

ANNUAL FUNDING NOTICE
For
Case Western Reserve University Employees' Retirement Plan (Plan B)

Introduction

This notice includes important information about the funding status of your single-employer pension plan (the "Plan"). It also includes general information about the benefit payments guaranteed by the Pension Benefit Guaranty Corporation ("PBGC"), a federal insurance agency. All traditional pension plans (called "defined benefit pension plans") must provide this notice every year regardless of their funding status. This notice does not mean that the Plan is terminating. It is provided for informational purposes and you are not required to respond in any way. This notice is required by federal law. This notice is for the plan year beginning July 1, 2015 and ending June 30, 2016 ("Plan Year").

How Well Funded Is Your Plan

The law requires the administrator of the Plan to tell you how well the Plan is funded, using a measure called the "funding target attainment percentage." The Plan divides its Net Plan Assets by Plan Liabilities to get this percentage. In general the higher the percentage, the better funded the plan. The Plan's Funding Target Attainment Percentage for the Plan Year and each of the two preceding plan years is shown in the chart below. The chart also shows you how the percentage was calculated.

	Plan Year 2015	Plan Year 2014	Plan Year 2013
1. Valuation Date	July 1, 2015	July 1, 2014	July 1, 2013
2. Plan Assets			
a. Total Plan Assets	\$159,622,799	\$149,712,983	\$138,040,257
b. Funding Standard Carryover Balance	\$0	\$0	\$0
c. Prefunding Balance	\$0	\$0	\$0
d. Net Plan Assets (a) – (b) – (c) = (d)	\$159,622,799	\$149,712,983	\$138,040,257
3. Plan Liabilities	\$169,603,979	\$154,313,601	\$141,987,732
4. Funding Target Attainment Percentage (2d)/(3)	94.115%	97.018%	97.219%

Plan Liabilities

Plan Liabilities in line 3 of the chart above is an estimate of the amount of assets the Plan needs on the Valuation Date to pay for promised benefits under the Plan.

Year-End Assets and Liabilities

The asset values in the chart above are measured as of the first day of the Plan Year. They also are "actuarial values." Actuarial values differ from market values in that they do not fluctuate daily based on changes in the stock or other markets. Actuarial values smooth out those fluctuations and can allow for more predictable levels of further contributions. Despite the fluctuations, market values tend to show a clearer picture of a plan's funded status at a given point in time. As of June 30, 2016, the fair market

value of the Plan's assets was \$141,294,584. On this same date, the Plan's liabilities, determined using market rates, were \$253,568,271.

Participant Information

The total number of participants and beneficiaries covered by the Plan on the valuation date was 5,729. Of this number, 2,110 were current employees, 774 were retired and receiving benefits, and 2,845 were retired or no longer working for the employer and have a right to future benefits.

Funding & Investment Policies

Every pension plan must have a procedure to establish a funding policy for plan objectives. A funding policy relates to how much money is needed to pay promised benefits. The funding of the Plan is to contribute the amounts required by law; at the plan sponsor's discretion, funds that exceed the required amounts may be contributed to ensure the Plan is funded at certain minimum thresholds.

Pension plans also have investment policies. These generally are written guidelines or general instructions for making investment management decisions. The investment policy of the Plan is to ensure that the Plan performs sufficiently well to meet its obligations to participants. Additionally, investment results should be commensurate with appropriate risk measures.

Under the investment policy, the Plan's assets were allocated among the following categories of investments, as of the end of the Plan Year. These allocations are percentages of total assets:

Asset Allocations	Percentage
1. Interest-bearing cash	_____0.07%_
2. U.S. Government securities	_____
3. Corporate debt instruments (other than employer securities):	
Preferred	_____
All other	_____
4. Corporate stocks (other than employer securities):	
Preferred	_____
Common	_____
5. Partnership/joint venture interests	_____54.98%_
6. Real estate (other than employer real property)	_____
7. Loans (other than to participants)	_____
8. Participant loans	_____
9. Value of interest in common/collective trusts	_____
10. Value of interest in pooled separate accounts	_____5.92%_
11. Value of interest in master trust investment accounts	_____
12. Value of interest in 103-12 investment entities	_____
13. Value of interest in registered investment companies (e.g., mutual funds)	_____36.36%_
14. Value of funds held in insurance co. general account (unallocated contracts)	_____2.67%_
15. Employer-related investments:	
Employer Securities	_____
Employer real property	_____
16. Buildings and other property used in plan operation	_____
17. Other	_____

For information about the plan's investment in any of the following types of investments as described in the chart above – common/collective trusts, pooled separate accounts, master trust investment accounts, or 103-12 investment entities – contact the Office of Investments at 216. 368.4306 or in writing at Case Western Reserve University, 10900 Euclid Avenue, Cleveland, OH 44106-7014.

