Field Instructor & Task Supervisor Training

The Role of Field Instruction in the Education and Development of Professional Social Workers

WELCOME!
LIVESTREAM PARTICIPANTS

In order to meet Ohio CSWMFT Board CEU requirements, Livestream participants must complete each of the following steps:

1. Using your full name, sign in now to the training now via the Livestream Chat function.
2. Sign out at the conclusion of the training via the Livestream Chat.
   *If you are unable to sign in/out using the Chat, please send an email to Rachel Anderson rea54@case.edu
3. Complete both the required training post-test & evaluation. Links to these documents and the training handouts have been posted at: https://case.edu/socialwork/resources-for-faculty-staff/field-instructor-and-task-supervisor-training

Today’s Objectives

• Provide a general orientation
• Highlight field education roles & responsibilities
• Offer strategies to support students
• Leave feeling informed & supported in your role
• What do you want to leave with today?

MSSA Degree Formats

Intensive Weekend
10-12 field hours/wk

On-Campus
20-24 field hours/wk
Reflections

Spend a few moments reflecting on your own experiences as a social work student

• Recall some of the positive qualities of your Field Instructor.

• What impact did those positive experiences have on your growth as a student or future professional development?

• How do your own experiences as a student translate to your current role as Field Instructor or Task Supervisor? How do these experiences help to inform your role as a teacher and a mentor?

• What aspects of your work with students are you most looking forward to? What areas are you concerned about?
Focus & Intention of Field Education

• Student's continuous learning and development as a professional social worker

• An expressed educational purpose that should be planned and assessed using the Learning Agreement

• Students are expected to progressively advance learning objectives & acquire new knowledge and skills

Field Education Curriculum Overview

MSSA students complete a minimum of 1,050 hours of field education across 4-8 semesters, depending on program format.
  • Generalist: 450 hours
  • Specialized: 600 hours

Advanced Standing MSSA students complete a minimum of 900 hours of field education across 3-7 semesters.
  • Generalist: 300 hours
  • Specialized: 600 hours

Coursework and field education requirements are the same across all program formats

Field Education
Roles & Responsibilities

Student Responsibilities

• Prepare an agenda for weekly field instruction
• Collaborate with the Field Instructor to develop the Learning Agreement
• Proactively schedule a field conference each semester
• Communicate relevant field education due dates and timelines to Field Instructor/Task Supervisor
• Address any concerns, issues or problems in a professional manner
• Remain open to constructive feedback and engaged in the learning process
Student Field Education Requirements

- Course assignments/activities
- Field hours
- Professional Development hours
- Monthly time sheets
- Field conference
- Learning Agreement & Evaluation

Professional Development (PD)

- Supports the student’s development as a life-long learner
- Self-directed
- Examples: Conferences, colloquia, trainings, CEU events

Field Instructor Role

• MSW or MSSA + two years post Master's experience

• Instruction versus supervision

• Orient the student to agency culture & functions

• Guides Learning Agreement development

• Provide initial opportunities for the student to shadow & observe

• Students are expected to be involved in supervised practice opportunities within the first 2-3 weeks of placement

Field Instructor Role

• Observe students in practice
  • Minimum 1x per field period

• Provide evaluation feedback

• Maintain open dialogue with the student and Field Faculty Advisor
Field Instructor Role

• Provide 60 minutes of dedicated in-person field instruction each week

• Group supervision can *supplement* individual instruction; not replace

• This dedicated instruction time is an *essential component* of the student’s learning and is critical to their success

• Review & verify time sheets, monthly

Task Supervisor Role

• May contribute to the development of the Learning Agreement & feedback from evaluation

• Participate in the field conference

• Coordinate with the Field Instructor to provide daily support to the student

• Maintain open dialogue with the student and Field Faculty Advisor

• Sign monthly timesheets

• Review, contribute to and sign Learning Agreement/Evaluation in IPT

Field Placement Agencies

Should provide students with:

• Both micro and macro learning opportunities

• Learning & practice opportunities within each of the ten competencies at the generalist and specialized levels

• Opportunities to develop competence at all stages of the social work process

Social Work Process

Engagement Assessment Intervention Practice Evaluation

Levels of Intervention Individuals Families Groups Organizations Communities
Orientation: Safety in the Field

• All students must be provided with an overview of basic safety & emergency procedures

• *Please don't assume-* students have varying levels of experience/exposure

• Common safety concerns/questions include:
  – Transporting clients
  – Home visits
  – Exposure to home conditions
  – Aggressive clients

