Before You Start

You must know your CWRU network ID and password in order to access the PeopleSoft Human Capital Management (HCM) System. For assistance with your CWRU network ID and associated password, please contact the Help Desk by phone at 368-HELP (368-4357) or online at [U]Tech’s Help page.

This year Benelect is also more readily available using mobile devices as well thanks to HCM’s Fluid application.

Accessing HCM and Benelect Enrollment

To access the HCM System enter the URL case.edu/hcm. At the sign-in page you will enter your CWRU network ID and password. Once you are logged into HCM the new Open Enrollment tile will appear.

As always, it is advisable to visit the Current Benefits Summary tab to view a summary of your current benefit elections prior to making your 2022 Benelect choices. Select Benefits Enrollment to begin Open Enrollment.

The HCM System can be accessed from any internet-accessible computer or mobile device. If you are off campus you can access HCM by entering the URL listed above or through the Human Resources home page. A link to “HCM” is located at the top right of the page next to FAQ and Forms.

Making Your Benelect Elections Online

The HCM System allows you to directly enter your Benelect choices, making the enrollment process fast and accurate. Open enrollment will be available through the HCM System from 7 a.m. on November 8 through 8 p.m. November 30, 2021. If you encounter any problems with the HCM System, please contact the Help Desk by phone at 368-HELP (368-4357) or online at [U]Tech’s Help page.

When making elections, it is important to make sure that all steps are completed in the enrollment process. If you logout before the final action of submitting your benefit choices, your Benelect elections will not be recorded in HCM. The system will not recognize that any action has been taken during open enrollment which will result in your 2021 Benelect elections being defaulted as your 2022 elections – including your Flexible Spending Account contribution amounts.

The two screen displays on the next page illustrate the final steps in the enrollment process.
