#### About the Presenter: **Dr. Jackson T. Wright, Jr.**

**Dr. Wright** is Professor of Medicine and Program Director of the William T. Dahms MD Clinical Research Unit at University Hospitals Cleveland Medical Center. He is also Director of the Clinical Hypertension Program in the Division of Nephrology and Hypertension. He received his MD and Doctoral Degree in Pharmacology from the University of Pittsburgh and completed his Internal Medicine residency at the University of Michigan.

His principal research interests are antihypertension and cholesterol lowering agencies for the broader population and minority populations in particular. More information about Dr. Wright can be found at [www.uhhospitals.org/find-a-doctor/wright-jackson-1498](http://www.uhhospitals.org/find-a-doctor/wright-jackson-1498).
