

Student Information

LAST NAME	FIRST NAME	MI	SIS/PeopleSoft Student ID	DATE OF BIRTH

Instructions:

You are required to submit this form directly to the Office of University Financial Aid for processing. You may email this form to financialaid@case.edu. If you have any questions, please feel free to contact us at financialaid@case.edu or call 216-368-4530 or 800-945-4530.

If you are a recipient of need-based funds and plan to use these for your study overseas, the Office of University Financial Aid will need the official cost of your program in order to determine your eligibility for financial aid. This Study Abroad Cost Sheet must be completed and returned along with some official documentation of the charges assessed. This documentation may be relevant pages from the 2025-2026 catalog or website from your intended school of study.

Financial Aid Applications Required

If you are applying for need-based funds, you must submit the standard applications for financial aid in addition to this cost sheet. Please check with the Office of University Financial Aid regarding the status of your application or if you have questions about the required forms.

Disbursement of Your Aid

University-controlled scholarships and grants are applied to your CWRU tuition account at the beginning of our regular semesters: late August and mid-January. Student loans are generally disbursed at the same time as grants/scholarships provided that the promissory note(s) have been signed. Parent loans are applied toward CWRU direct charges for the semester and excess funds are sent in check form to the parent borrower at the parent's home address.

Please notify our office if this disbursement schedule will not meet the requirements of your program. Upon request, we will provide a letter to the visited institution confirming your funding and the timing of disbursements. Most institutions will defer this portion of your payment once assured that the funds will be forthcoming.

Your financial aid proceeds are directly deposited into your bank account or mailed as a refund check to your permanent home address after all University charges have been satisfied for the semester. Outside aid is credited to your account upon our receipt of the funds from the external source; any excess funds are directly deposited into your bank account or mailed to you at your permanent home address.

Changes? Questions?

If your plans change and you no longer will study abroad, please advise us as well as the Office of Education Abroad (studyabroad@case.edu) so that we may prepare the appropriate financial aid award.
