2/28/2020, Staywell/ Medworks – Eight first year students went to Redeemer Crisis Center in Cleveland to provide health screenings such as glucose testing, BMI, blood pressure, and foot exams to people in the community.

PA Hx This Day in PA History

Talk about history being made! This month, let's highlight OAPA's history altering move– the introduction of the PA Bill HB492. This bill proposes major upgrades to PA rights including pink slipping, prescribing procedural sedation medications, and perform fluoroscopy. It also proposes a change in "supervisory" language to "collaborative" in agreements. Passing of this bill will be monumental for the advancement of PAs in Ohio. –Hinali Patel, PA-S1, Hudson Society Historian