CURRICULUM INTEGRATION IN FIELD EDUCATION
CSWE EPAS 2015

Recognizes a holistic view of professional competence

Demonstration of competence is informed by:

- Knowledge
- Skills
- Values
- Cognitive & Affective Processes

The Ten Competencies

The core of both classroom and field education at the Mandel School. The MSSA curriculum is structured around the following ten competencies:

- Demonstrate Ethical & Professional Behavior
- Engage Diversity & Difference in Practice
- Advance Human Rights & Social, Economic and Environmental Justice
- Engage in Practice Informed Research & Research Informed Practice
- Engage in Policy Practice
- Engage with Individuals, Families, Groups, Organizations and Communities
- Assess Individuals, Families, Groups, Organizations and Communities
- Intervene with Individuals, Families, Groups, Organizations and Communities
- Evaluate Practice with Individuals, Groups, Organizations and Communities
- Develop as a Social Work Leader

Two Degree Concentrations

Direct Practice

Community Practice for Social Change
The Ten Competencies

• Within each competency area, there are specific practice behaviors that students at the generalist and specialized levels must address

• Learning strategies/activities are then developed in the Learning Agreement

• We ask that Field Instructors & Task Supervisors develop an awareness and understanding of the competencies and incorporate the material into the student’s placement experiences

Learning Agreement & Evaluation

• Primary planning & assessment tool in field education
  -- Developed around the ten competencies
  -- Assigned in the Intern Placement Tracking (IPT) System

• Structures each students field education experiences

• Outlines goals and expectations

• Generalist and Specialized Learning Agreement documents
  -- Completed for each field period
  -- First 30-45 days
Learning Agreement Assignments

• Developed in partnership with the Field Instructor
• Based on each student’s unique learning goals
• Reflect the student’s primary objectives for the field period
  – 3-6 “Assignments”
  – Objectives are then translated into implementation plans under the specific competencies and practice behaviors

  – Examples:
    • Learn to co-facilitate a group
    • Learn about sources of funding for the organization
    • Research and learn to apply an EBP
    • Learn how to conduct a community assessment

The Ten Competencies

Competency Area One: Demonstrate Ethical and Professional Behavior

Required Generalist Behavior
1. Make ethical decisions by applying the standards of the NASW Code of Ethics, relevant laws and regulations, models for ethical decision-making, ethical conduct of research, and additional codes of ethics as appropriate to context.

Sample Learning Agreement Implementation Plan:
Review several models for ethical decision making. Select one and apply it to a case scenario within the field setting.

Required Generalist Behavior
2. Use reflection and self-regulation to manage personal values and maintain professionalism in practice situations.

Sample Learning Agreement Implementation Plan:
Utilize personal self-care and self-regulation techniques to help effectively manage a challenging professional interaction. Reflect upon the use of these strategies during supervision.
**Competency Area Four: Engage in Practice-Informed Research and Research-Informed Practice**

**Required Generalist Behavior**
Use and translate research findings to inform and improve practice, policy, and service delivery.

**Sample Learning Agreement Implementation Plan:**
Research several evidence based practice models. Select a model that is relevant to the populations served by the organization. Present findings during supervision and discuss how the model could be best applied to practice.

**Competency Area Five: Engage in Policy Practice**

**Required Generalist Behavior**
Assess how social welfare and economic policies impact the delivery of and access to social services.

**Sample Learning Agreement Implementation Plan:**
Independently research two policies that have or will influence service delivery or access within the organization. Reflect upon and discuss how this has/may influence agency consumers, and the potential impacts on individuals, families or communities.

---

**Sample Learning Activities**

**Competency Six: Engage with Individuals, Families, Groups, Organizations & Communities**

- Practice engagement with a specific population using a solution focused approach
- Identify, build upon & utilize strengths for improved client engagement
- Develop a case presentation focusing on engaging with a challenging client scenario to deliver in individual or group supervision and receive feedback from clinical staff and field instructor

**Competency Seven: Assess Individuals, Families, Groups, Organizations & Communities**

- Discuss in supervision the rationale why identified strategies are most appropriate for assessment of the population served by the field agency
- Practice assessment using an evidence based approach that is applicable to the client population served by the field agency
- Provide rationale for the use of specific assessment approach
Sample Learning Activities

