Quick Summary of Bidding Rules, Forms, & Exemptions

This is a quick summary of the PDS Procurement Policy and not considered an all inclusive list of information. Refer the full policy for more information. ([click here](#))

Purchases with an aggregate value <\$10,000 require one quote. Purchases with an aggregate value \$10,000 - \$50,000 require two quotes. Purchases with an aggregate value >\$50,000 require three quotes. Purchases with an aggregate value over \$10,000 that are not bid, do require the use of a Single /Sole Source Justification (SSJ) form ([click here](#)) to express cost reasonableness and why bidding was not performed. Users are responsible for obtaining these bids, and should ensure the bids are based on a clear and accurate description of the technical requirements for the material, product or service to be procured. Such a description should not contain features that unnecessarily restrict competition. Some purchases require a Professional Services Bid Exemption form ([click here](#)) in lieu of the SSJ Form (refer to the tables below).

The **Price Analysis and Reasonableness Form** is required for all procurement actions at or above the **Simplified Acquisition Threshold** (\$250,000) as mandated by **2 C.F.R. § 200.324**. This form ensures compliance with **federal procurement regulations** by documenting the basis for determining that a price is fair and reasonable. The **fully completed** and **executed** form, along with any supporting documentation, must be attached to the **PeopleSoft requisition** to demonstrate that the procurement process was conducted fairly and competitively ([click here](#)).

Update: For federally funded purchases over \$9,999 that are not competitively bid, please document the justification using the university's Single/Sole Source Justification Form (SSJ), **regardless of category**. This is consistent with Uniform Guidance requirements for documented procurement procedures (2 CFR § 200.318), full and open competition (2 CFR § 200.319), and allowable noncompetitive procurement methods (2 CFR § 200.320)

Attaching the quote is required. Attaching cost reasonableness is highly encouraged.
