Updated: 7/25/2025

Membership:

- a. The Chair, who shall have had active teaching experience within the curriculum within the last 5 years. The Chair shall be an elected or appointed member of the CME and will be an additional voting member outside of the 13 elected or 2 appointed faculty members.
- b. Thirteen (13) elected faculty members, who shall, at the time of election, be actively teaching within the curriculum or shall have taught previously within the curriculum. At least 3 of the elected faculty shall be from clinical departments and at least 3 of the elected faculty shall be from basic science departments.
- c. Student representatives: four students from the University program- elected representatives from each class, two students from the College program, one in the pre-clerkship curriculum and one in the clinical curriculum; and one student from the MSTP program. The student representatives from each program may designate as many alternates as are required to ensure full representation at all CME meetings.
- d. The two Associate Deans for Curriculum (University and College programs).
- e. The Vice Dean for Medical Education.
- f. The Executive Dean for the College program.
- g. Two Basic Science Deans for both the college and university programs.
- h. The Associate Dean for Graduate Medical Education rotated through the 3 hospital affiliated institutions.
- i. The two Assistant Deans for Clinical Education
- j. The Assistant Dean of Student Community and Engagement
- k. Two (2) faculty members appointed by the Dean of the School of Medicine.
- l. One representative of the Society Deans in the University program and one with the equivalent role in the College program.
