CTSC Town Hall

Epic Tools for Clinical Research

Discover powerful Epic features and functions designed to support clinical research of all types.

Tuesday, February 3, 2026
9:30 - 11:00 AM
Virtual via Zoom

Join us for the CTSC Clinical Research Townhall, a dynamic event for clinical research professionals focused on streamlining participant recruitment and trial coordination with Epic's latest research tools. Discover how to automate workflows, optimize recruitment strategies, and harness data insights to enhance your studies. Meet CTSC experts and explore Epic features that can simplify study operations. Whether you're an investigator, coordinator, nurse, or recruitment specialist, this townhall will help you adopt innovative solutions and improve research outcomes.
