of law” applies to a member of the non-tenure track lawyering skills faculty who possesses 1) an expert knowledge of his or her field, 2) effective teaching skills, 3) a willingness to assume a fair share of institutional administrative and service tasks, and 4) a commitment to continuing development of academic competence.

#### *IV. Procedures for Appointment, Evaluation, Reappointment, and Promotion*

A. *Hiring*. Appointment as a special faculty member in the lawyering skills program on either a full-time or part-time basis may be made by the Dean for up to one year, and may be renewed by the Dean for an additional year. In addition, under the provisions of paragraph IV.G. below, the Dean may appoint lawyering skills special faculty to additional or continuing terms. All hiring decisions of non-tenure track lawyering skills faculty shall be pursuant to a recommendation by the Appointments Committee and a majority vote of the faculty entitled to vote on the issue. For the sole purpose of considering a candidate for appointment to the non-tenure track lawyering skills faculty, one member of the Appointments Committee shall be a member of the non-tenure track lawyering skills faculty.

*B. Reappointment and Promotion Decisions.* The Promotion and Tenure Committee (or such other committee designated for this purpose) has responsibility for making recommendations to the faculty regarding promotion and reappointment of non-tenure track lawyering skills faculty in accordance with these policies and procedures.

All reappointment and promotion decisions shall be made pursuant to a majority vote by the faculty members entitled to vote, following review by the Promotion and Tenure Committee. For the sole purpose of considering a member of the non-tenure track lawyering skills faculty for promotion or reappointment, one member of the Promotion and Tenure Committee shall be a member of the non-tenure track lawyering skills faculty who holds a rank equal to or senior to the rank to which the non-tenure track lawyering skills faculty member under consideration is being reappointed or promoted.

*C. Persons Entitled to Vote Regarding Non-Tenure Track Lawyering Skills Faculty Personnel Matters.* Subject to the provisions of Section 3.4(7) of the Law School Bylaws,<sup>38</sup> any member of the tenure-track faculty and any clinical faculty member shall be entitled to vote on initial appointments, reappointments, promotions, or terminations regarding lawyering skills faculty. In addition, members of the non-tenure track lawyering skills faculty with ranks equal to or senior to the rank of the non-tenure track lawyering skills faculty member under consideration shall be entitled to vote on initial appointments, reappointments, promotions, or terminations regarding non-tenure track lawyering<sup>39</sup> skills faculty.

*D. Lawyering Skills Faculty Appointment as Assistant Professor.* A lawyering skills faculty member appointed as assistant professor may receive two consecutive one (1) year

<sup>39</sup> Corrected typographical error misspelling “lawyering” on September 30, 2015.

appointments, followed by a three (3) year appointment, if the appointment is renewed before the end of the one (1) year or three (3) year appointment periods.

If reappointment is not made before the end of the one (1) year or three (3) year appointment periods, the appointment shall terminate at the end of the current appointment term, subject to the notice provisions in the University Faculty Handbook.

*E. Lawyering Skills Faculty Promotion to Associate Professor.* Promotion to associate professor in the lawyering skills program results in an appointment for a five (5) year term.

Review for promotion to associate professor in the lawyering skills program shall ordinarily be done in the spring of the lawyering skills faculty member's fourth year as assistant professor by the Promotion and Tenure Committee, which shall transmit its recommendation to the faculty for a vote.

If an assistant professor is not promoted to associate professor, that faculty member's appointment shall terminate at the end of the current appointment term, subject to the notice provisions in the University Faculty Handbook.

*F. Lawyering Skills Faculty Promotion to Professor.* Promotion to professor in the lawyering skills program results in an appointment for a five (5) year term, with possible renewals for subsequent five (5) year terms as specified in article V of these policies.

Review for promotion to professor in the lawyering skills program shall ordinarily be done in the spring of the faculty member's ninth year by the Promotion and Tenure Committee, which shall transmit its recommendation to the faculty for a vote.

If an associate professor in the lawyering skills program is not promoted to professor, that faculty member's appointment shall terminate at the end of the current appointment term, subject to the notice provisions in the University Faculty Handbook.

*G. Special Faculty Positions.* Notwithstanding any of the above provisions in this article IV, the Dean, in consultation with the Appointments Committee and the full faculty, shall have flexibility to create continuing, special faculty positions in the lawyering skills program when doing so is in the best interests of the School of Law.

*V. Reappointments of Non-Tenure Track Appointments of Lawyering Skills Professors*

In the spring of the fourth year of a faculty member's five (5) year appointment as a non-tenure track professor in the lawyering skills program, the Promotion and Tenure Committee shall review the faculty member's performance to ensure that the standards for appointment as professor continue to be met, and the Committee shall make a recommendation to the faculty on renewal of the lawyering skills faculty member's appointment. The faculty shall meet to vote on the recommendation, and reappointment shall occur upon a majority vote in favor of reappointment by the faculty members entitled to vote on such matters.

If a faculty member's appointment is not renewed before the end of the five (5) year appointment, the appointment shall terminate at the end of the current appointment term, subject to the notice provisions in the University Faculty Handbook.

*VI. Periodic Evaluations*

In addition to evaluations for promotion and renewal, all non-tenure track lawyering skills faculty members at the ranks of assistant professor and associate professor shall be given an annual performance evaluation by the Promotion and Tenure Committee for the purpose of assisting the faculty member in achieving levels of performance sufficient to warrant promotion to associate professor or professor, as appropriate. Evaluations of special lawyering skills faculty shall be done by the Dean or his designee as appropriate to the nature of the appointment, but shall occur not less than once per year.

## *VII. Procedures for Termination of Appointment*

Any lawyering skills faculty appointment may be terminated before the end of the current appointment period 1) for just cause as defined in the Faculty Handbook Chapter 3, Part One, Section I.E.3. and 2) for serious failure to meet the continuing performance obligations set forth in article X below; or 3) pursuant to a faculty vote pertaining to reduction in staff as set forth in article VIII below and pursuant to the applicable Faculty Handbook provisions.

In the case of non-tenure track lawyering skills faculty, if the Dean or a majority of the voting faculty entitled to vote on appointments, reappointments and promotions of the individual in question determines that mid-term termination of appointment should be considered, the matter shall be referred to the Promotion and Tenure Committee for review and recommendation to the faculty. Following receipt of the recommendation of the Promotion and Tenure Committee if a majority of faculty members entitled to vote on such matters finds that sufficient cause exists for termination, the faculty member's appointment shall be terminated, subject to the notice provisions in the University Faculty Handbook.

## *VIII. Termination or Substantial Modification of the Lawyering Skills Program*

If the lawyering skills program is terminated or substantially modified by the faculty in a way that requires a reduction in the need for lawyering skills faculty, any member of the lawyering skills faculty may be terminated regardless of years of service or rank, subject to the notice provisions in the University Faculty Handbook.

If a majority of persons entitled to vote on such matters approves a reduction in lawyering skills faculty size, the reduction shall be accomplished in order of ascending rank (i.e., lowest rank first) or in order of years of service within a rank (i.e., least years of service first).

## IX. *Standards of Performance: Lawyering Skills Faculty*

A. *In General.* Standards for reappointment and promotion of non-tenure track lawyering skills faculty require effective teaching and institutional service. Standards for reappointment of special lawyering skills faculty require effective teaching.

B. *Teaching Effectiveness.* Teaching ability is the primary factor to be considered in evaluating lawyering skills faculty for hiring, reappointment, and promotion. Lawyering skills faculty who are candidates for reappointment or promotion should demonstrate steady progress towards excellence in achieving the goals of teaching lawyering skills — to begin to instill in students the habits of competent and effective performance of the lawyering skills taught in their courses, including to the extent applicable: 1) clear exposition, careful research, rigorous analysis; 2) thorough preparation; 3) effective interviewing, fact gathering, counseling, negotiation and oral presentation; 4) written and oral examination and advocacy; and 4) honest self-criticism. Faculty members in the lawyering skills program should perform proficiently in one-to-one interaction, small group and classroom teaching.

C. *Service to the University, the Profession, and the Community.* Non-tenure track lawyering skills faculty will be called upon to engage in service to the law school or University—for example, in administrative or committee work. In addition, they may be asked to engage in public service—for example, organizing or appearing in continuing legal education programs or programs presented to non-lawyer community or educational groups, and providing service in other community groups such as boards of directors or legal bodies. Lawyering skills faculty are expected to perform such services satisfactorily.

Extraordinary performance of service is an important factor in promotion or reappointment decisions, but it will not justify promotion or reappointment if a lawyering skills faculty member has not demonstrated effective teaching ability.

*D. Capacity to Collaborate with Colleagues.* A candidate for reappointment or promotion in the lawyering skills program shall demonstrate that he or she works well with colleagues, including the person or persons responsible for administering the lawyering skills program, and that he or she has the inclination to continue to do so.

#### *X. Continuing Performance Obligations*

Throughout the term of any lawyering skills faculty member's appointment, the lawyering skills faculty member is expected to continually improve his or her performance under the performance standards articulated in these policies and procedures.

#### *XI. Application to incumbent Legal Analysis and Writing Faculty*

Legal Analysis and Writing faculty who are employed as full-time non-tenure track faculty by the School of Law when these policies and procedures are adopted shall be evaluated and may be appointed to an initial three (3) year appointment term at a rank that is warranted under these policies and procedures; provided, that no Legal Analysis and Writing faculty member shall receive a rank or appointment term less than that under which that faculty member is currently employed. After the expiration of the initial three (3) year appointment, any such faculty member may be eligible for reappointment at the rank and for the appointment term provided under these policies and procedures.

## APPENDIX D

### POLICIES AND PROCEDURES FOR OTHER NON-TENURE TRACK FACULTY

School of Law, Case Western Reserve University

#### I. *Introduction*

These policies and procedures outline the rights and responsibilities of the non-tenure track faculty of the Case Western Reserve University School of Law whose primary appointments are not in the Clinical or the CaseArc Integrated Lawyering Skills Program. However, under the limited circumstances described below and for limited duration, a Professor from Practice may receive a primary appointment in the clinical program. These policies and procedures describe the process for hiring, evaluating, promoting, reappointing, and terminating members of such non-tenure track faculty. Nothing in these policies and procedures limits the inherent right of the faculty to control the content and approach of the program taught by non-tenure track faculty.

#### II. *Obligations of the Non-Tenure Track Faculty*

In general, the obligations of the non-tenure track faculty to the institution are teaching and institutional service.

#### III. *Specifications of Rank and Title*

A. Except as otherwise provided in Section III.B., non-tenure track faculty (other than Clinical and Lawyering Skills faculty) shall have the rank and title “Senior Instructor in Law.”

B. *Professors from Practice.* Prominent and accomplished candidates who possess significant expertise or other valuable qualities obtained while engaged in at least 10 years of law practice may be appointed as “Professors from Practice,” with the university rank of “Senior Instructor in Law.” Professors from Practice may be appointed to teach any course in the law school curriculum for which they

are qualified. Professors from Practice may be appointed or reappointed only under extraordinary circumstances. This type of appointment is an exception to the general policy that clinical faculty shall be appointed to positions on the tenure track.

#### *IV. Procedures for Appointment, Evaluation and Reappointment*

*A. Hiring.* All hiring decisions of non-tenure track faculty shall be pursuant to a recommendation by the Appointments Committee and a majority vote of the faculty entitled to vote on the issue.

*B. Reappointment Decisions.* The Promotion and Tenure Committee (or such other committee designated for this purpose) has responsibility for making recommendations to the faculty regarding reappointment of non-tenure track faculty in accordance with these policies and procedures. All reappointment decisions shall be made pursuant to a majority vote by the faculty members entitled to vote, following review by the Promotion and Tenure Committee.

*C. Persons Entitled to Vote Regarding Non-Tenure Track Faculty Personnel Matters.* Any member of the tenure-track faculty and any clinical and lawyering skills faculty member shall be entitled to vote on initial appointments, reappointments, or terminations regarding non-tenure track faculty.

*D. Initial Appointment.* A non-tenure track faculty member shall be appointed to a three (3) year term. If reappointment is not made before the end of the three (3) year appointment period, the appointment shall terminate at the end of the academic year following the end of the initial appointment term, subject to the notice provisions in the University Faculty Handbook.

*E. Reappointment.* Review for reappointment of a non-tenure track faculty member shall ordinarily be done by the Promotion and Tenure Committee during the third year of the non-tenure track faculty member's appointment. The Promotion and Tenure Committee shall transmit its recommendation to the faculty for a vote. The faculty shall meet to vote on the recommendation, and

reappointment shall occur upon a majority vote in favor of reappointment by the faculty members entitled to vote on such matters. If a non-tenure track faculty member is not reappointed, that faculty member's appointment shall terminate at the end of the academic year following the end of the current appointment term, subject to the notice provisions in the University Faculty Handbook.

#### *V. Periodic Evaluations*

In addition to evaluations for renewal, all non-tenure track faculty members shall be given an annual performance evaluation by the Promotion and Tenure Committee for the purpose of assisting the faculty member in achieving levels of performance sufficient to warrant reappointment.

#### *VI. Procedures for Termination of Appointment*

Any non-tenure track faculty appointment may be terminated before the end of the current appointment period: (1) for just cause as defined in the Faculty Handbook Chapter 3, Part One, Section I.E.3. and (2) for serious failure to meet the continuing performance obligations set forth in article VIII below. In the case of non-tenure track faculty, if the Dean or a majority of the voting faculty entitled to vote on appointments and reappointments of the individual in question determines that mid-term termination of appointment should be considered, the matter shall be referred to the Promotion and Tenure Committee for review and recommendation to the faculty. Following receipt of the recommendation of the Promotion and Tenure Committee, if a majority of faculty members entitled to vote on such matters finds that sufficient cause exists for termination, the faculty member's appointment shall be terminated, subject to the notice provisions in the University Faculty Handbook.

#### *VII. Standards of Performance for Non-Tenure Track Faculty*

A. *In General.* Standards for reappointment of non-tenure track faculty require effective teaching and institutional service.

B. *Teaching Effectiveness.* Teaching ability is the primary factor to be considered in evaluating non-tenure track faculty for appointment and reappointment. Non-tenure track faculty who are candidates for reappointment should demonstrate steady progress toward excellence in teaching.

