Dean’s Message

The Frances Payne Bolton School of Nursing continues to provide leadership and innovation in nursing science, education, and community service. Faculty, staff, and students are working to not only meet today’s needs in health care, but anticipate the needs of tomorrow’s leaders.

To that end, we established a Chief Nursing Officer Advisory Council. The council, consisting of the CNOs from our four major clinical partners and the dean’s senior staff, meets quarterly to discuss the changing landscape of health care.

Other innovations include a new partnership with National Hartford Centers of Gerontological Nursing Excellence, and its Nursing Education Xchange (NEXus). This program, managed by the University Center on Aging and Health, fills the growing need for health care professionals focused on aging. The school also won redesignation as a World Health Organization Collaborating Center for Research and Clinical Training in Home Care Nursing.

It is an honor to be at the helm as the Frances Payne Bolton School of Nursing continues to move forward as an agent of change for nursing.

Mary E. Kerr, PhD, RN, FAAN
Dean and the May L. Wykle Endowed Professor

Executive Summary

A total of 859 students were enrolled for the Fall 2014 semester, which includes an increase in the BSN, PhD and DNP programs. Enrollment in the Graduate Entry Nursing (MN) program also increased, with a higher number of men, largely due to the utilization of a new direct email campaign. MSN enrollment remains a challenge, and the focus of ongoing recruitment efforts.
Student Diversity

Approximately 26.7% of our entire student body self-report as representing a minority, with 6.5% unreported. This is a decrease from last year’s 29.5%, but a much larger number of students reported this year. It is above the national average of 26.5%.

By program, our student diversity stands at 39% for the BSN program compared to a 26.9% national average; 23% for MSN v. 26.6%; 22% for DNP v. 22%; and 52.3% for PhD v. 24.7%.

In addition, 11.6% of our overall student body are male. Our BSN program is 8% male v. the 11.4% national average, while our MSN program is 19% male v. the 9.9% national average.
Support for Students

Nurse Faculty Loan Program
- $3.2 million HRSA grant provides 85% loan forgiveness for graduate students, who later teach nursing

Legacy Fellows Program
- Created in honor of the 40th anniversary of the founding of the PhD program
- Currently there are 10 Legacy Fellows
- Three additional Legacy Fellows have been moved to T-32 grant support, and 2 have donor-supported fellowships.
- Fellows receive full tuition support and education stipends and experience working as a member of an active research team

Jonas Nurse Leaders Scholars Program
- $70,000 grant

Nurse Anesthetist Traineeship Program
- $43,038 in grants for nurse anesthesia graduate students.

May 2014 Graduates
A total of 106 nursing degrees were awarded in May 2014. The breakdown is as follows:
- 30 BSN
- 31 MN
- 18 MSN
- 23 DNP
- 4 PhD

NCLEX BSN/Grad Entry Pass Rate
Academic Affairs, continued

Curricular Innovations

**MOOC**
- The School of Nursing created its first MOOC, “Take the Lead on Health Care Quality Improvement”
- Mary A. Dolansky, PhD, RN, Associate Professor; Shirley M. Moore, PhD, RN, FAAN, the Edward J. and Louise Mellen Professor; Mamta Singh, MD, MS, Associate Professor, School of Medicine
- More than 5,100 students enrolled for the Fall 2014 program

**Partnership with the Hartford Foundation**
- National Hartford Centers of Gerontological Nursing Excellence (NHCGNE) and its Nursing Education Xchange (NEXus)
- PhD students take courses at member institutions for the same price
- Managed by the University Center on Aging and Health

**New MSN major for acute care nurse practitioners, focused on pediatrics**
- Meets a national demand for pediatric nurse practitioners who can serve in both primary and acute care roles

**Interprofessional Education activities**
- FPB and CWRU remain national leaders in IPE with new initiatives underway with local organizations including a mobile health unit located in the Cleveland Municipal School District

**The Master of Nursing program curriculum**
- Extensive curriculum revisions including courses to prepare students to lead interprofessional teams
- New model of a Hybrid Dedicated Education Unit in conjunction with University Hospitals/Case Medical Center

**Learning Resource Center**
- New space for perioperative care
- New communications room
- See facilities, p. 17
Academic Affairs, continued

*U.S. News and World Report* will release new rankings for graduate-level health care education programs in March 2015.* The Frances Payne Bolton School of Nursing is currently ranked #15 in the country and #1 in Ohio. A number of our individual graduate programs also are nationally ranked.

