_____

_____

_____

4. How will this program help your organization's capacity to conduct research?

   _____

   _____

   _____

5. What is your prior experience conducting community and stakeholder engaged research?

   ☐ Starting to think about this approach. I am still figuring out the value of engaging community and stakeholder partners in health-related research.

   ☐ Just getting started. This is the first time I will be engaging community and stakeholder partners in health-related research.

   ☐ New to this approach. I have limited experience effectively engaging community and stakeholder partners in health-related research.

   ☐ Experienced with this approach. I have many experiences effectively engaging community and stakeholder partners in health-related research.

6. If you've previously partnered in research projects, please describe below.
