2022 Tobacco Attestation Form

One of the requirements to be eligible for the 2022 Wellness Incentive – a \$25 monthly incentive that is available for faculty and staff with medical coverage through CWRU and who complete the Health Risk Assessment and two of three other wellness activities - is this Tobacco Attestation Form in which you indicate whether or not you currently use tobacco.

The Tobacco Attestation Form requires you to attest to your current tobacco use status by checking one of the responses below.

Note: By completing this form, you are authorizing your response to be shared with appropriate offices within the University that are responsible for administering benefits, the Wellness program, and the Wellness Incentive.

Failure to accurately attest to your tobacco usage status on the attestation form and/or failure to report the resumption of your tobacco use after completing this attestation will constitute an act of dishonesty, will disqualify you from eligibility for participation in the CWRU Wellness Program and Wellness Incentive opportunity, and will result in appropriate disciplinary action.

If you are currently a tobacco user, completion of a tobacco cessation program is required prior to you receiving the monthly Wellness Incentive. The University offers an on-line coaching program called LivingFree which all benefits-eligible faculty and staff can access via the Wellness website. The QuitLine program, an individual telephonic coaching program, is also offered free of charge to all benefits-eligible faculty and staff (call 1-800-QUIT-NOW). Eight weeks of free nicotine replacement therapy is offered with the QuitLine program. Upon completion of a program, a medical plan participant may bring documentation of program completion to the Benefits Department or notify Elizabeth Click, erc10@case.edu. If you completed the Health Risk Assessment and one of the other wellness activities (e.g., Biometric Screening program or Primary Care Provider Attestation Form, you will then be able to obtain the 2022 Wellness Program Incentive effective retroactively to the start of the plan year (January)). The retroactive payment will be provided in a lump sum payment, with the remainder of the Wellness Incentive allocated monthly. The incentive is taxable. If you have questions, please contact erc10@case.edu.

Notice of Reasonable Alternative Standard: If a medical condition makes it unreasonably difficult for you to achieve the standards for the incentive under this program, or if it is medically inadvisable as determined by your physician or health care provider for you to attempt to achieve the standards for the incentive under this program, contact erc10@case.edu to request a reasonable alternative standard, and we will work with you to provide another way to qualify for the incentive. Recommendations of your physician or health care provider will be considered and accommodated in developing an alternative standard that is reasonable in light of your health status.

"Tobacco" refers to any product containing tobacco in any form. Tobacco products include, but are not limited to, cigarettes (clove, bidis, kreteks, ecigarettes), cigars and cigarillos, pipes, all forms of smokeless tobacco, and any other smoking devices that use tobacco such as hookahs, and any other existing or future smoking, tobacco or tobacco-related products. This does not include Nicotine Replacement Therapy (NRT) products used as part of a tobacco cessation program or effort.

- I DO NOT smoke or use tobacco products.

2022 Primary Care Provider (PCP) Attestation Form

One of the requirements to be eligible for the 2022 Wellness Incentive – a \$25 monthly incentive that is available for faculty and staff with medical coverage through CWRU and who complete the Health Risk Assessment and two of three other wellness activities - is this PCP Attestation Form.

The PCP Attestation Form requires you to attest that you have a primary care provider and you have had or will have a primary care visit between June 30, 2021 and June 30, 2022.

A Primary Care Provider (PCP) is defined as a physician (M.D. - Medical Doctor or D.O. - Doctor of Osteopathic Medicine) or nurse practitioner (N.P.) , or physician assistant (P.A.) that takes care of the health care needs of patients and/or helps coordinate care and provides access to specialist services for patients. PCPs are seen for undiagnosed conditions as well as chronic and major health conditions.

Note: By completing this form, you are authorizing your response to be shared with appropriate offices within the University that are responsible for administering benefits, the Wellness program, and the Wellness Incentive.

Failure to accurately attest to will constitute an act of dishonesty, will disqualify you from eligibility for participation in the CWRU Wellness Program and Wellness Incentive opportunity, and will result in appropriate disciplinary action.

Notice of Reasonable Alternative Standard: If a medical condition makes it unreasonably difficult for you to achieve the standards for the incentive under this program, or if it is medically inadvisable as determined by your physician or health care provider for you to attempt to achieve the standards for the incentive under this program, contact erc10@case.edu to request a reasonable alternative standard, and we will work with you to provide another way to qualify for the incentive. Recommendations of your physician or health care provider will be considered and accommodated in developing an alternative standard that is reasonable in light of your health status.

I attest that I have met with, and/or have an upcoming appointment to meet with, my Primary Care Provider (PCP) for a health care appointment at least once between the dates of July 1, 2021 and June 30, 2022.
