Hello .Sparty .Cwru!

Welcome to the new MyHousing Portal

We are transitioning to our new housing system: StarRez. This new housing portal will allow you to apply for housing and view your assignment information and details. Starting this summer, you will be able to submit maintenance requests, receive notifications for mail and packages, amongst many other services.

University Housing Requirement

CWRU has a two-year residency requirement. All first- and second-year unmarried undergraduate students who do not live at a parent's permanent residence within 40 miles of campus must live on-campus and participate in the University meal plan.

If you have completed a 2024-2025 housing application, select the “continue” button under the Academic Year 2024-2025.

Things to Remember:

You can only be in a one roommate group at a time.
If someone is trying to add you, and you have created a group, you must delete your group first.

The first few days that students are completing their housing application; you may not find compatible roommate options.

Be patient! As more students complete their application, you will find more roommate suggestions.

If you have submitted your group, and now want to change your roommate, click on Delete Group.
This will remove you and your roommate from that group.
