

Are you a student under-represented in the sciences with a passion for biomedical research?

Do you want to join the top biomedical PhD programs in the nation?

Are offers from your top choices in PhD programs forthcoming?

Do you want additional research experience to improve your credentials?

CasePREP can help!

# CasePREP

## The NIH-sponsored Post-baccalaureate Research Education Program at Case Western Reserve University

### CasePREP Provides:

- One year supported research in cutting-edge labs
- Free graduate level courses tailored to your needs
- Opportunities to present at national biomedical research conferences
- Practice interviews for PhD programs
- Guidance and coaching in preparing your applications to PhD programs
- PREP Scholars receive an annual spend of \$27,200

### Where are our CasePREP Scholars?

- 86 PREP Scholars over 14 cohorts
- 85% enter PhD or MD/PhD programs at top 25 ranked institutions

Visit our site at: [case.edu/medicine/admissions-programs/prep-postbac-phd-career-path](https://case.edu/medicine/admissions-programs/prep-postbac-phd-career-path)

### Apply Now!

Become part of the next generation of biomedical research scientists!

Accepting applications through March 15th