Executive Summary

During FY 2013-2014, 50 research and training grants were submitted to both internal and external sponsors and both federal and private foundations. Of these, 40 were research grants (24 Federal and 16 non-Federal). A total of 17 research and training grants were received (10 research grants and 7 training grants). Fourteen grants are pending.

The Postdoctoral program remains strong with 4 externally-funded research postdoctoral fellows. Three BSN students received SOURCE funding for summer research projects and multiple BSN students are working on research projects.

Five areas of research focus were identified for the school of nursing: Symptom Science, Self-management of Health and Illness, Neuroscience, Family/Community Care, Aging across the Lifespan.

Research & Scholarship Metrics

***Manuscripts that appeared in print during the 2013 calendar year. The number of publications reflects only those manuscripts in print, not those submitted for consideration or in press. This includes referenced journal articles, book chapters, commentaries, editorials, and electronic publications."
Research, continued

Future Directions
To continue its legacy of excellence in nursing research as the overall #15 nursing school in the nation, the Frances Payne Bolton School of Nursing is focused on several key goals:

- Research in five focus areas:
  - Symptom science,
  - Self-management of health and illness,
  - Family/community care,
  - Aging across the lifespan,
  - Neuroscience
- Expand our research portfolio to include more foundation and industry research
- Increase our collaborative research with clinical and campus-wide partners
- Nurture early-stage investigators
- Involve all levels of students in our research
- Develop an “Idea Incubator” to spur creative, new research
Alumni Relations & Development

Vicki Stouffer, CFRE
Associate Dean for Development

Executive Summary

Through the university’s $1 billion Forward Thinking campaign, the Frances Payne Bolton School of Nursing will secure funding to upgrade physical space, support student scholarships, and attract and retain nurse scientists and leaders.

Four areas have been chosen as our campaign goals: research, faculty, students, and the Annual Fund.

As of August 1, 2014, we have attained over 85% of our total goal of raising $30 million.

Campaign Progress to Goal
Forward Thinking - The Campaign for CWRU

- University campaign goal of $1 billion achieved
- Based on momentum and great student need, the campaign is extended through 2018, with a new goal of $1.5 billion
- FPB’s new goal is $35 million
- Now at 73% of our goal

Campaign Expansion Priorities

- Attracting the Best Students
  - Student Scholarships
  - Facilities
  - Professorships
- Strengthening Research
  - New Centers of Excellence
  - Facilities
  - Professorships
- Grow the Annual Fund
  - Faculty and Staff Campaign
  - Creative Appeals
  - Volunteer Campaigns and Support

Other Initiatives

- Health Education Campus
  - Raise funds for the interprofessional health education campus
Centers of Excellence

**WHO Collaborating Center for Research and Clinical Training in Home Care Nursing**

The focus of the WHO Collaborating Center at CWRU is home care nursing—the delivery of health care services in the home setting. Change in all parts of the world, from aging of the population, the increase in chronic diseases, and the development of infectious diseases, places a burden on the existing health care systems. Home care nursing is one solution to the problem.

**Key Accomplishments**
- Redesignation as a World Health Organization (WHO) Collaborating Center for Research and Clinical Training in Home Care Nursing

**Sarah Cole Hirsh Institute for Best Nursing Practices Based on Evidence**

The Hirsh Institute creates and disseminates evidence-based information to enhance nursing practice.

**Key Accomplishments**
- A search for new leadership transition is underway for the Center
- Provided funding support for two international graduate students

**University Center on Aging and Health (UCAH)**

UCAH’s interdisciplinary mission is to foster collaboration among its community of scholars, learners, and practitioners in order to encourage and coordinate innovative interdisciplinary research, education, and service programs relevant to the health and well-being of older adults.

