

Certificate in Clinical Research Case Western Reserve University (CWRU)

PROGRAM PROGRESS CHECKLIST

A grade of B or higher in each graded course will be required for successful completion of the Certificate Program. Students are responsible for keeping track of the courses they have taken. Students are required to submit a completed Program Progress Checklist, and a copy of their CWRU transcript indicating the course grade(s), to the Educational Manager (Nital Subhas) at the end of each semester indicating the course(s) they have completed. Students who have completed all required coursework will submit a final checklist, a copy of their CWRU transcript (unofficial), and a copy of their CREC/CITI certification to the Center for Clinical Investigation notifying the Educational Manager that all coursework has been completed. Upon verification, the Academic Program Director (James Spilsbury) will approve the awarding of the certificate.