C. *Service to the University, the Profession, and the Community.* Non-tenure track faculty will be called upon to engage in service to the law school or University—for example, in administrative or committee work. In addition, they may be asked to engage in public service—for example, organizing or appearing in continuing legal education programs or programs presented to non-lawyer community or educational groups, and providing service in other community groups such as boards of directors or legal bodies. Non-tenure track faculty are expected to perform such services satisfactorily. Extraordinary performance of service is an important factor in reappointment decisions, but it will not justify reappointment if a non-tenure track faculty member has not demonstrated effective teaching ability.

#### VIII. *Continuing Performance Obligations*

Throughout the term of any non-tenure track faculty member's appointment, the faculty member is expected to continually improve his or her performance under the performance standards articulated in these policies and procedures.

Dear Professor Colares:

As noted in the accompanying memo from Dr. Phoebe Stewart, Chair of the School of Medicine's Faculty Council, the Faculty of Medicine voted in July 2017 to recommend amendments to the Faculty of Medicine Bylaws.

The amendments appear in multiple sections throughout the Bylaws and are generally intended to make clear the roles of Faculty Council, to describe Standing Committee charges, and clarify the organization of academic units in the School of Medicine.

Along with other changes, the proposed amendments:

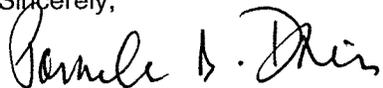

- limit divisions with departmental status to the current Division of General Medical Sciences;
- describe the Division of General Medical Sciences;
- require a rationale to accompany all petitions to establish, discontinue or merge academic departments for review by the Faculty Council, the Faculty of Medicine and the Dean;
- clarify a department's responsibility to allocate its resources to support its faculty's educational, research and scholarly activities under the department chair's leadership; and
- remove inaccurate language referring to schools within the university and replace it with reference to departments and the Division of General Medical Sciences.

The revised text of the Faculty of Medicine Bylaws with the amendments indicated is enclosed with this memo. I concur with the Faculty of Medicine and recommend approval of these amendments.

Please submit the proposed amendments to the appropriate committees for their review at their earliest opportunity. I would be pleased to answer any questions that might arise during the review process.

Thank you.

Sincerely,

Pamela B. Davis, MD, PhD

**Re: Amendments to SOM Bylaws approved by the Faculty of Medicine in an election Jun/Jul 2017**

Date: July 27, 2017

As Chair of the Faculty Council, I am pleased to submit for your attention and support amendments to the SOM Bylaws approved by the Faculty of Medicine in a special election that was held in June and July 2017.

These amendments are to Articles 2, section 3 and Article 4. They were discussed at the April 2017 Faculty Meeting and voted on at the May 2017 Faculty Council meeting.

A ballot was approved by the Nomination and Elections Committee, distributed to all full-time faculty in the School of Medicine. The ballot remained open for three weeks in accordance with our Bylaws. A copy of the ballot and vote tally is attached. A total of 150 faculty voted and all proposed amendments passed with an overwhelming majority of the votes cast.

It is our request that you join us in recommending these changes and submit them on behalf of the Faculty of Medicine to the Chair of the Faculty Senate and the Secretary of the Faculty Senate.

Sincerely,

A handwritten signature in cursive script that reads "Phoebe L. Stewart".

**Ballot for SOM Bylaws Amendments  
Election held in June and July 2017**

Dear SOM Faculty:

Faculty Council met in April to discuss proposed amendments to the School of Medicine Bylaws. At its May meeting, the Faculty Council voted to recommend approval of the following changes:

1. Under 2:3 Authorities and Powers of the Faculty of Medicine, changes were made to remove references to schools within the university to departments and the Division of General Medical Sciences within the School of Medicine;
2. A correction was made to reflect that the Faculty of Medicine elects the at-large members of Faculty Council while departments elect their own Faculty Council representative;
3. Article 4 is now labeled "Departments and Division of General Medical Sciences"
4. Under 4:1, it now states Faculty must have a primary appointment in either a department or the Division of General Medical Sciences and duties of Departments and Centers within the Division of General Medical Sciences are described;
5. Under 4:2 Functions of Departments, a sentence is added that states the department's responsibilities to allocate resources and responsibilities for faculty activities and freedom of scholarship;
6. Include a statement that the Dean is the chair of the Division of General Medical Sciences;
7. Removes language referencing heads of divisions with departmental status;  
and
8. Under 4:4 Establishment and Discontinuance of Academic Departments, the process is outlined in greater detail.

APPENDIX I: Qualifications and Standards for Appointment, Promotion and the  
Award of Tenure for Faculty Members in the School of Medicine, Case Western  
Reserve University

Recommended for Approval by SOM Faculty

## ARTICLE 1 - PURPOSE

These bylaws and all amendments adopted as hereinafter provided shall henceforth constitute the rules and regulations governing the conduct and procedures of the Faculty of Medicine in the performance of its duties and in the exercise of its authorized powers, as specified by the constitution of the University Faculty of Case Western Reserve University. They are intended also to facilitate the participation of the clinical and adjunct faculty in organizing and executing the curriculum of the School of Medicine.

## ARTICLE 2 - THE FACULTY OF MEDICINE

### 2.1: Membership of the Faculty of Medicine

The Faculty of Medicine shall consist of (1) regular faculty, defined as all persons who hold full-time appointments in the School of Medicine and who have unmodified titles at the rank of professor, associate professor, assistant professor, senior instructor, instructor, and (2) special faculty, those who hold these ranks modified by the adjective clinical, adjunct, visiting, or emeritus. In addition, fifteen students, two elected from and by each of the four University Program medical school classes, two elected at-large from and by Cleveland Clinic Lerner College of Medicine ("CCLCM") students, two elected from and by M.D.-Ph.D. students, and three elected from and by medical school graduate students, shall act as non-voting student representatives. The president of the university, a vice-president of the university responsible for medical school activities, and an administrative officer from and selected by each affiliated hospital shall be members of the faculty *ex officio*. The dean of the School of Medicine shall furnish annually to the secretary of the University Faculty a list of all full-time members of the faculty. (A full-time faculty member is one who is a member of the University Faculty as defined in the Faculty Handbook of Case Western Reserve University.) The Faculty of Medicine shall create a Faculty Council to conduct such business for it as is described below.

### 2.2: Officers of the Faculty

The president of the university and, in the president's absence or by the president's designation, the dean of the School of Medicine or the dean's representative, shall be chair of the Faculty of Medicine. The chair of the Faculty Council shall serve as vice-chair of the Faculty of Medicine. The Faculty of Medicine shall have a secretary who shall be appointed by the dean. The secretary shall provide due notice of all faculty meetings and the agenda thereof to the members of the faculty and distribute to the members the minutes of each meeting. The office of the dean shall be requested to supply appropriate administrative support for these functions.

Recommended for Approval by SOM Faculty

2.3: Authorities and Powers of the Faculty of Medicine

a. Authorities. Those authorities delegated by the University Faculty to the Faculty of Medicine for the educational, research, and scholarly activities of the School of Medicine shall reside in the Faculty of Medicine.

b. Powers Reserved. The regular faculty members of Faculty of Medicine shall make recommendations to the dean for consideration and the transmittal to the University Faculty Senate concerning the establishment, discontinuance, or separation-merging of any constituent school or college department of the Division of General Medical Sciences (DGMS), or concerning the merging of such organizational units, and concerning any matter of import referred by the Faculty Council to the Faculty of Medicine for the determination of its recommendation.

The regular faculty members of the Faculty of Medicine shall have the power to recommend approval of amendments to these bylaws and the power and obligation to elect (1) senators to the University Faculty Senate; (2) a majority of the at-large members of the Faculty Council; and (3) a majority of the voting members of the standing committees listed in section 2.6a.

Commented [ND1]: Approved by Faculty Council 5/15/2017

2.4: Meetings of the Faculty of Medicine

a. Regular Meetings. The Faculty of Medicine faculty shall schedule meetings at least three times each academic year. The dean of the School of Medicine shall be asked to describe the state of the medical school generally at one of the meetings. Another meeting shall have as its main business a program relating to medical education. A third meeting will have an agenda approved by the Faculty Council with at least one-half of the meeting devoted to open forum items. Meeting dates and times will be coordinated to accommodate appropriate schedules. In the event that inclement weather or other unforeseen event forces the university to close, a Faculty of Medicine faculty meeting scheduled for that day shall be rescheduled. The Faculty Council may cancel a scheduled meeting of the faculty in the event there is no business to be conducted.

b. Special Meetings. The Faculty of Medicine shall also meet on the call of the president or the dean, or on written petition of at least 10 faculty members presented to the Faculty Council, or at the request of the Faculty Council.

2.5: Voting Privileges

a. A quorum of the faculty for both regular and special meetings shall consist of 100 members who are eligible to vote on the issue before the faculty as defined below (2.5c-2.5e). Proxies are not acceptable for purposes of either establishing a quorum or voting.

Recommended for Approval by SOM Faculty

b. Special meetings of the faculty shall be conducted according to Robert's Rules of Order, Newly Revised. A majority of those present and voting shall be necessary to effect action.

c. Special faculty whose titles are modified by the adjectives adjunct or clinical may vote at meetings only on matters concerning the planning and approval of the curriculum, the execution of the instructional program, the formulation of policies with regard to student affairs, appointment and promotion of special faculty; the election of members of committees dealing with such issues, and the election of their representatives to the Faculty Council.

d. Emeritus and visiting faculty members shall not be eligible to vote.

~~e. Prior~~ Prior to faculty meetings, Faculty Council will determine which faculty are eligible to vote on each issue scheduled for a vote, guided by 2:5c-2:5e above. If an issue is raised and brought to a vote *ad hoc* at a faculty meeting, the person chairing the meeting will determine who is eligible to vote based on the above criteria.

2:6: Committees Functions and Duties of the Faculty

~~a. All powers and obligations of the Faculty of Medicine shall be delegated to the Faculty Council and exercised by it, with the exception of those powers and obligations reserved above. These delegated powers and obligations shall include but not be limited to the planning and execution of educational programs and the formulation of policies concerning curricula, student admissions, and the conduct of research. The Faculty Council shall also have the responsibility to review the requirements for the M.D. degree and to approve student standings and student promotions.~~

~~a. b.~~ The following Standing Committees shall be charged with specific responsibilities (as described more completely in each committee's Charge as approved by the Faculty Faculty Council):

(1) The Admissions Committee shall participate in both annual decision-making regarding individual applicants and in the establishment of admissions policy and procedure.

(2) The Bylaws Committee shall consider proposed amendments to the Bylaws of the Faculty of Medicine and shall make recommendations concerning such proposed amendments to the School of Medicine Faculty Council.

(3) The Committee on Budget, Finance, and Compensation shall serve as the faculty's principal forum to the dean for the consideration of matters relating to SOM budgeting and financing. This Committee will consult with and advise the SOM administration on the formation and review of SOM policies and procedures concerning faculty compensation.

(4) The and transmittal to the University Faculty Senate with regard to the establishment or discontinuance of departments and may, at its discretion, make its own recommendation concerning the establishment, discontinuance, or merging of units larger

Recommended for Approval by SOM Faculty

~~than a single department but smaller than a constituent school or college or refer such matters to the Faculty of Medicine for its recommendation. The Faculty Council shall advise the dean with regard to the establishment, discontinuance, or merging of academic or research units of the School of Medicine that are not required by the Faculty Handbook, at Chapter 2, Article V, Sec. A., Par. 2, c., 2, to be brought before the Faculty Senate. The Faculty Council, through the Committee on Appointments, Promotions, and Tenure, shall review and make recommendations concerning all appointments as or to the dean for consideration and transmittal to the president of the university with regard to faculty promotions to the ranks of associate professor ~~and~~ professor and the award, initial appointments to those ranks, and granting of tenure.~~

(5) The Committee on Medical Education serves to evaluate, review, and make recommendations concerning overall goals and policies of the School's medical education program, which includes the University and College programs.

(6) The Committee on Students shall have the responsibility of reviewing the total performance of all students and the authority for decisions on student standing and student promotions.

(7) The Lecture Committee shall serve as a selection committee for speakers where no other regular mechanism is in place.

(8) The Committee on Biomedical Research shall carry out the faculty's role in formulating policies related to the conduct of research in the School of Medicine on matters including but not restricted to the research portfolio, enabling technologies, research infrastructure, and biomedical workforce.

~~\_\_\_\_\_ c. The Faculty Council shall advise the president with regard to the appointment of the dean, as well as an interim or acting dean (see Section 3:6c for procedures), shall advise the dean with regard to recommendations to the president concerning the appointment of academic department chairs, as well as interim or acting chairs (for procedures see 4:3a and 4:3b), and shall advise the dean concerning appointments of directors of hospital departments and major interdepartmental academic officers.~~

2:7 Committees of the Faculty

~~\_\_\_\_\_ a. b.~~ The majority of the voting members of each standing committee dealing with faculty responsibilities shall be elected by the regular members of the Faculty of Medicine. The number of non-voting members shall not exceed the number of voting members. The chair of the Faculty Council shall solicit recommendations for committee chair appointments from each standing committee, and then shall normally appoint one of the elected members to be the chair

Recommended for Approval by SOM Faculty

of each such committee, unless other provisions for appointment of chairs are made in these Bylaws, ~~but with approval on an annual basis by the Faculty Council, the chair may appoint the dean of the School of Medicine or another faculty member to serve as chair of a standing committee. Standing committees dealing with areas of faculty responsibility shall include the following: Admissions Committee; Bylaws Committee; Committee on Appointments, Promotions, and Tenure; Committee on Medical Education; Committee on Students; Lecture Committee; and Research Committee.~~

c. Standing Committees shall be established or discontinued only by amendment of the School of Medicine By-Laws. The two exceptions are the Standing Committee on Appointments, Promotion and Tenure, and the Standing Committee on Budget, Finance, and Compensation whose existence is mandated by the Faculty Handbook. Ad hoc committees shall not be appointed that duplicate or substantially overlap with the missions and charges of the Standing Committees. The Faculty Council shall have the authority to amend the representative composition (e.g., by number, rank, department, or institution) of standing committees and the length of terms of office of the members, and shall nominate candidates for committee membership. The regular members of the Faculty of Medicine faculty shall vote upon the nominees and shall elect the majority of voting committee members. MembersAdditional members of any standing committee may be appointed by the dean in accordance with the prescribed structure of each such committee. The number of appointed voting members shall be less than the number of elected voting members. The standing committees shall be reviewed by the Faculty Council at least once every five years. Standing committees may present proposed changes to their own charge for consideration by the Faculty Council. In the event that an elected member of a standing committee of the faculty resigns during the term, the Nomination and Elections Committee~~nominating committee~~ of the Faculty Council shall appoint a replacement. The first choice should be the faculty member who received the next highest number of votes in the most recent election for this committee position. Should that individual be unwilling or unable to serve, the Nomination and Elections Committee~~nominating committee~~ shall appoint an alternate of its choosing to the committee. In either case, this appointee may stand for election to the committee for the remainder of the term of the resigning member at the next regularly scheduled faculty election.

de. The dean shall be a member of all standing committees *ex officio* and may be the chair of any such committee if so appointed by the chair of the Faculty Council with the approval of the Faculty Council. Persons holding the office of assistant, ~~or~~ associate, or vice dean may be regular members of any of these committees. Standing committees may include members holding the office of assistant, associate, or vice dean, as long as their number does not exceed

Recommended for Approval by SOM Faculty

25% of the membership. The exception to this rule is the Committee on Medical Education, which may include members holding the office of assistant, associate, or vice dean, as long as their numbers do not exceed 40% of the membership. Persons holding the office of assistant, associate, or vice dean These persons may not be committee chairs, but may be executive officers of these committees. Membership rosters of all standing committees shall be published annually.

ed. Any action taken in the name of a standing committee shall be made by majority vote. All members of a committee shall be supplied with minutes of the meetings of the committee and with copies of official recommendations of the committee.

fe. The meetings of ~~the Faculty Council and of~~ all standing committees shall be open to all members of the faculty except for those of ~~the Steering Committee~~, the Admissions Committee, the Committee on Students, and the Committee on Appointments, Promotions and Tenure. Chairs of other committees may declare a meeting or part of a meeting closed to faculty attendance only if confidential personnel matters are to be discussed.

