AMADEUS PROVENCE

70 SUITES AND STATEROOMS

Gohagan & Company is proud to provide the most deluxe, **exclusively chartered** ships in educational travel—the ideal way to experience the unforgettable destinations in our **specially designed itineraries**. Chartered cruising provides the **optimum setting for affinity groups**; with no offering to the general public, there is control over the entire ship. Enjoy the luxury of intimate, designated spaces for your association’s private engagements in addition to enlightening lecturers. The next exclusively chartered, deluxe cruise awaits your choosing.

The AMADEUS PROVENCE features the comforts of a refined and traditional hotel, including **complimentary Wi-Fi** (conditions permitting). The 70 stylish Staterooms and Suites are among the most spacious of any European river ship (172 to 284 square feet). Suites include a private balcony, and select Staterooms feature a **unique floor-to-ceiling window that lowers to French-balcony height at the touch of a button**. Accommodations have two twin beds or one queen bed, a private bathroom with shower, individual climate control, telephone, writing desk, sitting area, safe and hair dryer. Most have a minibar.

The delightful restaurant offers scenic views through panoramic windows as well as continental cuisine featuring fresh, local ingredients. Daily meals include early-risers’ coffee, buffet breakfast and lunch, afternoon tea, four-course **dinner with complimentary wine and beer**, and late-evening snack.

The inviting and spacious public facilities include the Panorama Bar, Lido Bar, Amadeus Club with library and 24-hour coffee station, salon, boutique, massage room, fitness room and ample open-air deck seating. The Sun Deck has a chessboard, shuffleboard and **outdoor pool**. An elevator serves all passenger decks except the Sun Deck. There is no doctor on board.

The English-speaking, international crew provides warm hospitality. The AMADEUS PROVENCE meets the highest standards to minimize environmental pollution and provides environmentally sustainable river travel. The Amadeus fleet is committed to reducing water and energy consumption and increasing engine efficiency to lower their environmental impact.
