## Application Requirements

- Complete the online application and pay the \$50 application fee
- School-issued transcripts for ALL colleges and universities attended. Unofficial documents can be used for admissions review.
- Resume/CV
- Two letters of recommendation. We suggest submitting letters from natural science faculty, research PIs, or clinicians.
- Statement of purpose
- Academic statement (optional)
- International applicants: TOEFL results (waived for students who have completed a bachelors or masters degree from a school taught in English)
- Test Optional - Score reports are optional, but the following tests can be submitted for consideration: GRE, MCAT, DAT and PCAT.

Applicants will be evaluated on a variety of holistic factors in the admissions process. We do not have GPA or test score minimums.

## Suggested Coursework

- Applicants should complete all prerequisites required for the professional schools they want to apply to after completing their graduate program (MD/DO, DMD/DDS, PA, etc.)
- We recommend the following (at minimum):
  - Biology - one year with labs
  - Chemistry - one year with labs
  - Organic Chemistry - one year with labs
  - Physics - one year with labs
  - English - one year

## Why Case Western Reserve University?

At CWRU, we're driven to educate and make an impact in our community through research, innovation and collaboration. We pride ourselves on having not just one, but "five campuses" through our partnerships with local, world-class hospital systems: Cleveland Clinic, University Hospitals, MetroHealth Systems and Louis Stokes Cleveland VA Medical Center.

As a School of Medicine student, you will gain firsthand experience in clinical and research settings and build a network for your future career.

And, you'll join a culture of innovation. Our campus has been home to numerous medical advances, from the first CPR course to the creation of the first artificial chromosome.

**#1** medical school  
in Ohio

**#25** medical school  
for research
