

EMPLOYEE TERMINATION CHECKLIST

NAME \_\_\_\_\_

EMPL ID. # \_\_\_\_\_

DEPARTMENT \_\_\_\_\_

TERMINATION DATE \_\_\_\_\_

Terminating staff and faculty must return all CWRU property and equipment to the issuing department on or prior to their last working day. Terminating employee's final pay will typically be direct deposited to the bank account listed HCM on the regular pay date unless otherwise requested prior to the payroll run date.

Transferring employees - Supervisors must remove access to internal department systems and collect department items. Transferring employees should also return building keys to access services. PAF Form should not be submitted for transferring employees.

SUPERVISOR'S RESPONSIBILITY

- Complete the Personnel Action (PAF) Form and return to HRRecords@case.edu on or before the employee's last day of employment.
Email Access Services at access@case.edu to verify deactivation of ID card (i.e., building and office access).
Submit a telephone services request to have the employee's telephone number put in the name of the department at https://cwru.teamdynamix.com/TDClient/126/Portal/Requests/TicketRequests/NewForm. Additionally, request a department voicemail be set up, and provide the name and Case ID of a current employee who will receive the messages.
If email should (1) be delegated or forwarded to another employee, (2) a bounce response is requested for incoming emails, or (3) network access should shut down before normal [U]Tech procedure, email help@case.edu to request. Include who the email should be delegated or forwarded to and/or the requested bounce language; and/or the date when network access should be shut down. [U]Tech will obtain necessary approval from HR. It is important to send requests in advance of the employee's final day, to ensure there is enough time to get the approvals and plan for the changes prior to their last day.
Remove access to all internal department systems (i.e., local systems, networks, servers that are controlled by the department) that are not under the control of central [U]Tech.
If the terminating employee holds email records which are subject to Document Retention per the Email Retention Policy, the supervisor must collect any pertinent email from the terminating employee before they depart.
Collect university issued laptop and any other university and Department items. This may include cameras, computer accessories, iPads, backup drives, desk keys, cell phones, Procurement cards (P-cards, T&E Cards) Parking Stamps or logbook, lab equipment (including research, books, etc.), and/or uniforms.
If terminating employee is a CWRU alum: Instruct if they receive any work-related correspondence after leaving, their professional responsibility is to protect the information from disclosure, and to email the CWRU Information Security Office at security@case.edu to correct the situation. Remind them to review the Alumni Google Workspace FAQ for information about the Email Routing tool to redirecting emails, and to contact [U]Tech with any questions.
If terminating employee is a supervisor: Contact the HR Records Office at HRRecords@case.edu to remove the terminating employee as a supervisor of record and update HCM with the new or interim supervisor.