Events with Material Effect on Assets or Liabilities

By law this notice must contain a written explanation of new events that have a material effect on plan liabilities or assets. This is because such events can significantly affect the funding condition of a plan. Although it did not have a material effect on the plan's funded status, Case Western Reserve University did offer a voluntary lump sum opportunity during plan year 2015 that resulted in lump sum payments of \$9M which reduced both plan assets and liabilities.

Right to Request a Copy of the Annual Report

Pension plans must file annual reports with the US Department of Labor. The report is called the "Form 5500." These reports contain financial and other information. You may obtain an electronic copy of your Plan's annual report by going to www.efast.dol.gov and using the search tool. Annual reports are also available from the US Department of Labor, Employee Benefits Security Administration's Public Disclosure Room at 200 Constitution Avenue, NW, Room N-1513, Washington, DC 20210, or by calling 202.693.8673. Or you may obtain a copy of the Plan's annual report by making a written request to the plan administrator. Annual reports do not contain personal information, such as the amount of your accrued benefits. You may contact your plan administrator if you want information about your accrued benefits. Your plan administrator is identified below under "Where To Get More Information."

Summary of Rules Governing Termination of Single-Employer Plans

If a plan terminates, there are specific termination rules that must be followed under federal law. A summary of these rules follows.

There are two ways an employer can terminate its pension plan. First, the employer can end the plan in a "standard termination" but only after showing the PBGC that such plan has enough money to pay all benefits owed to participants. Under a standard termination, a plan must either purchase an annuity from an insurance company (which will provide you with periodic retirement benefits, such as monthly for life or for a set period of time when you retire) or, if your plan allows, issue one lump-sum payment that covers your entire benefit. Your plan administrator must give you advance notice that identifies the insurance company (or companies) selected to provide the annuity. The PBGC's guarantee ends upon purchase of an annuity or payment of the lump-sum. If the plan purchases an annuity for you from an insurance company and that company becomes unable to pay, the applicable state guaranty association guarantees the annuity to the extent authorized by that state's law.

Second, if the plan is not fully-funded, the employer may apply for a distress termination. To do so, however, the employer must be in financial distress and prove to a bankruptcy court or to the PBGC that the employer cannot remain in business unless the plan is terminated. If the application is granted, the PBGC will take over the plan as trustee and pay plan benefits, up to the legal limits, using plan assets and PBGC guarantee funds.

Under certain circumstances, the PBGC may take action on its own to end a pension plan. Most terminations initiated by the PBGC occur when the PBGC determines that plan termination is needed to protect the interests of plan participants or of the PBGC insurance program. The PBGC can do so if, for example, a plan does not have enough money to pay benefits currently due.

Benefit Payments Guaranteed by the PBGC

When the PBGC takes over a plan, it pays pension benefits through its insurance program. Only benefits that you have earned a right to receive and that cannot be forfeited (called vested benefits) are guaranteed. Most participants and beneficiaries receive all of the pension benefits they would have received under their plan, but some people may lose certain benefits that are not guaranteed.

The amount of benefits that PBGC guarantees is determined as of the plan termination date. However, if a plan terminates during a plan sponsor's bankruptcy, then the amount guaranteed is determined as of the date the sponsor entered bankruptcy.

The PBGC maximum benefit guarantee is set by law and is up dated each calendar year. For a plan with a termination date or sponsor bankruptcy date, as applicable in 2016, the maximum guaranteed benefit is \$5,011.36 per month, or \$60,136 per year, a 65-year-old retiree with no survivor benefit. If a plan terminates during a plan sponsor's bankruptcy, the maximum guarantee is fixed as of the calendar year in which the sponsor entered bankruptcy. The maximum guarantee is lower for an individual who begins receiving benefits from PBGC before age 65 reflecting the fact that younger retirees are expected to receive more monthly pension checks over their lifetime. Similarly, the maximum guarantee is higher for an individual who starts receiving benefits from PBGC after age 65. The maximum guarantee by age can be found on PBGC's website, www.pbgc.gov. The guaranteed amount is also reduced if a benefit will be provided to a survivor of the plan participant.