~~f. Ad hoc committees of the faculty may be created by the Faculty Council at its discretion.~~

### ARTICLE 3: THE FACULTY COUNCIL

#### 3.1: Purpose and Functions of the Faculty Council

~~The~~ There shall be a Faculty Council of ~~the Faculty of Medicine~~ delegates, which shall meet regularly to exercise all powers of ~~the Faculty of Medicine~~ not reserved to the Faculty of Medicine itself (see Article 2) to a Faculty Council. The Faculty Council shall meet regularly to exercise the

~~The~~ powers and obligations of the Faculty Council, which shall include but not be limited to ~~the~~ these following:

- a. ~~To~~ act for the Faculty of Medicine regarding the planning and execution of educational programs and the formulation of policies concerning curricula, student admissions, and the conduct of research in consultation with the appropriate standing committee of the Faculty of Medicine. It shall also have the responsibility to review the requirements for the M.D. degree and to approve student standings and student promotions;
- b. ~~To~~ hear reports of the Standing Committees ~~committees~~ of the faculty and of the Faculty Council and recommend action on such reports;
- c. to determine the establishment, discontinuance, and representative composition of the membership of all faculty standing committees;

Recommended for Approval by SOM Faculty

- d. to elect a chair, a chair-elect, members of the Steering Committee, and the Faculty Council members of the Nominating Committee;
- e. to determine the agenda for its own meetings and the agenda for the meetings of the faculty;
- f. to classify any issue requiring a vote of the faculty so as to determine the eligibility of the adjunct/clinical and student members to vote on that issue (per ~~2:4~~biii and ~~2:4~~bv). The Faculty Council may appoint standing and *ad hoc* committees to make recommendations concerning its various functions and duties (see Article 3:6d).

~~3:2~~: Membership of the Faculty Council

a. Voting Members. Voting members of the Faculty Council shall include one representative of each academic department (When more than one autonomous department exists within a single academic discipline, as per section 4:3 below, a representative of each such department shall be elected to the Faculty Council.) and of each division with departmental status. (All references hereafter to academic departments include divisions with departmental status.) These representatives shall be referred to as department representatives. Other voting members shall include two representatives from the special faculty whose titles are modified by the adjective adjunct or clinical, one representative from each affiliated institution and 10 representatives of the regular faculty elected at large. All these representatives shall be members of the faculty.

b. Non-voting Members. Non-voting members of the Faculty Council shall be the president of the university, a vice-president of the university responsible for medical school activities, the dean of the School of Medicine, the associate dean for medical education of the School of Medicine, the chair of the Committee on Medical Education, and student members who shall include not more than two undergraduate medical students, one M.D.-Ph.D. student, and one Ph.D. graduate student. The student members shall be chosen by their respective groups. In addition, if a senator to the university Faculty Senate is not included in the Faculty Council as a voting member, the chair of the Faculty Council shall appoint one of the School of Medicine senators to be an *ad hoc* member of the Faculty Council. The chair of the Faculty Council may invite other persons to attend designated meetings. Faculty Council meetings shall be open to the faculty. Faculty members may at any time request hearings before Faculty Council, but a request by a faculty member for a hearing before the Faculty Council must be made to the chair prior to the meeting of the Faculty Council.

~~3:3~~: Election of the Members of the Faculty Council

(For more details concerning elections, see Article 3:6b, paragraph 3.)

Recommended for Approval by SOM Faculty

a. Shall be held no later than April 30 of each year, with newly elected members beginning their terms of office on the following July 1.

b. Upon notification by the dean, the full-time faculty members of each academic department of the School of Medicine shall elect as a department representative to the Faculty Council one of their full-time members who holds a primary appointment in that department. The election shall be held by democratic process. Complaints concerning the occurrence of undemocratic selections of representatives shall be brought to the attention of the chair of the Faculty Council.

c. Upon notification by the dean, full-time faculty based at each affiliated institution shall choose, by a method of their own design, one of their members who has a primary base at that institution and who has not been elected a department representative to be a representative to the Faculty Council.

d. The at-large representatives shall be nominated by a nominating committee (see Article 3:6b) and shall be elected by the full-time members of the faculty. The dean shall be requested to supply the nominating committee with a list of the preclinical and clinical science departments and rosters of the full-time faculty members with primary appointments in each department. Five at-large representatives shall be from preclinical departments and five shall be from clinical science departments. There shall be at least two nominees for each of these positions. Those nominees who are not elected shall serve as alternates in the order of votes received (see 3:4). In each three-year cycle beginning with the adoption of these amendments, one preclinical and one clinical at-large representative shall be elected the first year, and two preclinical and two clinical at-large representatives shall be elected in each of the second and third years. Upon adoption of these amendments, the at-large representatives who are then serving may complete their terms of office.

e. The Nominating Committee (see Article 3:6b) shall nominate at least four members of the special faculty whose titles are modified by the adjective adjunct or clinical as candidates for representative to the Faculty Council. Two of these nominees shall be elected by the special faculty whose titles are modified by the adjective adjunct or clinical. The remaining nominees will serve as alternates in the order of votes received.

3:4: Terms of Office of Faculty Council Representatives

Representatives shall serve for a period of three years. Representatives may not serve consecutive terms but may be reelected after an absence of one year. A department representative who is unable for any reason to complete a term of office shall be replaced by a full-time faculty member from the same academic department, elected by democratic process within that department. The new member shall complete the term of the former member and

| Recommended for Approval by SOM Faculty

shall be eligible for reelection if the remaining term so completed has been less than two years. A departmental member on leave of absence shall be replaced during that leave by a faculty member from the same academic department, elected by democratic process within that department. Upon return from leave, the returned faculty member shall complete the original term of office. An at-large representative who is unable for any reason to complete a term of office shall be replaced by an alternate (per 3:3d) who shall serve during the remainder of the term or during the leave of the representative, as outlined for department representatives. A representative of the special faculty who is unable for any reason to complete a term shall be replaced by an alternate (see Article 3:3e) who shall serve during the remaining term or during the leave of the representative. A representative of an affiliated institution who is unable for any reason to complete a term shall be replaced by a full-time faculty member with a primary base at the same institution. That individual shall be chosen by the same mechanism as the original representative, and shall serve for the remaining term or during the leave of the original member, as outlined above for department representatives.

Members who have three absences from Faculty Council meetings in one year must resign from the Faculty Council unless their absences were excused by the chair of the Faculty Council. A warning letter will be sent to the Faculty Council member after two absences, with a copy to the department chair. Selection of replacements for members who resign is discussed in the preceding paragraph.

| 3:5: Officers of the Faculty Council

Each year the Faculty Council shall elect a chair-elect from the members who have at least two years of their terms remaining. The chair-elect shall serve as vice-chair of the Faculty Council during the first year following election and succeed to the chair the following year. The chair of the Faculty Council (or the vice-chair of the Faculty Council in the absence of the chair) shall preside over the Faculty Council and shall be vice-chair of the Faculty of Medicine. Following completion of this term of office, the immediate past chair of the Faculty Council shall serve one additional year as a member of the Faculty Council and as a member of its Steering Committee. For procedures to be followed in the election of the officers and committees of the Faculty Council, see article 3:6b. The dean shall be requested to provide administrative support to these officers.

| 3:6: Committees of the Faculty Council

a. Steering Committee. The Steering Committee shall consist of eight members: the chair of the Faculty Council, the vice-chair of the Faculty Council, the immediate past chair of the Faculty Council, and five other Faculty Council members who shall be elected by the Faculty

Recommended for Approval by SOM Faculty

Council for one-year terms. These members may be reelected successively to the Steering Committee for the duration of their terms as members of the Faculty Council. The chair of the Faculty Council (or the vice-chair of the Faculty Council in the absence of the chair) shall serve as chair of the Steering Committee. The Steering Committee shall set the agenda for meetings of the Faculty Council. The Steering Committee shall be empowered to act for the Faculty Council between meetings. The Steering Committee shall report all actions and recommendations to the Faculty Council. The Steering Committee shall act for the Faculty Council and faculty in reviewing actions of the Committee on Appointments, Promotions and Tenure in order to ensure equity, adherence to published guidelines, and proper procedure. The Steering Committee shall consult with the dean on such matters as the dean brings before it. The Steering Committee shall advise the president concerning the appointment of an interim or acting dean of the School of Medicine.

b. Nomination and Elections Committee. This committee shall consist of eleven members: the dean, the chair of the Faculty Council, the vice-chair of the Faculty Council, four other Faculty Council members, two each from the preclinical and clinical sciences, and four full-time faculty members who are not members of the Faculty Council, two each from the preclinical and clinical sciences. The four Faculty Council members of the Nomination and Elections Committee shall be elected at large by the Faculty Council and shall serve for the duration of their terms as Faculty Council members. The four non-members of the Faculty Council shall be elected by ballot by the Faculty of Medicine and shall serve three-year terms. The chair will be elected from the members of the committee annually.

The Nomination and Elections Committee shall nominate (1) candidates for the chair-elect of the Faculty Council, (2) candidates for the Steering Committee, and (3) candidates for the standing committees of the Faculty Council. Ballots listing the nominees and leaving space for write-in candidates shall be sent to all members of the Faculty Council. The election of the chair-elect and the members of the Steering Committee, the Faculty Council members of the Nomination and Elections Committee and the members of other standing committees of the Faculty Council will be carried out at the ~~June-May~~ meeting of the Faculty Council. Additional nominations for all these offices shall be invited from the floor. The consent of the nominee must be obtained in order for a write-in or floor nomination to be valid. Faculty Council members who cannot attend the ~~June-May~~ meeting may vote by mail (noting that wherever mail voting or distribution is mentioned in these Bylaws, voting or distribution by email or other method well-calculated to reach voters shall be considered satisfactory). Candidates for chair-elect will also be candidates for the Steering Committee and will be so listed on mail ballots. Faculty Council members shall vote for one nominee for chair-elect and for six members of the Steering Committee. The five persons with the highest number of votes, excluding the person elected to the office of chair-elect, shall be elected to serve on the Steering Committee. Both mail ballots

| Recommended for Approval by SOM Faculty

and ballots collected at the Faculty Council meeting shall be counted, whether or not a quorum is present at the meeting. If the total number of ballots received does not equal or exceed 50% of the members of Faculty Council, ballots may be solicited from absentee members. If either the Steering Committee or the Nomination and Elections Committee perceives a significant deficit in the representation of faculty constituencies within its membership following the annual election, either committee may ask the chair of Faculty Council to appoint a single ad hoc voting member to serve on the respective committee for the remainder of the year. In the case of the Steering Committee, the appointee should be a current member of the Faculty Council. In the case of the Nomination and Elections Committee, the appointee should be a regular member of the Faculty of Medicine.

In addition, the Nomination and Elections Committee shall nominate (1) candidates for the at-large representatives to the Faculty Council, (2) candidates for the representatives of the special faculty whose titles are modified by the adjective adjunct or clinical to the Faculty Council, (3) candidates for standing committees of the Faculty of Medicine, and (4) candidates for senator to the University Faculty Senate. In the case of at-large representatives, senators, or members of the Committee on Appointments, Promotions, and Tenure, the number of nominees shall be at least twice the number of positions to be filled. Electees shall be chosen by mail ballot. Ballots listing candidates for Faculty Council, senators, and standing committees of the faculty shall be mailed to all full-time members of the faculty. Ballots listing candidates for the representatives of the special faculty on the Faculty Council shall be mailed to all special faculty whose titles are modified by the adjective adjunct or clinical. Ballots listing candidates for committees dealing with the planning and approval of the curriculum, the execution of the instructional program, and the formulation of policies with regard to student affairs shall be mailed to all members of the faculty. Elections shall be conducted as far in advance of the completion of the terms of sitting members as is practicable. Elections may be conducted through the campus and first class mail or by email or other electronic means. All ballots shall provide space for write-in candidates. At least two weeks shall be allowed between the distribution of all ballots and the close of the election and determination of election results. Distribution of the ballots and the determination and publication of the election results shall be the responsibility of the Nomination and Elections Committee. After each election, the Committee will count the votes and publish all the vote totals. Any irregularities or issues in the conduct of the elections shall be investigated and resolved by the Committee. The Nominations and Elections Committee shall report its investigation and resolution to the Faculty Council and the Faculty of the School of Medicine. The dean shall be requested to supply administrative support for the elections.

c. Special Committee to Nominate Candidates for the Search Advisory Committee to the President on the Selection of the Dean of the School of Medicine. This special nominating

Recommended for Approval by SOM Faculty

committee shall be formed when needed and shall consist of the chair of Faculty Council, three other members of the Steering Committee of the Faculty Council, three elected members of the Nominating Committee, and four academic department chairs (two Basic Science, two Clinical) of the School of Medicine. The chair of the Faculty Council shall serve as chair of this special nominating committee, and the other ten members shall be elected by their respective groups. The majority of the nominees for the Search Advisory Committee selected by this special nominating committee shall be full-time members of the Faculty of Medicine. The president is requested to consider these nominees when appointing members of the Search Advisory Committee.

