

# Important information for participants in Anthem health plans regarding deductibles/coinsurance for laboratory services

---

Anthem Blue Cross and Blue Shield's contract with LabCorp ([www.labcorp.com](http://www.labcorp.com)) and Quest Diagnostics ([www.questdiagnostics.com](http://www.questdiagnostics.com)) provides laboratory testing services at reduced or no cost to our Anthem health plan participants.

## **Anthem Blue Access PPO plan participants:**

There is no employee cost share when using LabCorp or Quest Diagnostics. That means no deductible, no co-payment, and no co-insurance.

## **Anthem High Deductible plan participants:**

Any laboratory services you receive are still subject to deductible and co-insurance. However, since Anthem has negotiated lower rates with LabCorp and Quest Diagnostics you can minimize your out of pocket expenses by utilizing the services of these companies.

## **Finding a laboratory:**

The provider directory on the Anthem website does not yet contain all of the available locations. You can make an appointment at a conveniently located facility by visiting the companies' websites directly. You can ask your doctor's office to refer you to your preferred lab when you are sent for testing.
