

Translational Science Week 2026

CHAMPIONS IN RESEARCH

Friday, September 18, 2026

The Clinician Informaticist & Data Scientist Dyad: A Cosmos Partnership Model

9:00AM - 10:00AM, EST

**MetroHealth, Rammelkamp 240
& Virtual Via Zoom**

Close out Translational Science Week with a MetroHealth Research Spotlight featuring a discussion on the evolving role of data-driven collaboration in clinical and translational research. This hybrid session will showcase how partnerships between clinical experts and data specialists can transform healthcare data into meaningful discoveries and new opportunities for innovation.

Explore:

- Strategies for leveraging real-world data to advance research
- The importance of interdisciplinary collaboration in informatics
- Lessons learned from building successful data-driven partnerships
- Opportunities to strengthen data-enabled discovery across the research community
- Refreshments provided for in-person attendees

About Translational Science Week:

Translational Science Week 2026 celebrates the CTSC's 19th anniversary with webinars, interactive sessions, and networking centered on the theme, Champions in Research, honoring those advancing translational science.

Featured Speakers

Anna Rybinska-Campbell, PhD
MetroHealth