In the early stages of the search for the dean of the School of Medicine, the chair of the Faculty Council shall solicit recommendations, opinions, and advice regarding selection of the dean from members of the Faculty of Medicine by mail and submit these views directly to the Search Advisory Committee. When a final list of candidates for the position of dean has been selected, the Search Advisory Committee is requested to solicit the views and advice of the Steering Committee of the Faculty Council on the ranking of the candidates.

d. Other Committees of the Faculty Council. The Faculty Council may create other standing and *ad hoc* committees of the Faculty Council to carry out specific functions and duties assigned to it. These committees may include members who are not Faculty Council members.

3.7: Meetings of the Faculty Council

a. The Faculty Council shall meet at least once every two months from September through June of each academic year. Special meetings may be called by a majority vote of the Steering Committee, by a written petition of 10 members of the faculty addressed to the chair of the Faculty Council, or by the dean.

b. The agenda for each meeting shall be prepared by the Steering Committee, posted electronically, and sent electronically to all faculty members at least one week in advance of regular meetings and at least two days in advance of special meetings

c. Minutes of the meetings shall be kept and shall be distributed in a timely fashion to Faculty Council members, to the dean, to all department chairs, and to each member of the Faculty of Medicine. Approved minutes shall be posted electronically and sent electronically to all faculty members. The dean is requested to provide administrative support for this purpose.

d. The meetings shall be conducted according to Robert's Rules of Order, Newly Revised. A quorum of the Faculty Council shall consist of 50% of the voting members. Elected members may not designate alternates for council meetings or vote by proxy in council meetings. Faculty Council members may vote *in absentia* by mail in the election of officers and standing committees of the Faculty Council (see article 3.6b).

Recommended for Approval by SOM Faculty

3.8: Annual Report of the Faculty Council

Each year the chair of the Faculty Council shall submit to the faculty a report on the activities of the Faculty Council.

ARTICLE 4 – DEPARTMENTS AND DIVISION OF GENERAL MEDICAL SCIENCES (DGMS)

4.1: Organization of the Faculty into Departments and Division of General Medical Sciences (DGMS)

a. The Faculty of Medicine ~~may shall~~ be organized into departments and DGMS representing each academic disciplines as specified in the Constitution of the University Faculty, Article VII, Sec. B. Departments and Centers in DGMS shall plan and execute programs of research and scholarship and of professional activity and shall train medical students, graduate students, and/or undergraduate students in its discipline.

Commented [ND2]:

~~Divisions with the status of a department may be established. Each member of the faculty shall normally have an appointment in a department or in a division having the status of a department.~~

b. Each member of the Faculty of Medicine shall have a primary appointment in an academic department or DGMS, which has departmental status (see Article 4.7).

Commented [ND3]: Approved by Faculty Council 5/15/2017

4.2: Function of Departments

a. Each department and DGMS shall provide a central administration for its academic disciplines. Each department and DGMS shall be responsible for the teaching in its discipline in the School of Medicine, through the core academic program's committee structure and the other units of the undergraduate medical curriculum and in the affiliated hospitals. Each department shall also allocate resources to execute powers and responsibilities concerning the faculty's educational, research, scholarly activities (Faculty Handbook, Chapter 2, Section B), and full freedom of scholarly investigation and publication of his or her findings (Faculty Handbook, Chapter 2, Section D). ~~This responsibility~~ These responsibilities shall be exercised by the academic department chairs in conformity with the curricular policies, organization, and components that are specified by the faculty and the dean with the exception of DGMS where the dean serves as chair (see Article 4.7). Each department may assume responsibility for teaching in its discipline in the other schools of the health sciences and in the undergraduate and graduate

curricula of the university as determined by need and negotiation. Where appropriate, each department shall plan and implement graduate programs leading to such graduate degrees as are authorized by the university and shall be responsible for the content of the curricula in its discipline in the several programs specified above. Each department shall plan and execute programs of research and of professional activity and shall train medical students, undergraduate students, and graduate students in its disciplines. Each department shall maintain and staff the facilities which lie within its jurisdiction and shall enlist the cooperation of other departments or of affiliated teaching institutions where this shall be necessary for the execution of its mission. Each department shall elect one representative to the Faculty Council.

**ab.** Each department or, at the request of the hospital affiliate's Associate Dean or Executive Dean and with the consent of the Dean of the School of Medicine, each affiliated hospital, shall establish a Department or Affiliated Hospital Committee on Appointments, Promotions, and Tenure (or Appointments and Promotions only, if appropriate) (all hereinafter "DCAPT"s) for the purpose of making recommendations concerning appointments and promotions and if appropriate awards of tenure. The department chair or affiliated hospital associate dean or executive dean shall nominate faculty annually for service on the DCAPT for the SOM Dean's approval. The department chair shall also nominate a faculty member holding a primary appointment in the department (or the affiliated hospital, if appropriate), preferably at the rank of tenured Associate Professor or Professor, to serve as the DCAPT committee chair.

**bc.** DCAPTs may comprise all the faculty members holding full-time primary appointment in the department, except as provided in paragraph 4.2(c), and may also include faculty holding secondary appointments in the department but holding primary appointments outside the department or school in any of the university's constituent faculties. Alternatively, department chairs may nominate a committee of at least three faculty members from among the primary full-time faculty (and other faculty) to serve as the committee.

**ed.** Department chairs themselves shall not be members of their respective department's DCAPTs. Instead, they shall serve as the initiator for the appointment, promotion, and tenure of candidates, attending DCAPT meetings for the purpose of presenting candidates for the committee's consideration, entering into discussion with the committee and answering its questions, and otherwise being excused from the room. Department chairs shall not be present for DCAPT voting. Should a faculty member take advantage of the self-initiation process, the DCAPT chair shall invite the department chair as well as an advocate, selected by the candidate from among the CWRU faculty, to the meeting at which the self-initiated promotion or tenure award is discussed to provide the department chair and advocate with the opportunity to offer his or her perspectives. The advocate and department chair shall present separately and neither shall be present for the vote.

Recommended for Approval by SOM Faculty

de. The paragraph above, however, shall not restrict department chairs from serving on an affiliated hospital's committee concerned with appointments, promotions, or tenure. Where department chairs serve on such committees, they may serve as the as described above and they may remain present during the discussion and voting, but in no case shall a department chair (or other committee member) cast a vote regarding the appointment, promotion, or tenure of a candidate whom she or he initiated for appointment, promotion, or tenure.

ef. Department chairs have wide discretion to nominate faculty for service on the DCAPT, but the following principles should be observed. If at all possible, at least two-thirds of the committee should be composed of tenured faculty in the department at the rank of associate professor or professor. The DCAPT's membership should include both tenured and non-tenured faculty; each committee, with the exception of the Cleveland Clinic Lerner College of Medicine Committee (CCLCM), shall include at least three tenured faculty members, so tenure votes are not determined by only one or two voters. Preference shall be given to tenured faculty holding primary appointment in the department. Tenured faculty holding secondary appointment in the department ("tenured secondary faculty") may be appointed to the committee 1) in addition to all tenured faculty holding primary appointment in the department ("tenured primary faculty") in order to reach the minimum of three or 2) to exceed it, but in this case the number of tenured secondary faculty may not exceed the number of tenured primary faculty on the committee. Women and minority faculty should be represented if at all possible; adjunct and/or clinical faculty may be nominated for committee membership at the chair's discretion to vote on promotion of special faculty.

fg. Department or affiliated hospital CAPTs shall review faculty holding or proposed for holding primary appointment in the department/affiliated hospital in order to make recommendations concerning 1) appointment, promotion, and/or award of tenure; 2) third and sixth year pretenure reviews for tenure track faculty; 3) concerning readiness for promotion for each full-time assistant and associate professor in the non-tenure track no later than six years after appointment or promotion to that rank and at least every six years thereafter; and 4) other actions as appropriate. Copies of reviews under 2) and 3) above shall be provided to the individual faculty member reviewed; copies of all reviews shall be provided to the dean's office.

gh. DCAPT recommendations shall be made by the DCAPT chair (unless he or she is the candidate) after a vote by the DCAPT. The DCAPT chair shall convene a meeting for the purpose of voting, for which notification shall be made sufficiently in advance to allow those unable to attend to vote by written absentee vote. All members of the committee may participate in discussion of all recommendations for appointment, promotion, and tenure. On recommendations involving promotion, only faculty of rank equal to or superior to that being considered shall be eligible to vote. On recommendations involving tenure, only faculty with

Recommended for Approval by SOM Faculty

tenure shall vote. Recommendations shall require a majority (more than half) of those eligible to vote. In order for a recommendation to be made, at least three eligible committee members must cast a vote.

hi. Affirmative recommendations for faculty appointments and all other recommendations from a DCAPT shall be communicated to the department chair by the DCAPT chair in a letter which records the numerical vote and reflects the deliberations of the DCAPT, pro and con. Before transmission, this letter shall be made available for inspection by the faculty members who participated in the vote. If a faculty member believes the letter to express inadequately the committee's deliberations, he or she may send independently to the DCAPT chair a statement of such opinion, which shall be appended to the committee's letter for higher reviews. The department chair shall forward the DCAPT recommendation letter to the dean and is expected to add his or her recommendation, which may or may not be the same as the DCAPT's recommendation, in a separate letter to the dean.

ij. DCAPT meetings shall be conducted in confidence. All votes shall be conducted by written secret ballot and shall be tabulated by the committee secretary. Candidates shall not be present at committee meetings (or portions thereof) at which their candidacy is discussed and/or voted upon. Committee deliberations and votes are confidential and must not be discussed outside the committee with anyone, including the candidates.

jk. Recommendations concerning appointment, promotion, and tenure shall be governed by the then-current Qualifications and Standards for Appointment, Promotion, and the Award of Tenure for Faculty Members in The School Of Medicine, Case Western Reserve University (Appendix I of the these Bylaws) and the relevant sections of the Faculty Handbook. Committee discussions shall be confined to matters relevant under the Standards and Qualifications. Specifically prohibited from discussion are such matters as gender, race, minority status, disability status, veterans status, and sexual orientation or marital/partner status.

4.3: Academic Department Chairs

a. Each academic department shall have an academic chair appointed by the president of the university on recommendation of the dean with the exception of DGMS where the dean serves as chair. In order to select candidates, the dean will appoint a search committee in consultation with Faculty Council, which shall normally be multi-departmental in composition, to provide a slate of candidates from which the selection will normally be made. The search committee shall include representation from the full-time faculty of the department in question. The department faculty representation shall consist of at least one full-time faculty member elected by the full-time faculty of that department. The search committee shall identify its membership to the academic department and indicate its ready availability, particularly that of

Commented [ND5]: Approved by Faculty Council 5/15/2017

Recommended for Approval by SOM Faculty

the elected full-time departmental representative member(s) of the search committee, to receive suggestions, views and advice from interested individual department members or from the entire academic department throughout the search process. Verbal and/or written suggestions, views, and advice directed to any member of the search committee should be transmitted promptly to the whole search committee, unless specified otherwise by the departmental member offering such suggestions, views and advice.

All department chairs shall be selected in strict accordance with the university policy governing affirmative action.

The president will appoint acting or interim department chairs after receiving the recommendations of the dean. Before making recommendations, the dean shall seek the advice of a committee consisting of the Steering Committee of the Faculty Council and the Faculty Council representative from the department for which an acting or interim chair is to be appointed. When a member of the Steering Committee or the Faculty Council representative is a candidate for acting or interim department chair, the chair of the Faculty Council shall designate an alternate member from the department to serve on the advisory committee. The advisory committee shall identify expeditiously its membership to the academic department and indicate its ready availability, particularly that of the representative from the department, to receive suggestions, views and advice from interested individual department members or from the entire academic department. Verbal and/or written suggestions, views and advice directed to any member of the advisory committee should be transmitted promptly to the whole advisory committee, unless specified otherwise by the departmental member offering such suggestions, views and advice. This process shall take place as expeditiously as possible before the advisory committee makes its recommendations to the dean.

b. Each department chair ~~or head of a division with departmental status~~ or an appropriate designee shall meet annually with each full-time faculty member to review performance and to set future goals. The department chair or the appropriate designee shall then provide a written summary of each evaluation to the faculty member, with a copy provided to the dean. For departments that choose to use the Faculty Activity Summary Form (FASF), any changes to that form must be approved by Faculty Council prior to their incorporation into the document.

c. The chair of an academic department may reside at the School of Medicine or at any one of its affiliated institutions.

d. Any individual service of an established academic department in an affiliated teaching institution may petition the Faculty of Medicine for independent status as a separate academic department, autonomously representing the academic discipline. The chair of each such independently established academic department shall be selected in accordance with section 4:3a

Commented [ND6]: Approved by Faculty Council 5/15/2017

Recommended for Approval by SOM Faculty

and appointed by the president on recommendation of the dean. The dean is requested to seek the advice of the Steering Committee and elected departmental member(s), as outlined in article 4:3a, before making recommendations to the president.

e. All chairs of academic departments and all directors of individual services of affiliated institutions within a single discipline should meet regularly to coordinate their university-related functions.

f. At least once a year, the Department Chair will call a meeting of their faculty for the purpose of identifying and defining issues pertinent to the mission of the Department.

4.4: Establishment and Discontinuance of Academic Departments

~~Petitions to establish, or discontinue, or merge academic departments shall be presented submitted to the Faculty Council for review. The Faculty Council shall submit all petitions recommended for approval along with their rationale to the Faculty of Medicine for its consideration. Petitions recommended for approval by the Faculty of Medicine shall be forwarded to the Dean for consideration. Such petitions shall include the rationale for the change. Recommendations of the Faculty Council for establishment or discontinuance shall be referred to the Dean will transmit the petition along with his/her recommendation to the University Faculty Senate for consideration (see Article 2:3b), upon approval of the dean.~~

**Commented [ND7]:** Approved by Faculty Council 5/15/2017

4.5: Review of Academic Departments

Periodic review of each department by persons external to the department is important for evaluation of the functioning of that department by the faculty and the dean. A committee appointed by the dean shall review each academic department at intervals no greater than 10 years. The review committee shall include at least one outside consultant. The dean shall transmit the review committee's report and recommendations to the chair of the Faculty Council. Departmental faculty shall be provided with an executive summary.

