Dear Alumni and Friends:

From the treetops of the rainforest to the depths of blackwater tributaries, the Amazon River Basin, the largest rainforest ecosystem, is an unforgettable travel experience. The Amazon winds more than 4000 miles from its source in the Andes Mountains to the Atlantic Ocean, and its tributaries fan out over millions of square miles to sustain the flora and fauna of this environment. Explore the diversity of nature's most wondrous offerings, including delicate orchids, transparent glass frogs, pink river dolphins and an array of birds.

Join us for this natural history voyage aboard this small expedition river vessel, uniquely designed to cruise the tributaries and blackwater rivers of the Amazon. The deluxe, all-Suite ZAFIRO offers a first-class experience in the world's most colorful, untouched rainforest. In an authentic atmosphere of exploration, cruise past the confluence of the Río Ucayali and Río Marañón—the legendary inception of the Amazon River.

The Amazon is home to more plant and animal species than anywhere else in the world. In the Pacaya-Samiria National Reserve, the world's largest wetlands refuge, the ship's English-speaking, Peruvian naturalists will lead you through the forest to see rare indigenous species, including butterflies, tamarins and water lilies. You will visit local villages to gain insight into the culture and way of life of the *ribereños* (river people) and watch a shaman perform an ancient ritual.

This unique program also includes two nights in Lima, Peru, featuring a visit to its historic city center, a UNESCO World Heritage site. The perfect complement to your Amazon expedition is the awe-inspiring Machu Picchu and the Sacred Valley Post-Program Option featuring the legendary Incan ruins of this UNESCO World Heritage site.

This outstanding small group expedition is a great value and sells out quickly. Reserve now while space and Early Booking Savings are available.

Sincerely,

Brian Amkraut

Study Leader

Dr. Darin Croft is a Professor in the Department of Anatomy at Case Western Reserve University and a Research Associate at several museums including the American Museum of Natural History in New York, the Carnegie Museum in Pittsburgh, the Field Museum in Chicago and the Cleveland Museum of Natural History. He is a paleontologist and a world-renowned expert in the evolution of South American mammals such as rodents, armadillos, sloths, marsupials and ungulates. Dr. Croft's research has taken him to many parts of South America in search of fossil mammal remains, from Ecuador in the north to Patagonia in the south. In lowland Peru, he was part of a team that discovered the oldest rodent fossils in South America, which are some 41 million years old. The mammals of tropical South America are of particular interest to Dr. Croft, as one of his primary research goals is to determine how and why they evolved into the great diversity of species we see there today.

U.S./Lima, Peru

Saturday, Day 1

Depart for Peru's cosmopolitan coastal capital, Lima, located at the foot of the Andes Mountains. Arrive late this evening in the heart of the upscale, cultural Miraflores district and check into the deluxe JW MARRIOTT HOTEL.

The white-throated toucan's exuberant call is one of the most characteristic sounds of the lowland forest.

Lima

Sunday, Day 2

Following a morning at leisure, enjoy a tour of the historic center of Lima, a UNESCO World Heritage site. See pre-Columbian temples and proud colonial mansions amid modern architecture, and the colorful buildings lining the Plaza de Armas—the city's main square. Visit the 17th-century colonial Convent and Church of San Francisco, a brilliant combination of Moorish and Baroque architectural styles and one of the finest churches in South America. Tour the opulent Casa de Aliaga, built in 1535 as the residence of Don Jerónimo de Aliaga, the co-founder of Lima. Filled with original 16th-century Spanish art and furniture, it is the oldest private house in continuous use in the western hemisphere and has been inhabited by the Aliaga family for 17 generations.

Gather for the Welcome Reception in the hotel this evening.

Lima/Iquitos/Nauta/

Río Amazonas

Monday, Day 3

This morning, fly to vibrant Iquitos, an important rubber boom city during the late 19th century that attracted thousands of immigrants from around the globe to the Amazon River Basin hoping to build their fortunes. After lunch in a local restaurant, visit the colorful Upper Belén Market, the largest traditional market in the Peruvian Amazon.

Walk through the Plaza de Armas and see the Casa de Fierro—or Iron House—designed by Gustave Eiffel for the International Exposition of Paris in 1889 and still considered one of the finest examples of civil architecture in Peru. Continue to the Amazon waterfront and stroll along the lively Malecón Tarapacá riverwalk.

Watch for the sleek, spotted coat of the elusive jaguar as it slinks through the tropical rainforest.

Admire impressive views of the river and 19th-century European-Amazonian-style mansions built with Baroque and Rococo influences and beautiful ceramic tiles imported from Italy and Portugal.

Observe mysterious creatures like the three-toed sloth in their untamed and exotic natural habitat.

In Nauta, embark the ZAFIRO and begin your voyage of discovery into one of the world's most remote regions. Gather on the ship's observation deck and watch as modern civilization fades away and the vast Amazon River unfolds before you.

