

CCIR @ CWRU INNOVATION WEEK

"The Future of Imaging Research: Resilience and Determination"
panel discussion and trainee-led Imaging Research Core
instrumentation showcase

TUESDAY, OCTOBER 29TH | 2:00-4:00PM

afternoon tea to follow

Moderator:
James Basilion, PhD
Professor, Radiology &
Biomedical Engineering,
CWRU

Susann Brady-Kalnay, PhD
Professor, Molecular
Biology and Microbiology,
CWRU

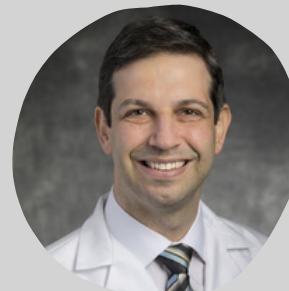

David Wilson, PhD
Robert J. Herbold
Professor of Biomedical
Engineering, CWRU

Agata Exner, PhD
Henry Willson Payne
Professor, Vice Chair for
Basic Research, Radiology
& Director, CCIR, CWRU

Andrew Wheaton, PhD
Senior Principal Research
Scientist, Canon Medical
Research USA

Leonardo Kayat
Bittencourt, MD, PhD
Vice Chair of Innovation,
Radiology, University
Hospitals

Michael Jenkins, PhD
The Dr. Donald and
Ruth Weber Goodman
Professor of Innovative
Cardiovascular
Research, CWRU

CCIR Trainees will
present how
Imaging Research
Core instruments
are impacting their
research!

Tessa Kosmides

Andrew Dupuis, PhD

Yuran Zhu

Arpan Mahanty, PhD

Anubhuti Bhalotia