4.6: ~~the~~ The Department of Biomedical Engineering

The Department of Biomedical Engineering is currently unique among the departments. Created by action of the Board of Trustees in 1968, it is a single department jointly based in the School of Medicine and the School of Engineering. The department chair will designate each faculty member, at the time of initial appointment, as being principally based in the School of Medicine or the School of Engineering. The principal designation will determine which School's pretenure period and which School's process and qualifications and standards for appointment, promotion, and award of tenure shall govern the appointment. In other respects, faculty in the

Recommended for Approval by SOM Faculty

department shall enjoy the rights and privileges and duties and responsibilities of faculty in both Schools.

#### 4.7: The Division of General Medical Sciences (DGMS)

DGMS was established in 1986 to provide an organizational home for primary appointments for faculty pursuing interdisciplinary research and educational objectives. DGMS is composed of centers headed by center directors who recommend faculty for appointment, promotion and tenure. The Dean of the School of Medicine shall serve as the Chair of DGMS and has discretion to establish or close individual centers. Faculty with primary appointments in DGMS shall retain their primary appointment in DGMS in the event of center closure. In all other regards DGMS is the equivalent to an academic department.

### ARTICLE 5 – FACULTY APPOINTMENTS, PROMOTION, AND GRANTING OF TENURE

#### 5.1: Classification of Appointments

An appointment shall be classified as initial, renewal, or continuing (for appointments with tenure or for appointments past the first year of several year terms).

An appointment shall be classified as full-time or part time. Eligibility for appointment or reappointment to the full-time faculty is subject to approval by the dean and requires that (1) 50% or more time be devoted to approved academic activities and (2) the academic activities must be conducted at an approved site. If 50% or more of compensation is paid through the university, the full-time faculty member is eligible for fringe benefits.

An appointment shall be classified by academic title and whether the appointment is (a) with tenure, (b) without tenure but leading to tenure consideration (tenure-track), (c) without tenure and not leading to tenure consideration (non-tenure track); or (d) special, which will include the prefix adjunct, clinical, visiting, or emeritus. If the appointment leads to consideration for tenure, the appointment letter shall specify clearly the academic year in which this consideration will become mandatory. With regard to special faculty appointments, adjunct appointments usually refer to part-time faculty members devoting their time to research and/or teaching in the basic science departments. Clinical appointments usually refer to faculty members devoting their time to patient care and teaching. Visiting faculty appointments are issued for specified terms of one year or less than one year and can be full- or part-time. Special faculty are not eligible for tenure.

The dean of the School of Medicine and the provost of the university must approve available tenured or tenure track slots. The School of Medicine is exempt from the Faculty Handbook ruling that the majority of the members of each constituent faculty must be tenured or

| Recommended for Approval by SOM Faculty

on the tenure track (Chapter 2, Article I, Sec. D, p. 15), as approved by the University Faculty Senate and the provost (January, 2004).

If the appointment applies to more than one constituent faculty, or department, or to an administrative office as well as an academic unit, the appointment may be identified either (1) as a primary-secondary appointment or (2) as a joint appointment. For a primary-secondary appointment arrangement, one constituent faculty or department shall be identified as the primary appointment and the other as secondary. Responsibility for the initiation of consideration of re-appointment, promotion, award of tenure, or termination shall rest with the primary unit. Faculty with joint appointments have full rights as a faculty member in both constituent faculties or departments. The notice of appointment shall be issued jointly by the two constituent faculties or departments. Consideration of appointment, reappointment, promotion, and/or tenure for joint appointment arrangements shall be as described in the Faculty Handbook sections pertaining to such appointments.

5.2: Terms of Appointment

Appointments with tenure shall be of unlimited duration until retirement, subject only to termination for just cause (see below). Tenure-track appointments shall normally be made for a term of one to five years and may be renewed until the end of the pre-tenure period. Non-tenure track appointments are renewable and shall normally be made for a term of one to five years. Special appointments shall be made for terms of one year or less.

5.3: Academic Freedom

Academic freedom is a right of all members of the Faculty of Medicine, and applies to university activities, including teaching and research. Specifically, each faculty member may consider in his or her classes any topic relevant to the subject matter of the course as defined by the appropriate educational unit. Each faculty member is entitled to full freedom of scholarly investigation and publication of his or her findings.

| 5.4: Tenure

The basic purpose of tenure is to provide the assurance of academic freedom throughout the university. Another important purpose of tenure is to attract and retain outstanding faculty through continued commitment of the university to these faculty members. Tenured faculty members are protected explicitly against dismissal or disciplinary action because their views are unpopular or contrary to the views of others. Non-tenure-eligible colleagues shall derive protection by general extension of these principles of academic freedom.

When awarded, academic tenure rests at the constituent faculty level.

| Recommended for Approval by SOM Faculty

The award of academic tenure to a faculty member is a career commitment that grants that faculty member the right to retain his or her appointment without term until retirement. The appointment of a tenured faculty member may be terminated only for just cause. In the event that a tenured faculty member's school, department or other unit of the university in which the faculty member's appointment rests is closed or reduced in size, the university shall make all reasonable attempts to provide a tenured faculty member with an appointment of unlimited duration until retirement.

Examples of just cause for the termination of any faculty member (tenured, tenure track, non-tenure eligible, or special) include (a) grave misconduct or serious neglect of academic or professional responsibilities as defined through a fair hearing; (b) educational considerations as determined by a majority vote of the entire constituent faculty of the affected individual which lead to the closing of the academic unit of the university or a part thereof in which the faculty member has a primary appointment; and (c) financial exigent circumstances that force the university to reduce the size of a constituent faculty in which the faculty member has a primary appointment.

A tenured faculty member may be terminated for financial exigent circumstances only after all faculty members who are not tenured in that constituent faculty have been terminated in the order determined by the dean of the School of Medicine in consultation with the department chairs, the Faculty Council and other faculty members.

5.5: The Pretenure Period

The pretenure period in the School of Medicine is nine years. Each faculty member whose appointment leads to tenure consideration shall be considered for tenure no later than in the ninth year after the date of initial appointment at the rank of assistant professor or higher.

A faculty member in the tenure track may request extensions to the pretenure period. The extensions may be (1) requested by exceptionally worthy candidates in the event of unusual constraints in the university, or part or parts thereof, which would prevent tenure award at the end of the normal period; or (2) requested for the purpose of compensating special earlier circumstances disadvantageous to a candidate's tenure consideration (such as serious illness, family emergency, maternity, or extraordinary teaching or administrative assignments); or (3) upon written request by the faculty member within one year after each live birth or after each adoption, an extension of up to one year shall be granted by the provost to any faculty member who will be the primary care giving parent. Extensions should be requested as soon after the occurrence of the relevant circumstances as practicable, ordinarily not later than one year prior to the normally scheduled expiration of the pretenure period. Extensions requested under (1) or (2)

| Recommended for Approval by SOM Faculty

above require request by the faculty member, review and a recommendation by the department's committee on appointments, promotions, and tenure, the department chair, and the dean, and approval by the provost. Pretenure extensions may not be used to defer tenure consideration of a faculty member more than three years beyond the normal pretenure period except for extensions made under (3) above.

For faculty members whose tenure consideration has not produced tenure award during the pretenure period, further appointment is normally restricted to one year. In exceptional cases, individuals who failed to receive tenure may be appointed in the non-tenure eligible track on recommendation of the department Committee on Appointments, Promotions, and Tenure, the department chair, the Committee on Appointments, Promotions and Tenure of the School of Medicine, the dean of the School of Medicine, and the approval of the provost. Such appointments are contingent upon full financial support from non-university sources.

The number, nature, and duration of pretenure period extensions made to an individual faculty member's pretenure period shall not be considered by the CAPT when reviewing that faculty member for award of tenure or promotion.

5.6: Qualifications for Appointments, Promotions and Granting of Tenure

Qualifications and standards for faculty appointments, reappointments, promotions, and granting of tenure shall be generally as stated in the Faculty Handbook of Case Western Reserve University. Specific qualifications and standards applying to the School of Medicine shall be determined by the Faculty of Medicine and appended to these bylaws. These qualifications and standards shall be reviewed every five years by the Faculty Council. The dean shall make the text of the current qualifications and standards available to all junior and newly appointed faculty members.

5.7: Tenure Guarantee

Award of tenure for faculty based in the School of Medicine should be accompanied by a base salary guaranteed by the School of Medicine that will be equal for faculty in the school's basic science and clinical science departments. The amount of the guarantee and its financial support are currently under discussion.

5.8: Rolling Appointments for Non-Tenure Track Professors

Upon nomination by the department chair and with the consent of the dean, faculty members at the rank of professor in the non-tenure track with primary appointments in either a clinical or basic science department will be eligible to receive a rolling appointment contract of up to five years in duration accompanied by a salary guarantee for the period of appointment, equal

Recommended for Approval by SOM Faculty

in amount (but not duration) to that guaranteed to tenured professors. A rolling three-year appointment, for example, is a multiple-year appointment that differs from a multiple-three-year fixed term appointment in that, pending satisfactory performance and financial circumstances as determined by the chair and the dean, the appointment is renewed each year for the following three years. Financial support for rolling contracts is to be provided by the School of Medicine with the understanding that, prior to making the rolling commitment, the school would have the opportunity to enlist support from the appropriate hospital, clinical practice plan, or other appropriate entity to underwrite the guarantee.

5.9: Consideration of Recommendations for Appointments, Promotions and Granting of Tenure

a. Full-Time Faculty

The dean shall submit recommendations for appointments and promotions to the ranks of associate professor and professor and the granting of tenure concerning full-time faculty with primary appointments based in the departments of the School of Medicine (including those faculty in the Department of Biomedical Engineering with appointments principally based in the School of Medicine) given him or her by the department chairs or other persons as designated by the dean or initiated by other means as outlined in the Faculty Handbook of Case Western Reserve University, Chapter 3.I.1, to the Committee on Appointments, Promotions and Tenure of the School of Medicine. This committee shall consider the documented evidence relating to each candidate and, following the qualifications and standards set forth in Exhibit I to these Bylaws, shall report its affirmative and negative recommendations to the Steering Committee of the Faculty Council. Each recommendation shall also be reported promptly to the academic chair of the candidate's department. The candidate shall be informed by the academic chair of the committee's recommendation. The academic chair or other nominator may appeal a negative recommendation by notifying the chair of the Committee on Appointments, Promotions, and Tenure of the School of Medicine. Appeals may be made in writing or in person. Written documentation of the appeal and the response of the Committee on Appointments, Promotions, and Tenure must be appended to the candidate's file. In the event that the appeal to the Committee on Appointments, Promotions and Tenure is not successful, the academic chair or other nominator or the affected faculty member may bring to the attention of the Steering Committee of the Faculty Council, through a detailed, written submission, any alleged errors in procedure or non-adherence to the current published guidelines for appointments, promotions and tenure. The Steering Committee of The Faculty Council may investigate the allegations to the extent that it deems appropriate, may review all other candidates' files as it deems necessary, and may request the appearance of persons with knowledge of current and prior

Recommended for Approval by SOM Faculty

procedures and policies of the CAPT. A written report of the results of any investigation by the Steering Committee shall be appended to the candidate's file. All files will be forwarded to the dean after the Committee on Appointments, Promotions and Tenure, and, if applicable, the Steering Committee of the Faculty Council have discharged their responsibilities as specified above. The dean shall transmit the file, with added comments if desired, to the president of the university; for informational purposes, the dean will also provide the Dean of the Case School of Engineering with complete copies of the files of candidates in the Department of Biomedical Engineering with appointments principally based in the School of Medicine.

       b. Special Faculty Appointments and Promotions

Special faculty appointments and promotions modified by the prefix adjunct, clinical, or visiting shall be recommended by the department chair and may be granted by the dean. For these clinical and adjunct appointments and promotions at the ranks of assistant professor, associate professor, and professor, the dean shall, prior to reaching a decision, also consider the recommendation of the department's committee on appointments, promotions, and tenure. The dean shall also consider letters of reference concerning the appointment and promotion of faculty to the ranks of clinical and adjunct associate professor and clinical and adjunct professor. For all ranks of clinical and adjunct faculty appointments and promotions in , the dean shall, prior to reaching a decision, also consider the recommendation of the Division's committee on appointments, promotions, and tenure. This paragraph will govern special faculty appointments and promotions for faculty in the department of biomedical engineering with appointments principally based in the School of Medicine. The dean shall inform the Dean of Case School of Engineering of any such appointments and promotions.

c. Secondary Appointments and Promotions

Secondary appointments at all ranks shall be recommended by the chair of the secondary department, require the concurrence of the primary department chair, and may be made at the discretion of the dean. Secondary appointment promotions shall be recommended by the secondary department chair and may be made at the discretion of the dean. For secondary appointments and promotions in the DGMS, the dean shall, prior to reaching a decision, also consider the recommendation of the Divisions committee on appointments, promotions, and tenure. This paragraph will govern secondary appointments in the department of biomedical engineering principally based in the School of Medicine and promotions of faculty holding such secondary appointments. The dean shall inform the Dean of Case School of Engineering of any such appointments and promotions.