A team of naturalists will share their insight into this rich and complex ecosystem and help you identify fascinating species like the radiant large-billed toucan, pink river dolphin and South American oriole. Across the basin, jabiru storks methodically search for food in the shallows, three-toed sloths move between trees in a slow-motion ballet and hawks, kites and turkey vultures glide overhead.

Río Amazonas/Río Ucayali Tuesday, Day 4

Awaken in the heart of the Amazon Basin, where the dense jungle teems with the greatest diversity of plant and animal life on Earth and the perfect serenity of the river is broken only by the occasional fisherman passing by in a traditional dugout canoe. Embark one of the vessel's small excursion boats to look for wildlife along a pristine tributary.

This afternoon, meet with *ribereños* (river people) in their village, which has been inhabited for generations. Here, the villagers maintain conservation efforts to raise several of the thousands of butterfly species that live in the Amazon's unique ecosystem, including the rare electric-blue morpho.

Río Amazonas/Río Ucayali/ Río Marañón Wednesday, Day 5

This morning, explore the Pacaya-Samiria National Reserve, the largest wetlands

reserve in the world. This area is home to the endearing capybara—a large, semi-aquatic rodent endemic to South America—and a profusion of rare palms, orchids and other tropical plants that flourish at ground level. Watch for pink and gray river dolphins swimming alongside your boat.

After lunch, board a small river skiff in search of exotic wildlife, including toucans and saddleback tamarin monkeys, and marvel at the giant *Victoria amazonica* water lilies.

Río Marañón/Río Pucate/ Río Ucayali Thursday, Day 6

Under the shade of a magnificent rainforest canopy, enjoy a picnic breakfast while you watch for white-necked heron and wattled jacana dipping into nearby shallow waters. Walk through this mysterious realm of soaring ceiba trees that reach as high as 200 feet, listen for

Watch for playful pink and gray river dolphins, the largest freshwater dolphin species in the world.

Cruising along the Amazon River provides fascinating opportunities to observe the river's central role in the daily life of the local ribereños.

endangered scarlet macaws chattering in the canopy and watch for egrets, oriole blackbirds and purple gallinules.

By special arrangement this afternoon, meet a local shaman, or medicine man,

Search for the brilliantly colored Ranitomeya imitator dart frog.

who will perform a traditional ritual and explain how the *ribereños* have used indigenous medicinal plants and herbs for centuries.

Participate in a traditional Amazonian

tree-planting ceremony dedicated to ensuring the longevity of the rainforest.

This evening, search for elusive nocturnal creatures such as caimans and bats on a nighttime excursion into the Pacaya-Samiria National Reserve—a vast blanket of stars shines above you, impossibly bright this close to the Equator.

Río Marañón/Nauta

Friday, Day 7

Enter a virtually uninhabited portion of the Amazon where the river narrows. Board excursion boats and cruise along labyrinthine blackwater tributaries while the vessel's naturalists point out animal and plant life rarely detected by the untrained eye. Then, try catching a red-bellied piranha during a fishing expedition.

This afternoon, stop in a local village for a demonstration on how to prepare

Amazonian specialties, including *juanes*, a regional favorite made of chicken and rice wrapped in banana leaves.

Later, visit another Amazonian village where you will learn more about the *ribereños'* timeless way of life and special relationship with this remarkable environment.

Enjoy a final evening of cruising the Amazon. Gather on the vessel's upper deck for a festive farewell as the sun sets over the lush flora of the passing rainforest.

Nauta/Iquitos/Lima

Saturday, Day 8

Following breakfast, disembark and continue to the Manatee Rescue Center for an up-close encounter with young, orphaned Amazonian manatees.

Look for the South American coati, a member of the raccoon family, eating fruit high in the canopy.

Machu Picchu and the Sacred Valley

Post-Program Option

Delight in this extraordinary opportunity to experience Machu Picchu, the majestic “lost city of the Incas”; the lush Sacred Valley; and the colonial and Incan traditions of Cuzco.

Perched on an awe-inspiring mountain range in the Peruvian Andes, Machu Picchu was obscured from humankind for 400 years until Yale Professor Hiram Bingham literally stumbled upon it in 1911. A century of research, excavation and preservation still has not revealed the secrets of this UNESCO World Heritage site’s purpose, residents or abandonment.

Admire the spectacular archaeological sites of the beautiful Sacred Valley, where ancient engineering marvels, such as the fortress of Ollantaytambo, stand as lasting testimony to the powerful and far-reaching Inca Empire. Here, village craftsmen employ age-old techniques to weave intricate tapestries and sculpt colorful pottery.

In the historic Inca capital of Cuzco, a UNESCO World Heritage site, see the stone fortress of Sacsayhuamán and grand Baroque- and Renaissance-style churches that provide a fascinating mix of pre-Columbian and colonial influences.

Enjoy deluxe, ideally located accommodations in Lima, Machu Picchu and Cuzco.
