Updated: 8/2/2026

MEMBERSHIP: The CMSPA consists of at least nine voting members, including a chairperson who is appointed by the Chair of the Faculty Council after consultation with the Dean and other committee members. Nine members are elected by the Faculty of Medicine from among its membership. The Dean of the School of Medicine may appoint four additional voting members at the Dean's discretion. At least four voting members must represent the basic science departments, and at least five voting members must represent the clinical departments. Quorum for committee meetings is defined as a majority of voting members being present. A motion made by the committee is passed when a majority of the voting member present vote in favor of the motion. The following individuals serve as ex officio members without voting privileges: the Associate Dean of Student Affairs (WR2 University Program), the Chair of the Committee on Medical Education, the Vice Dean for Medical Education, the Associate Dean for Curriculum (WR2 University Program), the Assistant Dean for Basic Science Education (WR2 University Program), the Chair of the Professionalism Work Group, the Director of Student Assessment, the Chair of the MSPRC or designee. In accordance with the bylaws of the Faculty of Medicine, the number of CMSPA members holding the title of Dean will not exceed 40% of the total CMSPA membership. The Registrar of the School of Medicine will serve as secretary. The CMSPA Chair will invite the LCP Executive Dean to any discussions involving a LCP student but will require that the LCP Executive Dean leave the meeting prior to the CMSPA voting on any motions involving a LCP student. The CMSPA chair may choose to invite directors from combineddegree programs when their students are being presented (i.e., Director of the Medical Scientist Training Program or MSTP, Director of Oral Maxillofacial Surgery Program or OMFS). The term of office of voting members is five years. Elections will be staggered so that at least one member will be replaced or re-elected each year. An elected member who resigns during a term of office will be replaced through an appointment made by the Chair of the Faculty Council. An appointed member who resigns during a term of office will be replaced through an appointment made by the Dean of the School of Medicine or their designee. The Chair may terminate the term of a voting member who misses more than two scheduled meetings during an academic year.