5.10: The Committee on Appointments Promotions and Tenure

a. The Committee on Appointments, Promotions and Tenure shall be a standing committee of the faculty and shall consist of twenty-four full-time faculty members. Eighteen members shall be elected by the full-time faculty and six members shall be appointed by the dean. A representative Dean from faculty affairs shall also be a member of this committee, ex officio and without vote. Department chairs are not eligible to serve on this committee. Ten of the committee members shall have the rank of tenured professor; ten shall be professors in the non-tenure track; and four shall be tenured associate professors. The elected committee members shall include nine faculty members with primary appointment in clinical science departments and nine with primary appointment in basic science departments; the appointed members shall include four from clinical science departments and two from basic science departments. In each election all reasonable effort will be taken to have the number of nominees be at least twice the number of positions to be filled. Members will be elected or appointed for three-year terms. These terms shall be staggered for the full-time faculty members. Committee members may serve only two consecutive three-year terms but subsequently may be reelected or reappointed after an absence of one year. The quorum for conducting the business of the Committee on Appointments, Promotion and Tenure shall be twelve members present for discussion of which eight must have voting privileges. On recommendations for appointment as or promotion to associate professor, all committee members are eligible to vote; on recommendations for appointment as or promotion to professor, faculty committee members who are tenured professors and non-tenure track professors are eligible to vote; on recommendations to award tenure, tenured committee members are eligible to vote. Committee members may be present for discussion but are not eligible to vote regarding candidates for primary appointment, promotion, or award of tenure in the committee member's own department of primary appointment. The committee will be led by two co-chairs, each of whom shall serve a one-year term, appointed by the chair of Faculty Council in consultation with the dean of the School of Medicine. The co-chairs may be selected from either the elected or appointed members of the committee. The chair of Faculty Council, in consultation with the dean of the School of Medicine, each year shall also appoint two co-chairs elect, to serve the following year as the committee's co-chairs. At each committee meeting, at least one of the co-chairs must be in attendance.

b. The standards for appointment, promotion, and granting of tenure determined by the faculty shall be considered by the committee when evaluating candidates under review.

c. The CAPT shall review and make recommendations concerning all appointments as or promotions to the ranks of associate professor or professor and the award of tenure.

Recommended for Approval by SOM Faculty

#### 5.11 Sabbatical and Special Sabbatical Leaves

The purpose of and conditions for sabbatical leaves are discussed in the Faculty Handbook, Chapter 3, II A. The conditions are based on the premise that the faculty member requesting a sabbatical leave is tenured. A sabbatical leave may be requested by a faculty member and, based upon all factors including the specific study proposal and subsequent recommendations by the department chair, the Faculty Council Steering Committee, and the dean, may be granted by the president. In cases of tenure track and non-tenure track or special faculty, special sabbatical leaves may be recommended as well, at the discretion of the dean. However, such leaves may not necessarily incur the obligation of university or School of Medicine financial support. For faculty with tenure track, non-tenure-track and special appointments, the provost shall specify whether the leave period is to be counted as part of the pretenure or pre-promotion period, as the case may be.

#### ARTICLE 6 - AMENDMENT OF THE BYLAWS

An amendment of the bylaws may be proposed by majority vote of the Faculty Council, by the dean, or by written petition of 20 or more faculty members. The amendment must be accompanied by a rationale for the proposed change. All proposed~~Proposed~~ amendments shall~~will~~ be submitted to the Chair and secretary of the Faculty Council, who shall forward all proposed amendments to the Standing Committee on Bylaws. The Bylaws Committee shall review each proposed amendment and report its recommendation to Faculty Council. All proposed amendments and~~ordinarily~~ will be considered and voted on by the Faculty Council within the same academic year if submitted prior to April 1 of that year. ~~All~~The proposed amendments, their rationale, and the recommendations of the Faculty Council will then be sent by mail to full-time members of the faculty and may be discussed at a regularly scheduled meeting of the faculty held at least four weeks after the mailing. During discussion of proposed amendments at a faculty meeting, non-substantive changes in the proposed amendments may be made by majority vote. The vote on any proposed amendment shall be by mail ballot of the full-time faculty. Approval shall require an affirmative vote by a majority of those faculty members returning ballots. At least three weeks shall be allowed between the mailing of ballots and the determination of election results. The Faculty Council shall review the bylaws at least once every five years and shall propose amendments as desired to the faculty.

### *VIII. Policies on individual conflicts of interest and institutional conflicts of interest and faculty conflicts of commitment*

#### **Introduction**

This document establishes policies on individual conflicts of interest, ~~and~~ institutional conflicts of interest and faculty conflicts of commitment.

Research, scholarship, and other creative endeavors have enormous potential to benefit humankind, and the University strongly supports efforts to bring discoveries to society. The purpose of these policies is to protect the University, its faculty, non-faculty employees, students, and trainees, and human subjects and animals in research, and to comply with applicable federal laws. The policies seek to accomplish this by striking the proper balance between, on the one hand, the goal of preserving academic freedom and encouraging outside scholarly and entrepreneurial activities by members of the University that enhance the prestige and reputation of the University and benefit society, and, on the other hand, the need to preserve the integrity of the University and its members, and to fulfill the University's responsibilities to the public. In striking this balance, the interests of the public, the integrity of the University and its individual members, and the safety of research subjects always must be given priority.

~~These Conflict of interest~~ policies apply generally to the members of the Board of Trustees, all University officers, senior officials, faculty (whether or not engaged in research or other scholarly or creative endeavors), volunteer faculty at the School of Medicine engaged in University research, post-doctoral fellows and scholars, non-faculty employees, students, and trainees. The specific policies cover specific types of individuals.

The conflict of commitment policy applies to University faculty holding full-time faculty appointments (whether tenured, tenure-track or non-tenured).

#### **Availability of the Policies**

The University will maintain an up-to-date, written, enforced policy on financial conflicts of interest that complies with applicable regulations, including any federal financial conflict of interest regulations. The policy will be posted and available via a publicly accessible web site. The University will inform covered individuals of the policy and of their responsibilities regarding disclosure. The University will inform covered individuals in the event that the policy is revised and updated.

DRAFT 5/3/17 9/13/17

## I. Individual Conflict of Interest Policy

### **The University Conflict of Interests Committee**

The members of the Conflict of Interests Committee, including the leadership of the committee, are appointed by the President and include faculty, non-faculty employees, and administrators. The Conflict of Interests Committee includes at least one member of the public who serves as a regular member of the Conflict of Interests Committee, and a second member of the public who serves as an alternate member of the Conflict of Interests Committee. The members of the public must not have any affiliation with the University (including as alumni, faculty, clinical faculty, adjunct faculty, or emeritus faculty) or with its affiliated hospitals (other than as patients). To the maximum extent possible, the members of the public must be independent of the line of authority for institutional oversight of research. A majority of the members of the Conflict of Interests Committee are members of the faculty as defined in Article I, sections (A) and (B) of the University Faculty Handbook, and one of these faculty members is appointed by the Executive Committee of the Faculty Senate. Membership also includes representatives from hospitals affiliated with the University. These members only participate in the resolution of conflicts of interest involving research.

The Conflict of Interests Committee is supported by the Conflict of Interests Committee Staff.

Members of the Conflict of Interests Committee must recuse themselves from consideration of their own conflicts of interest, or institutional conflicts of interest that relate to their own conflicts of interest.

## I. Individual Conflict of Interest Policy

### **A. Who is covered by this policy?**

The conflict of interest policy applies to the members of the Board of Trustees; all University officers; senior (“cabinet-level”) officials of the University (comprising the President, Provost, General Counsel, Senior Vice President for Administration, Chief Financial Officer, Vice President for Medical Affairs, the Chief of Staff, the vice presidents for Development, University Relations, and Diversity, Inclusion and Equal Opportunity, and any other individual that the President designates); all University faculty except special faculty members who are not paid by the University, unless engaged in University research; emeritus faculty members who have an ongoing relationship with the University, e.g., who are applying for or engaged in University research; post-doctoral fellows; all employees; students; and trainees. “University faculty” members are those individuals defined as such in the Faculty Handbook.

This policy applies to these individuals regardless of where they conduct activities covered by the policy.

### **B. What is an individual conflict of interest?**

An individual conflict of interest exists when an individual covered by this policy has a financial interest that might adversely affect or appear to a reasonable person to adversely affect the individual’s judgment in carrying out University responsibilities, or that might adversely affect or

DRAFT 5/3/17 9/13/17

appear to a reasonable person to adversely affect the University's responsibility to the public, the safety of research subjects, or the integrity of research.

### C. Disclosure

~~“Disclosure” “Disclosure” means an individual’s disclosure of financial interests and/or significant financial interests to the University.~~

**Commented [MK2]:** Deleted since we have definitions at the end so this was duplicative.

The disclosure requirements under this policy are broad, in order to provide adequate protection for individuals covered by the policy, the University and affiliated institutions, and the public interest. It is important to recognize that a disclosure requirement does not indicate that the activity in question is in any way objectionable; indeed, disclosure is required in connection with many activities in which members of the University are expected to engage, such as funded research, or that are otherwise praiseworthy, such as the receipt of honorary awards.

#### 1. Who must disclose?

The following individuals must disclose under this policy: the members of the Board of Trustees; all University officers and senior officials, as defined in section I(A) of this policy; all University faculty (whether or not engaged in research), except special faculty members who are not paid by the University, unless engaged in University research; emeritus faculty members who have an ongoing relationship with the University, e.g., who are applying for or engaged in University research; and Senior/key personnel and other individuals who contribute to the scientific development or execution of a research project in a substantive way, and any other employees at the request of their supervisor. Individuals who have no disclosable interests must still submit an annual disclosure form to be in compliance with this policy.

Students and post-doctoral fellows and scholars do not have to disclose unless they contribute to the scientific development or execution of a research project in a substantive way.

#### 2. What activities must be disclosed?

Individuals covered by this policy must disclose any financial interest (defined in the attached Definitions) and the acceptance of any gifts, favors, or anything of value, by the individual or the individual's spouse, dependent children, domestic partner, or any other dependent person who is a member of the same household as the individual, that directly or indirectly might influence or appear to a reasonable person to influence the individual's responsibilities as a member of the University.

Individuals covered by this policy who engage in research must disclose any financial interest, no matter how small, that the individual or the individual's spouse, dependent children, domestic partner, or any other dependent person living in the same household as the individual, has in any entity that sponsors or supports the research or that holds a financial interest in the subject of the research, and also must disclose the acceptance of any gift, favor, or anything of value from an entity that sponsors the research or that holds a financial interest in the subject of the research.

Individuals covered by this policy also must disclose whenever a previously disclosed conflict of interest is eliminated.

Whenever an individual covered by this policy has any doubt about whether or not an activity must be disclosed, the individual should disclose the activity.

### **3. What activities are permitted without disclosure?**

Certain activities may be engaged in without disclosure. Typically, these are activities not covered in section 2 above, and in which academics routinely engage and in which an individual's financial interests are not expected to influence his/her judgment. Disclosure is also not required for salary, royalties or other remuneration paid by the University to the individual if the individual is currently employed or otherwise appointed by the University.

Examples of activities in which individuals may engage without disclosure include:

Receiving royalties for published scholarly work and other writings.

Accepting reasonable meals and other customary business amenities (such as pads and pens) that are provided as part of a seminar, course, meeting, or other business-related gathering.

Honoraria for reviewing scholarly manuscripts for publication by academic journals or presses.

Travel that is reimbursed or sponsored by a federal, state or local government agency, an institution of higher education as defined at 20 U.S.C. 1001(a), an academic teaching hospital, a medical center, or a research institute that is affiliated with an institution of higher education.

Income from investment vehicles, such as mutual funds and retirement accounts, as long as the Investigator does not directly control the investment decisions made in these vehicles.

Income from seminars, lectures, or teaching engagements sponsored by a Federal, state, or local government agency, an Institution of higher education as defined at 20 U.S.C. 1001(a), an academic teaching hospital, a medical center, or a research institute that is affiliated with an institution of higher education.

Income from service on advisory committees or review panels for a Federal, state, or local government agency, an Institution of higher education as defined at 20 U.S.C. 1001(a), an academic teaching hospital, a medical center, or a research institute that is affiliated with an institution of higher education.

Royalties or other payments extending from intellectual property rights assigned to the University, and agreements to share in royalties or other payments related to such rights.

Grants and contracts administered through the University.

Whenever an individual has any doubt about whether or not an activity must be disclosed, the individual should disclose the activity.

### **4. How is disclosure to be made and to whom?**

All members of the University community are covered by the Conflict of Interest policy, but disclosure requirements vary according to the individual's role(s) with the University.

Generally, annual disclosure is made to the Conflict of Interests Committee using the form provided by the University.

Members of the Board of Trustees, the President, and other senior officials disclose using a separate process administered by the Office of the General Counsel.

Those staff members and other individuals who are not required to complete an annual disclosure form must disclose to their supervisors any financial interest that relates to their University responsibilities. Supervisors who determine that an individual may have a conflict of interest must report this to the Conflict of Interests Committee for further review.

Compliance with this policy does not relieve the individual from complying with pertinent regulatory committee disclosure requirements.

#### **5. When is disclosure to be made?**

Disclosure must occur at least annually in accordance with the time period prescribed by the University. For those who are listed on sponsored projects, disclosure must occur no later than the time of funding application. Individuals also must disclose, as appropriate, within 30 days of discovering or acquiring a disclosable interest or within 30 days after a financial interest has been eliminated.

Individuals who have been recruited to the University must disclose any conflicts of interest sufficiently in advance of their start date that the conflicts can be reviewed and resolved by the Conflict of Interests Committee prior to their start date.

Disclosure or confirmation/updating of previously disclosed information also is required at the time a research proposal is submitted on the electronic University Review Form, and when a research proposal is submitted to relevant review bodies as required.

#### **D. Review**

##### **1. What is the process?**

The Conflict of Interests Committee Chair and Staff, or the Office of General Counsel Staff, as appropriate, conducts an initial review of all the disclosures they receive.

If necessary, they obtain additional information from the disclosing individual and from other individuals who possess relevant information. The Conflict of Interests Committee Chair and Staff, or the Office of the General Counsel Staff, as appropriate, notifies the Conflict of Interests Committee or the Board of Trustees, respectively, of those activities that must be further reviewed.

The Conflict of Interests Committee reviews all disclosures to determine whether the disclosed financial interests are significant, whether they are related to the individual's University responsibilities, and whether a management plan is required. Reviews of individual disclosures conducted solely by the Audit Committee of the Board of Trustees are conducted according to the rules of the Board of Trustees.

In conducting review, the Conflict of Interests Committee considers a number of factors, including the value of the individual's financial interest; and in the case of research, whether the individual is uniquely qualified by virtue of expertise and experience to conduct the research

project, whether the research could not be conducted as safely or effectively without that individual, and the degree of risk imposed on research subjects.

