Mentoring Program for Community Engaged Researchers

Grow as a Community Engaged Researcher

Are you an early-stage investigator or faculty member at a CTSC-affiliated institution? Do you want to build skills and partnerships in community engaged research? Join our mentoring program—uniquely designed to support researchers working with community partners and organizations!

Program Features

- Personalized Mentor Matching based on interests and goals
- Kickoff Orientation
- Monthly Mentor/Mentee Meetings
- Bi-monthly Mentee Group Discussions
- Community-Based Research Network Meetings
- Mid-Year Summit & Expert Speaker
- Graduation & Recognition in June 2026

Eligibility & Benefits

Mentees

- Investigators or faculty at CTSC-affiliated institutions
- Committed to participating and growing as a community engaged researcher
- Receive individual and group mentorship, career development resources, and join a supportive community of practice

Mentors

- Faculty with experience in community engaged, participatory, or action research
- Willing to commit 1-2 hours/month and support mentee growth
- Access to CTSA mentoring resources and optional mentorship coaching
- Help develop future leaders in community engaged research