**Key Accomplishments**
- Exhibited at the November 2013 Gerontological Society of America annual meeting. Multiple faculty and student associates presented, moderated sessions, served on committees, attended journal editorial board meetings; and attended Hartford Foundation activities such as NHCGNE (geriatric nursing excellence).
- Five graduate students from diverse disciplines completed the 12-credit graduate certificate program in gerontology; four are continuing the certificate program.
Centers of Excellence, continued

Center of Excellence for Self-Management Advancement through Research and Translation (SMART)

The SMART Center is a National Institute of Nursing Research/National Institute of Health-funded Center of Excellence to build the Science of Self-Management (P30 NR010676). It is designed to address self-management research at four levels of system: individual, family, organization, and community.

Key Accomplishments

- Expanded the focus of the SMART Center to include the neurobiological influences on self-management and submitted a grant application (P30) for funding of this new initiative
- The FIND Lab continues to provide services for the entire CWRU research community regarding inclusion of persons with disabilities in research

Dorothy Ebersbach Academic Center for Flight Nursing

Serves as part of the MSN program’s Adult-Gerontology Acute Care Nurse Practitioner Flight Nursing subspecialty. It is the first formal training program of its kind to prepare nurses at the advanced practice level to provide care to individuals outside of hospitals, but at a hospital level of care.

Key Accomplishments

- Successfully organized and worked with Redbird Flight Simulations in Texas to have a helicopter fuselage transformed into a flight simulation vehicle for the program.
- Participants of Flight Nursing Summer Camp FY2014 gathered from across the United States. This year’s disaster drill included the CWRU and Cleveland Clinic police.

Quality and Safety Education for Nurses (QSEN) Institute

Funded by the Robert Wood Johnson Foundation, the QSEN Institute’s goal is to address the challenge of preparing future nurses with the knowledge, skills, and attitudes (KSA) necessary to continuously improve the quality and safety of the healthcare systems in which they work.

Key Accomplishments

- Three grants were submitted from The QSEN Institute, one of which was funded.
- One publication and 17 presentations were provided by school of nursing faculty in the QSEN Institute
- Guest lectures were provided in 5 courses
- Coordinated the 5th National QSEN Forum on May 27-29 2014 in Baltimore, MD. Attendance was 360
- Co-sponsored the Academy for Health Care Improvement Conference with 120 attendees
- Secured a $10,000 donation from the Lauretta and Richard Peters Foundation to enhance quality and safety across the transitions of care for the next QSEN Forum
- Established the school’s first MOOC, led by QSEN Director, Mary Dolansky
Executive Summary

Our fiscal health continues to prosper. Total revenues at the Frances Payne Bolton School of Nursing are $25,247,000. With expenses at $25,091,000, the total reserve for the year is $156,000, or 0.6% of our revenue.

The revenue breakdown is as follows:
- 69.2% tuition and fees
- 10.1% research and training grants
- 14.4% endowments
- 3.6% overhead recovery
- 2.7% gifts and grants

For expenses:
- 28.5% faculty salaries
- 24.7% university support
- 12.6% other salaries
- 12.2% fringe benefits
- 11.3% other expenses
- 10.7% student aid and salaries
Recent Facilities Improvements
We were able to make a number of improvements throughout the school, including:

- Lecture Hall NOA 290 (above)
- Anesthesia Suite Redesign (below)
- Genetics and Proteomics Lab
Faculty Highlights

- **Barbara J. Daly, PhD, RN, FAAN**, was named a Case Western Reserve University Distinguished University Professor
- **Joyce Fitzpatrick, PhD**, was named to the Sigma Theta Tau International Nurse Researcher Hall of Fame
- **Elizabeth Madigan, PhD RN, FAAN**, was named Independence Foundation Professor in Nursing Education
- **Carol M. Musil, PhD, RN, FAAN, FGSA**, was named the Marvin E. and Ruth Durr Denekas Professor and one of the 2014 Women of Achievement Mather Spotlight Award winners from the Flora Stone Mather Center for Women at Case Western Reserve
- **Faye Gary, PhD**, received the Lifetime Achievement in Education and Research Award from the Association of Black Nursing Faculty, Inc.
- **Rebecca Patton, MSN, RN, CNOR, FAAN**, was honored by American Nurses Association with the Distinguished Membership Award and Honor a Nurse Award
- **Patricia McDonald, PhD**, received the Southern Christian Leadership Conference, Cleveland Chapter, Excellence in Health Award
- **Christopher Burant, PhD**, was named a Fellow of the Gerontological Society of America
