

Individual Travel & Study Seminar Agreement

With faculty approval, an individual program of supervised research experience may be undertaken. An Individual Travel & Study Seminar (**SASS 575**) (**3 credit hours**) must involve the student in an active role on an actual research application in order to satisfy the requirement for an advanced research elective. The nature of the research project, assignments, and readings are to be agreed upon by the instructor and the student.

This form must be completed whenever a student makes arrangements with an instructor to do an Individual Travel & Study Seminar (**SASS 575**). It is the responsibility of the student to complete this form, have it signed by the instructor and to return it to the MSASS Registrar at the time of (pre) registration. No credit will be given for the course and it will not appear on the student's transcript, unless this form is completed.
