A CALL FOR GENDER EQUALITY AND EQUITY ON CAMPUS

WRITTEN BY THE GENDER EQUALITY COMMITTEE, PART OF THE FOR A BETTER CWRU STUDENT-LED TASK FORCE

PROPOSED TO VP LOU STARK, VP ROBERT SOLOMON, AND THE BOARD OF TRUSTEES

"UNTIL WE GET EQUALITY IN EDUCATION, WE WON'T HAVE AN EQUAL SOCIETY."
-SONIA SOTOMAYOR
At CWRU, there are many resources and groups dedicated to supporting students. However, students still experience discrimination and feel as if they lack support. The ideas we propose work to tackle this gap, focusing on gender-based issues across campus.

Gender inequality affects all students, but especially those with marginalized gender identities. Gender discrimination and microaggressions are seen everywhere, from classes and students orgs to athletics and Greek Life. If students, faculty, staff, professors, and administrators together work to eliminate gender inequality, CWRU will become a more welcoming and inclusive community for all.

While we understand there are constraints that may make these changes difficult, including restructuring, funding, and prioritizing, the outcome of these proposed ideas would be well worth the time and effort.

Edits to this proposal were made in response to community feedback in February 2021.
