

Cleveland Seasonal Adventures

In Cleveland, we experience the beauty of the Midwest year-round, which makes it an exciting place to call home. **Remember to pack for all four seasons!**

Case Western Reserve students are fortunate to be surrounded by world-class museums, cultural attractions, shopping and dining, and aren't far from major sporting events and amusement parks. If that weren't enough, our university offers free or discounted tickets to many events, theaters and museums in the area. Check out [Access Services](#) on the CWRU website for more details. We hope you take advantage of these opportunities and explore all that Cleveland has to offer!
