Class Roster

Concept

This topic demonstrates how to view class rosters.

If a class has enrollment, the [Class Roster] icon will appear to its left on the "My Teaching Schedule" table. When the icon is clicked, a roster of registered students appears. Added functionality of the Class Roster includes the ability to view student photos and email students directly from the page.

Procedure

Begin by logging in to the SIS at case.edu/sis with your CWRU Network ID and password.
### Step Action

1. The Faculty Center appears on its default tab, called **My Schedule**.

   Your teaching schedule for the term is listed in the "My Teaching Schedule" table. To see a past or future term, click the **Change Term** button. For additional information on the teaching schedule, please see the document called **Teaching Schedule**.

2. To see a roster of students in a class, click the **Class Roster** button to the immediate left of the class.

### Step Action

3. The top of the screen displays the name of the course, its course number and section number. Click on it to see a description of the course.

   To look at a different class, click the **Change Class** button to be returned to the **My Schedule** tab and select another roster.

4. The roster displays the capacity of the class in the **Enrollment Capacity** field, as well as the total number of enrolled students in the **Enrolled** field.

</tbody>
</table>
Step 9.

Each class roster contains the following information on the students:

- **ID number**
- **Name**
- **Units**
- **Program and Plan**
- **Level**
- **Expected Graduation Term**

**ID number** - unique number that identifies the student.

**Units** - the number of credits for which the student is registered in the class.

**Program and Plan** - the academic program to which the student has been admitted and the student’s scholarly pursuit. For undergraduates, a program is a college or school (e.g., Arts and Sciences, Engineering, Management, Nursing, etc.); the plan is the undergraduate’s major. For graduate students, a program is the academic discipline and degree being pursued (e.g., Anthropology MA, Bioethics PhD, etc.); the plan is the method by which the student is achieving their degree (e.g., Plan A, Accelerated, etc.).
### Level
For undergraduates, the student's progress towards a degree (e.g., first year, sophomore, etc.). For graduates, it is the degree being pursued (e.g., Masters, Professional Year 1, etc.)

### Expected Graduation Term
The term in which a student is expected to graduate based on the entry year.

</thead>
</table>
| 10.  | The first two columns of the roster are the **Notify** and **Photo** columns.  
      | The Notify column contains a check box that is used to select students before sending an email through the Faculty Center.  
      | The Photo column contains an icon representing the student's picture. Click the icon to see a photo of the student. |
| 11.  | The Faculty Center allows instructors to send emails to students from within the SIS. To use this functionality, first decide if the email will go to all students or selected students.  
      | To send an email to all students, click the **Notify All Students** button. A new screen appears and the email addresses of all students in the class will be listed in the To: field.  
      | To send an email to selected students, select the students using the **Notify** check box, then click the **Notify Selected Students** button. Only the email addresses of selected students will appear in the To: field. |
### Step | Action
--- | ---
12. | The Send Notification screen is the screen used to type and send the email, and it functions much like other webmail sites. Email recipients can be added in the To, CC, or BCC fields. The subject can be changed as desired. **Send Notification**
13. | This completes the review of the Class Roster screen and functionality. **End of Procedure.**