Following are some examples of conflicts of interest. In specific cases, individuals may be able to engage in some of these activities with a suitable management plan:

- a. While serving as an investigator on a research project that relates to a company's products, an individual is receiving consulting fees from and/or has equity in the company.
- b. An individual manages the renovation of departmental offices and participates in the selection of an architectural firm in which his spouse is a partner.
- c. A faculty member with a financial interest in an outside company serves as the direct academic supervisor of a university student employed by that company.
- d. While serving on the board of directors of a business, an individual acts as an investigator on research sponsored by the business.
- e. An individual makes referrals to a business in which he or she has a financial interest.

## 2. Management

The Conflict of Interests Committee may decide to approve an activity subject to a suitable management plan.

To "manage" means taking action to address a financial conflict of interest, which can include reducing or eliminating the financial conflicts of interest, and, in the case of conflicts of interest involving research, to ensure, to the extent possible, that the design, conduct, and reporting of research will be free from bias.

The management plan may include but is not limited to:

- a. Requiring the individual to recuse him/herself from particular business decisions.
- b. Requiring the individual to inform certain persons or institutions about the conflict of interest and the management plan (such as the relevant review bodies, as required; state and federal officials; research sponsors; co-investigators; colleagues; junior colleagues; students; trainees; members and prospective members of the individual's research laboratory; journals to which manuscripts about the research are submitted; and media, lay, and professional audiences with whom the research or other activity is discussed orally or in writing).
- c. Requiring the individual to refrain from participating in certain activities or aspects of activities relating to the research project (such as requiring IRB members with conflicts of interest in connection with research protocols to recuse themselves from deliberations on those protocols, or, where compelling circumstances exist to allow certain research stages or activities to proceed despite a conflict of interest, restricting the individual's roles to those stages and activities, including establishing a point in time for stopping participation and strategies to keep the individual's involvement at a minimum).
- d. Requiring the activity to be approved by additional individuals or entities (such as deans, department chairs, or program chairs).

- e. Requiring others to review academic decisions in which the individual participates.
- f. Requiring independent involvement in the research (such as in recruiting and selecting subjects, participating in or designing the consent process, providing clinical treatment to subjects apart from the research intervention or procedures, monitoring data, reviewing study design, collecting data, and determining authorship status or order).
- g. Requiring the individual to reduce, modify, or eliminate a financial interest (including divesting ownership, restricting the sale or exercise of stock and stock options, and deferring or waiving royalties or milestone payments).
- h. Requiring the individual to vacate a position.
- i. Prohibiting the individual from disclosing confidential institutional information or channeling discoveries to an outside entity.
- j. Prohibiting the research from taking place at the University.
- k. Requiring continued oversight of the activity by the Conflict of Interests Committee.

Management plans are developed according to the nature of the significant financial interest and of the related University activity, e.g., whether there is an institutional as well as an individual conflict of interest, and whether the investigator is conducting research.

The Conflict of Interests Committee may involve the individual in the conflict of interest assessment. If the Conflict of Interests Committee determines a management plan is required, then upon finalizing the management plan, the Conflict of Interests Committee will provide the management plan to the individual and inform the individual that the management plan is in effect.

#### **E. Training**

Information regarding the University's conflict of interest policy and procedures will be made available to the University community. All individuals required to disclose will receive pertinent information regarding disclosure requirements. The University will comply with federal financial conflict of interest regulations regarding providing training on requirements, including disclosure requirements for investigators applying for and engaged in PHS-funded research.

#### **F. Reporting**

The University will comply with federal regulations regarding reporting of financial conflicts of interest, e.g., by submitting financial conflict of interest reports to the awarding component, as required.

The University will comply with federal financial conflict of interest regulations regarding making publicly available information on identified financial conflicts of interest held by investigators and key personnel on PHS-University research.

#### **G. Subrecipient Reporting**

| **DRAFT ~~5/3/17~~ 9/13/17**

The University will comply with federal conflict of interest regulations regarding subrecipient agreements, including for PHS-funded awards.

## **H. Record Keeping**

The University complies with federal regulations regarding maintaining records relating to all disclosures of financial interests and the University's review of, and response to, such disclosures.

## **I. Appeals**

If an individual covered by this policy who is a faculty member is dissatisfied with a determination of the Conflict of Interests Committee, the individual may submit a written appeal to the Provost within 10 days of receipt of the decision. The appeal shall be decided by the Provost or his/her designee. The Provost or his/her designee will make best efforts to render a decision in writing within 30 days of receipt of the appeal. If the Provost upholds the Conflict of Interests Committee's determination, the Provost's decision is final. If the Provost modifies or overrules the Conflict of Interests Committee's determination, the Conflict of Interests Committee may appeal to the President.

A non-faculty employee who is dissatisfied with a determination of the Conflict of Interests Committee may submit a written appeal to the Senior Vice President for Administration within 10 days of receipt of the decision. The appeal shall be decided by the Senior Vice President or his/her designee. The Senior Vice President or his/her designee will make best efforts to render a decision in writing within 30 days of receipt of the appeal. If the Senior Vice President for Administration upholds the Conflict of Interests Committee's determination, the decision of the Senior Vice President for Administration is final. If the Senior Vice President for Administration modifies or overrules the Conflict of Interests Committee's determination, the Conflict of Interests Committee may appeal to the President.

If the individual is the President or senior official, the President or senior official may submit a written appeal to the Audit Committee of the Board of Trustees within 10 days of receipt of the decision.

If the individual is a member of the Board of Trustees, the appeal is conducted in accordance with the policies and procedures of the Board of Trustees.

## **II. Institutional Conflict of Interest Policy**

### **A. Who is covered by this policy?**

This institutional conflict of interest policy applies to the members of the Board of Trustees, the President, the Provost, all senior ("cabinet-level") officials of the University (comprising the President, Provost, General Counsel, Senior Vice President for Administration, Chief Financial Officer, Vice President for Medical Affairs, the Chief of Staff, the vice presidents for Development, University Relations, and Diversity, and any other individual that the President designates), vice presidents, vice provosts, deputy provosts, deans, associate and vice deans, department chairs, academic division chiefs, directors of department-level centers, IRB chairs, the

chair of the Conflict of Interests Committee, the chair of the Institutional Biosafety Committee, and directors of institutes and centers with department-level status.

#### **B. What is an institutional conflict of interest?**

An institutional conflict of interest arises when the financial interests of the University, or of a University official acting within his/her authority on behalf of the University, may influence or appear to influence the research, education, clinical care, business transactions, or other activities of the University. In the case of research, the concern is that the financial interests of the University, or of a University official acting within his/her authority on behalf of the University, might affect—or reasonably appear to affect—University processes for the conduct, review, or oversight of the research.

An institutional conflict of interest also might arise when an individual covered by this policy receives a financial or other benefit from the use or disclosure of non-public information pertaining to the University.

Institutional conflicts of interest may arise when outside activities are inconsistent with an individual's responsibilities to the University. Outside activities include leadership participation in professional, community, or charitable activities, self-employment, participation in business partnerships, employment or consulting arrangements with entities other than the University, either compensated or uncompensated, and service on any private-sector board, including for-profit, non-profit, advisory, or honorary. These activities are inconsistent with an individual's responsibilities to the University when they adversely influence or appear to adversely influence the research, education, clinical care, business transactions, or other activities of the University.

An individual conflict of interest may raise an institutional conflict of interest issue and vice versa.

#### **C. Disclosure**

There is no separate individual disclosure under the institutional conflict of interest policy. The information disclosed on individual conflict of interest forms is used in carrying out the institutional conflict of interest policy.

In addition, the Conflict of Interests Committee Staff periodically must receive the following information:

1. From the Senior Vice President of Finance and Chief Financial Officer, a list of the entities in which the University has any financial interest.
2. From the Board of Trustees, a list of the entities in which members of the Board of Trustees and senior officials of the University, their spouses, dependent children, domestic partners, or any other dependent person living in the same household as the individual, have any financial interest. The list of entities provided by the Audit Committee of the Board of Trustees to the Conflict of Interests Committee does not contain the identities of the individuals who have the financial interest in those entities.
3. From the Office of Development, a list of major gifts to the University.

4. From the Office of Research and Technology Management, a list of the University's equity holdings and technology licenses.

#### **D. Review**

##### **1. What is the process?**

Reviews of individual disclosures conducted solely by the Audit Committee of the Board of Trustees are conducted according to the rules of the Board of Trustees.

In the case of all other individual disclosures, the Conflict of Interests Committee Chair and Staff, or the Office of General Counsel Staff, as appropriate, conducts an initial review. If necessary, they obtain additional information from the disclosing individual and from other individuals who possess relevant information.

The Conflict of Interests Committee Chair and Staff utilize information provided by the offices and departments of the institution (e.g., from the Senior Vice President of Finance and Chief Financial Officer, the Board of Trustees, the Office of Development, and the Office of Research and Technology Management) to review potential institutional conflicts of interest received.

The Conflict of Interests Chair and Staff then identify those activities that must be further reviewed by the Conflict of Interests Committee.

The Conflict of Interests Committee will review the disclosures it receives to determine whether the disclosed financial interests of institutional officials or of the University are significant and whether they are related to University activities, and, if so, whether management is required to manage the institutional conflict of interest.

In conducting review, the Conflict of Interests Committee considers a number of factors, including value of the institutional financial interest and the nature of related University activities.

Following are some examples of institutional conflicts of interest. In specific cases, individuals may be able to engage in some of these activities with a suitable management plan:

- a. A vice president of the University signs off on a procurement decision involving major purchases from or supply contracts with a commercial entity of which he is a director.
- b. A department chairman serves as an investigator in a research project sponsored by a company from which she receives consulting income.
- c. As patent-holder, the University stands to gain royalties from intellectual property licensed to a company, and that intellectual property is being investigated under a research contract with the University.
- d. A company that has made a major gift to the University has requested special consideration in the bidding process as a vendor. The individual considering the bid is a consultant for the company.
- e. A start-up company partially owned by the University has requested a discounted rate in utilizing several University core facilities. The facilities are overseen by an individual who is the chief scientific officer of the company.

## 2. Management

The Conflict of Interests Committee may decide to approve an activity subject to a suitable management plan. The management plan may include:

- a. Isolating the individual from involvement in research or decision-making regarding research.
- b. Requiring the individual to reduce, modify, defer, waive, or eliminate the financial interest that is the source of the conflict, such as equity holdings, royalty income, stock options and milestone payments.
- c. If recusal would preclude the individual from fulfilling the responsibilities of a University position, requiring the individual to eliminate the holdings or vacate the position.
- d. Requiring the individual to recuse him- or herself from institutional decisions regarding the outside entity that is source of conflict.
- e. Requiring the individual to make periodic written disclosure of the conflict to all administrators, faculty, non-faculty employees, and students under individual's supervision, to Research Administration, IRBs, IACUCs, subjects, state and federal officials, research sponsors, co-investigators, colleagues, junior colleagues, students, trainees, members and prospective members of the individual's research laboratory, journals to which manuscripts about the research are submitted, and media, lay, and professional audiences with whom the research or other activity is discussed orally or in writing.
- f. Appointing independent individuals or committees to oversee high-level administrative decisions (e.g., financial decisions, space allocations, appointments and promotions) in which the individual participates.
- g. Prohibiting the research from taking place at the University.
- h. Eliminating, reducing, or modifying the University's financial stake in an outside entity or research project.
- i. Enhancing or creating firewalls or other conflict-management systems to separate financial and research decision-making.
- j. Requiring independent involvement in the research (such as in recruiting and selecting subjects, participating in or designing the consent process, providing clinical treatment to subjects apart from the research intervention or procedures, monitoring data, reviewing study design, collecting data, and determining authorship status or order).
- k. Preventing the individual from serving as the principal investigator, co-principal investigator, or investigator on the research project.
- l. Protecting students, trainees, junior colleagues and/or non-faculty employees by preventing or limiting their participation in the research project, preventing or limiting them from working in newly-formed companies involving conflicted superiors, informing them of the potential conflict, giving them access to senior faculty and non-faculty employees to review questions or concerns, having academic decisions outside the research activity made or reviewed by independent individuals, and recusing the conflicted individual from the chain of authority over salary, promotion, and space allocation decisions.

- m. Prohibiting the individual from participating in institutional negotiations with the outside entity except as the University directs.
- n. Prohibiting the individual from serving on the board of directors of the outside entity, or as an officer, member of the scientific advisory board, member of a speakers' bureau, or consultant.
- o. Prohibiting the individual from disclosing confidential University information.
- p. Prohibiting the individual from channeling discoveries to the outside entity.
- q. Prohibiting the University from accepting research grants from companies founded by the individual.

## E. Appeals

The person responsible for ensuring that an individual has complied with the University's Conflict of Interest Policy must report a failure to comply to the Conflict of Interests Committee Chair or Staff, who refers it to the Conflict of Interests Committee, except that a failure to comply by the President or a member of the Board of Trustees must be reported to the Audit Committee of the Board of Trustees.

The Conflict of Interests Committee determines if the matter can be handled by requiring the individual to comply with a corrective action plan devised by the Conflict of Interests Committee. If so, the Conflict of Interests Committee devises the plan and advises the individual of its requirements. If the Conflict of Interests Committee determines that the matter cannot be handled by requiring the individual to comply with a corrective action plan, or the individual refuses to comply, the Conflict of Interests Committee refers the matter, along with its recommendations about how the matter should be handled, to the appropriate individual or body. In the case of faculty, the Conflict of Interests Committee refers the matter to the Provost. In the case of the Provost, General Counsel, Senior Vice President for Administration, Chief Financial Officer, Vice President for Medical Affairs, the Chief of Staff, the vice presidents for Development, University Relations, and Diversity, and any other individual that the President designates as a senior "cabinet-level" official, the Conflict of Interests Committee refers the matter to the President.

If an individual other than a non-faculty employee is dissatisfied with a determination of the Conflict of Interests Committee to impose a corrective action plan or with administrative action by the Vice President for Research to suspend or refuse to approve a University research project, the individual may submit a written appeal to the Provost within 10 days of receipt of the determination. A non-faculty employee who is dissatisfied with a determination of the Conflict of Interests Committee may submit a written appeal to the Senior Vice President for Administration within 10 days of receipt of the decision.

If the Provost upholds the Conflict of Interests Committee's determination, the Provost's decision is final. If the Provost modifies or overrules the Conflict of Interests Committee's determination, the Conflict of Interests Committee may appeal to the President.

