**Field Education: The
Signature Pedagogy**

The Council on Social
Work Education has
determined Field
Education to be the
Signature Pedagogy for
the Social Work
profession.

Signature Pedagogies
are elements of
instruction and
socialization that teach
future practitioners
the fundamentals of
professional work
within their discipline.

Field Education
integrates theories and
concepts taught in the
classroom into
practice settings –it's
where you put your
learning to work!

*Field Education is the context in which
social work practice becomes “alive”!*
