

## CTSC Voucher Program Services Catalog

<b>BERD (Biostatistics, Epidemiology and Research Design)*</b>	<b>Contact:</b> Jennifer Gassman, PhD Email: <a href="mailto:gassmaj@ccf.org">gassmaj@ccf.org</a>
<b>Voucher Service</b>	<b>Description</b>
Grant development work	Grant development work fulfilling the requirements of the proposal RFA
Data Analysis	Efforts of biostatistician(s) who will be doing QC of the data set and performing statistical analyses.

\*NEOMED and University of Toledo must partner with CCF, UH, MH, CWRU, or the VA in order to utilize this service.

<b>D&amp;I (Dissemination &amp; Implementation Accelerator)</b>	<b>Contact:</b> Mario Scarpino, RN, BSN, MBA Email: <a href="mailto:mascar@ccf.org">mascar@ccf.org</a>
<b>Voucher Service</b>	<b>Description</b>
D&I Consultation - general/mixed methods	Advising on implementation study design, data collection and outcomes
D&I Qualitative - general	Advising for qualitative data collection and qualitative analysis for implementation outcomes
D&I Quantitative - general/cost	Advising for quantitative data collection and quantitative analysis for implementation outcomes, including implementation cost
D&I quantitative - cost	Advising on data collection and analysis for implementation cost

<b>Bioethics and Medical Humanities Research Consultation and Collaboration</b>	<b>Contact:</b> Aaron Goldenberg, PhD (Case Western) and Rick Kodish, MD (Cleveland Clinic) Email: <a href="mailto:ajg10@case.edu">ajg10@case.edu</a> , <a href="mailto:kodishe@ccf.org">kodishe@ccf.org</a>
<p>The bioethics and medical humanities voucher service aims at providing consultation and collaboration on clinical and research ethics and related social science, humanities, and health policy issues within clinical and public health research. Our aim is help with the integration of bioethics and medical humanities into research design, project implementation, and dissemination of research findings. The Bioethics and Medical Humanities faculty available through this voucher program come from a wide variety of disciplinary backgrounds including bioethics, medical or health humanities, sociology, anthropology, philosophy, history, education, public health, law, and medicine.</p>	
<b>Voucher Service</b>	<b>Description</b>

Research Ethics Consultation	<p>Available support:</p> <ol style="list-style-type: none"><li>1) Reviewing consent and participant outreach/educational materials</li><li>2) Consultation on IRB review questions or feedback</li><li>3) Support for other research ethics questions in study design (strategies for ethical study design such as equipoise, component analysis, participant compensation questions, other questions)</li><li>4) Reviewing plans for data dissemination and return of general (whole cohort) and individual research results.</li></ol> <p><b>*Note: This service is <u>not</u> meant to provide direct support for writing or submitting IRB protocols for research studies</b></p>
