

AY 22-23 End of Year SAMI program evaluation report

Class of 2022 UP students were asked questions of SAMI and the end of year 3. They were sent one initial email on March 6, 2023, with 3 follow-up reminders.

Responses/Expected: 174/199 (92%)

Rate the overall quality of SAMI in supporting your education.

#	Answer	%	Count
1	Poor	17.82%	31
2	Fair	42.53%	74
3	Good	33.91%	59
4	Excellent	5.75%	10
	Total	100%	174

Rate your level of agreement with the following statements.

#	Question	Strongly disagree		Disagree		Agree		Strongly agree		Total
1	The ten-minute strategy session successfully has helped me navigate the patient encounter.	5.75%	10	8.62%	15	58.05%	101	27.59%	48	174
2	The oral patient presentation has improved my patient presentations in clerkships.	14.37%	25	34.48%	60	44.83%	78	6.32%	11	174
3	Having time to practice justifying a differential diagnosis, work-up, and treatment has supported the clinical reasoning I do in my clerkships.	10.34%	18	14.94%	26	57.47%	100	17.24%	30	174
4	Working through a plan to provide a targeted treatment has helped me consider the complex nature of care delivery.	13.22%	23	33.33%	58	45.98%	80	7.47%	13	174
5	After my patient encounter, one on one feedback from my facilitator helped improve my clinical skills.	13.79%	24	24.14%	42	55.17%	96	6.90%	12	174