The PBGC guarantees "basic benefits" earned before a plan is terminated, which includes:

- pension benefits at normal retirement age;
- most early retirement benefits;
- annuity benefits for survivors of plan participants; and
- disability benefits for a disability that occurred before the date the plan terminated.

The PBGC does not guarantee certain types of benefits:

- The PBGC does not guarantee benefits for which you do not have a vested right when a plan terminates, usually because you have not worked enough years for the company.
- The PBGC does not guarantee benefits for which you have not met all age, service, or other requirements at the time the plan terminates.
- Benefit increases and new benefits that have been in place for less than one year are not guaranteed. Those that have been in place for less than five years are only partly guaranteed.
- Early retirement payments that are greater than payments at normal retirement age may not be guaranteed. For example, a supplemental benefit that stops when you become eligible for Social Security may not be guaranteed.
- Benefits other than pension benefits, such as health insurance, life insurance, death benefits, vacation pay, or severance pay, are not guaranteed.
- The PBGC generally does not pay lump sums exceeding \$5,000.

In some circumstances, participants and beneficiaries still may receive some benefits that are not guaranteed. This depends on how much money the terminated plan has and how much the PBGC recovers from employers for plan underfunding.

Where to Get More Information

For more information about this notice, you may contact Benefits Administration – James E. Ryan, Senior Director – at 216.368.6781 or in writing at Department of Human Resources, Case Western Reserve University, 10900 Euclid Avenue, Cleveland, OH 44106-7047. For identification purposes, the official plan number is 003 and the plan sponsor's employer identification number or "EIN" is 34-1018992. For more information about the PBGC and benefit guarantees, go to PBGC's website, www.pbgc.gov, or call PBGC toll-free at 1.800.400.7242 (TTY/TDD users may call the Federal relay service toll free at 1.800.877.-8339 and ask to be connected to 1.800.400.7242).

**MAP-21 AND HATFA SUPPLEMENT TO ANNUAL FUNDING NOTICE OF
CASE WESTERN RESERVE UNIVERSITY EMPLOYEES' RETIREMENT PLAN (PLAN B)
PLAN YEAR BEGINNING JULY 1, 2015 AND ENDING JUNE 30, 2016 (Plan Year)**

This is a temporary supplement to your annual funding notice which is required by the Moving Ahead for Progress in the 21st Century Act and the Highway and Transportation Funding Act of 2014. These federal laws changed how pension plans calculate their liabilities. The purpose of this supplement is to show you the effect of these changes. Prior to 2012, pension plans determined their liabilities using a two-year average of interest rates. Now pension plans also must take into account a 25-year average of interest rates. This means that interest rates likely will be higher and plan liabilities lower than they were under prior law. As a result, your employer may contribute less money to the plan at a time when market interest rates are at or near historical lows.

The "Information Table" compares the impact of using interest rates based on the 25-year average (the "adjusted interest rates") and interest rates based on a two-year average on the Plan's: (1) Funding Target Attainment Percentage, (2) Funding Shortfall, and (3) Minimum Required Contribution. The funding target attainment percentage of a plan is a measure of how well the plan is funded on a particular date. The funding shortfall is the amount by which liabilities exceed net plan assets. The minimum required contribution is the amount of money an employer is required by law to contribute to a plan in a given year. The following table shows this information determined with and without the adjusted interest rate. The information is provided for the Plan Year and for each of the two preceding plan years, if applicable.

MAP-21 AND HATFA INFORMATION TABLE						
	Plan Year 2015		Plan Year 2014		Plan Year 2013	
	With Adjusted Interest Rates	Without Adjusted Interest Rates	With Adjusted Interest Rates	Without Adjusted Interest Rates	With Adjusted Interest Rates	Without Adjusted Interest Rates
Funding Target Attainment Percentage	94.115%	70.686%	97.018%	70.049%	97.219%	71.035%
Funding Shortfall	9,981,180	66,196,260	\$4,600,618	\$64,012,393	\$3,947,475	\$56,284,398
Minimum Required Contribution	8,285,323	20,060,867	\$5,998,226	\$17,410,852	\$5,711,334	\$15,966,582