**Competency Eight: Intervene with Individuals, Families, Groups, Organizations & Communities**
- Use analytical and communication strengths to address barriers to effective interventions
- Develop a case presentation that focuses specifically on intervention to deliver in individual or group supervision and receive feedback from clinical staff and field instructor
- Select and utilize two evidence based treatment interventions. Identify the rationale for their use with a specific client or constituency

**Competency Nine: Evaluate Practice with Individuals, Families, Groups, Organizations & Communities**
- Participate in agency evaluation. Critically assess needs and areas of growth based on population served and agency mission
- Become knowledgeable of interventions and how they are related to the outcomes of the individuals, families, groups, organizations and communities served by the field agency

Sample Learning Activities

**Competency Ten: Develop as a Social Work Leader**
- Prepare and facilitate a training for field agency staff regarding a topic specific to the population served.
- Serve as liaison for an agency or community-based committee or board, offer perspectives to help inform policy, practice and/or agency performance.
- Employ creativity, resourcefulness and innovation in the design and delivery of service.
- Develop a written self-care plan that includes identification of stressors that impact the student most. Explore plan in supervision and try to articulate why certain stressors have a greater impact.
Brainstorming Activity

Competency Six: Engage with Individuals, Families, Groups, Organizations & Communities

Competency Seven: Assess Individuals, Families, Groups, Organizations & Communities

Competency Eight: Intervene with Individuals, Families, Groups, Organizations & Communities

Competency Nine: Evaluate Practice with Individuals, Families, Groups, Organizations & Communities

Competency Ten: Develop as a Social Work Leader

---

Learning Agreement Process

1. Student identifies learning goals

2. Field Instructor & student work together to identify assignments for each Learning Agreement

3. Student then translates assignments into quantifiable objectives, documented within the implementation plans

4. Learning Agreement should be used as both a guide and a reference tool to measure progress and skill development

5. Near the conclusion of each field period, student and Field Instructor each evaluate the student’s progress within each area of competency

</tr>
</tbody>
</table>

Modal Evaluation Ratings

• **Modal ratings that reflect emerging competence range from 0-2.** By the conclusion of the second field period, students are expected to have achieved competence at the generalist level.

• **The modal rating that reflects competency is a 3,** as described in the table and dependent on each student’s individual progress and performance.

• **Competence is assessed at both the generalist & specialized levels.**
Assessment of Student Progress

Important to complete assessments with the appropriate educational expectations for graduate social work students

Learning Agreement provides the framework

Field Instructor Narrative Summary

Reflecting on this field period, address each the following:

- Describe the methods used in evaluating the student’s progress during this field period:

- Describe the student’s professional development in terms of the knowledge, skills, values, behavior and cognitive & affective processes necessary for success in practice:

- Describe specific areas of strength for the student:

- Describe specific areas for continued growth and development:

- Additional comments:

What is the difference between field instruction and work supervision?
Components of Field Instruction

Educational

Supportive

Administrative

Student Values in Field Instruction

• Positive
• Supportive
• Challenging
• Reassuring
• Consistency
• Clear expectations
• _______
Supporting Student Learning

Adult Learning

New learning impacts self-concept, identity, confidence

Competence, Incompetence

Self-efficacy: helpful guidance facilitates empowerment

“I CAN do this”

Adapted from M. Bogo, 2017

Supporting Student Learning

Supervisory Process

Repeated Practice

Observation & Timely Feedback

Reflection & Discussion

Adapted from M. Bogo, 2017
Balancing Supervisory Responsibilities

Strategies

Providing consistent supervision time to students each week?

Balancing need to address administrative issues with student learning & reflection?

Supporting Student Learning

Social work values & ethics

Reflection on action/practice

Make the implicit explicit

List specific behaviors, characteristics & skills

Reflection grounded in observation

Students better understand rationale

Accurate feedback supports learning & skill development

Adapted from Bogo, 2017
Student Accommodations

• Students may apply through the Office of Disability Resources

• Field Instructor & Field Faculty Advisor collaborate to determine how to best support the student’s needs within the field setting

• Written plan is developed to specify how accommodations will be integrated within field education

• Accommodations are not retroactive

Student Concerns

• There is an administrative protocol for addressing student issues that occur within field placement settings

• Role as educator as part of the student’s academic team vs. practitioner

• Contact/consultation with the Field Faculty Advisor is the first step
Tips for Success

Understand field education requirements

Be creative

Develop realistic expectations

Stay connected

Teach and be willing to learn

Seek out agency support

Balance flexibility & structure