If the Senior Vice President for Administration upholds the Conflict of Interests Committee's determination, the decision of the Senior Vice President for Administration is final. If the Senior Vice President for Administration modifies or overrules the Conflict of Interests Committee's determination, the Conflict of Interests Committee may appeal to the President.

Grievance proceedings are conducted in accordance with the procedures provided in the University Faculty Handbook and the Human Resources Policy Manual.

DRAFT 5/3/17 9/13/17

When an individual has an individual conflict of interest and an institutional conflict of interest also exists, the appeal process under the individual conflict of interest policy applies.

In the event that an individual who is charged with executing an institutional conflict of interest management plan but who does not have an individual conflict of interest is dissatisfied with a determination of the Conflict of Interests Committee, the individual may submit a written appeal to the President within 10 days of receipt of the decision. If the individual is the President, the President may submit a written appeal to the Audit Committee of the Board of Trustees within 10 days of receipt of the decision. If the individual is a member of the Audit Committee, the Audit Committee's deliberations and decision is conducted in accordance with the policies and procedures of the Board of Trustees.

If the President or the Audit Committee upholds the Conflict of Interests Committee's determination, the decision is final. If the President modifies or overrules the Conflict of Interests Committee's determination, the Conflict of Interests Committee may appeal to the Audit Committee.

### **III. Conflict of Commitment Policy**

University faculty (whether tenured, tenure-track or non-tenure-track holding full-time faculty appointments owe their primary professional commitment to the University. The University recognizes that its faculty may benefit from outside consulting in their fields of specialization. Consulting can enrich the faculty member's knowledge and skill base, and benefit the University and its students by establishing relationships that may lead to grants or sponsored research. However, individual consulting must not interfere with a faculty member's primary teaching and research responsibilities. Therefore, such faculty members are permitted to accept opportunities for outside consulting and similar services in their fields of specialization subject to this policy and provided that they are able to fulfill all academic responsibilities. The proportion of a faculty member's professional effort devoted to outside activities should not exceed, on average, one business day per week.

#### **A. Who is covered by this policy?**

The conflict of commitment policy applies to all University faculty holding full-time faculty appointments (whether tenured, tenure-track or non-tenure-track). "University faculty" members are those individuals defined as such in the Faculty Handbook. This policy applies to these individuals regardless of where they conduct activities covered by the policy.

#### **B. What is a conflict of commitment?**

A conflict of commitment involves a situation in which a faculty member's outside activity, or potential outside activity, whether paid or unpaid, involves a commitment of time or effort that may interfere with fulfillment of the faculty member's ability or willingness to perform the full range of responsibilities associated with his or her university position. The issue here is not necessarily financial interest or bias in one's judgment but rather whether one's commitment of time and effort is inconsistent with one's commitment to the University and its interests.

Examples:

1. A faculty member dedicates more than the permitted average one day per week to personal consulting with a company or companies.

**Commented [MK3]:** See current CWRU Faculty Handbook page 50 "Non-University Activities of Faculty Members During the Contractual Period". Conflict of Commitment policy will supersede that but we incorporated some of the still relevant language.

- 4.2. A faculty member travels excessively in such a manner that interferes with the faculty member's ability to have regular office hours to meet with students.

### **C. Approval**

University faculty (whether tenured, tenure-track or non-tenure-track holding full-time faculty appointments must disclose potential outside activities and receive approval from his/her department chair or dean prior to engaging in an outside activity (whether paid or unpaid) to enable potential conflicts of commitment to be identified. Requests for approval of a potential outside activity should be submitted by the faculty member directly to his/her chair or dean.

In addition, a faculty member may not hold appointment in another educational institution without written approval in advance by the Provost. Requests for approval of a potential appointment should be submitted by the faculty member directly to his/her school dean.

### **D. Review**

1. Review of potential outside activities (other than appointment at another educational institution)

The faculty member's chair or dean shall review the request for approval. If the activity is acceptable, the chair or dean shall provide written approval. A copy of this written approval shall be maintained by the chair/dean. If the chair/dean has concerns about the activity, the chair/dean shall discuss with the faculty member whether the activity can be managed to avoid a conflict of commitment. If, in the opinion of the chair/dean, the activity cannot be managed, the faculty member must refrain from participating in the activity.

2. Review of potential appointments at another educational institution

The faculty member's dean shall review the disclosure with the Provost. If the appointment is acceptable, the Provost shall provide written approval. A copy of this written approval shall be maintained by the Provost. If the Provost has concerns about the appointment, the Provost and/or dean shall discuss with the faculty member whether the appointment can be managed to avoid a conflict of commitment. If, in the opinion of the Provost, the activity cannot be managed, the faculty member must decline the appointment.

### **E. Appeals**

1. Appeal of dean's decision concerning outside activities (other than appointment at another educational institution)

If a faculty member is dissatisfied with a decision of his/her chair, the faculty member can submit a request for reconsideration to his/her school dean. The dean shall respond to the faculty member within thirty (30) days. If a faculty member is dissatisfied with a decision of his/her dean, the faculty member may submit a written appeal to the Provost within 30 days of receipt of the decision. The appeal shall be

DRAFT 5/3/17 9/13/17

decided by the Provost. The Provost will make best efforts to render a decision in writing within 30 days of receipt of the appeal. The Provost's decision is final.

2. Appeal of Provost's decision concerning appointment at another educational institution

If a faculty member is dissatisfied with a decision of the Provost not granting approval of an appointment at another institution, the faculty member may submit a written appeal to the President within 30 days of receipt of the decision. The appeal shall be decided by the President. The President will make best efforts to render a decision in writing within 30 days of receipt of the appeal. The President's decision is final.

#### **IVH. Confidentiality**

All information contained in disclosures or obtained in the course of reviewing a potential conflict of interest or institutional conflict of interest, is kept confidential, subject to the University's reporting obligations to government agencies, research sponsors and the public. The information is available to the Conflict of Interests Committee and its Staff, and to the individuals charged with the responsibility for review in the particular case. In addition, the disclosures received by the Conflict of Interests Committee are shared with the deans and department chairs or supervisors of the disclosing individuals at the request of the individual's dean, chair or supervisor, or at the request of the Conflict of Interests Committee. The individual's department chair, dean or supervisor will be provided with the management plan. There may be instances when other institutional officials must receive this information (e.g., members or staff of regulatory committees with oversight of activities covered in the management plan).

#### **IV. Sanctions**

Failure to comply with these policies includes failing to submit a required disclosure, providing false information, omitting required information, failing to maintain confidentiality, failure to carry out duties prescribed by these policies, and refusal or failure to comply with a management plan adopted under these policies.

A failure to comply with these policies may, in the case of University research, result in a decision by the Vice President for Research to suspend the research project or refuse to approve a new University research project for the individual who fails to comply.

A failure to comply also is subject to the full range of University disciplinary procedures, including:

- a. Formal admonition.
- b. A letter in the individual's file indicating that the individual's good standing as a member of the University has been called into question.
- c. Ineligibility of the individual to apply for grants, IRB approval, or supervision of graduate or professional students or trainees.
- d. Additional sanctions per research funding agency may apply (such as requiring investigator financial conflict of interest training), up to and including sponsor suspension of funding per applicable federal

regulations. The University will comply with federal financial conflict of interest requirements regarding non-compliance retrospective review and corrective action.

- e. Non-renewal of appointment.
- f. Termination of employment.

~~The person responsible for ensuring that an individual has complied with the University's Conflict of Interest Policy must report a failure to comply to the Conflict of Interests Committee Chair or Staff, who refers it to the Conflict of Interests Committee, except that a failure to comply by the President or a member of the Board of Trustees must be reported to the Audit Committee of the Board of Trustees.~~

~~The Conflict of Interests Committee determines if the matter can be handled by requiring the individual to comply with a corrective action plan devised by the Conflict of Interests Committee. In the case of faculty, the Conflict of Interests Committee refers the matter to the Provost. In the case of the Provost, General Counsel, Senior Vice President for Administration, Chief Financial Officer, Vice President for Medical Affairs, the Chief of Staff, the vice presidents for Development, University Relations, and Diversity, and any other individual that the President designates as a senior "cabinet-level" official, the Conflict of Interests Committee refers the matter to the President.~~

~~If an individual other than a non faculty employee is dissatisfied with a determination of the Conflict of Interests Committee to impose a corrective action plan or with administrative action by the Vice President for Research to suspend or refuse to approve a University research project, the individual may submit a written appeal to the Provost within 10 days of receipt of the determination. A non faculty employee who is dissatisfied with a determination of the Conflict of Interests Committee may submit a written appeal to the Senior Vice President for Administration within 10 days of receipt of the decision.~~

~~If the Provost upholds the Conflict of Interests Committee's determination, the Provost's decision is final. If the Provost modifies or overrules the Conflict of Interests Committee's determination, the Conflict of Interests Committee may appeal to the President.~~

~~Grievance proceedings are conducted in accordance with the procedures provided in the University Faculty Handbook and the Human Resources Policy Manual.~~

## **VI. Revisions to the Policies**

Any revisions to these policies that are required by law or by government agency action will become part of these policies. Other revisions to these policies become effective upon being approved by the President, the Provost, and the Executive Committee of the Faculty Senate.

## Definitions

“Conflict of commitment” - A conflict of commitment involves a situation in which a faculty member’s outside activity, or potential outside activity, whether paid or unpaid, involves a commitment of time or effort that may interfere with fulfillment of the faculty member’s ability or willingness to perform the full range of responsibilities associated with his or her university position.

“Disclosure” – “Disclosure” means an individual’s disclosure-reporting of financial interests and/or significant financial interests to the University.

“Faculty” – “Faculty,” as defined in the Faculty Handbook, comprises tenured or tenure track faculty members, non-tenure track faculty members, and special faculty members. Special faculty members are: 1) those persons holding part-time academic appointments, and 2) persons holding full-time academic appointments, but who have specific, limited responsibilities for the duration of a specific project, or for a limited duration. Examples of special appointments are faculty members hired for one semester, who teach one course on a repeated basis, who engage in clinical supervision only without other responsibilities to the University, or who are engaged in a specific project conducted outside the University.

“Financial conflict of interest report” - In the sponsored research context, this refers to the University’s financial conflict of interest report to the awarding component.

“Financial interest” – A “financial interest” means anything of monetary value, whether or not the value is readily ascertainable. Examples of financial interests include the following: income; honoraria; consulting fees; advisory board fees; membership on a speaker’s bureau; remuneration; gifts or other emoluments; “in kind” compensation; travel expenses and reimbursement, other than those paid for by the University or its hospital affiliates, or reasonable travel expenses paid for participation in scholarly and academic endeavors and/or those described in the exclusions in Section I.C.3. of this policy; equity such as stock, stock options or other ownership interests, including equity that individuals covered by this policy know they will inherit; royalties; non-university grants; debts; loans; non-university contracts; licensing agreements; inventors’ shares. Disclosure of a board membership or other officer position involving advisory or fiduciary duties with any outside entity is required where: 1) the individual receives compensation from the entity (i.e., salary or other remuneration; equity interest, such as stock, stock options or other ownership interest; or other compensation of monetary value); or 2) the board or officer position (whether compensated or uncompensated) is with a for-profit outside entity or with an outside entity (for-profit or non-profit) that has a vendor or sponsor relationship with the University or its clinical affiliates, to the best of the individual’s knowledge.

“Individual conflict of interest” – An outside interest that might adversely affect or appear to a reasonable person to adversely affect an individual’s judgment in carrying out University responsibilities, or that might adversely affect or appear to a reasonable person to adversely affect the University’s responsibility to the public, the safety of research subjects, or the integrity of research. For the purposes of research, a financial conflict interest means a significant financial interest that could directly and significantly affect the individual’s University responsibilities, and in the case of research, that could directly and significantly affect the design, conduct, or reporting of research.

“Institutional conflict of interest” -- An institutional conflict of interest arises when the financial interests of the University, or a University official acting within his/her authority on behalf of the University, may influence or appear to influence the research, education, clinical care, business transactions, or other activities of the University; when an individual covered by this policy receives a financial or other benefit

from the use or disclosure of non-public information pertaining to the University; and when outside activities are inconsistent with an individual's responsibilities to the University.

"Institutional responsibilities" – "Institutional responsibilities" are defined as those professional responsibilities that are conducted on behalf of the University. Examples of institutional responsibilities include: activities such as research, research consultation, teaching, professional practice, institutional committee memberships, and service on panels such as Institutional Review Boards or Data and Safety Monitoring Boards.

"Investigator" – "Investigator" means the Project Director, Principal Investigator and any other person who is significantly involved in and responsible for the design, conduct or reporting of research, or proposal for such funding, including the person's spouse and dependent children and/or any other collaborators or consultants. The term also includes investigators working for subgrantees, contractors, subcontractors, and collaborators. See also the definitions provided in this policy for "Project Director/Principal Investigator" and "Senior/key personnel."

"Manage" – "Manage" means taking action to address a financial conflict of interest, which can include reducing or eliminating the financial conflicts of interest, to ensure, to the extent possible, that the design, conduct, and reporting of research will be free from bias.

"Outside activities" – "Outside activities" include leadership participation in professional, community, or charitable activities, self-employment, participation in business partnerships, employment or consulting arrangements with entities other than the University, either compensated or uncompensated, and service on any board, including for-profit, non-profit, advisory, or honorary.

"Project Director/Principal Investigator" – These terms refer to the project director or principal investigator of a research project. See also the definitions provided in this policy for "Investigator" and "Senior/key personnel."

"Senior officials" – "Cabinet-level" officials of the University (comprising the President, Provost, General Counsel, Senior Vice President for Administration, Chief Financial Officer, Vice President for Medical Affairs, the Chief of Staff, the vice presidents for Development, University Relations, and Diversity, and any other individual that the President designates).

"Senior/key personnel" – These terms are used interchangeably to refer to the Project Director/Principal Investigator and any other senior or key personnel identified by the University on PHS-funded grant applications, progress reports, or any other reports to the PHS by the University. See also the definitions provided in this policy for "Investigator" and "Project Director/Principal Investigator."

"Travel expense disclosure" - Disclosure of travel expenses and reimbursement is required for travel that is not reimbursed or sponsored by a federal, state, or local government agency, an institution of higher education as defined at 20 U.S.C. 1001(a), an academic teaching hospital, a medical center, or a research institute that is affiliated with an institution of higher education. Disclosure of the nature of the travel will be accomplished on the annual disclosure form.
