

Translational Science Week 2026

CHAMPIONS IN RESEARCH

Thursday, September 17, 2026

CTSC Science Cafe Presents: "Above & Below: Choline, Estrogen, and their Relationship to Brain and Bladder Health in Women"

12:00PM - 1:00PM, EST

Virtual via Zoom

Join us for a special Translational Science Week edition of the CTSC Science Cafe, a monthly educational series that brings together researchers, trainees, clinicians, and community members to explore emerging areas of science and spark new collaborations.

This session will feature:

- Insights from a leading expert in women's health research
- An interactive discussion exploring emerging research questions and opportunities for collaboration
- Connections with colleagues across disciplines and career stages
- A forum designed to encourage conversation, idea-sharing, and new partnerships

About Translational Science Week:

Translational Science Week 2026 celebrates the CTSC's 19th anniversary with webinars, interactive sessions, and networking centered on the theme, Champions in Research, honoring those advancing translational science.

Featured Speaker:

David Sheyn, MD
University Hospitals

Moderator:

Danette Conklin, PhD
University Hospitals
