Raising the standard
in nonprofit management education... again.

Master of Nonprofit Organizations Degree (MNO)

The Master of Nonprofit Organizations (MNO) degree is the most comprehensive nonprofit leadership and management education program in the United States. As the Mandel Center's flagship graduate program, the MNO is a rigorous professional degree designed to prepare men and women for leadership across the full spectrum of nonprofits including health and human services, fine and performing arts, cultural, educational, religious, community development, and environmental organizations.

The newly revised MNO degree focuses on five key areas of study:

- Nonprofit Purposes, Traditions, Contexts
- Analytic Thinking for Nonprofit Leaders
- Generating Resources for Nonprofit Organizations
- Managing Resources in Nonprofit Organizations
- Leading Nonprofit Organizations

In support of these areas of study, the Mandel Center will offer more than two dozen courses focused specifically on nonprofit leadership and management. **Courses already being offered or under development for the new program include:**

- Introduction to the Nonprofit Sector
- The Law of Nonprofit Organizations
- Nonprofit Public Policy and Advocacy
- Quantitative Analysis for Nonprofit Leaders
- Economics and Marketing for Nonprofit Organizations
- Earned Income for Nonprofit Organizations
- Philanthropic Fund Raising for Nonprofit Organizations
- Financial Management for Nonprofit Organizations
- Managing Human Resources in Nonprofit Organizations

- Trusteeship: The Governance of Nonprofit Organizations
- Strategic Planning for Nonprofit Organizations

MNO Program Structure

- Two year full-time and several part-time options

- 12-month program
- Five courses drawn from the MNO course list
- CNM credit may apply to the MNO degree

The National Certificate in Nonprofit Management (NCNM) allows supervised, self-directed study over the internet for those who live outside the Cleveland area.

Executive Doctor of Management (EDM)

The Mandel Center, in partnership with the Weatherhead School of Management's Executive Doctor of Management (EDM) program, offers the nation's first practice-oriented, cross-sector, doctoral-level program for nonprofit leaders.

Scholarships Awarded to MNO Students

Mandel/Premier National Scholarship:

"I've been delighted with the people I've met through the MNO program. Together we seem to have a diversity of experience, a lot of ideas, and a variety of viewpoints which makes talking with each other interesting and thought-provoking," says Tamara Leonard, this year's recipient of the **Mandel/Premier National Scholarship**.

Tamara began her association with nonprofit organizations at age 13 in the Mayor's High School Volunteer Program in New York City, working with underprivileged children in day care. She chose to attend Oberlin College in Ohio for its excellent academic reputation, its music, dance, theater and art programs, and because Oberlin encourages students to develop their own course of study. One of the advantages Tamara feels the MNO degree offers is its interdisciplinary

Thomas Schneide Memorial Scholarship

"The MNO offers an absolutely perfect way to combine my interests and skills as a social service counselor with the challenges of managing the Hitchcock Center's satellite programs," says Jackie Fields, Clinical Supervisor for the Hitchcock Center for Women, Inc., Ms. Fields

is the center's 1991-92 recipient of the **Thomas B. Schneide Memorial Scholarship**. The Hitchcock Center offers services for chemically dependent women and their children, enabling women to deal with their addictions and return to their community as productive, independent people.

Jackie supervises all satellite programs, the clinical activities counseling staff, and serves as an instructor for staff who are in the process of becoming certified chemical dependency counselors.
